Words
This booklet presents a sentence dictation test designed to find which of the most commonly used words students need to learn how to spell. The 34 sentences that comprise the test in the booklet can be used for systematic spelling instruction in first or second grade and in upper-grade remedial classes. The test in the booklet can also be used to screen students quickly in third grade and higher by choosing only a few of the 34 sentences. (RS)

What is AVKO?

AVKO is a non-profit tax-exempt membership organization founded in 1974 that is:

- subsidized by donations and grants.
- open to membership to anyone interested in helping others learn to read and write.
- run by members from as far away as Hawaii and Quebec and whose daily operations are handled by volunteers.
- planning to build and operate a model reading research center in a YEAR-AROUND camp setting that would economically and efficiently service the needs of dyslexics of all ages.
- trying to spread the concept that parent and spouse tutoring in spelling/reading skills can be successfully taught in adult community education classes and that members of a problem reader's support group can greatly assist the efforts of any volunteer tutor working in the literacy movement.
- providing newsletters and economical opportunities to pursue individual research projects and to take part in large scale cooperative research projects that have immediate practical applications.
- attempting to accomplish these goals primarily through the profits generated by the inservices, workshops and the sale of materials developed for the special needs of students, parents, and adults – but AVKO still needs donations to survive.
A Sentence Dictation Test That Covers Over 300 of the Most Commonly Used Words

GENERAL DIRECTIONS:

1. Tell the student/s that this test is NOT for grading purposes. Tell the student/s that the test is to help you find which of the most commonly used words the student/s need to learn. Tell them that it is far more important to MASTER the spellings of these words, words like of, it, you, in, out, than it is to try to learn the spellings of words they can look up in the dictionary, words like separate, mortgage, and financial.

2. Read the sentences normally. Repeat them as many times as necessary.

SPECIAL DIRECTIONS:

For QUICK class screening of those in grades three and up who need special help in spelling

You don't need to bore the bright students and torture those with severe spelling problems by giving all of the 34 sentences. Pick any five sentences. Those who miss three or more need special help. Those who score perfectly probably don't.
For SYSTEMATIC spelling instruction in first or second grade and in upper grade remedial classes.

Give one sentence a week. Any word missed must go on a special student WORDS-TO-BE-MASTERED SHEET. To be considered mastered, a word must be correctly spelled on five CONSECUTIVE occasions when the student had no opportunity to "CRAM" for the "test."
Dictation Sentences

1. What is your name?

2. Do you like to eat apple pie?

3. Boys will be boys, and girls will be girls.

4. I like the colors brown, blue, yellow and red.
