*Alcohol Education; Children; Curriculum Guides; *Drug Education; *Grade 3; Health; Instructional Materials; Intervention; Prevention; Primary Education; Resource Materials; Substance Abuse

This educational program on drugs and alcohol provides a "No-Use" message to students. The curriculum maintains that alcohol, tobacco, and illicit drugs are unhealthy and harmful, and that society's laws and values are to be respected. The lessons build students' resistance to influences that encourage drug abuse and they promote safe, healthy, and responsible attitudes while correcting mistaken beliefs and assumptions about drugs and alcohol. Lessons appear on 36 "Task Cards" which are intended to be used once a week during a traditional school year. The sequence and frequency with which these Task Cards are used, though, is at the instructor's discretion. Cards may be completed individually or in a group. Each card contains a benchmark (a one or two line goal for the lesson), a short message that the facilitator can present to the students, and an activity, all of which are age appropriate. If students work in groups, they are encouraged to create and display a team name, a pennant or banner with their team symbol, a license plate, a team motto or slogan, and a simulated 1-800 phone number. Cartoon characters with positive messages appear at the end of the publication and these can be awarded to students as incentives.

Drug and Alcohol Awareness Programs

Nora L. Drexler, the author and illustrator of SPARKS EDUCATIONAL PROGRAMS, received her M. Ed. from Gannon University and has received special training in Gifted Education from the University of Connecticut. She has taught regular and gifted education in Kindergarten through grade eight in Pennsylvania. Currently she teaches Gifted Education in the Millcreek Township School District in Erie, Pennsylvania. She has participated in the Governor's Lead Teacher Program in PA. She gives national and international presentations, and teaches new trends in computer technology. She implements cooperative learning, integrated curriculums and directs educational television programs for children.

Purchase of this publication entitles the purchaser the right to duplicate the materials only for the students directly affected by his or her instruction. Duplication for an entire school or school district from a single manual is strictly forbidden.
RATIONALE

SPARKS, (Smart People Act Responsibly to Keep Safe), is a nationally marketed, educational program brought to you exclusively by Drexler Associates, Inc. The "NO-USE" message in this curricula is clear, consistent, and positively communicated throughout this material. This program spirals in a continuous progression from kindergarten through grade eight and maintains that the use of alcohol, tobacco and illicit drugs is unhealthy and harmful, and that the laws and values of our society are to be respected. This program builds resistance to influences that encourage drug abuse, promotes safe, healthy and responsible attitudes, and corrects mistaken beliefs and assumptions.
TO THE TEACHER/FACILITATOR
The lessons on the "Task Cards" in this publication are designed for use once a week, for a traditional thirty-six week school year. However, the actual sequence or frequency of these Task Cards should be at the discretion of the prevailing instructor, counselor or group leader in charge. The Task Cards could be completed individually or used in a cooperative learning, group situation. Benchmarks can be discussed orally and the facts can be written in a student notebook.

If students are working in small groups of three or four students, they should create and display their team names, a pennant or banner with their team symbol, a license plate (Example: WE-ARE-#1), a team motto or slogan, and a simulated 1-800 phone number, (Example: 1-800 -NODRUGS).

The teacher can assign "tangible" points to the teams in the form of buttons, popcorn kernels, perler beads, etc. contained in a jar or plastic, reclosable sandwich bag, or show points listed on a chart. Points can be administered by the teacher's discretion for accuracy, cooperation, quality work, creative answers, organization, participation, effort, extra drug and alcohol information or speakers brought into the class, etc. Winning team upon conclusion of the task cards, is the one with the most points. Students delight in seeing visible progress through the containers, and competition becomes more exciting each week.

Cartoon characters, from the Creature Feature Cards at the end of this publication, can be awarded to students in any quantity, in any fashion, for any reason, at the discretion of the group facilitator.
To the Student: About Drugs and Crime

When drugs are prescribed by doctors and used wisely, they can ease pain and suffering, help fight infection and even cure diseases. But when drugs are not supervised by a doctor, not used wisely, or used by someone other than the person for whom the drug was prescribed, they can cause pain, suffering, illness and even death. Do not experiment with any drugs, medicine, alcohol or chemicals!

Sooner or later, you will probably come in contact with people who are using illegal drugs or alcohol or, who are selling or "pushing" this habit on others. You may be tempted to try the drug because of stories you have heard, of promises made by the "pusher," just from curiosity, or because of the pressure to do whatever your friends are doing. However, drugs will NEVER help you get better grades, will NEVER make you more popular, and will NEVER solve any problems that you may have.

Drugs and alcohol can cause you a lot of pain, make you very sick and even cause death. It may seem hard for you to say "No," but it is certainly easier to refuse drugs NOW, than to try to break the habit later. Be strong in your plans to stay clean and free from drugs, alcohol and crime. Don't hang around with other kids who get into trouble with the law, or who use drugs or alcohol. Stick with friends who respect the drug-free, crime-free choice. You must learn the facts about drug and alcohol abuse, and care about your body, your mind, and your future.

Crime is everybody's business! Preventing crime is everyone's duty. All citizens in our country have the responsibility of keeping themselves safe and their community safe. You also, share in this important responsibility. Laws of your state and city, as well as the rules within your home, school and community, were designed to keep you safe and help you grow up to be the best you can be. Obey the laws. Obey the rules. Encourage your friends to respect laws, rules and property. Whenever a crime is committed, everyone pays. Taxes go up, more money is spent to fix property, or to punish criminals, or to hire more staff to help protect innocent people. Think about it. This is money that could have been routed for other purposes such as health care, research for diseases, better parks, roads, education, inventions, space travel, etc. Whenever a crime is committed, someone is injured or rights are violated. Crime hurts everyone. It takes a long time to rebuild damaged property and fix broken lives. Everyone suffers. Everyone pays the price.

You and your classmates can help. Take steps to prevent crime. Follow the rules. Report law breakers or suspicious behavior. Be respectful of those in authority. Honor police officers and those who risk their lives every day so that you and your family can have a better life, without fear of intruders, vandalism, pollution, theft, or drivers on the road who are under the influence of alcohol or drugs. Perhaps, you, too, will choose a career in law, or law enforcement, to continue to help our citizens live and grow in a crime-free, drug-free environment.
SPARKS EDUCATIONAL PROGRAMS

TASK CARD # 1

BENCHMARKS - The student should know:
- Alcohol and drugs affect all body parts
- Happiness does not come from a drug "high"
- Happiness comes from reaching personal goals and doing community service
- Each person is precious and special

Activity: Designing Team Cruise Ship
You are going to compete in a game using a cruise ship. Each team has its own ship. Today you will draw the outline of the large cruise ship. Name your ship. Add as many things to the ship as you can. (Ropes, anchors, life preservers, windows, decks, ladders, horn, smoke stacks, radar, flags, etc.) Your ship should be colorful and neatly drawn.

TASK CARD # 2

BENCHMARKS - The student should know:
- Setting goals for yourself will help you stay on track
- Selling or using drugs is against the law
- People who sell drugs are called "pushers"
- People who are cared about and supported, will not turn to drugs
- No one is perfect
- You need to organize and control your life

Activity: Cruise Ship
In the last drug-free task for Card # 1, you designed a large cruise ship for your team. You will want to fill your Cruise Ship with many rooms. The winning team is the team having the largest cruise ship, in other words, the ship with the most rooms.

You earn "rooms" by writing facts about drugs and alcohol. You must get these facts from an actual reference source, such as a book, magazine, pamphlet, newspaper, encyclopedia, etc. Each fact should be on one index card, written neatly and clearly. (All the facts your team gathers, will also be used for other activities, even when the Cruise Ship competition is over!) Each time we do a new Task Card, more and new rooms will be offered to all groups, one room per fact. If you have more facts gathered than rooms offered, you can have more than one room in that category. For example: 3 Dinosaur Souvenir Rooms or 4 Cinema Areas or 5 Zero Gravity Rooms. Assign one member of your team who likes to record and who is a neat printer, to record the names of the rooms you earned right on the Cruise Ship itself, in small rectangular boxes. No more rooms can be added until the next time we do a Task Card. The ship is not in port. It is cruising the oceans and no new rooms can be added until it returns for the next Task Card.

Special Bonus: 20 rooms automatically for anyone who arranges for a drug or alcohol professional (policemen, probation officer, counselor) to come and speak to this group.
SPARKS EDUCATIONAL PROGRAMS

Grade three

TASK CARD # 3

BENCHMARKS - The student should know:
• Drug usage may lead to other serious crimes
• Students may turn to drugs due to peer pressure
• Beer, wine and wine coolers are alcoholic beverages
• Each of us needs to focus on talents and strengths, not our inadequacies

Activity: Cruise Ship
Cruise Ship: Award the following rooms in this time frame: (If facts exceed rooms offered, students can have more than one of the preferred rooms) One fact per room.

Rooms: Gymnasium, Miniature Golf Course, Croquet, Main Cabin, Beads and Things Shop, Puzzles and Past Times Shop, Bank, Telegrams, Subs Galore, Pizza Palace, Sunglasses Galore, Ships' Treasurer.

---

TASK CARD # 4

BENCHMARKS - The student should know:
• States have laws that must be observed for smoking and drinking
• You should like yourself and respect your body, not abuse it
• Athletes may be tempted to take steroids to be stronger and run faster
• Steroids have many bad side effects

Activity: Cruise Ship
Cruise ship continued:

TASK CARD # 5

BENCHMARKS - The student should know:
* Alcohol or drug usage cannot fix a problem or make it go away
* Drugs or alcohol will not make you forget your mistakes
* Everyone makes mistakes; silly mistakes and big mistakes
* You can forgive yourself and continue with your life
* Doctors and hospitals prescribe drugs in a controlled way to make you better

Activity: Cruise Ship

Cruise Ship continued:

TASK CARD # 6

BENCHMARKS - The student should know:
* Drug users may be using dirty needles that carry many diseases
* Drugs given by doctors, or over-tha-counter medicines given by parents, are safe
* Stress can be good for you
* Stress can hurt you
* People with overwhelming stress may turn to drug or alcohol usage
* Humor may reduce stress

Activity: Cruise Ship

Cruise Ship continued:

Rooms: Tennis Court, Ping Pong Room, Batteries and More, Autograph Sessions, Conference Room, Crews' Quarters, Pharmacy, Beauty Supplies, Pets for Sale, Notions and Sundries, Magazine and Newsroom.
SPARKS EDUCATIONAL PROGRAMS

Grade three

TASK CARD # 7

BENCHMARKS - The student should know:
* The human body is a precision instrument that can easily be thrown out of gear
* Drug pushers can be any age, even school age children
* Drug pushers must be reported to a law enforcement agency
* Drugs can be inhaled, swallowed or injected

Activity: Cruise Ship
Cruise Ship continued:

TASK CARD # 8

BENCHMARKS - The student should know:
* Staying physically fit will help you think clearly and make the right decisions
* Drugs and alcohol are actually a form of pollution for your body and mind
* Cigarette smoking is hazardous to your health
* Cigarettes are addictive and contain nicotine

Activity: Cruise Ship
Cruise Ship continued:

SPARKS EDUCATIONAL PROGRAMS

Grade three

TASK CARD # 9

BENCHMARKS - The student should know:
* Alcohol is a drug and there is no cure for alcoholism
* That cigarette smoking causes your lungs to turn black and the air to turn blue
* Cigarette butts and ashes in ashtrays have a strong odor

Activity: Cruise Ship

Cruise Ship continued:

Rooms: Tropical Fish Store, Bird Bonanza, Crow's Nest, Flag Staff, Stateroom, Rigging Storage, Flag Storage, Cleaning Supplies, Closet, Maid's Room, Storeroom, Hatch Way.

TASK CARD # 10

BENCHMARKS - The student should know:
* Alcohol is a serious problem in our country.
* Almost half of all highway deaths are alcohol-related
* Students who abuse drugs and alcohol miss schoolwork and may end up dropping out of school
* There is nothing funny or silly about a person staggering from drunkeness

Activity: Cruise Ship

Cruise Ship continued:

TASK CARD # 11

BENCHMARKS - The student should know:
* Both girls and boys can have drinking problems
* Tobacco was brought to the U.S. a long time ago by early settlers
* Alcohol and drug usage can be linked to other crimes
* Alcohol and drug usage creates a temporary "high"

Activity: Cruise Ship

Cruise Ship continued:

---

TASK CARD # 12

BENCHMARKS - The student should know:
* Stress can be controlled without drugs
* Persons who are addicted on drugs or alcohol should talk to a school counselor, family doctor, a clergyman or a trusted friend

Activity: Cruise Ship

Cruise Ship continued:

TASK CARD # 13

BENCHMARKS - The student should know:
* Dirty needles used with drug addicts spread diseases
* Drug and alcohol abuse costs America a lot of money to pay for high insurance rates and the hiring of more police officers
* Drugs cause physical changes in your body
* Drugs and alcohol affect the way you think and act
* People who serve alcohol to minors are breaking the law

Activity: Cruise Ship
Cruise Ship continued:
Rooms: Sick Bay, Theater # 1, Theater # 2, Gemstone Shop, Salon, Barber Shop, Leather Shop, Beach Towels, Inc, Umbrella Shop, Fashion Earring Shop, Souvenir Photos, Inc., Aerobic Center, Puppet Show, Radio Store, Refrigerated Cargo, Canned & Bottled Storage.

TASK CARD # 14

BENCHMARKS - The student should know:
* The damage from alcohol and drug use may be dangerous and permanent
* Many other people do not realize that beer, wine, and wine coolers are alcoholic beverages
* Alcohol kills many brain cells
* Cigarette smoke harms the smoker and may irritate other people in the room

Activity: Cruise Ship
Cruise Ship continued:
SPARKS EDUCATIONAL PROGRAMS

Grade three

TASK CARD # 15

BENCHMARKS - The student should know:
* Older people such as grandparents may have started smoking many years ago before the bad effects of cigarette smoking were found
* Chewing tobacco and pipe smoking is also harmful
* Steroids can have serious side effects
* Drug tests can determine if steroid use is happening

Activity: Cruise Ship

Cruise Ship continued:

Rooms: Stage and Performance Area, Volleyball, Basketball Court, Snack Bar, Restaurant, Shuffleboard, Adult Pool, Kiddie Pool, Sun Deck, Souvenir Shop, Costume Shop, Bathing Suit Boutique, Ballroom, Social Director’s Cabin, Kitchen # 1, First class Dining Room.

---

TASK CARD # 16

BENCHMARKS - The student should know:
* You must not take medicine prescribed for another person
* Some drugs are considered over-the-counter
* Some drugs may look like candy
* Prescription drugs taken in the wrong doses, for the wrong reasons, for the wrong person, can be dangerous

Activity: Cruise Ship

Now that you have many rooms in your cruise ship, invent 15 more for the class to include before the game ends at Task Card # 17.
SPARKS EDUCATIONAL PROGRAMS

TASK CARD # 17

BENCHMARKS - The student should know:
* Students must learn to say "NO" with practice and confidence
* The people you spend time with are the ones who will affect your behavior the most
* Physicians go to college and study for many years to become doctors
* Doctors use drugs to help patients

Activity: "Aloha" Party
By now you have learned many drug and alcohol facts through your research scavenger hunt. Each team must count the total rooms for their cruise ship. Who is the winner? Celebrate! Plan an "Aloha" party! Share facts you gathered about drug and alcohol abuse.

TASK CARD # 18

BENCHMARKS - The student should know:
* There are many career opportunities in law enforcement
* That we all have the power and creativity to convey drug-free messages to others
* There are many alternative methods to get "high" that are drug-free choices.

Activity: Perfect Kids' Community
You will be using your imagination today as your team begins to form a new city. Teams will be working on the "Perfect Kid's Community". It is a crime-free and alcohol-free community. This community you are inventing will be set up on another planet. We would need to use a spaceship flight to visit you. You will be far out in space with your new city. Fold a large piece of paper in half. This is your suitcase. List all the things you would need, to be away from home for a month.
SPARKS EDUCATIONAL PROGRAMS

Grade three

TASK CARD # 19

BENCHMARKS - The student should know:
* Drug-free fun and activities do not have to cost money
* The community will support drug-free students and activities
* The police officer is a caring individual who is dedicated and risks his life to protect law abiding citizens

Activity: Captain's Log, Rocket Ship Panorama

We are now packed for our team flights. Assign who will be navigator, captain, etc. Create a captain's log. Tell all about your first day in space. Use large black paper with colored chalk, if it is available, to show the view from the spaceship windshield. What do you see? Stars, planets, meteors, explosions, constellations, comets, space junk, other rocketships, satellites?

TASK CARD # 20

BENCHMARKS - The student should know:
* Athletes who use steroids run the risk of being removed from their team competition
* Athletes who use steroids may have to forfeit any medals, trophies, awards or certificates
* All living things need to be cared for, respected, and not abused

Activity: Team photograph of planet

Your teams have landed on their new planet. Name your planet. Name your new drug-free city. Show a drawing of what your planet looked like from outer space, and how it looked when you landed on the ground.

Copyright © 1994 Drexler Associates, Inc., PO Box 722, Erie, PA 16512-0722
SPARKS EDUCATIONAL PROGRAMS

TASK CARD # 21

BENCHMARKS - The student should know:

* Sticking together is important in fighting the War on Drugs
* Marijuana can also be called grass, hay, pot and weed
* Marijuana grows in the Middle East, US, Mexico, Africa and India in mild climates
* Marijuana plants grow in excess of five feet

Activity: Governing Rules on Planet, Travel Poster

Create a long list of rules for your new drug-free community. What happens there? What doesn't happen there? Color a travel poster for this new land. Show why people would want to visit or live there.

TASK CARD # 22

BENCHMARKS - The student should know:

* There are many children whose mothers and fathers are alcoholics
* Alcoholics can get help to stop drinking, but there is no "cure" for alcoholism
* Some people smoke or chew tobacco

Activity: Neighborhood Map

Make a map of your city. Name the roads. The roads should have "theme" names (or words in the same category). Show where schools, hospitals, ballfields, etc will be. Be careful where you place buildings on the map. Should a noisy ballfield be next to a hospital? Should restaurants be far away from shopping areas? Should factories be next to houses?
TASK CARD # 23

BENCHMARKS - The student should know:
- Cigarettes, chewing tobacco and snuff all contain the drug nicotine
- Nicotine is a drug that makes your heart work harder
- Tobacco causes lung disease, cancer and death

Activity: Invitations, Fashion Design
Design an invitation to visit this drug-free community. What time and date will the space shuttle leave? What do visitors need to pack? What kind of dress or uniforms or costumes does everyone need to wear? Draw pictures to show design.

TASK CARD # 24

BENCHMARKS - The student should know:
- Alcohol use today is much worse than years ago
- Half of our 6th graders feel pressure to drink
- Alcohol is an active drug

Activity: Picture of Daily Planetary Life
What are typical souvenirs that tourists buy at this space community? What things make Kids' Drug-free Community special? Do they live in treehouses? Can they walk upside down? Are the trees decorated a special way? What kinds of animals are there? What will visitors remember the most? What kind of weather do you have?
SPARKS EDUCATIONAL PROGRAMS

Grade three

TASK CARD # 25

BENCHMARKS - The student should know:

* 8 out of 10 kids who try only a half pack of cigarettes will become hooked for years or even their entire lives
* Chewing tobacco causes cancer of the mouth and other diseases of the gums and teeth
* Marijuana smoke has more tar and cancer causing agents than tobacco

Activity: Definitions

Prepare a "Dictionary of Terms" for your class with words such as:

ABUSE
ACID
ALCOHOL
AMPHETAMINES
ANALGESICS
ANTIBIOTICS
BARBITUATES
COCAINE
COMA

CRACK
DEPRESSANT
DRUG ADDICT
GRASS
HALLUCINATE
HEROIN
HIGH
JOINT
MORPHINE

NARCOTIC
NICOTINE
OVER-THE-COUNTER
POT
PRESCRIPTION DRUGS
PUSHER
STIMULANT
TOBACCO
TRIP

TASK CARD # 26

BENCHMARKS - The student should know:

* Craving is more intense with cocaine than any other drug
* Cocaine inhalation causes sores and ulcers in the nose
* Crack, a newer, smokable form of cocaine is highly addictive

Activity: Research

Find information on drug treatment centers and addicts. List many reasons why it would not be a pleasant experience. Wouldn't you rather be drug-free and vacationing in a resort?
TASK CARD # 27

BENCHMARKS - The student should know:
* When a person smokes marijuana, he has trouble doing even simple things like riding a bike
* The drug from one marijuana cigarette can stay in a person's body over a month
* Smoking marijuana is more harmful than smoking tobacco cigarettes

Activity: Bookmarks
Design bookmarks with a drug-free message to be used by other classrooms or a library. Use pencil lightly, then go over in black ink for photocopying. Use designs, pictures, drug and alcohol facts on the bookmarks. Use rulers so your product will be neat. Photocopy. Cut apart. Color or allow the new owners to color.

TASK CARD # 28

BENCHMARKS - The student should know:
* Taking medicine that is prescribed for someone else is very dangerous and against the law
* If your friends make fun of you because you won't try drugs, they're really not your friends at all
* You should always feel good about saying "NO" to drugs

Activity: Place mat
Drug-free place mat.

Use 18" x 24" construction paper. Create a colorful drug-free poster. Use rulers, colored pencils, markers, paint or photographs. Cover both sides of the paper with clear adhesive shelving paper. Trim to correct size. Use your place mat! Make drug-free place mats as gifts!
TASK CARD # 29

BENCHMARKS - The student should know:
* People say "NO" to drugs because they don't like how drugs make them feel
* People say "NO" to drugs because drugs are against their religion
* People say "NO" to drugs because drug use is against the law

Activity: Letterwriting
Use a phone book to find drug or alcohol agencies in your city. Write to a local, state or national agency for free drug and alcohol abuse information. Addresses for national agencies are also listed in public libraries.

TASK CARD # 30

BENCHMARKS - The student should know:
* Regular drinking causes kids to give up sports or hobbies
* Medicines are illegal drugs ordered by doctors to make sick people well
* Medicine should only be taken if you are sick

Activity: Contest for Primary Students
Prepare a simple drug and alcohol presentation for a kindergarten or first grade group. Use facts from your Cruise Ship Competition. Draw a poster or picture using black ink. Photocopy many, so that your little "students" can color them. Perhaps you could think of a reward, like candy, you could offer for the best poster. Perhaps their teacher will give a few "No Homework Passes".
SPARKS EDUCATIONAL PROGRAMS

TASK CARD # 31

BENCHMARKS - The student should know:

* Drug abusers must accept the fact that they are powerless over the substance
* Drug abusers must realize there are terrible consequences from their habit
* Drugs are habit forming

Activity: Penpal letters, video letters
Send a drug-free letter, or "video" letter, to students in another school in another state. Special reference books in public libraries have names and addresses of all schools and principals. Perhaps you can start your own drug-free pen pal club.

TASK CARD # 32

BENCHMARKS - The student should know:

* Drugs destroy healthy bodies
* Never eat, drink or sniff anything that you are unsure of
* Stay away from people who use drugs

Activity: Senior Citizen Interviews
Invite some senior citizens, perhaps Grandparents, to come in and share how crime, violence, drug and alcohol problems were different when they were younger. Older people are a vault of wisdom and information and should be respected.
Task Card # 33

BENCHMARKS - The student should know:
* Drug abuse persists because parents buy kegs of beer for teenager parties
* Drug abuse continues because advertisers plug alcohol and cigarettes
* Drug abuse continues because movies display drug use and rock stars glamorize it

Activity: Gameboards
Make drug free gameboards using posterboard, cardboard or large paper. Invent items for "tokens" as players move across the gameboard path you create. (buttons, pebbles, etc.) Use the drug facts from your Cruise Ship competition, with one fact on each index card. Make some true and some false. Show the answer on the side with the question. Use dice or spinners. Decide on rules. Groups play each others games.

Task Card # 34

BENCHMARKS - The student should know:
* If you are stopped for driving under the influence of alcohol, you may be arrested
* Your parents will be notified of the arrest by the police
* If you are arrested for drunk driving you may be kept for blood, urine or breath testing

Activity: Presentation
Plan a presentation for people in a community to show off all the wonderful activities you did using the Task Cards. Invite the press or television stations. Design a type of badge or "medal" you could wear. Design invitations. Someone with a camera should take pictures.
**TASK CARD # 35**

**BENCHMARKS - The student should know:**
* 8 out of 10 kids who try only a half pack of cigarettes will become hooked for years or even their entire lives
* Chewing tobacco causes cancer of the mouth and other diseases of the gums and teeth
* Marijuana smoke has more tar and cancer causing agents than tobacco

**Activity: Scavenger Hunt**
Litter pollutes our land, water and air. Count and list all the litter you can find outside in ten minutes. Team with longest list wins. Now list in 10 minutes all the ways drugs and alcohol pollute your bodies. Longest list wins. Which is easier for you to control, outside litter or inside litter? Inside litter, if you do not do drugs!

---

**TASK CARD # 36**

**BENCHMARKS - The student should know:**
* Craving is more intense with cocaine than with any other drug
* Cocaine inhalation causes sores and ulcers in the nose
* Crack, a newer, smokable form of cocaine is highly addictive

**Activity: Path to the Future**
List simple facts you gathered from the Cruise Ship Competition. Create creek stones or a pathway of stepping stones with important drug facts written on each one. Place the stepping stones in a visible place where everyone can read the drug facts!
Creature Feature Collectable Cartoon Characters

DESIGNATE
Designated drivers please! No drunk drivers!

DAFFY KNIT
Definitely time to refuse cigarettes and alcohol.

DANIELLE ATME
Don't yell at me... I just want you to be safe from drugs.

DY NAMIC
Dynamic drug-free group here.
C. HAPPY
See happy, drug-free kids high on life!

ANN AREA
An area around your school is a drug-free zone.

A. BOOT
A beautiful group of 3rd grade drug-free leaders.

P. PULL
People in your city care and want you safe from drugs.
MEG ASTAR
Mega star is what you are when you are drug-free.

MAXI MUM
Maximum number of great drug-free kids here.

SHY ANNE
Shy Ann must be brave and refuse drugs!

NEIL LAND
Kneel and pick up any beer cans polluting our land.
SUE MANY
So many happy drug-free faces here!

ABE BILITY
Ability to refuse alcohol or cigars? Good for you!

JOY N. FORCES
Join forces to wipe out drugs.

MISSY CHIEF
Mischief leads to crime and drug use. Stay clear.
REED OOZE
Reduce highway accidents by getting drunk drivers off the road.

KURT TAIL
Curtail your exposure to any cigarette smoke.

KAY SLOADS
Case loads of drunk drivers losing their license.

U. ZING
Using alcohol can be deadly.
System for a drug-free future is now in place.

Startled drunk drivers are now being arrested!

Earning a living someday in a drug-free 21st Century.

Standards for USA are high. No drugs!
BEA CALM
Be calm, but firm. Refuse drugs.

ANNA VERSE
Anniversary for USA is July 4th.
Celebrate drug-free!

BENNY FITS
Benefits are many, for not being addicted.

BIFF FORE
Before you go, remember that I care about you
You're special!
