Framework for Student Services, Prevention, and Wellness

The Framework for Student Services, Prevention and Wellness is a multistrategy approach which seeks to organize a school's efforts to address the entire range of youth risk behaviors into a comprehensive and integrated framework which is an integral part of the school's overall mission. (See Figure 1) Central to the concept of this framework is its ability to encompass existing models and orientations such as a comprehensive AODA program and others. The framework does not dictate any of them as being primary and can serve as a vehicle through which people with different models and orientations can come together at a common table. Districts may use the framework as is or create a local framework to articulate the connections among programs and services the school has implemented to address youth risk behaviors.

The ultimate goal of any framework is to help students become resilient and successful lifelong learners. Resilient youth are able to succeed, thrive and remain healthy even in the midst of major problems and challenges. These learners are nurtured in a learning environment that is concerned with the whole child. Schools strive to achieve a positive learning environment which may be characterized by some or all of, but not limited to, the following elements: a local vision and leadership, school teams utilizing shared decision-making, student information and input, village partnerships, outreach to parents and community, integrative learning approaches, support for extracurricular opportunities, equity across all programming, and smooth school to work transitions. While these features are not traditionally viewed as prevention programs, they do contain elements which promote protective factors in the school environment. Protective factors are those conditions within the environment which help prevent youth risk behavior involvement. These include caring relationships, high expectations, and opportunities for meaningful participation.

The Framework for Student Services, Prevention and Wellness recognizes that youth risk behaviors are complex and interrelated. There are no easy or simple solutions. Given that each local community has its own unique configuration of problems and resources, it would be impossible to prescribe the "best" approach for every school system, as there are many means to any end.

This framework links youth risk behavior service delivery, the associated models and orientations, and professional disciplines. The Department of Public Instruction will work with school and community members to define and shape the framework and how the department administers related programs in order to be responsive to schools and communities as they seek to integrate youth risk behavior service delivery.

The use of dotted lines and lack of divisions in the graphic is designed to communicate the fluidity of the framework and connections between the components and to the larger overall learning environment. Using a team approach, a continuum of services involving multiple strategies is developed which builds connections among youth programs; across pupil services and academics; between school, family and community; and with special education. Every component is mutually interdependent, interactive, and equally as important.

Abstracts of Alcohol and Other Drug Abuse (AODA) Grants

Alcohol and Other Drug Abuse Program Grants

This grant appropriates fund for the development or expansion of a school district wide, kindergarten to grade 12 curriculum in prevention of and intervention in alcohol and other drug abuse. If a school district has a curriculum, funds may then be used for the development or expansion of other AODA prevention and intervention programs.

The program must: (1) train teachers and other school staff members in the prevention of alcohol and other drugs by pupils; (2) provide a pupil assistance program to intervene in the abuse of alcohol and other drugs by pupils; (3) develop and implement an alcohol and other drug abuse curriculum for grades K-12; (4) provide instruction to pupils in communication, problem-solving and decision-making, dealing effectively with peer pressure, critical thinking, stress reduction, self-improvement and positive self-esteem; (5) release teachers from duties in order to enable them to participate in training programs.

The program shall coordinate its alcohol and other drug abuse prevention and intervention program with other such programs available in the school district and to the greatest extent possible shall involve pupils, parents, professional school staff, treatment professionals, law enforcement officers and court personnel in the development and implementation of the program.

The school board may establish the program individually or on a cooperative basis with one or more school districts, cooperative educational agencies or county handicapped children's educational boards.

Families and Schools Together Program Grants

This grant appropriates funds for a families and school together program to identify pupils who are 6 to 11 years of age who have a high risk of dropping out school, experiencing alcohol and other drug abuse problems or being adjudicated delinquent. Programs must provide prevention and early intervention activities involving joint school, family and community participation, including mental health and alcohol and other drug abuse program specialists. Grants may be awarded for up to $50,000 to school districts with small and medium memberships and up to $70,000 to school districts with large memberships. School boards may contract with a private, nonprofit organization for the program.

Drug Abuse Resistance Education Grants

This grant appropriates funds for Drug Abuse Resistance Education. Grants are for instruction of pupils in grades three to nine and require law enforcement officers to attend a training program at the Milwaukee County Sheriff's Department or a comparable training program. School boards receiving a grant must contract with a city or county to provide instruction by trained law enforcement officers. Grants may fund up to 100 percent of the cost of the classroom materials and 80 percent of the costs of the contract. Grants may not pay for officer training. No grant may exceed $50,000.

After-School and Summer School Program Grants

This grant appropriates funds of up to $30,000 to fund after-school or summer school programs for pupils in grades 1 to 9. The amount of a grant may not exceed 80 percent of the program costs.
cost of the program including in-kind contributions. No more than 7 percent of a grant may be used for administration. Grants may only be awarded to school districts that have a higher than average dropout rate based upon figures submitted to the Department of Public Instruction by LEAs.

To be eligible for a grant, a program must: (1) identify the skills and interests of individual students and help them develop these interests and skills; (2) coordinate the program with the district's programs for children at risk and AODA prevention; and (3) include a school tutoring program for pupils in grades 1 to 9 who are one or more years behind their age group in reading, writing or mathematics or who exhibit other significant academic deficiencies, including poor school attendance. In awarding grants, priorities will be given to projects in which: (a) the tutoring program provides at least one instructor for every six pupils; (b) the school district supplies the instructional materials; (c) the tutoring program serves at least 18 pupils each week; and (d) retired teachers are used.

Alcohol and Traffic Safety Mini Grants

This grant appropriates funds of up to $5,000 to provide school districts, consortiums of schools, or CESAs with short-term "seed" monies for assistance in the planning or development of alcohol and traffic safety education programs. All projects must have a primary focus on traffic safety and the impact upon traffic safety due to alcohol and other drug abuse. Community participation is encouraged. LEAs and CESAs previously awarded a grant under this program may apply. Preference may be given to applicants not previously awarded a minigrant. Districts with enrollments over 10,000 may be awarded more than one grant.
Timetable for Grants

February 1995 — Distribution of application materials to districts.

April 3 1995 — Completed applications are due to Department of Public Instruction

June 1, 1995 — Notification of application status to districts. An approved copy of the application and grant award will be released upon completion of any necessary revisions.
Criteria Applicable to All State AODA Grants

1. Personnel Involved: Strong projects will demonstrate a high level of community and parent involvement in the development of the project with the focus of a school AODA program in mind.

2. Rationale: Strong projects identify documented need of a particular group and a rationale to identify the projects' strengths in addressing that need.

3. Integration: Strong proposals will demonstrate that the project is key to filling an existing gap in the district's programming for AODA prevention. Strong proposals may also facilitate integration of existing prevention and/or youth development programs and services that address AODA and other health/safety issues.

4. Local Plan: Strong projects have appropriate activities designed to meet project-specific objectives. Plan is logical, cost efficient, and within the fiscal year.

5. Evaluation: Strong projects show concrete evaluation efforts designed to measure specific objectives identified in the local plan.

6. Continuation: Strong projects show definite local commitment to continue the project after state funding expires.

To the extent possible, grants shall be distributed equitably throughout the state.
1. Priorities and Eligible Projects for Funding:

- Districts who do not have K-12 AODA specific instruction must write a project to fill grade level gaps identified.

- Districts that do have K-12 curriculum may then write projects which fill other comprehensive program components.

- Districts which currently have K-12 curriculum but no Student Assistance Program and request funds to develop one, receive priority for funding.

Question: 3

2. Current Status: Strong projects detail the programs and services currently in place that the grantee has developed to prevent AODA, other youth risk behaviors, promote health, safety, and wellness for students, staff, and families. Programs and services which have primarily an AODA focus are clearly highlighted or designated. The reader can clearly determine what AODA education is provided to all students on an annual basis.

Question: 7

3. Training Plan: Strong projects illustrate that personnel involved in the proposed project have or will receive appropriate training to carry out their role in program implementation.
GRANTS FOR 1995-96 SCHOOL YEAR

GENERAL OVERVIEW

Under 115.36 and 115.362, the Department of Public Instruction shall award grants which are designed to assist minors experiencing problems resulting from the use of alcohol or other drugs or to prevent alcohol or other drug abuse by minors.

These projects are for the development or expansion of a school districtwide, kindergarten through grade 12 curriculum in the prevention of and intervention in AODA. If a school district has a curriculum these projects can be used for the development or expansion of an AODA prevention and intervention program.

CRITERIA FOR 1995-96 AODA GRANTS

The following identifies program requirements, priorities for funding, enrollment categories, and review procedures for the 1995-96 grant cycle:

Program Requirements. As part of its AODA program each school board receiving a grant shall have, or be developing, all of the following:

1. Training for teachers and other school staff in the prevention of alcohol and other drug abuse.

2. A pupil assistance program also referred to as a student assistance program, defined as an alcohol and other drug abuse support program involving pupils in individual or group settings operating under conditions established by school board policy, rules and responsibilities.

3. K-12 AODA instruction including but not limited to instruction in communication, problem solving and decision making, dealing effectively with peer pressure, critical thinking, stress reduction, self-improvement, and positive self-esteem.

4. Coordination of the alcohol and other drug abuse prevention and intervention program with other such programs available in the school district and to the greatest extent possible shall involve pupils, parents, professional school staff, treatment professionals, law enforcement officers and court personnel in the development and implementation of the program.

5. Grant requires a local match of 20 percent. Match may be in kind.

Priorities for Funding

• State superintendent shall give priority in awarding grants to school districts using grant funds to develop a pupil assistance program where no pupil assistance program is available.

Enrollment Categories

• The Department of Public Instruction will award funds on a competitive basis in four categories based on school district enrollments. Proposals will be evaluated within their specific enrollment category.

Individual Districts

Use K-12 public school enrollment to determine funding level.

Consortia of Schools/CESA/CHCEB

- Maximum consortium grant award is $70,000, not to exceed $15,000 per consortium member.
- Administrative costs may not exceed 10 percent.

Category A Districts—10,000 plus enrollment

- Category A Districts are encouraged to submit proposals that are developed and approved at the building level. The grant application for Category A districts must include the "Building Verification Form" (see last page).
- Buildings may form a consortium, or a districtwide plan may be submitted as one proposal; each participating building must submit a "Building Verification Form."
- The total grant to any one district in Category A will not exceed $200,000.
- Within Category A Districts, individual buildings may apply for a maximum dollar amount according to building enrollment (e.g., building enrollments = 1,800, maximum = $30,000). Buildings may apply as a consortium according to the section above. However, the collective grant award to Category A Districts may not exceed $200,000.

Review Procedures

The council under s. PI 32.04 shall review the applications submitted under s. 32.07 and any other applications under this chapter as requested by the state superintendent and make recommendations to the state superintendent regarding the school district applications. These recommendations shall be based on the following criteria and consideration of recommendations made by the county department of community programs.

1. The extent to which the goals and objectives relate to the purpose of the proposed program.
2. The extent to which the program activities are appropriate to the goals and objectives of the proposed program.
3. The extent to which the proposed program activities will be integrated with the school district in meeting the requirements of s. PI 32.06.
4. The adequacy of the schedule of implementation and the extent to which continuation of program activities is ensured after the grant period is completed.
5. Amount and focus of previous AODA program grants.
6. To the extent possible, the grants shall be distributed equitably throughout the state.

ASSURANCES

The applicant hereby gives assurance to the State Superintendent of Public Instruction that: (Please check)

☐ A. The applicant will maintain its local efforts; i.e., it will use s. 115.362 (2) (a), School Grant Funds to supplement rather than to supplant local efforts, strengthening the fiscal effort made for educational purposes which would not occur in the absence of such funds;

☐ B. Funds made available under s. 115.362 (2)(a) and 115.36 will be used only for the approved program, as indicated in the proposal;

☐ C. The applicant will use monies coupled from other sources with s. 115.362 (2)(a) and 115.36 funds pursuant to the multiple funding policy in order to avoid conflict and audit exceptions;

☐ D. If the proposal has been submitted for funding with other federal, state or local programs or agencies, all such programs or agencies and the date(s) of submittal are listed on an attached sheet;

☐ E. The applicant will file financial reports and claims for reimbursement in accordance with procedures prescribed by the Bureau for School Management Services and Federal Aids of the Department of Public Instruction;

☐ F. No board or staff member of a Local Educational Agency (LEA) will participate in, or make recommendations with respect to, an administrative decision regarding a program or project if such decision can be expected to result in any benefit or remuneration, such as a royalty, commission, contingent fee, brokerage fee, consultant fee, or other benefit to him or her or any member of his/her immediate family;

☐ G. The Department of Public Instruction will reserve the right to a final audit at the end of the fiscal year of actual expenditures under this contract or at any time during the duration of the proposal period. In the event of an overpayment, the grantee agrees to reimburse the Wisconsin Department of Public Instruction for the amount of such overpayment;

☐ H. The applicant will submit a final report to the Department of Public Instruction within 10 days of the project completion date as specified in the grant award;

☐ I. The applicant will share project experiences, activities and materials on a cost recovery basis with other interested Wisconsin school districts upon request;

☐ J. The applicant will participate in all regional and state meetings held by the Department of Public Instruction for project directors and project teams;

☐ K. In connection with performance of work under this contract, the contractor agrees not to discriminate against any employee or applicant for employment because of race, sex, religion, age, color, national origin or handicapping condition. The aforesaid provision shall include, but not be limited to, the following: employment, upgrading, demotion or transfer, recruitment or recruitment advertising, layoff or termination, rates of pay or other forms of compensation, and selection for training, including apprenticeship. The contractor agrees to post notices where they are readily available to employees and employment applicants. The notices are to be provided by the contracting officer setting forth the provisions of the nondiscrimination clause. Furthermore, the State of Wisconsin Department of Public Instruction operates under an Affirmative Action Plan and under a merit employment system;

☐ L. The applicant will provide equal opportunities for individuals to participate in the project experiences in school and community settings regardless of sex, race, religion, age, national origin, ancestry, creed, pregnancy, marital or parental status, sexual orientation or physical, mental, emotional, or learning disability;

☐ M. All staff employed by the District and designated to work with students on an ongoing basis shall be DPI licensed;

☐ N. Administrators and teachers designated to engage in AODA programs under s 118.126, Stats., have received appropriate training and are aware of the requirements of s. 118.126, Stats.;

☐ O. School administrators, principals, pupil services professionals and teachers employed by the school board are aware of the provisions under s. 118.257, Stats., pertaining to liability for referral to police, when referring pupils to law enforcement authorities for removal from school grounds or school sponsored activities as a result of suspicion of possession or consumption of an alcoholic beverage or controlled substance;

☐ P. School administrators, principals, pupil services professionals, and teachers employed by the school board are aware of the provisions of s. 118.258, Stats., pertaining to the prohibition of electronic communications devices and that pupils are annually provided with a copy of the board’s rules pertaining to this prohibition;

☐ Q. School administrators, principals, pupil services professionals and teachers employed by the school board are aware of the provisions of s. 120.12(20), Stats., pertaining to prohibiting the use of all tobacco products on school premises;

☐ R. The school district has a professional school employee designated as an AODA program coordinator who holds a license issued by the DPI under ch. PI 3 to administer, coordinate, and implement the AODA program;

Criteria Specific to After School/Summer School Grant  
PI-1814

Eligibility: only districts who reported a higher than average drop-out rate in grades nine through twelve in the 1993-94 school year may apply.

This information is not available at the time of printing. Eligible districts will be notified by letter at a later date.
After School/Summer School Grant Criteria (continued)

**Question: 5**

**Target Groups:** Strong projects serve a clearly defined target group. District has identified concrete methods for skill identification and development.

**Question: 6**

**Coordination with AODA and Children at Risk:** Strong projects propose a program which is integrated with the district AODA and Children at Risk programs in areas such as the services provided, referral process or implementation. The proposal demonstrates that the project will be integrated rather than operating in isolation.

**Question: 7**

**Retired Teachers:** Strong projects involve retired teachers in roles such as tutors, mentors or coordinators. A clear description of the retired teacher's role is evident.

**Question: 8**

**School and Community Involvement:** Strong projects have collaborated with at least one community organization in planning, implementation and/or evaluation. Examples of community organizations include 4-H, Jaycees, Chambers of Commerce, parent groups, and task forces.

**Question: 9**

**Tutoring Program:** Strong projects have a tutoring component that serves not more than six students for every one instructor and are targeted to grades one through nine. Pupils are quantifiably identified as being one or more years behind their age group in reading, writing or mathematics or exhibit other significant academic deficiencies.
GRANTS FOR 1995-96 SCHOOL YEAR

GENERAL OVERVIEW

Under 115.361(5) Stats., a school board with the cooperation and support of a community-based organization, may apply to the state superintendent for a grant to fund an after-school or summer school program for pupils in grades 1 through 9. No grant may exceed $30,000.

CRITERIA FOR 1995-96 AODA GRANTS

The following identify criteria and review procedures for the 1995-96 grant cycle:

Program Requirements

Applicants must comply with the following grant conditions:
1. Have cooperation and support of a community-based organization.
2. Provide for community and parent involvement.
3. Maximum of $30,000 per district.
4. Grant may not exceed 80 percent of the cost of the program, including in-kind contributions.
5. No more than 7 percent of the amount will be used for program administration.
6. Identify special skills and interests of individual pupils and help pupils develop those skills and interests.
7. Coordinate with school district's program for at risk under s. 118.153 Stats.
8. Coordinate with school district’s alcohol and drug abuse prevention program.
9. The school district’s dropout rate is higher than the state average.
10. The project must include a school tutoring program for pupils in grades 1-9 who are one or more years behind their age group in reading, writing, or mathematics or who exhibit other significant academic deficiencies, including poor school attendance or school work completion problems.

Priorities for Funding

1. Give preference in awarding grants to programs that use retired teachers
2. The tutoring program provides at least one instructor for every six pupils.
3. The school district supplies the instructional materials.
4. The tutoring program serves at least 18 pupils per week.

Review Process

1. The extent to which the goals and objectives relate to the purpose of the proposed program.
2. The extent to which the program activities are appropriate to the goals and objectives of the proposed program.
3. The extent to which the proposed program activities will be integrated with the school district's existing or proposed AODA program and will assist the district in meeting the requirements of s. PI 32.06.
4. The adequacy of the schedule of implementation and the extent to which continuation of program activities is ensured after the grant period is completed.
5. To the extent possible, the grants shall be distributed equitably throughout the state.

### III. PROJECT ABSTRACT

Provide a brief overview of the proposed project. If a consortium of districts, please list all participating districts.
The applicant hereby gives assurance to the State Superintendent of Public Instruction that:

A. Funds made available under s. 115.361(5)(a) will be used only for the approved program, as indicated in the proposal;
B. The applicant will use monies coupled from other sources with s. 115.361(5)(a) funds pursuant to the multiple funding policy in order to avoid conflict and audit exceptions;
C. If the proposal has been submitted for funding with other federal, state, or local programs or agencies, all such programs or agencies and the date(s) of submittal are listed on an attached sheet;
D. The applicant will file financial reports and claims for reimbursement in accordance with procedures prescribed by the Bureau for School Management Services and Federal Aids of the Department of Public Instruction;
E. No board or staff member of a Local Educational Agency (LEA) will participate in, or make recommendations with respect to, an administrative decision regarding a program or project if such decision can be expected to result in any benefit or remuneration, such as a royalty, commission, contingent fee, brokerage fee, consultant fee, or other benefit to him or her or any member of his/her immediate family;
F. The Department of Public Instruction will reserve the right to a final audit at the end of the fiscal year of actual expenditures under this contract or at any time during the duration of the proposal period. In the event of an overpayment, the grantee agrees to reimburse the Wisconsin Department of Public Instruction for the amount of such overpayment;
G. The applicant will submit a final report to the Department of Public Instruction within 10 days of the project completion date as specified in the grant award;
H. The applicant will share project experiences, activities and materials on a cost recovery basis with other interested Wisconsin school districts upon request;
I. The applicant will participate in all regional and state meetings held by the Department of Public Instruction for project directors and project teams;
J. In connection with performance of work under this contract, the contractor agrees not to discriminate against any employee or applicant for employment because of race, sex, religion, age, color, national origin or handicapping condition. The aforesaid provision shall include, but not be limited to, the following: employment, upgrading, demotion or transfer, recruitment or recruitment advertising, layoff or termination, rates of pay or other forms of compensation, and selection for training, including apprenticeship. The contractor agrees to post notices where they are readily available to employees and employment applicants. The notices are to be provided by the contracting officer setting forth the provisions of the nondiscrimination clause. Furthermore, the State of Wisconsin Department of Public Instruction operates under an Affirmative Action Plan and under a merit employment system;
K. The applicant will provide equal opportunities for individuals to participate in the project experiences in school and community settings regardless of sex, race, religion, age, national origin, ancestry, creed, pregnancy, marital or parental status, sexual orientation or physical, mental, emotional, or learning disability;
L. All staff employed by the district for this project and designated to work with students on a tutorial basis shall be under the supervision of a DPI licensed staff person;
M. Administrators and teachers designated to engage in AODA programs under s. 118.126, STATS., have received appropriate training and are aware of the requirements of s. 118.126, STATS.;
N. School administrators, principals, pupil services professionals, and teachers employed by the school board are aware of the provisions under s. 118.257, STATS., pertaining to liability for referral to police, when referring pupils to law enforcement authorities for removal from school grounds or school sponsored activities as a result of suspicion of possession or consumption of an alcoholic beverage or controlled substance;
O. School administrators, principals, pupil services professionals, and teachers employed by the school board are aware of the provisions of s. 116.258, STATS., pertaining to the prohibition of electronic communications devices and that pupils are annually provided with a copy of the board’s rules pertaining to this prohibition;
P. School administrators, principals, pupil services professionals, and teachers employed by the school board are aware of the provisions of s. 120.12(20), STATS., pertaining to prohibiting the use of all tobacco products on school premises;
Q. The school district has a professional school employee designated as an AODA program coordinator who holds a license issued by the DPI under ch. PI 3 to administer, coordinate, and implement the AODA program;

Criteria Specific to Families and Schools Together Grant
PI-1813

Question: 3

Collaboration: Strong projects demonstrate:

1. Use of prevention and early intervention activities as an integral component of the project.

2. Representatives of the school system, community agencies and district families have roles in the project beyond an advisory capacity.

3. Mental health and AODA professionals are utilized beyond an advisory capacity.

Criteria Specific to DARE Grant
PI-1828

Question: 5

Integration and Referral: Strong projects demonstrate that DARE complements other AODA programs. There is a plan in place for referring students identified as having AODA concerns to in-school support programs. Classroom teacher involvement in DARE goes beyond an advisory role.
OVERVIEW

Under s. 115.361(3) school board may apply to the state superintendent for a grant to fund a families and school together program designed to identify pupils who are 6 to 11 years of age who have a high risk of dropping out of school, experiencing alcohol and other drug abuse problems or being adjudged delinquent. The program shall provide prevention and early intervention activities involving joint school, family, and community participation, including mental health and alcohol and other drug abuse program specialists.

The state superintendent may award grants of up to $50,000 to school districts with small and medium memberships and grants of up to $70,000 to school districts with large memberships. A school board may contract with a private, nonprofit organization for the program under this subsection.

CRITERIA FOR 1995-96 FAMILIES AND SCHOOLS TOGETHER GRANTS

The following identify priorities, grant conditions, and review procedures for the 1995-96 grant cycle:

Program Requirements

The program provides prevention and early intervention activities involving joint participation of school, family, and community agencies, including mental health and alcohol and other drug abuse program specialists.

Districts applying for first-year funding under 10,000 enrollment are eligible for $50,000. Districts over 10,000 enrollment are eligible for $70,000.

Districts applying for second-year funding are eligible for 80 percent of first-year award. Districts applying for third-year funds are eligible for 40 percent of first-year funds.

The program services pupils 6-11 years old who are experiencing alcohol and other drug abuse (AODA) problems or who are at high risk for dropping out of school or who are in danger of being adjudicated delinquent.

Review Procedures

The following criteria should be considered in the grant review process:

1. The extent to which the goals and objectives relate to the purpose of the proposed program.

2. The extent to which the program activities are appropriate to the goals and objectives of the proposed program.

3. The extent to which the proposed program activities will be integrated with the school district's existing or proposed AODA program and will assist the district in meeting the requirements of s. PI 32.06.

4. The adequacy of the schedule of implementation and the extent to which continuation of program activities is ensured after the grant period is completed.

5. To the extent possible, the grants shall be distributed equitably throughout the state.
Collection of this information is a requirement of s. 115.361, Stats.

DARE GRANTS FOR 1995-96 SCHOOL YEAR

OVERVIEW

Under s. 115.361(2)(am), a school board may contract with a city or county to provide drug abuse resistance education to pupils enrolled in grades 3 to 9. Instruction shall be provided by law enforcement officers employed by the county or city who have been specially trained to provide such instruction. The law enforcement officers may use guest lecturers and others to assist them in providing instruction.

A school board contracting under s. 115.361(2)(am) may apply to the state superintendent for a grant to help fund the costs of the program. A grant shall fund 100 percent of the cost of the classroom materials for the program and 80 percent of the costs of the contract, except that no grant may exceed $50,000.

CRITERIA FOR 1995-96 DARE GRANTS

The following identifies priorities, grant conditions, and review procedures for the 1995-96 grant cycle:

Program Requirements
1. Submit school/law enforcement agreement.
2. A grant may fund up to 100 percent of the cost of the classroom materials and up to 80 percent of the costs of the contract. No grant may exceed $50,000.
3. Drug abuse resistance education instruction shall be provided by law enforcement officers employed by the county or city who have been specially trained to provide such instruction.

Priorities for funding will be given to districts not previously awarded a state or federal DARE Grant.

Review Procedures

The following criteria shall be considered in the grant review process:
1. The extent to which the goals and objectives relate to the purpose of the proposed program.
2. The extent to which the program activities are appropriate to the goals and objectives of the proposed program.
3. The extent to which the proposed program activities will be integrated with the school district's existing or proposed AODA program and will assist the district in meeting the requirements of s. PI 32.06.
4. The adequacy of the schedule of implementation and the extent to which continuation of program activities is ensured after the grant period is completed.
5. To the extent possible, the grants shall be distributed equitably throughout the state.

SCHOOL/LAW ENFORCEMENT INTER-AGENCY AGREEMENT

We the undersigned agree, if selected, to participate in the Drug Abuse Resistance Education (DARE) program.

As chief/sheriff, I agree to make my officer available to instruct the DARE curriculum in the school district named within this application. I will, bar emergencies, attempt to limit the officer's absence from the DARE classroom on his/her designated day(s) of instruction. In return, the law enforcement agency will provide the full number of classroom hours of certified DARE instructor training, and technical assistance at no cost to the participating agency to ensure delivery of the complete DARE program at this grade level. Officer will be required to plan instruction and other related activities with the building principal and the classroom teacher.

As school administrator, I agree to provide classroom space and allot appropriate classroom time to the targeted class for delivery of the DARE program. This classroom teacher must be present in the classroom while the law enforcement officer presents the DARE instruction. The classroom teacher will assist with instructional facilities, planning and follow-up if necessary, in the collection of assigned homework and will make bulletin board space available within the classroom.

ALCOHOL/TRAFFIC SAFETY GRANTS FOR 1995-96 SCHOOL YEAR

OVERVIEW

The purpose of the grant is to provide school districts, consortia of schools, or CESAs with short-term "seed" monies for projects designed to develop and implement alcohol/driver and traffic safety education programs. Projects with this primary emphasis K-12 (single grade or comprehensive) are eligible for consideration. LEAs and CESAs which have previously received a grant under this program may reapply though preference may be given to first-time applicants. Districts with enrollments over 10,000 may receive more than one grant award. No grant will exceed $5,000.

CRITERIA FOR 1995-96 ALCOHOL/TRAFFIC SAFETY GRANTS

The following identifies priorities, grant conditions, and review procedures for the 1995-96 grant cycle:

Program Requirements

1. Projects must supplement, not supplant present local programs.

2. The project must have a primary focus on traffic safety and alcohol and other drug abuse prevention.

3. Project budget may not exceed $5,000.

Review Procedures

The following criteria will be considered in the grant review process:

1. The extent to which the goals and objectives relate to identified needs.

2. Concepts, practices, and techniques are economically feasible and efficient.

3. The number of alcohol/traffic safety grants the district received previously.

4. To the extent possible, the grants shall be distributed equitably throughout the state.
Funding for this program available from s. 346.655(1) Wis. Stats

A brief overview of the proposed project.
The applicant hereby gives assurance to the State Superintendent of Public Instruction that: Please check

A. The applicant will maintain its local efforts; ie., it will use School Grant Funds to supplement rather than to supplant local efforts, strengthening the fiscal effort made for educational purposes which would not occur in the absence of such funds;

B. Funds made available will be used only for the approved program, as indicated in the proposal;

C. The applicant will use monies coupled from other sources with these ATS funds pursuant to the multiple funding policy in order to avoid conflict and audit exceptions;

D. If the proposal has been submitted for funding with other federal, state or local programs or agencies, all such programs or agencies and the date(s) of submittal are listed on an attached sheet,

E. The applicant will file financial reports and claims for reimbursement in accordance with procedures prescribed by the Bureau for School Management Services of the Department of Public Instruction, and the applicant will submit the final expenditure report, PI-1086, no later than September 30, to the Federal Aids and Audit Section of the Department of Public Instruction.

F. No board or staff member of a Local Education Agency (LEA) will participate in, or make recommendations with respect to, an administrative decision regarding a program or project if such decision can be expected to result in any benefit or remuneration, such as a royalty, commission, contingent fee, brokerage fee, consultant fee, or other benefit to him or her or any member of his/her immediate family;

G. The Department of Public Instruction will reserve the right to a final audit at the end of the fiscal year of actual expenditures under this contract and/or any time during the proposal period. In the event of an overpayment, the grantee agrees to reimburse the Wisconsin Department of Public Instruction for the amount of such overpayment;

H. The applicant will submit a final report to the Department of Public Instruction within 30 days of the completion of the project as specified in the instructions;

I. The applicant will share project experience, activities and materials on a cost recovery basis with other interested Wisconsin School Districts upon request;

J. The applicant provide equal opportunities for individuals to participate in the project experiences in school and/or community settings and will not discriminate on the basis of sex, race, religion, age, national origin, ancestry, creed, pregnancy, marital or parental status, sexual orientation or physical, mental, emotional or learning disability;

K. The applicant will participate in any Department of Public Instruction statewide evaluations.
Responses must be limited to the space provided. Grant application reviewers will not consider attachments.

1. **DEMONSTRATION/VERIFICATION OF NEEDS**

   Provide summary data/information that relates as to how the project's target population was identified (include specific identification of applicable target groups). Provide summary data that helped the district identify programmatic needs (techniques used, needs identified, priority areas).

2. **ACTIVITIES and TIMELINES**

   Outline the plan proposed. Include objectives, impact desired and a timetable of for activities.
3. PREVENTION/INTERVENTION

How does this proposal address Prevention and/or Intervention efforts in regard to Alcohol/Traffic Safety, Underage Drinking, Drinking and Driving, or Underage Drinking and Driving? How will this project be an integrated component of a broader Prevention/Wellness Plan in your district/agency. Explain.

4. EVALUATION

How will the effectiveness of this program be evaluated? Provide description of techniques and methodologies that will be employed to assess the program's effectiveness.
5. CONTINUATION

Describe your district's plans for continuing this program once the State Funding ends. Explain specific steps that will be taken to maintain/continue this program after the grant period.

Checklist for Reviewing Grants Before Submission

☐ 1. Certification signatures are original. No stamps used, no signatures are missing.

☐ 2. Amount of funding requested on page one matches budget page and does not exceed limitations.

☐ 3. All assurances are checked and the district is in compliance.

☐ 4. Narrative questions are answered using only the space provided.

☐ 5. No attachments are present other than those required as stated on the application.

☐ 6. Budget summary is complete with requested purchases on the proper line. District business manager is in agreement with line item placement.

☐ 7. District business manager has been provided with a copy of proposed project.

☐ 8. Budget detail matches budget summary and funding requested. No items are repeated in detail. Both budget summary and budget detail equal the same amount.

☐ 9. No capital objects are requested for funding.

☐ 10. Where applicable, consortium verification form and other required forms are accurate and contain original signatures.

☐ 11. Each position funded with grant monies is described with a position description including credentials, and is attached to the grant application.

Reports and Forms

A. Program Fiscal Report

Form PI-1086 is used to report allowable program expenditures. The claim is a summary report. Detail to support the claim, such as purchase orders, is maintained by the district.

It may be appropriate for an AODA Project Director to assist in preparing the claim. However, the office of Management and Budget's Compliance Supplement for Single Audits requires auditors to review administrative controls. Auditors review procedures for preparing claims, sample claims for completeness and monitor for proper reconciliation of claims to the district's general ledger. When the LEA business office is not in charge of such activities, audits have cited material administrative control weakness as a noncompliance exception.

In general, LEAs may submit claims monthly or less frequently if desired. Normally LEAs determine the frequency of submission based upon their cash flow needs. After the June 30 ending date, 90 days is provided to complete payments on obligations made during the program period and to submit a final claim (i.e., no later than September 30). Reimbursable expenditures must be in accordance with the approved program budget. Reimbursement may not exceed the total approved budget.

Advance payments based on valid reported encumbrances are authorized under most programs. However, the federal government prohibits advances from exceeding a 30-day cash supply. In addition, when cash receipts total 80 percent of the approved budget, remaining payments will revert to a reimbursement basis.

Reporting Matching Funds

Various state allocations of AODA monies require matching local costs. These costs should be reported on the claim form below funded costs when requests for reimbursement are made. Two types of cost may be used as the local district's match. They may be either in-kind costs or direct costs.

In-kind costs are best illustrated as costs incurred by the district in excess of funded costs for a particular operation. The most frequent incidence of in-kind costs are when a project funds release time for a teacher to participate in training or some sort of inservice. The difference between the substitute teacher costs (which usually are funded) and the actual teacher's hourly salary rate would be in-kind costs. Another source of in-kind costs would be time volunteered by people in the community. It is advisable to recognize such contributions by letter to the contributor for an audit trail.

Direct matching costs would be costs incurred by the district in excess of what is funded. As an example, perhaps $500 was approved for materials in the grant. If the district actually spent $700 for materials, the difference would be direct match.

AODA Program Grants require 20 percent matching local costs. If match is not reported, the claim is reimbursed at 83.33 percent after January 1 of the program year.

The After School and Summer grants require 20 percent matching local costs. Such grants are reimbursed at 80 percent after January 1 if no match is reported on the claim.

The state DARE grants require 100 percent of the officers' costs to be reported, and they are reimbursed at 80 percent. Often the police departments provide 20 percent portion of the costs, but they still must be reported on the claim form. Materials are funded at 100 percent.
The FAST grants and student mini-grants do not require matching costs. The Alcohol/Traffic Safety grants do not require matching funds.

A sample Program Fiscal Report (PI-1086) is included in the Appendix of this handbook. For specifics on claim submission or payment status please contact the appropriate Federal Aids and Audit Section staff person, Lora Lind, at (608) 267-9199.

Upon receipt of an approvable claim, a check is normally mailed by DPI within 30 days. To facilitate rapid turnaround, please mail all claims to:

B. Budget Change Request

This form should be used to make budget and program changes during the school year. Budget revisions are allowable, with the approval of the Department. Form PI-1824 is the standard format for requesting budget revisions (see appendix). Submit budget revision requests far enough in advance to allow for approval prior to expenditure. Requested change in budget and the reason for the change must be included for the request to be approved. Budget change requests are not valid without the original signature of the project coordinator.

State AODA Funds For Nonpublic Schools

Nonpublic schools are not eligible to receive any of these funds directly. School districts at their option may provide services to nonpublic school students and staff as part of their comprehensive K-12 AODA program.

Allowable Services to be Provided to Nonpublic School Students and Staff

If a public school district decides to serve nonpublic school students and or staff, the same regulations that apply to Federal Chapter I and II funds apply to these state AODA funds.

Public Schools:

1. Cannot issue payments to nonpublic schools.

2. Can provide instruction to nonpublic school students only at a neutral or public location. Can provide instruction at the nonpublic school by utilizing the Educational Telephone Network or closed circuit T.V.

3. Can pay stipends to nonpublic school teachers for AODA inservice activities. These stipends should be provided on the same basis as those provided to public school teachers.

The major responsibility of the 51.42 Unified Services Board is to develop and budget for a comprehensive program insuring continuous care for the mentally ill, developmentally disabled, and alcohol and drug abusers in the local community. The board must provide the following services: prevention, diagnosis, evaluation, inpatient, outpatient, residential care, partial hospitalization, precare, after-care, emergency care, rehabilitation, supportive transitional care, professional consultation, public information and education, related research, an inservice training.

Some of the above services are provided and controlled by the boards themselves while others are contracted from various private, voluntary and public agencies. An appointive planning committee is required to assess the needs of the community. Local citizens and organizations are encouraged to provide suggestions and plans.

The plan must address the needs of the alcoholic and drug abuser, including establishment of goals, priorities and estimated costs. Provisions must be made for coordination of local services and continuity of care. Available community resources must be utilized and new resources developed.

Under state legislation, funds are available to a county based on its population and availability of state funds. Programs are reviewed by county boards of supervisors and the regional offices of the Division of Community Services. Final approval and allocation are made after review by the Department of Health and Social Services.

Section 51.42 (Wis. Stats.) was enacted into law on January 1, 1977, due to nationwide dissatisfaction with institutionalized and custodial care. Wisconsin counties thus became responsible for providing services in alcohol and drug abuse, developmental disabilities and mental health. The Legislation requires this to be done through community boards or boards appointed by a county board of supervisors.

Counties may form any of the following:

1. A 51.42/.437 board to provide all mental disability services; or

2. Two separate boards
   a. Unified Services Board (s. 51.42 board) for mental health and alcohol and drug abuse services, and
   b. Developmental Disabilities Services Board (s. 54.437 board) for developmental disabilities only.

3. A community human services board under 2.46.23 in place of the s. 51.42 board or s. 51.437 board.

For further information regarding Unified Services Boards, contact your local board or the Community Services Division at the Wisconsin Department of Health and Social Services, (608/266-3444 or 266-2754).
