This new edition of the "Idaho Library Laws" contains changes through the 1996 legislative session and includes "Idaho Code" sections that legally affect city, school-community or district libraries, or the Idaho State Library. These sections include the basic library laws in "Idaho Code" Title 33, Chapters 25, 26, and 27, additional sections of law referred to in the basic chapters, and other select code sections of general applicability to Idaho libraries. In addition to the compilation of library laws, chapters are included on definitions and computer crime, limitation authority of trustees, and management of institutional funds. This publication should be used as both an orientation tool for trustees and librarians, and as a starting point for investigating legal questions that arise in the management of the library. Legal interpretation of the law should be left to a qualified attorney. The text of the laws are presented in numerical order by code section. Three appendices include a table of additional "Idaho Code" sections containing the word "library" or "librarian"; a list of the 1996-97 Idaho State Library Board and select list of Idaho State Library telephone numbers; and a subject index to "Idaho Code," Title 33, Chapters 25, 26, and 27. INTRODUCTION

This is a new edition of the Idaho Library Laws with changes through the 1996 legislative session. The compilation contains Idaho Code sections which legally affect city, school-community or district libraries, or the Idaho State Library. These sections include the basic library laws in Idaho Code Title 33, Chapters 25, 26 and 27, additional sections of the law referred to in the basic chapters, and other select code sections of general applicability to Idaho libraries. In addition to the compilation of library laws the following chapters have been included: Title 18, Chapter 22, Definitions and Computer Crime; Title 33, Chapter 5, Limitation Authority of Trustees; Title 33, Chapter 50, Management of Institutional Funds. Title 63, Chapters 6, 9 and 22 were recodified this year. The bill recodifying these sections does not take effect until January 1, 1997 therefore, those code sections have been included as they are effective until January 1, 1997. The recodified sections, effective January 1, 1997, are located at the end of the publication. A basic edition of the Idaho Library Laws (Title 33, Chapters 25, 26, 27) has also been published.

The Idaho Library Laws should be used as both an orientation tool for trustees and librarians, and as a starting point for investigating legal questions that arise in the management of the library. Legal interpretation of the law should be left to a qualified attorney.

There are a few things to note about the format of this publication. The compilation is color coded. The colored pages in the middle of the compilation represent the basic library laws from the Idaho Code, (Title 33, Chapters 25, 26, 27). These include sections of the law discussing the Idaho State Library, city and school-community libraries and library districts. The white pages of the compilation represent code sections which are referred to in the basic library laws or are of general applicability to local government entities. The text of the laws in this compilation are presented in numerical order by code section. The Idaho Library Laws publication is printed in a looseleaf format for ease in photocopying.

To help the user, this edition has three (3) appendices. Appendix A is a table of additional Idaho Code sections containing the word "library" or "librarian." Appendix B is a list of the 1996-97 Idaho State Library Board and a select list of Idaho State Library telephone numbers. Appendix C is a subject index to Idaho Code, Title 33, Chapters 25, 26 and 27. The subject index to the laws has been reprinted (with omissions) with permission from the Michie Company.

The statues reprinted or quoted verbatim in the following pages are taken from the IDAHO CODE Copyright 1996, by Michie, a division of Reed Elsevier Inc. And Reed Elsevier Properties Inc., and are reprinted with the permission of Michie. All rights reserved.

APPENDIX C Subject Index 208
6-902. Definitions. As used in this act:

1. "State" means the state of Idaho or any office, department, agency, authority, commission, board, institution, hospital, college, university or other instrumentality thereof.

2. "Political subdivision" means any county, city, municipal corporation, health district, school district, irrigation district, an operating agent of irrigation districts whose board consists of directors of its member districts, special improvement or taxing district, or any other political subdivision or public corporation. As used in this act, the terms "county" and "city" also mean state licensed hospitals and attached nursing homes established by counties pursuant to chapter 36, title 31, Idaho Code, or jointly by cities and counties pursuant to chapter 37, title 31, Idaho Code.

3. "Governmental entity" means and includes the state and political subdivisions as herein defined.

4. "Employee" means an officer, employee, or servant of a governmental entity, including elected or appointed officials, and persons acting on behalf of the governmental entity in any official capacity, temporarily or permanently in the service of the governmental entity, whether with or without compensation, but the term employee shall not mean a person or other legal entity while acting in the capacity of an independent contractor under contract to the governmental entity to which this act applies in the event of a claim.

5. "Bodily injury" means any bodily injury, sickness, disease or death sustained by any person and caused by an occurrence.

6. "Property damage" means injury or destruction to tangible property caused by an occurrence.

7. "Claim" means any written demand to recover money damages from a governmental entity or its employee which any person is legally entitled to recover under this act as compensation for the negligent or otherwise wrongful act or omission of a governmental entity or its employee when acting within the course or scope of his employment.

6-903. Liability of governmental entities -- Defense of employees. (a) Except as otherwise provided in this act, every governmental entity is subject to liability for money damages arising out of its negligent or otherwise wrongful acts or omissions and those of its employees acting within the course and scope of their employment or duties, whether arising out of a governmental or proprietary function, where the governmental entity if a private person or entity would be liable for money damages under the laws of the state of Idaho, provided that the governmental entity is subject to liability only for the pro rata share of the total damages awarded in favor of a claimant which is attributable to the negligent or otherwise wrongful acts or omissions of the governmental entity or its employees.

(b) (i) A governmental entity shall provide a defense to its employee and be responsible for the payment of any judgment on any claim or civil lawsuit against an employee for money damages arising out of any act or omission within the course and scope of his employment; provided that the
governmental entity and its employee shall be subject to liability only for the pro rata share of the total damages awarded in favor of a claimant which is attributable to the act or omission of the employee; (ii) provided further, that to the extent there is valid and collectible, applicable insurance or any other right to defense or indemnification legally available to and for the protection of an employee, while operating or using an automobile, aircraft or other vehicle not owned or leased by the governmental entity and while acting within the course and scope of his/her employment or duties, the governmental entity’s duty hereunder to indemnify the employee and/or defend any such claim or lawsuit arising out of the operation or use of such personal automobile, aircraft or vehicle, shall be secondary to the obligation of the insurer or indemnitor of such automobile, aircraft or vehicle, whose obligation shall be primary; and (iii) provided further, this paragraph shall not be construed to alter or relieve any such indemnitor or insurer of any legal obligation to such employee or to any governmental entity vicariously liable on account of or legally responsible for damages due to the allegedly wrongful error, omissions, conduct, act or deed of such employee.

(c) The defense of its employee by the governmental entity shall be undertaken whether the claim and civil lawsuit is brought in Idaho district court under Idaho law or is brought in a United States court under federal law. The governmental entity may refuse a defense or disavow and refuse to pay any judgment for its employee if it is determined that the act or omission of the employee was not within the course and scope of his employment or included malice or criminal intent.

(d) A governmental entity shall not be entitled to contribution or indemnification, or reimbursement for legal fees and expenses from its employee unless a court shall find that the act or omission of the employee was outside the course and scope of his employment or included malice or criminal intent. Any action by a governmental entity against its employee and any action by an employee against the governmental entity for contribution, indemnification, or necessary legal fees and expenses shall be tried to the court in the same civil lawsuit brought on the claim against the governmental entity or its employee.

(e) For the purposes of this act and not otherwise, it shall be a rebuttable presumption that any act or omission of an employee within the time and at the place of his employment is within the course and scope of his employment and without malice or criminal intent.

(f) Nothing in this act shall enlarge or otherwise adversely affect the liability of an employee or a governmental entity. Any immunity or other bar to a civil lawsuit under Idaho or federal law shall remain in effect. The fact that a governmental entity may relieve an employee from all necessary legal fees and expenses and any judgment arising from the civil lawsuit shall not under any circumstances be communicated to the trier of fact in the civil lawsuit.

6-904. Exceptions to governmental liability. A governmental entity and its employees while acting within the course and scope of their employment and without malice or criminal intent shall not be liable for any claim which:

1. Arises out of any act or omission of an employee of the governmental entity exercising ordinary care, in reliance upon or the execution or performance of a statutory or regulatory function, whether or not the statute or regulation be valid, or based upon the exercise or performance or the failure to exercise or perform a discretionary function or duty on the part of a governmental entity
or employee thereof, whether or not the discretion be abused.

2. Arises out of the imposition or establishment of a quarantine by a governmental entity, whether such quarantine relates to persons or property.

3. Arises out of assault, battery, false imprisonment, false arrest, malicious prosecution, abuse of process, libel, slander, misrepresentation, deceit, or interference with contract rights.

4. Arises out of the activities of the Idaho national guard when engaged in training or duty under sections 316, 502, 503, 504, 505 or 709, title 32, United States Code.

5. Arises out of the activities of the Idaho national guard when engaged in combatant activities during a time of war.

6. Arises out of or results from riots, unlawful assemblies, public demonstrations, mob violence or civil disturbances.

7. Arises out of a plan or design for construction or improvement to the highways, roads, streets, bridges, or other public property where such plan or design is prepared in substantial conformance with engineering or design standards in effect at the time of preparation of the plan or design or approved in advance of the construction by the legislative body of the governmental entity or by some other body or administrative agency, exercising discretion by authority to give such approval.

6-923. Authority of political subdivisions to purchase insurance. All political subdivisions of the state shall have the authority to purchase the necessary liability insurance for themselves and their employees.

6-924. Policy limits -- Minimum requirements. Every policy or contract of insurance or comprehensive liability plan of a governmental entity as permitted under the provisions of this chapter shall provide that the insurance carrier pay on behalf of the insured governmental entity or its employee to a limit of not less than five hundred thousand dollars ($500,000) for bodily or personal injury, death, or property damage or loss as the result of any one (1) occurrence or accident, regardless of the number of persons injured or the number of claimants.

6-927. Tax levy to pay comprehensive liability plan. [EFFECTIVE UNTIL JANUARY 1, 1997] Notwithstanding any provisions of law to the contrary, all political subdivisions shall have authority to levy an annual property tax in the amount necessary to provide for a comprehensive liability plan whether by the purchase of insurance or otherwise as herein authorized; provided, that the revenues derived therefrom may not be used for any other purpose. Such special levy shall be exempt from the limitation imposed by section 63-923(1), Idaho Code.

6-927. Tax levy to pay comprehensive liability plan. [EFFECTIVE JANUARY 1, 1997] Notwithstanding any provisions of law to the contrary, all political subdivisions shall have authority to levy an annual property tax in the amount necessary to provide for a comprehensive liability plan whether by the purchase of insurance or otherwise as herein authorized; provided, that the revenues derived therefrom may not be used for any other purpose.

Such special levy shall be exempt from the limitation imposed by section 63-923(1), Idaho Code.

[EFFECTIVE JANUARY 1, 1997] Notwithstanding any provisions of law to the contrary and in the event there are no funds available, the political subdivision shall levy and collect a property tax, at the earliest time possible, in an amount necessary to pay a claim or judgment arising under the provisions of this act where the political subdivision has failed to purchase insurance or otherwise provide a comprehensive liability plan to cover a risk created under the provisions of this act.
TITLE 7, CHAPTER 13
JUDICIAL CONFIRMATION

7-1301. Short title. This chapter shall be known as the "Judicial Confirmation Law."

7-1302. Legislative declaration. The legislature of the state of Idaho determines, finds and declares in connection with this chapter:

(1) An early judicial examination into and determination of the validity of the power of any political subdivision to issue bonds or obligations and execute any agreements or security instruments therefor promotes the health, safety and welfare of the people of the state.

(2) The provision in this chapter of the purposes, powers, duties, privileges, immunities, rights, liabilities and disabilities pertaining to issuance of bonds or execution of obligations by political subdivisions will serve a public function and effect a public purpose.

(3) Any notice provided for in this chapter is reasonably calculated to inform each person of interest in any proceedings thereunder which may directly and adversely affect his legally protected interests, if any.

(4) Any act prior to or subsequent to the effective date of this chapter may be confirmed pursuant to this chapter.

7-1303. Definitions. Except where the context otherwise requires, the definitions in this section govern the construction of the judicial confirmation law. All other words should be given their ordinary and customary meaning.

(1) "Agreement" means any agreement or contract between a political subdivision and individuals, corporations, or any other political subdivision or public agency as authorized by section 67-2328, Idaho Code, relating to bonds or obligations of the political subdivision.

(2) "Bond" means any agreement, which may or may not be represented by a physical instrument, including notes, warrants, or certificates of indebtedness, that evidences an indebtedness of any political subdivision or a fund thereof, where the political subdivision agrees to pay a specified amount of money, with or without interest, at a designated time or times to either registered owners or bearers.

(3) "Executive officer" means the de jure or de facto governor of this state, mayor, chairman, president or other titular head or chief official of the political subdivision proceeding under this chapter, but "executive officer" does not include a city manager, county manager or other chief administrator of a political subdivision who is not its elected head.

(4) "Governing body" means:

(a) The state commission or state board responsible for the exercise of a power by the state or responsible for an instrument, act or project of the state to which court proceedings authorized by this chapter and initiated by the state pertain; and

(b) The city council, board of commissioners, board of trustees, board of directors, board of regents or other legislative body of a political subdivision under this chapter.
Governing body does not include the legislature of the state of Idaho if the political subdivision is the state or any corporation, instrumentality or other agency thereof.

(5) "Obligation" means an agreement that evidences an indebtedness of any political subdivision, other than a bond, and includes, but is not limited to, conditional sales contracts, lease obligations, and promissory notes.

(6) "Political subdivision" means the state of Idaho, or any corporation, instrumentality or other agency thereof, or any incorporated city, or any county, school district, water and/or sewer district, drainage district, special purpose district or other corporate district constituting a political subdivision of this state, any quasi-municipal corporation, housing authority, urban renewal authority, other type of authority, any college or university, or any other body corporate and politic of the state of Idaho, but excluding the federal government.

(7) "Security instrument" means any contract, deed or other security or other document of any kind, proposed, or executed or otherwise made as security for bonds or obligations issued by a political subdivision.

7-1304. Petition for judicial examination and determination of validity of bond, obligation, agreement, or security instrument -- Facts -- Verification -- Public hearing. (1) In its discretion the governing body of a political subdivision may file or cause to be filed a petition at any time in the judicial district court in and for the district in which the political subdivision is located wholly or in part, praying a judicial examination and determination of the validity of any bond or obligation or of any agreement or security instrument related thereto, of the political subdivision, whether or not such bond or obligation agreement has been validly exercised, or executed. The filing of the petition shall have been authorized by the governing body having adopted a resolution or ordinance authorizing such filing after conducting a public hearing as defined in subsection (3) of this section.

(2) Such petition shall make a clear statement of the legal authority for the proposed expenditure, shall set forth the facts on which the validity of such bond or obligation is founded and shall be verified by the executive officer of the political subdivision.

(3) Prior to the filing of the petition described in subsection (1) above, the governing body of a political subdivision shall hold a public hearing to consider whether it should adopt a resolution or ordinance authorizing the filing of the petition. Any person may make a request for notice of all meetings of the governing body of a political subdivision at which a public hearing will be held to consider a resolution or ordinance authorizing the filing of a petition described in subsection (1) of this section, by submitting to the governing body a written request for notice, which request shall be valid until December 31 of the year in which it was filed. The governing body of the political subdivision shall send a notice by certified mail to all persons who have requested notice, to the address provided in the request for notice, at least fourteen (14) days before the public hearing will be held, informing them of the time and place of the public hearing which will be held to consider the resolution or ordinance authorizing the filing of the petition. A petition or judgment approving a petition shall not be defective for failure to strictly comply with this notice provision if compliance with the notice requirement is substantial and in good faith. The public hearing shall be conducted at least fourteen (14) days prior to the adoption of the resolution or ordinance. At least fifteen (15)
days prior to the date set for the public hearing, notice of the time, place and summary of the matter shall be published in the official newspaper, or papers of general circulation within the jurisdiction. The notice shall be in the form and content described in subsection (2) of section 7-1306, Idaho Code, but need be published only once.

(1) Notice of the filing of the petition shall be given by the clerk of the court, under the seal thereof, stating in brief outline the contents of the petition and showing where a full copy of any instrument therein mentioned may be examined.

(2) The notice shall be served:
(a) By publication at least once a week for three (3) consecutive weeks by three (3) weekly insertions, in the official newspaper or papers of general circulation within the jurisdiction; the publication shall meet the following requirements: The notice shall be of a format and in such size and type that distinguishes it from legal notices. The notice shall be requested to run in the newspaper's main news section, far forward, and the rate to be paid for advertising placed under this section shall be no more than the current rate card posted by the newspaper for similar forms of advertising in volume and frequency to that which is ordered, in order to meet the requirements of this section; provided, the rates and type requirements provided in section 60-105, Idaho Code, for public agency advertisements shall not apply to advertisements published under the requirements of this section; and
(b) By posting the same in a prominent place at or near the main door of the administrative office of the political subdivision at least thirty (30) days prior to the date fixed in the notice for the hearing on the petition.

(3) Jurisdiction shall be complete after such publication and posting.

7-1307. Owner of property or interested party may move to dismiss or answer -- Effect of failure to appear. (1) Any owner of property, taxpayer, elector or rate payer, in the political subdivision or any other person interested in the bond, obligation or agreements or security instrument related thereto, or otherwise interested in the premises may appear and move to dismiss or answer the petition at any time prior to the date fixed for the hearing or within such further time as may be allowed by the court.

(2) The petition shall be taken as confessed by all persons who fail to so appear.

7-1308. Hearing -- Findings -- Judgment and decree -- Costs -- Entitlement to relief. (1) The filing of the petition and publication and posting of the notice as provided in section 7-1306, Idaho Code, shall be sufficient to give the court jurisdiction, and upon hearing the court shall examine into
IDAHO LIBRARY LAWS - 1996

and determine all matters and things affecting each question submitted, shall make such findings
with reference thereto and render such judgment and decree thereon as the case warrants.

(2) In making the findings set forth in subsection (1) of this section, the court shall find upon
what legal authority the political subdivision bases the petition for the proposed bond, obligation or
agreement and whether such bond, obligation or agreement is permissible under the general laws of
the state or is permissible as an ordinary and necessary expense of the political subdivision
authorized by the general laws of the state and shall determine if the political subdivision is entitled
to the relief sought. If in order to enable the court to enter judgment or to carry it into effect, it is
necessary to take an account or to establish the truth of any averment by evidence or make an
investigation of any other matter, the court may conduct such hearings or order such references as
it deems necessary and proper.

7-1309. Appeal of judgment -- Time for application. Appeal of the judgment of the court
may be had as in other civil cases, except that such appeal must be filed within forty-two (42) days
after the time of the rendition of such judgment.

7-1310. Applicability of Idaho rules of civil procedure -- Early hearings. (1) The Idaho rules
of civil procedure shall govern in matters of pleadings and practice where not otherwise specified
herein.

(2) The court shall disregard any error, irregularity, or omission which does not affect the
substantial rights of the parties.

(3) All cases in which there may arise a question of the validity of any matter under this
chapter shall be advanced as a matter of immediate public interest and concern, and be heard at the
earliest practicable time.

7-1311. Effect of chapter. (1) This chapter, without reference to other statutes of this state,
except as otherwise expressly provided in this chapter, shall constitute full authority for the exercise
of the powers herein granted.

(2) The powers conferred by this chapter shall be in addition and supplemental to, and not
in substitution for, and the limitations imposed hereby shall not affect the powers conferred by, any
other law.

(3) Nothing contained in this chapter shall be construed as preventing the exercise of any
power granted to the political subdivision, acting by and through the governing body, or any officer,
agent or employee of the political subdivision, or otherwise, by any other law.

(4) No part of this chapter shall repeal or affect any other law or part thereof, it being
intended that this chapter shall provide a separate method of accomplishing its objectives and not
an exclusive one; and this chapter shall not be construed as repealing, amending or changing any
such other law.

7-1312. Severability. If any provisions of this act or its application to any person, political
subdivision, or circumstance is held invalid, the remainder of the act or the application of the
provision to other persons, political subdivisions or circumstances is not affected.

7-1313. Attorney fees. Whenever a court shall determine that a political subdivision is not entitled to the relief sought or that this chapter has not been substantially complied with and enters a judgment denying the petition, the court shall award reasonable attorney fees to any owner of property, taxpayer, qualified elector or rate payor or any other interested person who has appeared and moved to dismiss or answer the petition.
9-337. Definitions. As used in sections 9-337 through 9-347, Idaho Code:

1. "Copy" means transcribing by handwriting, photocopying, duplicating machine and reproducing by any other means so long as the public record is not altered or damaged.

2. "Custodian" means the person having personal custody and control of the public records in question. If no such designation is made by the public agency, then custodian means any public official having custody of, control of, or authorized access to public records and includes all delegates of such officials, employees or representatives.

3. "Inspect" means the right to listen, view and make notes of public records as long as the public record is not altered or damaged.

4. "Investigatory record" means information with respect to an identifiable person, group of persons or entities compiled by a public agency pursuant to its statutory authority in the course of investigating a specific act, omission, failure to act, or other conduct which the public agency has regulatory authority or law enforcement authority over.

5. "Law enforcement agency" means any state or local agency given law enforcement powers or which has authority to investigate, enforce, prosecute or punish violations of state or federal criminal statutes, ordinances or regulations.

6. "Local agency" means a county, city, school district, municipal corporation, district, public health district, political subdivision, or any agency thereof, or any committee of a local agency, or any combination thereof.

7. "Person" means any natural person, corporation, partnership, firm, association, joint venture, state or local agency or any other recognized legal entity.

8. "Public agency" means any state or local agency as defined in this section.

9. "Public official" means any state, county, local district or governmental official or employee, whether elected, appointed or hired.

10. "Public record" includes, but is not limited to, any writing containing information relating to the conduct or administration of the public's business prepared, owned, used or retained by any state or local agency regardless of physical form or characteristics.

11. "State agency" means every state officer, department, division, bureau, commission and board or any committee of a state agency including those in the legislative or judicial branch, except the state militia.

12. "Writing" includes, but is not limited to, handwriting, typewriting, printing, photostating, photographing and every means of recording, including letters, words, pictures, sounds or symbols or combination thereof, and all papers, maps, magnetic or paper tapes, photographic films and prints, magnetic or punched cards, discs, drums or other documents.

9-338. Public records -- Right to examine. (1) Every person has a right to examine and take a copy of any public record of this state and there is a presumption that all public records in Idaho are open at all reasonable times for inspection except as otherwise expressly provided by statute.
The right to copy public records shall include the right to make photographs or photographic or other copies while the records are in the possession of the custodian of the records using equipment provided by the public agency or using equipment designated by the custodian.

Additionally, the custodian of any public record shall give the person, on demand, a certified copy of it if the record is of a nature permitting such copying or shall furnish reasonable opportunity to inspect or copy such record.

The custodian shall make no inquiry of any person who applies for a public record, except that the person may be required to make a written request and provide a mailing address and telephone number.

The custodian shall not review, examine or scrutinize any copy, photograph or memoranda in the possession of any such person and shall extend to the person all reasonable comfort and facility for the full exercise of the right granted under this act.

Nothing herein contained shall prevent the custodian from maintaining such vigilance as is required to prevent alteration of any public record while it is being examined.

Examination of public records under the authority of this section must be conducted during regular office or working hours unless the custodian shall authorize examination of records in other than regular office or working hours. In this event, the persons designated to represent the custodian during such examination shall be entitled to reasonable compensation to be paid to them by the public agency having custody of such records, out of funds provided in advance by the person examining such records, at other than regular office or working hours.

A public agency or public official may establish a copying fee schedule. The fee may not exceed the actual cost to the agency of copying the record if another fee is not otherwise provided by law. The actual cost shall not include any administrative or labor costs resulting from locating and providing a copy of the public record. For providing a duplicate of a computer tape, computer disc, microfilm or similar or analogous record system containing public record information, a public agency or public official may charge a fee, uniform to all persons that does not exceed the sum of the following:

(a) The agency's direct cost of copying the information in that form;
(b) The standard cost, if any, for selling the same information in the form of a publication.

The custodian may require advance payment of the cost of copying. Any money received by the public agency shall be credited to the account for which the expense being reimbursed was or will be charged, and such funds may be expended by the agency as part of its appropriation from that fund.

A public agency shall not prevent the examination or copying of a public record by contracting with a nongovernmental body to perform any of its duties or functions.

Nothing contained herein shall prevent a public agency from disclosing statistical information that is not descriptive of an identifiable person or persons.

9-339. Response to request for examination of public records. (1) A public agency shall either grant or deny a person's request to examine or copy public records within three working days of the date of the receipt of the request for examination or copying. If it is determined by
employees of the public agency that a longer period of time is needed to locate or retrieve the public records, the public agency shall so notify in writing the person requesting to examine or copy the records and shall provide the public records to the person no later than ten (10) working days following the person's request.

(2) If the public agency fails to respond, the request shall be deemed to be denied within ten (10) working days following the request.

(3) If the public agency denies the person's request for examination or copying the public records or denies in part and grants in part the person's request for examination and copying of the public records, the person legally responsible for administering the public agency or that person's designee shall notify the person in writing of the denial or partial denial of the request for the public record.

(4) The notice of denial or partial denial shall state that the attorney for the public agency has reviewed the request or shall state that the public agency has had an opportunity to consult with an attorney regarding the request for examination or copying of a record and has chosen not to do so. The notice of denial or partial denial also shall indicate the statutory authority for the denial and indicate clearly the person's right to appeal the denial or partial denial and the time periods for doing so. ()

9-340. Records exempt from disclosure. The following records are exempt from disclosure:

(1) Any public record exempt from disclosure by federal or state law or federal regulations to the extent specifically provided for by such law or regulation.

(2) Trade secrets including those contained in response to public agency requests for proposal, requests for clarification, requests for information and similar requests. "Trade secrets" as used in this section means information, including a formula, pattern, compilation, program, computer program, device, method, technique, process, or unpublished or in progress research that:

(a) Derives independent economic value, actual or potential, from not being generally known to, and not being readily ascertainable by proper means by other persons who can obtain economic value from its disclosure or use; and

18-1361A. Noncompensated appointed public servant -- Relatives of public servant -- Exception. When a person is a public servant by reason of his appointment to a governmental entity board for which the person receives no salary or fees for his service on said board, it shall not constitute a violation of the provisions of subsection (1)(d) or (e) of section 18-1359, Idaho Code, for a public servant or for his relative to contract with the public body of which the public servant is a member if the procedures listed below are strictly observed. For purposes of this section, "relative" shall mean any person related to the public servant by blood or marriage within the second degree.

(1) The contract is competitively bid and the public servant or his relative submits the low bid; and

18-1362. Cause of action. A prosecuting attorney or the attorney general may bring an action in the district court of the county in which a public servant resides to enjoin a violation of the provisions of this chapter and to require the public servant to make restitution to the government of any pecuniary gain obtained. The prevailing party shall be awarded his costs and reasonable attorney fees.
18-1517. Disseminating material harmful to minors -- Defenses. 1. In any prosecution for disseminating material harmful to minors, it is an affirmative defense that:

(a) The defendant had reasonable cause to believe that the minor involved was eighteen (18) years old or more, or such minor exhibited to the defendant a draft card, driver's license, birth certificate, or other official or apparently official document purporting to establish that the minor was eighteen (18) years of age or older.

(b) The minor involved was accompanied by his parent or legal guardian, or by an adult and the adult represented that he was the minor's parent or guardian or an adult and signed a written statement to that effect.

(c) The defendant was the parent or guardian of the minor involved.

18-4101. Definitions. The following definitions are applicable to this act:

(A) "Obscene" material means any matter:

(1) which the average person, applying contemporary community standards, would find, when considered as a whole, appeals to the prurient interest; and

(2) which depicts or describes patently offensive representations or descriptions of:

(a) ultimate sexual acts, normal or perverted, actual or simulated; or

(b) masturbation, excretory functions, or lewd exhibition of the genitals or genital area.

Nothing herein contained is intended to include or proscribe any matter which, when considered as a whole, and in the context in which it is used, possesses serious literary, artistic, political or scientific value.

In prosecutions under this act, where circumstances of production, presentation, sale, dissemination, or publicity indicate that the matter is being commercially exploited by the defendant for the sake of its prurient appeal, such evidence is probative with respect to the nature of the matter and can justify the conclusion that, in the context in which it is used, the matter has no serious literary, artistic, political, or scientific value.

(B) "Prurient interest" means a shameful or morbid interest in nudity, sex, or excretion, which goes substantially beyond customary limits of candor in description or representation of such matters. If it appears from the character of the material or the circumstances of its dissemination that the subject matter is designed for a specially susceptible audience or clearly defined deviant sexual group, the appeal of the subject matter shall be judged with reference to such audience or group.

(C) "Matter" or "material" means any book, magazine, newspaper, or other printed or written material; or any picture, drawing, photograph, motion picture, or other pictorial representation; or any statue or other figure; or any recording, transcription, or mechanical, chemical, or electrical reproduction; or any other articles, equipment, machines, or materials.

(D) "Person" means any individual, partnership, firm, association, corporation, or other legal entity; or any agent or servant thereof.

(E) "Distribute" means to transfer possession of, whether with or without consideration, by any means.

(F) "Knowingly" means having actual or constructive knowledge of the character of the subject matter or live conduct. A person shall be deemed to have constructive knowledge of the character of the subject matter or live conduct if he has knowledge of facts which would put a reasonable and prudent man on notice as to the suspect nature of the matter, and the failure to inspect the contents is either for the purpose of avoiding such disclosure or is due to reckless conduct.

(G) "Reckless conduct" is conduct which consciously disregards a substantial and unjustifiable risk that matter may be obscene. The risk must be of such a nature and degree that, considering the nature and purpose of the actor's conduct and the circumstances known to him, its
disregard involves a gross deviation from the standard of conduct that an average law-abiding person would observe in the actor's situation under like circumstances.

(H) "Exhibit" means to show or display.

(I) "Obscene live conduct" means any physical human body activity, whether performed or engaged in alone or with other persons, including but not limited to singing, speaking, dancing, acting, simulating, or pantomiming, where:

1. the average person, applying contemporary community standards, would find such conduct, when considered as a whole, appeals to the prurient interest; and
2. the conduct is patently offensive because it consists of:
   (a) ultimate sexual acts, normal or perverted, actual or simulated; or
   (b) masturbation, excretory functions, or lewd exhibition of the genitals or genital area.

Nothing herein contained is intended to include or proscribe any conduct which, when considered as a whole, and in the context in which it is used, possesses serious literary, artistic, political or scientific value. In prosecutions under this act, where circumstances of production, presentation, advertising, or exhibition indicate that live conduct is being commercially exploited by the defendant for the sake of its prurient appeal, such evidence is probative with respect to the nature of the conduct and can justify the conclusion that, in the context in which it is used, the matter has no serious literary, artistic, political or scientific value.

18-4102. Affirmative defense. It is not innocent but calculated purveyance which is prohibited. This act shall not apply to any persons who may possess or distribute obscene matter or participate in conduct otherwise proscribed by this act when such possession, distribution, or conduct occurs:

(A) within the scope of employment of law enforcement and judicial activities; or
(B) within the scope of employment of bona fide school, college, university, museum or public library activities or within the scope of employment of such an organization or a retail outlet affiliated with and serving the educational purposes of such an organization; or
(C) within the scope of employment as a moving picture machine operator, assistant operator, usher, or ticket taker in a motion picture theater in connection with a motion picture film or show exhibited in such theater, if such operator or assistant operator has no financial interest in the motion picture theater wherein he is so employed other than his wages received or owed, and such person consents to give testimony regarding such employment in all judicial proceedings brought under this act, when granted immunity by the trial judge; or
(D) under like circumstances of justification where the possession, distribution or conduct possesses serious literary, artistic, political or scientific value.

If this issue is not presented by the prosecution's evidence, the defendant may raise the same as an affirmative defense by presenting some evidence thereon. Where raised, the prosecution must sustain the burden of proving the defendant guilty beyond a reasonable doubt as to that issue.
18-5904. No smoking during public meetings. For the purpose of this act, any meeting or hearing of any board, commission, council, department or agency of state, county, or local government, held within a building owned, rented, or being used by a governmental agency, to which the public is invited, or solicited, or legally entitled to attend is defined as a public meeting. Cigarette, cigar, and pipe smoking are prohibited during all periods when such public hearings or meetings are in progress.

18-5905. Signs to be displayed. No smoking signs shall be displayed in the place of any such public meeting and upon request an area nearby, but outside the room in which the meeting is being held, shall be designated as an area where smoking is permitted.

18-5906. Penalty for violation. A violation of section 18-5904, Idaho Code, is punishable by a fine of not less than five dollars ($5.00) nor more than ten dollars ($10.00).
18-7301. Freedom from discrimination constitutes a civil right. The right to be free from discrimination because of race, creed, color, sex, or national origin is recognized as and declared to be a civil right. This right shall include, but not be limited to:

(1) The right to obtain and hold employment without discrimination.

(2) The right to the full enjoyment of any of the accommodations, facilities or privileges of any place of public resort, accommodation, assemblage or amusement.

18-7302. Definitions. Terms used in this chapter shall have the following definitions:

(c) "Full enjoyment of" shall be construed to include the right to purchase any service, commodity or article of personal property offered or sold on, or by, any establishment to the public, and the admission of any person to accommodations, advantages, facilities or privileges of any place of public resort, accommodation, assemblage or amusement, without acts directly or indirectly causing persons of any particular race, creed or color, to be treated as not welcome, accepted, desired or solicited.

(d) "National origin" includes "ancestry."

(e) "Any place of public resort, accommodation, assemblage or amusement" is hereby defined to include, but not to be limited to any public place, licensed or unlicensed, kept for gain, hire or reward, or where charges are made for admission, service, occupancy or use of any property or facilities, whether conducted for the entertainment, housing or lodging of transient guests, or for the benefit, use or accommodation of those seeking health, recreation or rest, or for the sale of goods and merchandise, or for the rendering of personal services, or for public conveyance or transportation on land, water or in the air, including the stations and terminals thereof and the garaging of vehicles, or where food or beverages of any kind are sold for consumption on the premises, or where public amusement, entertainment, sports or recreation of any kind is offered with or without charge, or where medical service or care is made available, or where the public gathers, congregates, or assembles for amusement, recreation or public purposes, or public halls, public elevators and public

TITLE 33, CHAPTER 4
SCHOOL ELECTIONS

33-401. Legislative intent. The legislature finds that a comprehensive and integrated statutory scheme for the conduct of school elections is critical to the public's understanding of and confidence in the public school election system. It is therefore the intent of the legislature that with the exception of chapter 24, title 34, Idaho Code, and the provisions of title 18, Idaho Code, which shall be fully applicable, or unless otherwise specifically provided, all school elections shall be governed by the provisions of this chapter.

33-402. Notice requirements. a. Notice of all school elections must be given by posting and publishing notice of said elections and such notice shall state:
   1. The date of holding the election;
   2. The hours between which the polls will be open;
   3. The definite place or places of holding the election;
   4. In the case of election of trustees, the offices to be filled, the trustee zones, and a statement that declarations of candidacy must be filed not later than 5:00 p.m. on the fifth Friday prior to the day of the election;
   5. In the case of bond election, the amount of the issue, the purpose and period of the issue;
   6. In the case of the assumption of a debt, the amount of any such debt to be assumed by each district, or part of a district; and
   7. In all other elections, a brief statement of the question being submitted to the electors.

b. In school elections involving (I) the incurring or increasing of a debt, (ii) approving a levy for a plant facilities reserve fund and term thereof, (iii) excising and annexing territory, (iv) consolidating districts, or (v) dividing a district, notice of the election shall be posted not less than twenty-one (21) days prior to the day of the election in at least three (3) places in each district participating in or affected by such election, one (1) of which places shall be at or near the main door of the administrative offices of each such district, and by publishing at least once each week for three (3) consecutive weeks prior to the day of the election in a newspaper as provided in section 60-106, Idaho Code, published in the county or in any county in which such district may lie and having general circulation within such district.

c. Notice of all other school elections shall be given in the same manner, except that the posting shall be for not less than ten (10) days, and publishing shall be at least once each week for two (2) consecutive weeks prior to the day of the election.

d. Notice of the deadline for filing declaration of candidacy for election of trustees shall be posted for not less than ten (10) days and published at least once each week for two (2) consecutive weeks prior to the last day for filing nominating petitions as required by section 33-502, Idaho Code.

e. In elections for excising and annexing the territory of school districts, or to create new school districts by consolidation or division, the clerk of the board of county commissioners of the county in which the district lies, or of the home county if the district be a joint district, shall prepare,
post, sign and arrange for the publishing of, the notice of election. In all other elections it shall be the duty of the clerk of the board of trustees so to do.

f. Notice of annual meeting of elementary school districts as provided for in section 33-510, Idaho Code, and of intent to discontinue a school, as provided for in section 33-511, Idaho Code, and annual budget hearing as provided for in section 33-801, Idaho Code, shall be given by posting and publishing as outlined in subsection b of this section except that posting shall be for not less than ten (10) days, and publishing shall be once in a newspaper as provided in section 60-106, Idaho Code, published within the district, or, if there be none, then in a newspaper as provided in section 60-106, Idaho Code, published in the county in which such district lies. If more than one (1) newspaper is printed and published in said district or county, then in the newspaper most likely to give best general notice of the election within said district; provided that if no newspaper is published in the said district or county, then in a newspaper as provided in section 60-106, Idaho Code, most likely to give best general notice of the election within the district.

g. Notices calling for bids for the acquisition, use, or disposal of real and personal property as provided for in section 33-601, Idaho Code, and contracting for transportation services as provided for in section 33-1510, Idaho Code, shall be given by publishing twice, not less than one (1) week apart in a newspaper as provided in section 60-106, Idaho Code, published within the district, or, if there be none, then in a newspaper as provided in section 60-106, Idaho Code, published in the county in which such district lies. The notice inviting bids shall set a date and place for opening bids. The first publication of the notice shall be at least two (2) weeks before the date of opening the bids.

h. Proof of posting notice shall be upon the affidavit of the person posting the same; and proof of publication shall be upon the affidavit of the publisher of the newspaper or newspapers respectively. Such affidavits shall be filed with his board by the clerk responsible for the posting and the publishing of said notice, before the day of the election named in the notice.

33-403. Conduct of elections. In all school elections each polling place shall be presided over by a board of election. Each board shall consist of one (1) or more judges and a clerk, who shall be qualified school district electors of the district. The board of election shall determine the time of duty of each judge and clerk as full time or part time on duty and require those who count the ballots to remain on duty until the ballots are counted. Before entering upon his duties, each member of the board of election shall take an oath, which shall be administered by any qualified school district elector of the district, faithfully to perform the duties of such member.

In any election involving excision and annexation of territory, or consolidation of districts, or division of a district, the board of county commissioners of any county affected by such election shall appoint the boards of election and designate the polling places within that county; and in all
other school elections, the board of trustees of the district shall appoint the board or boards of
election.

Polling places designated for school election shall conform to the accessibility standards
established by the secretary of state pursuant to the authority granted in section 34-302, Idaho Code.

While the polls are open neither the board of election nor any person shall give information
on the progress of the election. All elections shall be by secret and separate ballot, each ballot to be
in print, type or other legible writing. The ballots in each case shall be prepared by the person
responsible for signing, posting and arranging the publishing of the notice of election, and shall be
in such form that an elector may express a choice in the affirmative or in the negative of any
proposition to be voted on or the election of any person, by marking a cross (X). Ballots shall carry
a brief but clear statement of any proposition being submitted; and

1. In the case of an election involving the creation or assumption of debt, the amount of the
issue, purpose and period of the issue, or the amount to be assumed;
2. In the case of election of trustees, the names of the nominees, together with space in which
an elector may write in the name or names of other qualified persons;

consolidation of school districts, or the division of a school district, a description of the proposed
change.

In all school elections, the ballots used by the electors shall be kept in a sealed container until
the polls are closed at the time specified in the notice of election.

It is intended that no informalities in the conduct of school elections shall invalidate the same
if the election shall have been otherwise fairly held.

33-403A. Assistance to voter. a. If any elector is unable, due to physical disability or other
handicap, to enter the polling place, he may be handed a ballot outside the polling place but within
forty (40) feet thereof by one (1) of the election clerks, and in his presence but in a secret manner,
mark and return the same to such election officer who shall proceed to deposit the ballot as provided
by law.

b. If any elector, who is unable by reason of physical disability or other handicap to record
his vote by personally marking his ballot and who desires to vote, then and in that case such elector
shall be given assistance by the person of his choice or by one (1) of the election clerks. Such clerk
or selected person shall mark the ballot in the manner directed by the elector and fold it properly and
present it to the elector before leaving the voting compartment or area provided for such purpose.
The elector shall then present it to the judge of election who shall deposit the ballot as provided by
law.

33-403B. Spoiled ballots. No person shall take or remove any ballot from the polling place.
If an elector inadvertently or by mistake spoils a ballot, he shall return it folded to the distributing
clerk, who shall give him another ballot. The ballot thus returned shall, without examination, be
immediately canceled by writing across the back, or outside of the ballot as folded, the words
"spoiled ballot, another issued," and the spoiled ballot shall be deposited in a box provided for that purpose.

33-403C. Challengers -- Watchers. a. b. Where the issue before the electors of a school district is other than the election of officers, the clerk of the school district shall upon receipt of a written request, such request to be received no later than five (5) days prior to the date of voting on the issue or issues, direct that the election judges permit one (1) pro and one (1) con person to be at the polling place for the purpose of challenging voters and to watch the receiving and counting of votes. Such authorization shall be evidenced in writing signed by the requesting person and shall state which position relative to the issue or issues the person represents. Persons who are authorized to serve as challengers or watchers shall wear a visible name tag which includes their respective titles. Persons permitted to be present to watch the counting of votes shall not absent themselves until the polls are closed.

33-404. Places elections to be held. In elections involving excision and annexation of territory, or the consolidation of school districts, or the division of a school district, each notice of election shall designate that polling places shall be established, as follows:

In an election involving excision and annexation of territory, polling places shall be established in the district to which the territory or area is to be annexed; in the territory or area to be annexed; and in the remainder of the school district from which the territory or area is to be excised.

In any school election held within a joint school district, polling places shall be designated and established, within such district, in each county in which ten (10) or more electors of the district reside. In an area where less than ten (10) electors reside, a polling place shall be designated upon petition to the board of trustees, received not less than twenty-eight (28) days preceding the date of the election, of three (3) or more electors within the affected area, or may be designated at the option of the board of trustees.

33-405. Qualifications of school electors. Any person voting, or offering to vote, in any school election must be, at the time of the election eighteen (18) years of age and a United States citizen who has resided in this state and in the school district at least thirty (30) days next preceding the election in which the elector desires to vote. In the case of election of trustees, the elector must be a resident of the same trustee zone as the candidate or candidates for school district trustees for whom the elector offers to vote for at least thirty (30) days next preceding the election in which the
elector desires to vote.

Registration requirements set forth in chapter 4, title 34, Idaho Code, shall be applicable to school elections, and in addition to the foregoing qualifications, a school elector shall have executed, in writing and immediately before voting, a form of elector's oath attesting that he or she possesses the qualifications of a school elector prescribed by this section and indicating the mailing address, residence address or any other necessary information definitely locating the residence of the school elector. The elector may be required to furnish to the election official proof of residence, which proof shall be established by either an Idaho motor vehicle operator's license or any other document definitely establishing the elector's residence within the school district or trustee zone.

33-405B. Challenge of voters. Any judge may challenge any elector attempting to vote in a school district election. In the event any person offering to vote is challenged, one (1) of the judges must declare the qualifications of an elector to such person. If the person so challenged then declares himself duly qualified and the challenge is not withdrawn, the elector shall be entitled to vote upon subscribing to the elector’s oath.

33-406. Absentee voting. For the purposes of this section the term clerk shall mean the clerk of the board of county commissioners whenever an election involves changing the boundaries of school districts, or the creation of new school districts by consolidation of districts or division of a district. The absentee ballot must be received by the clerk, not later than 8:00 p.m. on the day of the election, before such ballot may
be counted.

Any elector physically unable to mark his own ballot may receive assistance in marking his ballot from the officer delivering same or an available person of his own choosing. In the event the officer is requested to render assistance in marking an absent elector's ballot, the officer shall ascertain the desires of the elector and shall vote the applicant's ballot accordingly. No election officer or any other person assisting a disabled voter shall attempt to influence the vote of such elector in any manner.

The written applications shall be kept by the clerk as a part of the records of the election and he shall, on the day of the election and before the polling places are closed, deliver to the proper board of election all such envelopes together with a list, compiled and signed by him, of the electors making application to vote in absentia.

The board of election shall verify all envelopes delivered to it by the clerk against the names appearing on the said list, open the envelopes and examine the elector's oath. If these are found to be in order, the ballots shall be removed from the envelopes and placed in the ballot box in the same manner as though the elector were personally present and voting; and the voter's name shall thereupon be subscribed in any polling book or other record kept at such election.

33-406A. Challenging absentee elector's vote. The vote of any absent elector may be challenged in the same manner as other votes are challenged and the receiving judges shall have power and authority to determine the legality of such ballot. If the challenge be sustained, or if the receiving judges determine that the elector is not a qualified elector, the envelope containing the ballot of such elector shall not be opened and the judges shall endorse on the back of the envelope the reason therefor. Whenever it shall be made to appear to the receiving judges by sufficient proof that any elector who has marked and forwarded his ballot has died, then the envelope containing the ballot of such deceased elector shall not be opened and the judges shall make proper notation on the back of such envelope. If an absent elector's envelope contains more than one (1) marked ballot of any kind, none of such ballots shall be counted and the judges shall make notations on the back of the ballots of the reason therefor. Judges of election shall certify in their returns the number of absent electors' ballots cast and counted and the number of such ballots rejected.

33-407. Return and canvass of elections. In any school election involving the excision and annexation of territory, or the consolidation of school districts, or the division of a school district, the board of county commissioners of the county in which the election is held, or, in the case of a joint school district, the board of county commissioners of the home county of the school district, shall constitute the board of canvassers. In all other school elections, the board of trustees of each school district shall act as the board of canvassers.

Following the close of the polls at the time stated in the notice of election, each board of election shall open the ballot boxes and compute the results in public view. Any ballot or part of a ballot from which it is impossible to determine the elector's choice shall be void and shall not be counted. In the event of a bond election or any other election requiring more than a simple majority conducted by a school district, any qualified elector casting such ballot or part of a ballot shall be
deemed not to have voted at or participated in such bond election and the ballot or part of a ballot shall not be counted in determining the number of qualified electors voting at or participating in such elections. Within not more than three (3) days thereafter each board of election shall make return to the chairman of the board of canvassers. Said return shall include the computation of the results of the election and all ballots cast at the election, both those counted and those rejected.

At its next meeting after receiving all returns from the board or boards of election, the board of trustees or the board of county commissioners, when acting as a board of canvassers shall canvass all returns of the election. The board of canvassers shall examine and make a statement of the total number of votes cast for all candidates or questions that shall have been voted upon at the election. The statement shall set forth the names of the candidates or questions for which the votes have been cast. It shall also include the total number of votes cast for each candidate and/or the total number of affirmative and negative votes cast for any question voted upon at the election. The board of trustees of the school district, when acting as a board of canvassers, shall enter the results of the election as reflected in such a statement in the minutes of the board of trustees.

The board of county commissioners, when acting as a board of canvassers, shall canvass the returns and shall give notice of the result of the election as reflected in such statement to the board of trustees of any school district involved in the election. If the proposals have been approved by the majority or majorities required by law, the board of county commissioners shall thereupon enter its order showing the proposals as having been approved, and shall also give notice of such approval to the board of county commissioners of any other county in which shall lie any part of the territory of any school district affected by the result of the election. The board of county commissioners of each county shall thereupon make appropriate corrections in the legal descriptions of any school district boundaries, within its county whenever the result of the election requires such correction.

All returns of elections, including ballots cast thereat, shall be kept and retained by the clerk of the board of trustees, or by the clerk of the board of county commissioners, as the case may be, for not less than eight (8) months after the date of the election.

33-408. Election contests -- Grounds of contest. The election of any person to a school board of trustees, or an election concerning any proposition submitted to a vote of the people in a school district election may be contested:

1. For malconduct, fraud, or corruption on the part of the judges of election in any polling place or of any board of canvassers, or any member of either board sufficient to change the result.
2. When the incumbent was not eligible to the office at the time of the election.
3. When the incumbent has been convicted of felony, unless at the time of the election he shall have been restored to civil rights.
4. When the incumbent has given or offered to any elector, or any judge, clerk or canvasser of the election, any bribe or reward in money, property or anything of value for the purpose of procuring his election.
5. When illegal votes have been received or legal votes rejected at the polls sufficient to change the result.
6. For any error in any board of canvassers in counting votes or in declaring the result of the election, if the error would change the result.
7. When the incumbent is in default as a collector and custodian of public money or property.
8. For any cause which shows that another person was legally elected.
9. For any cause which shows that the election was not conducted in conformance with the provisions of this chapter.

33-409. Bond election and levy increases -- Time for filing -- Validation of elections and bonds. a. The provisions of this chapter with respect to the contest of school district elections shall be applicable to bond elections conducted by school districts and to elections conducted by school districts for levy increases as authorized by sections 33-802, 33-803 and 33-804, Idaho Code. Any such contest shall be regarded as one contesting the outcome of the vote on the bond or levy proposition, rather than election to office, and the school district calling the election rather than a person declared to have been elected to office, shall be regarded as the defendant.

b. When the validity of any bond or levy election is contested upon any of the grounds enumerated in section 33-408, Idaho Code, the plaintiff or plaintiffs must, within forty (40) days after the votes are canvassed and the results thereof declared, file in the proper court a verified written complaint setting forth, in addition to the other requirements of this chapter, the following:
   1. The name of the party contesting the bond or levy election, and that he is an elector of the school district conducting the bond or levy election.
   2. The proposition or propositions voted on at the election which are contested.
   3. The particular grounds of such contest.

c. No such election contest shall be maintained and no bond or levy election shall be set aside or held invalid unless a complaint is filed as permitted hereunder within the period prescribed in this section. As to bond or levy elections which have been held prior to the effective date of section 34-2001A, Idaho Code, no such contest shall be maintained wherein it is alleged that the election should be set aside or held on any ground enumerated in section 33-408, Idaho Code, unless such election contest be filed as herein provided within forty (40) days from and after the effective date of section 34-2001A, Idaho Code.

d. All bond elections conducted by school districts prior to the effective date of section 34-2001A, Idaho Code, and all proceedings had in the authorization and issuance of the bonds authorized thereat, are hereby validated, ratified and confirmed and all such bonds are declared to constitute legally binding obligations in accordance with their terms. Nothing in the provisions of this section shall be construed to affect or validate any bond election, or bonds issued pursuant thereto, the legality of which is being contested at the time this section takes effect, or any election the legality of which is contested within the forty (40) day period from and after the effective date of section 34-2001A, Idaho Code.

33-410. Misconduct of judges. When misconduct complained of is on the part of the judges of election, it shall not be held sufficient to set aside the election, unless the vote of the polling place
would change the result as to the office or question for which the election had been held.

33-411. Jurisdiction -- Election contests. The district courts shall hear and determine contests of election of school district trustees and all other school elections concerning any other subject which may by law be submitted to the vote of the people upon any of the grounds enumerated in section 33-408, Idaho Code.

33-412. Who may contest an election. Any school district election may be contested upon any of the grounds enumerated in section 33-408, Idaho Code, by any qualified elector of the school district, school district trustee zone, or territory in and for which the election was held.

33-413. Complaint and security for costs. Except for bond elections and elections for levy increases which shall be governed by the provisions of section 33-409, Idaho Code, the contestants shall file in the proper court within twenty (20) days after the votes are canvassed, a complaint setting forth the name of the contestant, and that he is an elector competent to contest such election, the election contested, the time of the election, and the particular causes of contest, which complaint shall be verified by the affidavit of the contestant, that the causes set forth are true as he verily believes. In all school elections, including bond elections and elections for levy increases, the contestant must also file a bond, with security to be approved by the clerk of the court or the district judge, as the case may be, conditioned to pay all costs in case the election be confirmed, the complaint dismissed, or the prosecution fail.

33-414. Complaint -- Specific allegations. When the reception of illegal votes or the rejection of legal votes is alleged as a cause of contest, the names of the persons who so voted, or whose votes were rejected, if known, with the location of the polling place where they voted or offered to vote, shall be set forth in the complaint.

33-415. Issuance of summons. Upon the filing of such complaint, summons shall issue against the person whose office is contested, or in the case of any other election, against the school district calling the election, and a copy of the complaint shall in all cases accompany the summons.

33-416. Procedure in general. Procedures including, but not limited to, the taking of testimony and the subpoenaing of witness shall be the same as in other cases in the court where the case is tried as shall the style, form and manner of service of process and papers, and the fees of officers and witnesses. The actual proceedings of the case shall be simulated to those in an action, so far as practicable, but shall be under the control and direction of the courts which shall have all the powers necessary to the right hearing and determination of the matter; to compel the attendance of witnesses, swear them and direct their examination; to punish for contempt in its presence or by disobedience to its lawful mandate; to adjourn from day to day; to make any order concerning immediate costs, and to enforce its orders by attachment. Proceedings shall be governed by the rules of law and evidence applicable to the case.
33-417. Voters to testify as to qualifications. The court may require any person called as a witness, who voted at such election, to answer touching his qualifications as a voter; and if he was not a qualified voter in the election in which he voted, then to answer for whom or as to how he voted; and if the witness answers such questions no part of his testimony in that trial shall be used against him in any criminal action.

33-418. Liability for costs. The contestant and the responding party, whether it be a newly elected official or a school district, are liable to the officers and witnesses for the costs made by them respectively. But if the election be confirmed or the complaint be dismissed, or the prosecution fail, judgment shall be rendered against the contestant for costs, and if the judgment be against the responding party or the election be set aside, it shall be against the contestee for costs.

33-419. Form of judgment. The judgment of the court in cases of a contested election shall confirm or annul the election according to the right of the matter or, in case the contest is in relation to the election of a school board trustee, shall declare as elected the person who shall appear to be duly elected.

33-420. Determination of tie vote. In a school district trustee election, if it appears that two (2) or more persons have, or would have had if the legal ballots cast or intended to be cast for them had been counted, the highest and an equal number of votes for the same office, the person to be declared duly elected shall be determined in accordance with the provisions of section 33-503, Idaho Code.

33-421. Election declared void. When a person whose trustee election is contested is found to have received the highest number of legal votes, but the election is declared null by reason of legal disqualification on his part, or for other causes, the person receiving the next highest number of votes shall not be declared elected, but the election shall be declared void and the judgment in such a case shall provide for a new trustee election to be conducted by the school district.

33-422. Appeal. The party against whom a judgment is rendered in cases of an election contest tried in district court may appeal to the supreme court. However, in the event of a trustee election, if the appellant be in possession of the office, such appeal shall not supersede the execution of the judgment of the court.

33-423. Applicability of penal provisions. The penal provisions of chapter 23, title 18, Idaho Code, with the exception of section 18-2322, Idaho Code, shall apply to school elections conducted pursuant to this chapter.

33-424. Initiating recall proceedings. Whenever any legal voter of the school district in the same trustee zone as the school trustee for whom the recall is being submitted, either individually or on behalf of an organization, desires to demand the recall and discharge of the school trustee,
under the provisions of article VI, section 6, of the constitution of the state of Idaho, he shall send or deliver to the clerk of the board a copy of a petition of recall duly signed by at least twenty (20) electors eligible to sign such petition. The receiving officer shall immediately examine the petition. The clerk of the board shall indicate in writing on the recall petition that he has approved it as to form and the date of such approval. Upon approval as to form, the clerk of the board shall immediately inform the person or persons, organization or organizations under whose authority the recall petition is to be circulated, in writing, that the petition must be perfected with the required number of certified signatures within sixty (60) days following the date of approval as to form. When the person, demanding the recall of a school trustee has secured sufficient signatures upon the recall petition he may submit the same to the clerk of the school board for filing in his office. The number of signatures required shall be equal to twenty percent (20%) of the total number of votes cast for all candidates at the last election during which the school trustee, whose recall is demanded, was elected. The clerk of the school board may limit the number of observers if in his opinion a greater number would cause undue delay or disruption of the verification process. Any such limitation shall apply equally to both sides, but in no case shall fewer than two (2) observers on each side be allowed. If the clerk of the school board finds the same name signed to more than one (1) petition, he shall reject all but one (1) such valid signature.

33-434. Fixing date for recall election -- Notice. If, at the conclusion of the verification and canvass, it is found that a petition for recall bears the required number of signatures of certified legal voters, the clerk of the school board shall promptly certify the petitions as sufficient and fix a date for the special election to determine whether or not the school trustee charged shall be recalled and discharged from office. The special election shall be held not less than fourteen (14) days nor more than forty-five (45) days from the certification. Notice shall be given in the manner as required by law for all other school elections as provided in section 33-402, Idaho Code.

Such response shall be submitted by the seventh consecutive day after service of the notice. The clerk of the school board shall promptly send a copy of the response to the person who filed the petition.

33-436. Destruction of insufficient recall petition. If it is found that the recall petition does not contain the requisite number of signatures of certified legal voters, the clerk of the school board shall so notify the person filing the petition, and specify the number of additional signatures required to make the petition valid. The petition must be perfected within thirty (30) days of the date that the clerk finds the petition defective for lack of certified signatures. The elected trustee shall assume office at the annual meeting of the school district next following the election.

33-505. Board of trustees, district newly created. Within ten (10) days after the entry of any order creating a new school district by the consolidation of districts or parts thereof, the trustees of all school districts involved in the consolidation shall meet at the call of the state board of education and, from their number or from other qualified school district electors of the district, shall select a board of trustees of the new district to serve until the annual election of trustees next following; and shall report the names of said trustees to the state board of education.

The state board of education, at its first meeting next following receipt of notice of the creation of new school districts by the division of a district, shall appoint a board of trustees for each such new district, to serve until the annual election of school district trustees next following.

Boards of trustees selected or appointed as in this section provided shall forthwith meet and organize as provided in section 33-506, and thereupon the board of trustees of any district, the whole of which has been incorporated within the new district, or which was divided as the case may be, shall be dissolved and its powers and duties shall cease. Prior to the notice of annual election of trustees next following, the board of trustees of each school district created by consolidation or by division of districts shall determine by lot or by agreement which of the trustee zones the trustees therefor shall be elected for a term of one (1) year, which for a term of two (2) years, and which for a term of three (3) years. Thereafter each trustee shall be elected for a term of three (3) years.

33-507. Limitation upon authority of trustees. It shall be unlawful for any trustee to have pecuniary interest directly or indirectly in any contract or other transaction pertaining to the maintenance or conduct of the school district, or to accept any reward or compensation for services rendered as a trustee except as may be otherwise provided in this section. The board of trustees of a school district may accept and award contracts involving the school district to businesses in which a trustee or a person related to him by blood or marriage within the second degree has a direct or indirect interest provided that the procedures set forth in section 18-1361 or 18-1361A, Idaho Code, are followed. The receiving, soliciting or acceptance of moneys of a school district for deposit in any bank or trust company, or the lending of money by any bank or trust company to any school district, shall not be deemed to be a contract pertaining to the maintenance or conduct of a school district within the meaning of this section; nor shall the payment by any school district board of trustees of compensation to any bank or trust company for services rendered in the transaction of any banking business with such district board of trustees, be deemed the payment of any reward or compensation to any officer or director of any such bank or trust company within the meaning of this section.

It shall be unlawful for the board of trustees of any class of school district to enter into or execute any contract with the spouse of any member of such board, the terms of which said contract requires, or will require, the payment or delivery of any school district funds, money or property to
such spouse, except as provided in section 18-1361 or 18-1361A, Idaho Code.

When any relative of any trustee or relative of the spouse of a trustee related by affinity or consanguinity within the second degree is considered for employment in a school district, such trustee shall abstain from voting in the election of such relative, and shall be absent from the meeting while such employment is being considered and determined.
33-601. Real and personal property -- Acquisition, use or disposal of same. The board of trustees of each school district shall have the following powers and duties:

1. To rent to or from others, school buildings or other property used, or to be used, for school purposes.

2. To contract for the construction, repair, or improvement of any real property, or the acquisition, purchase or repair of any equipment, or other personal property necessary for the operation of the school district. No such contract shall be executed which entails the expenditure of fifteen thousand dollars ($15,000) or more without notice first being given by publishing twice in the manner required by subsections g and h of section 33-402, Idaho Code, unless in cooperation with the division of purchasing or cooperative agency established pursuant to chapter 23, title 67, and/or sections 33-315--33-318 inclusive, Idaho Code. The board of trustees may let the contract to the lowest responsible bidder, or reject any bid, or reject all bids and publish notice for bids, as before. If, thereafter, no satisfactory bid is received, the board may proceed under its own direction, subject to the approval of the state board of education.

3. To designate and purchase any real property necessary for school purposes or in the operation of the district, the provisions of subsection 2 of this section notwithstanding, or remove any building, or dispose of any real property. The board of trustees shall determine the size of the site necessary for school purposes. The site shall be located within the incorporated limits of any city within the district; provided, however, that if the board finds that it is not in the best interests of the electors and the students of the district to locate the site within the incorporated limits of a city, the board, by duly adopted resolution setting forth the reasons for its finding, may designate a site located elsewhere within the district. In elementary school districts, except upon removal for highway purposes, a site may be designated or changed only after approval of two-thirds (2/3) or more of the electors voting at the annual meeting.

4. (a) To convey, except as provided by (b) of this subsection, by deed, bill of sale, or other appropriate instrument, all of the estate and interest of the district in any property, real or personal. In elementary school districts, except such conveyance as is authorized by subsection 6 of this section, any of the transactions authorized in this subsection shall be subject to the approval of two-thirds (2/3) or more of the electors voting at the annual meeting. Prior to such sale or conveyance, the board shall have the property appraised by three (3) disinterested residents of the district, which appraisal shall be entered in the records of the board of trustees. The property may be sold at public auction or by sealed bids, as the board of trustees shall determine, to the highest bidder. Such property may be sold for cash or for such terms and conditions as the board of trustees shall determine for a period not exceeding ten (10) years, with the annual rate of interest on all deferred payments not less than seven percent (7%) per annum. The title to all property sold on contract shall be retained in the
name of the school district until full payment has been made by the purchaser, and title to all property sold under a note and mortgage or deed of trust shall be transferred to the purchaser at the point of sale under the terms and conditions of the mortgage or deed of trust as the board of trustees shall determine. Notice of the time and the conditions of such sale shall be published twice, and proof thereof made, in accordance with subsections g and h of section 33-402, Idaho Code, except that when the appraised value of the property is less than five hundred dollars ($500), one (1) single notice by publication shall be sufficient and the property shall be sold by sealed bids.

The board of trustees may accept the highest bid, may reject any bid, or reject all bids. If the real property was donated to the school district the board may, within a period of one (1) year from the time of the appraisal, sell the property without additional advertising or bidding. Otherwise, the board of trustees must have new appraisals made and again publish notice for bids, as before. If, thereafter, no satisfactory bid is made and received, the board may proceed under its own direction to sell and convey the property. In no case shall any real property of the school district be sold for less than its appraisal.

The board of trustees may sell personal property, with an estimated value of less than five hundred dollars ($500), without appraisal, by sealed bid or at public auction, provided that there has been not less than one (1) published advertisement prior to the sale of said property.

(b) Real and personal property may be exchanged hereunder for other property if the consideration received by said school district shall be deemed adequate by the board of trustees, provided, however, that aside from the provisions of this paragraph hereof, any school district may by a vote of one-half (½) plus one (1) of the members of the full board of trustees, by resolution duly adopted, authorize the transfer or conveyance of any real or personal property owned by such school district to the government of the United States, any city, county, the state of Idaho, any hospital district organized under chapter 13, title 39, Idaho Code, any other school district, any library district, any community college district, or any recreation district, with or without any consideration accruing to the school district, when in the judgment of the board of trustees it is for the interest of such school district that said transfer or conveyance be made.

5. To enter into contracts with any city located within the boundaries of the school district for the joint purchase, construction, development, maintenance and equipping of playgrounds, ball parks, swimming pools, and other recreational facilities upon property owned either by the school district or the city.

6. To convey rights-of-way and easements for highway, public utility, and other purposes over, upon or across any school property and, when necessary to the use of such property for any such purpose, to authorize the removal of school buildings to such new location, or locations, as shall be determined by the board of trustees, and such removal shall be made at no cost or expense to the school district.

7. To authorize the use of any school building of the district as a community center, or for any public purpose, and to establish a policy of charges, if any, to be made for such use.
8. To exercise the right of eminent domain under the provisions of chapter 7, title 7, Idaho Code, for any of the uses and purposes provided in section 7-701, Idaho Code.

9. If there is a great public calamity, such as an extraordinary fire, flood, storm, epidemic, or other disaster, or if it is necessary to do emergency work to prepare for national or local defense, or it is necessary to do emergency work to safeguard life, health or property, the board of trustees may pass a resolution declaring that the public interest and necessity demand the immediate expenditure of public money to safeguard life, health or property. Upon adoption of the resolution, the board may expend any sum required in the emergency without compliance with this section.

33-601A. Leasing of goods, equipment, buses and portable classrooms. No provision of chapter 6, title 33, Idaho Code, shall be construed to prevent a board of trustees from entering into lease-purchase agreements for goods, equipment, buses or portable classrooms, provided the agreement is in writing and meets all of the following requirements:

1. The annual lease payments shall reflect reasonable compensation for use;
2. No penalty shall be imposed on the school district for proper cancellation of the lease;
3. The right to exercise the option to purchase shall be at the sole discretion of the school district; and
4. The cost of purchase shall not exceed the reasonable value of the goods, equipment, buses or portable classrooms as of the time the option to purchase is exercised.

For the purposes of this section, "portable classroom" means a facility which is not so related to particular real estate that an interest in it arises under real estate law.
33-804. School plant facilities reserve fund levy. [EFFECTIVE UNTIL JANUARY 1, 1997]
In any school district in which a school plant facilities reserve fund has been created, either by
resolution of the board of trustees or by apportionment to new districts according to the provisions
of section 33-901, Idaho Code, to provide funds therefor the board of trustees shall submit to the
qualified school electors of the district the question of a levy not to exceed four-tenths of one percent
(.4%) of market value for assessment purposes in each year, as such valuation existed on December
31 of the previous year, for a period not to exceed ten (10) years.

The question of a levy to be submitted to the electors of the district and the notice of such
election shall state the dollar amount proposed to be collected each year during the period of years
in which the collection is proposed to be made, the percentage of votes in favor of the
proposal which are needed to approve the proposed dollar amount to be collected, and the purposes
for which such funds shall be used. Said notice shall be given, the election shall be conducted and
the returns canvassed as provided in chapter 4, title 33, Idaho Code; and the dollar amount to be
collected shall be approved only if:

1. Fifty-five percent (55%) of the electors voting in such election are in favor thereof if the
   levy will result in a total levy for school plant facilities and bonded indebtedness of less than
two-tenths of one percent (.2%) of market value for assessment purposes as such valuation existed
   on December 31 of the year immediately preceding the election;

2. Sixty percent (60%) of the electors voting in such election are in favor thereof if the levy
   will result in a total levy for school plant facilities and bonded indebtedness of two-tenths of one
   percent (.2%) or more and less than three-tenths of one percent (.3%) of market value for assessment
   purposes as such valuation existed on December 31 of the year immediately preceding the election;
   or

3. Two-thirds (2/3) of the electors voting in such election are in favor thereof if the levy will
   result in a total levy for school plant facilities and bonded indebtedness of three-tenths of one percent
   (.3%) or more of market value for assessment purposes as such valuation existed on December 31
   of the year immediately preceding the election.

If the question be approved, the board of trustees may make a levy, not to exceed four-tenths
of one percent (.4%) of market value for assessment purposes as such valuation existed on December
31 of the previous year, in each year for which the collection was approved, sufficient to collect the
dollar amount approved and may again submit the question at the expiration of the period of such
levy, for the dollar amount to be collected during each year, and the number of years which the board
may at that time determine. Or, during the period approved at any such election, if such period be
less than ten (10) years or the levy be less than four-tenths of one percent (.4%) of market value for
assessment purposes as such valuation existed on December 31 of the previous year, the board of
trustees may submit to the qualified school electors in the same manner as before, the question
whether the number of years, or the levy, or both, be increased, but not to exceed the maximum
herein authorized. If such increase or increases be approved by the electors, the terms of such levy shall be in lieu of those approved in the first instance, but disapproval shall not affect any terms theretofore in effect.

Any bonded indebtedness incurred in accordance with the provisions of section 33-1103, Idaho Code, subsequent to the approval of a plant facilities reserve fund levy shall not affect the terms of that levy for any time during which such levy is in effect.

Levies approved under the provisions of this section shall be exempt from the limitation imposed in section 63-923(1), Idaho Code, and from the requirements of sections 63-2224 through 63-2226, Idaho Code.

33-804. School plant facilities reserve fund levy. [EFFECTIVE JANUARY 1, 1997] In any school district in which a school plant facilities reserve fund has been created, either by resolution of the board of trustees or by apportionment to new districts according to the provisions of section 33-901, Idaho Code, to provide funds therefor the board of trustees shall submit to the qualified school electors of the district the question of a levy not to exceed four-tenths of one percent (.4%) of market value for assessment purposes in each year, as such valuation existed on December 31 of the previous year, for a period not to exceed ten (10) years.

The question of a levy to be submitted to the electors of the district and the notice of such election shall state the dollar amount proposed to be collected each year during the period of years in each of which the collection is proposed to be made, the percentage of votes in favor of the proposal which are needed to approve the proposed dollar amount to be collected, and the purposes for which such funds shall be used. Said notice shall be given, the election shall be conducted and the returns canvassed as provided in chapter 4, title 33, Idaho Code; and the dollar amount to be collected shall be approved only if:

1. Fifty-five percent (55%) of the electors voting in such election are in favor thereof if the levy will result in a total levy for school plant facilities and bonded indebtedness of less than two-tenths of one percent (.2%) of market value for assessment purposes as such valuation existed on December 31 of the year immediately preceding the election;

2. Sixty percent (60%) of the electors voting in such election are in favor thereof if the levy will result in a total levy for school plant facilities and bonded indebtedness of two-tenths of one percent (.2%) or more and less than three-tenths of one percent (.3%) of market value for assessment purposes as such valuation existed on December 31 of the year immediately preceding the election;

3. Two-thirds (2/3) of the electors voting in such election are in favor thereof if the levy will result in a total levy for school plant facilities and bonded indebtedness of three-tenths of one percent (.3%) or more of market value for assessment purposes as such valuation existed on December 31 of the year immediately preceding the election.

If the question be approved, the board of trustees may make a levy, not to exceed four-tenths of one percent (.4%) of market value for assessment purposes as such valuation existed on December 31 of the previous year, in each year for which the collection was approved, sufficient to collect the dollar amount approved and may again submit the question at the expiration of the period of such
levy, for the dollar amount to be collected during each year, and the number of years which the board may at that time determine. Or, during the period approved at any such election, if such period be less than ten (10) years or the levy be less than four-tenths of one percent (.4%) of market value for assessment purposes as such valuation existed on December 31 of the previous year, the board of trustees may submit to the qualified school electors in the same manner as before, the question whether the number of years, or the levy, or both, be increased, but not to exceed the maximum herein authorized. If such increase or increases be approved by the electors, the terms of such levy shall be in lieu of those approved in the first instance, but disapproval shall not affect any terms theretofore in effect.

Any bonded indebtedness incurred in accordance with the provisions of section 33-1103, Idaho Code, subsequent to the approval of a plant facilities reserve fund levy shall not affect the terms of that levy for any time during which such levy is in effect.
33-901. School plant facilities reserve fund. The board of trustees of any school district may create and establish a school plant facilities reserve fund by resolution adopted at any regular or special meeting of the board. All moneys for said fund accruing from taxes levied under section 33-804, Idaho Code, together with interest accruing from the investment of any moneys in the fund and any moneys allowed for depreciation of school plant facilities as are appropriated from the general fund of the district, shall be credited by the treasurer to the school plant facilities reserve fund.

Disbursements from said fund may be made from time to time as the board of trustees may determine, for purposes authorized in section 33-1102, Idaho Code, and for lease and lease purchase agreements for such purposes and to repay loans from commercial lending institutions extended to pay for the construction of school plant facilities, but no expenditure for remodeling existing buildings shall be authorized and made unless the estimated cost thereof shall exceed five thousand dollars ($5,000). Lease purchase agreements shall not extend beyond the period designated for any existing school plant facilities reserve fund levy. Expenditures may also be made from this fund for participation by the school district in any local improvement district in which the school district may be situate, but any such participation shall not create a lien upon any of the property owned by the school district.

Should any school district having a balance in its school plant facilities reserve fund be consolidated with one or more school districts to form a new school district, the moneys in such fund shall be used to retire any bonds issued by it and outstanding at the time of the consolidation. If there are no bonds outstanding, any balance in its school plant facilities reserve fund shall accrue to the new district to be added to or to create and establish a school plant facilities reserve fund.

Should any school district having a balance in its school plant facilities reserve fund be divided so as to create two (2) or more new districts the said fund may be used to retire any bonds issued by it and outstanding at the time of the division, or the said fund may be divided among the new school districts, as may be approved by the electors at the time of the division. If the fund is divided among the new districts, a school plant facilities reserve fund is thereby created and established for each district.

The board of trustees of any school district having a school plant facilities reserve fund created and established under any of the provisions of this section, may discontinue the same by resolution adopted at any regular meeting of the board. Upon such discontinuance, any balance in the fund shall be used to retire any outstanding bonds, if any; otherwise, the balance may be transferred to the general fund of the district.

Moneys in the school plant facilities reserve fund being held for future use may be invested in the manner of section 57-127, Idaho Code.

A detailed financial report of the operations in and the condition of the school plant facilities reserve fund shall be included in the annual report of each district. Forms for such reporting shall
be provided by the state board of education. Such report shall be published as provided by law for the publication of annual reports of school districts.
33-1103. Definitions -- Bonds -- Limitation on amount -- Elections to authorize issuance. [EFFECTIVE UNTIL JANUARY 1, 1997] For the purposes of this chapter the following definitions shall have the meanings specified: "Market value for assessment purposes" means the amount of the last preceding equalized assessment of all taxable property within the school district on the tax rolls completed and available as of the date of approval by the electorate in the school bond election. "Aggregate outstanding indebtedness" means the total sum of unredeemed outstanding bonds, minus all moneys in the bond interest and redemption fund or funds accumulated for the redemption of such outstanding bonds, and minus the sum of all taxes levied for the redemption of such bonds, with the exception of that portion of such tax levies required for the payment of interest on bonds, which taxes remain uncollected. "Issue," "issued," or "issuance" mean a formal delivery of bonds to any purchaser thereof and payment therefor to the school district.

The board of trustees of any school district, upon approval of a majority thereof, may submit to the qualified school district electors of the district the question as to whether the board shall be empowered to issue negotiable coupon bonds of the district in an amount and for a period of time to be named in the notice of election.

An elementary school district which employs not less than six (6) teachers, or a school district operating an elementary school or schools, and a secondary school or schools, or issuing bonds for the acquisition of a secondary school or schools, may issue bonds in an amount not to exceed five per centum (5%) of the market value for assessment purposes thereof, less the aggregate outstanding indebtedness; and no other school district shall issue bonds in an amount to exceed at any time two per centum (2%) of the market value for assessment purposes thereof less the aggregate outstanding indebtedness. The market value for assessment purposes, the aggregate outstanding indebtedness and the unexhausted debt-incurring power of the district shall each be determined as of the date of approval by the electors in the school bond election.

Notice of the bond election shall be given, the election shall be conducted and the returns thereof canvassed, and the qualifications of electors voting or offering to vote shall be, as provided in sections 33-401--33-406, Idaho Code.

The question shall be approved only if the percentage of votes cast at such election were cast in favor thereof is that which now, or may hereafter be, set by the Constitution of the State of Idaho. Upon such approval of the issuance of bonds, the same may be issued at any time within two (2) years from the date of such election.

Levies required to satisfy all maturing bond and bond interest obligations shall be exempt from the limitation imposed by section 63-923(1), Idaho Code.

The notice shall be published once in a newspaper published in this state, at least one (1) week prior to the day bids are opened. Said notice shall describe the issue of bonds; shall state that the board of trustees will receive sealed bids until a specified day and hour; and that said bids will be opened at a regular or special meeting of the board at a time and place to be named in the notice. Said notice may require such deposits of forfeits as the board may deem necessary.

At the meeting held at the time and place named in the notice, the board of trustees shall open the bids, and may sell the same to whomever shall make the bid most advantageous to the school district, and the deposits of the unsuccessful bidders shall thereupon be returned to them. Should the successful bidder fail or refuse to tender payment of the amount required for the purchase of the issue within ten (10) days after tender to him of the executed bonds and a certified copy of the bond proceedings, his deposit shall be forfeited; and the board may in its judgment accept the bid next
most advantageous, or readvertise the issue as before.

The state library board which shall be maintained within the office of the state board of education shall consist of the state superintendent of public instruction, as ex officio member, and three (3) members appointed by the state board of education, one (1) member for a term of one (1) year, one (1) member for a term of two (2) years, and one (1) member for a term of three (3) years. The state library board shall meet not less than twice each year, and the members thereof shall be compensated as provided by section 59-509(h), Idaho Code. 33-2502. Idaho state library -- Cooperation with schools and libraries -- Donations -- Reports. There shall be an Idaho State Library, with the responsibility to foster and promote library service in the state of Idaho, with the state librarian as its chief administrative officer. The Idaho state library board shall have the management of the Idaho state library, and shall make such rules governing the use of the same, and of the books and property pertaining thereto, as it may deem necessary. Said board shall cause said books to be distributed throughout the state, and at suitable intervals change such distribution in such manner as to secure the use and enjoyment of said books to the people of the state. The board shall have power to employ a qualified librarian, graduate of an accredited library school, whose duties shall be defined by the said board. It shall cooperate with the management of public school libraries and other public libraries within the state, and adopt such means as shall promote their establishment. Said board may receive donations of money, books, or other property, real or personal, for the benefit of the Idaho state library, the title to which property shall vest in the state of Idaho, to be held and controlled by said board. Said board shall report biennially to the governor, with such recommendations as it may deem proper.

2. To assist in the establishment and financing of a statewide program of regional public library service, which may be in cooperation with any taxing unit, or public or private agency.

3. To contract with other libraries or agencies, within or without the state of Idaho, to render library services to people of the state of Idaho. The state library board shall have authority to reasonably compensate such other library unit or agency for the cost of the services it renders under any such contract.

33-2505. Compact enacted. The Interstate Library Compact is hereby enacted into law and entered into by this state with all states legally joining therein in the form substantially as follows:

INTERSTATE LIBRARY COMPACT
Article I. Policy and Purpose

Because the desire for the services provided by libraries transcends governmental boundaries and can most effectively be satisfied by giving such services to communities and people regardless of jurisdictional lines, it is the policy of the states party to this compact to cooperate and share their responsibilities; to authorize cooperation and sharing with respect to those types of library facilities and services which can be more economically or efficiently developed and maintained on a cooperative basis; and to authorize cooperation and sharing among localities, states and others in providing joint or cooperative library services in areas where the distribution of population or of existing and potential library resources make the provision of library service on an interstate basis the most effective way of providing adequate and efficient service.

Article II. Definitions

As used in this compact:
(a) "Public library agency" means any unit or agency of local or state government operating or having power to operate a library.
(b) "Private library agency" means any nongovernmental entity which operates or assumes a legal obligation to operate a library.
(c) "Library agreement" means a contract establishing an interstate library district pursuant to this compact or providing for the joint or cooperative furnishing of library services.

Article III. Interstate Library Districts

(a) Any one or more public library agencies in a party state in cooperation with any public library agency or agencies in one or more other party states may establish and maintain an interstate library district. Subject to the provisions of this compact and any other laws of the party states which pursuant hereto remain applicable, such district may establish, maintain and operate some or all of
the library facilities and services for the area concerned in accordance with the terms of a library agreement therefor. Any private library agency or agencies within an interstate library district may cooperate therewith, assume duties, responsibilities and obligations thereto, and receive benefits therefrom as provided in any library agreement to which such agency or agencies become party.

(b) Within an interstate library district, and as provided by a library agreement, the performance of library functions may be undertaken on a joint or cooperative basis or may be undertaken by means of one or more arrangements between or among public or private library agencies for the extension of library privileges to the use of facilities or services operated or rendered by one or more of the individual library agencies.

(c) If a library agreement provides for joint establishment, maintenance or operation of library facilities or services by an interstate library district, such district shall have power to do any one or more of the following in accordance with such library agreement:

1. Undertake, administer and participate in programs or arrangements for securing, lending or servicing books and other publications, any other materials suitable to be kept or made available by libraries, library equipment or for the dissemination of information about libraries, the value and significance of particular items therein, and the use thereof.
2. Accept for any of its purposes under this compact any and all donations, and grants of money, equipment, supplies, materials, and services (conditional or otherwise), from any state or the United States or any subdivision or agency thereof, or interstate agency, or from any institution, person, firm or corporation, and receive, utilize and dispose of the same.
3. Operate mobile library units or equipment for the purpose of rendering bookmobile service within the district.
4. Employ professional, technical, clerical and other personnel, and fix terms of employment, compensation and other appropriate benefits; and where desirable, provide for the in-service training of such personnel.
5. Sue and be sued in any court of competent jurisdiction.
6. Acquire, hold, and dispose of any real or personal property or any interest or interests therein as may be appropriate to the rendering of library service.
7. Construct, maintain and operate a library, including any appropriate branches thereof.
8. Do such other things as may be incidental to or appropriate for the carrying out of any of the foregoing powers.

Article IV. Interstate Library Districts, Governing Board

(a) An interstate library district which establishes, maintains or operates any facilities or services in its own right shall have a governing board which shall direct the affairs of the district and act for it in all matters relating to its business. Each participating public library agency in the district shall be represented on the governing board which shall be organized and conduct its business in accordance with provision therefor in the library agreement. But in no event shall a governing board meet less often than twice a year.
(b) Any private library agency or agencies party to a library agreement establishing an interstate library district may be represented on or advise with the governing board of the district in such manner as the library agreement may provide.

Article V. State Library Agency Cooperation

Any two or more state library agencies of two or more of the party states may undertake and conduct joint or cooperative library programs, render joint or cooperative library services, and enter into and perform arrangements for the cooperative or joint acquisition, use, housing and disposition of items or collections of materials which, by reason of expense, rarity, specialized nature, or infrequency of demand therefor, would be appropriate for central collection and shared use. Any such programs, services or arrangements may include provision for the exercise on a cooperative or joint basis of any power exercisable by an interstate library district and an agreement embodying any such program, service or arrangement shall contain provisions covering the subjects detailed in Article VI, of this compact for interstate library agreements.

Article VI. Library Agreements

(a) In order to provide for any joint or cooperative undertaking pursuant to this compact, public and private library agencies may enter into library agreements. Any agreement executed pursuant to the provisions of this compact shall, as among the parties to the agreements:
1. Detail the specific nature of the services, programs, facilities, arrangements or properties to which it is applicable.
2. Provide for the allocation of costs, and other financial responsibilities.
3. Specify the respective rights, duties, obligations and liabilities of the parties.
4. Set forth the terms and conditions for duration, renewal, termination, abrogation, disposal of joint or common property, if any, and all other matters which may be appropriate to the proper effectuation and performance of the agreement.

(b) No public or private library agency shall undertake to exercise itself, or jointly with any other library agency, by means of a library agreement any power prohibited to such agency by the constitution or statutes of its state.

(c) No library agreement shall become effective until filed with the compact administrator of each state involved, and approved in accordance with Article VII of this compact.

Article VII. Approval of Library Agreements

(a) Every library agreement made pursuant to this compact shall, prior to and as a condition precedent to its entry into force, be submitted to the attorney general of each state in which a public library agency party thereto is situated, who shall determine whether the agreement is in proper form and compatible with the laws of his state. The attorneys general shall approve any agreement submitted to them unless they shall find that it does not meet the conditions set forth herein and shall
detail in writing addressed to the governing bodies of the public library agencies concerned the specific respects in which the proposed agreement fails to meet the requirements of law. Failure to disapprove an agreement submitted hereunder within ninety [(90)] days of its submission shall constitute approval thereof.

(b) In the event that a library agreement made pursuant to this compact shall deal in whole or in part with the provision of services or facilities with regard to which an officer or agency of the state government has constitutional or statutory powers of control, the agreement shall, as a condition precedent to its entry into force, be submitted to the state officer or agency having such power of control and shall be approved or disapproved by him or it as to all matters within his or its jurisdiction in the same manner and subject to the same requirements governing the action of the attorneys general pursuant to paragraph (a) of this article. This requirement of submission and approval shall be in addition to and not in substitution for the requirement of submission to and approval by the attorneys general.

Article VIII. Other Laws Applicable

Nothing in this compact or in any library agreement shall be construed to supersede, alter or otherwise impair any obligation imposed on any library by otherwise applicable law, nor to authorize the transfer or disposition of any property held in trust by a library agency in a manner contrary to the terms of such trust.

Article IX. Appropriations and Aid

(a) Any public library agency party to a library agreement may appropriate funds to the interstate library district established thereby in the same manner and to the same extent as to a library wholly maintained by it and, subject to the laws of the state in which such public library agency is situated, may pledge its credit in support of an interstate library district established by the agreement.

(b) Subject to the provisions of the library agreement pursuant to which it functions and the laws of the states in which such district is situated, an interstate library district may claim and receive any state and federal aid which may be available to library agencies.

Article X. Compact Administrator

Each state shall designate a compact administrator with whom copies of all library agreements to which his state or any public library agency thereof is party shall be filed. The administrator shall have such other powers as may be conferred upon him by the laws of his state and may consult and cooperate with the compact administrators of other party states and take such steps as may effectuate the purposes of this compact. If the laws of a party state so provide, such state may designate one or more deputy compact administrators in addition to its compact administrator.
Article XI. Entry into Force and Withdrawal

(a) This compact shall enter into force and effect immediately upon its enactment into law by any two states. Thereafter, it shall enter into force and effect as to any other state upon the enactment thereof by such state.

(b) This compact shall continue in force with respect to a party state and remain binding upon such state until six [(6)] months after such state has given notice to each other party state of the repeal thereof. Such withdrawal shall not be construed to relieve any party to a library agreement entered into pursuant to this compact from any obligation of that agreement prior to the end of its duration as provided therein.

Article XII. Construction and Severability

This compact shall be liberally construed so as to effectuate the purposes thereof. The provisions of this compact shall be severable and if any phrase, clause, sentence or provision of this compact is declared to be contrary to the constitution of any party state or of the United States or the applicability thereof to any government, agency, person or circumstance is held invalid, the validity of the remainder of this compact and the applicability thereof to any government, agency, person or circumstance shall not be affected thereby. If this compact shall be held contrary to the constitution of any state party thereto, the compact shall remain in full force and effect as to the remaining states and in full force and effect as to the state affected as to all severable matters.

33-2506. Limitation on capital expenditures. No taxing unit or public or private agency maintaining a library within this state shall be a party to a library agreement which provides for the construction or maintenance of a library pursuant to Article III, subdivision (c-7) of the compact, nor contribute to the capital financing thereof, except after compliance with any laws applicable to such taxing units or agencies relating to or governing capital outlays.

33-2507. Definition. As used in the compact, "state library agency", with reference to this state, means the Idaho State Library Board.

33-2508. Designation of administrator. The state librarian shall be the compact administrator pursuant to Article X of the compact. The State Library Board may appoint one or more deputy compact administrators pursuant to said Article. Every library agreement made pursuant to the compact shall, as a condition precedent to its entry into force, be submitted to the compact administrator for his recommendations and approval.

33-2509. Withdrawal. In the event of withdrawal from the compact the compact administrator shall send and receive any notices required by Article XI (b) of the compact.
33-2510. State librarian -- Depositary for public documents -- Distribution. It shall be the duty of the head of every agency, board, bureau, commission or department of the state of Idaho, including all state supported institutions of higher education in Idaho, to deposit with the librarian of the Idaho state library for use and distribution to the academic, regional public, special libraries of Idaho, the Library of Congress, and to others within the discretion of the state librarian twenty (20) copies of all documents, reports, surveys, monographs, serial publications, compilations, pamphlets, bulletins, leaflets, circulars, maps, charts or broadsides of a public nature which it prints, mimeographs or otherwise reproduces for public distribution.

33-2513. Library improvement account. 1. The state of Idaho, recognizing its responsibility to provide public library services to its people in both the urban and rural areas of the state, and realizing that some of Idaho's population does not receive any library service, and that many of Idaho's citizens receive only minimal library service, hereby creates and establishes the library improvement account in the state treasury. The library improvement account shall have paid into it such appropriations or revenues as may be provided by law.

2. Moneys in the library improvement account are hereby appropriated to and may be expended by the state library board at any time for the purposes provided in this section.

3. (a) The board of trustees of any tax-supported city or district library may apply to the state library board to receive a payment or payments from the library improvement account; provided, they demonstrate to the state library board that their community has a substantial and serious need to have improved library services or a need to expand services to adjacent rural areas.

(b) When an application for moneys from the account is approved by the state library board, the state librarian shall inform the applying library that the application has been approved, citing the amount approved for payment and an estimate of the time when the payment can actually be made to the applying library.

4. All payments from the library improvement account shall be paid out directly to the library in warrants drawn by the state controller upon presentation of proper vouchers from the state library. Pending payments out of the library improvement account, the moneys in the account shall be invested by the state treasurer in the same manner as provided under section 67-1210, Idaho Code, with respect to idle moneys in the state treasury. Interest earned on the investments shall be returned to the library improvement account.

5. No tax-supported city or district library is automatically entitled to any payments from the library improvement account, but must demonstrate to the state library board an actual need for such payment as set forth in subsection 3(a) of this section. The state library board shall establish the criteria upon which actual need is to be determined and shall give priority to projects which will improve library services in a community or expand library services into the rural areas of the state.

6. Payments from the library improvement account received by a library may be used by the library only for the purposes stated in the application as approved by the state library board.
TITLE 33, CHAPTER 26
PUBLIC LIBRARIES

33-2601. Policy. It is hereby declared to be the policy of the state of Idaho, as a part of the provisions for public education, to promote the establishment and development of free library service for all the people in Idaho. It is the purpose of this act to assure an informed electorate by enabling the provision of free local library service, in the present and in the future, to children in their formative years and to adults for their continuing education. To carry out the purpose of this act, an independent, nonpartisan board shall govern the library.

Every library established in this chapter shall be forever free for the use of the residents of the city, always subject to such reasonable rules and regulations as the library board may find necessary to adopt.

33-2602. Definitions. Unless a different meaning plainly is required in this chapter:
(1) "Nonpartisan" means not controlled or influenced by any single political party.
(2) "Board" means the group of trustees who manage the library.
(3) "Mayor" means the elected chief municipal officer of a city.
(4) "City manager" means a person appointed as chief municipal administrator by a city council.
(5) "City council" means the legislative body of a city.

33-2603. Cities may establish tax supported libraries. The city council of every city shall have power to establish a public library, and for such purpose may annually levy and cause to be collected a tax up to but not exceeding one-tenth percent (.10%) of market value for assessment purposes or fund a library out of allocations from the city's general fund. All such moneys shall be kept by the city treasurer separate and apart from other moneys of the city and be used exclusively for library purposes, provided that every city shall have power to contract for specified library service from an existing library, or become part of an existing library district, following the procedure outlined in section 33-2709, Idaho Code.

33-2604. Board of trustees -- Appointment -- Term of office -- Compensation. For the government of such library there shall be a board of five (5) library trustees appointed by the mayor and council pursuant to section 50-210, Idaho Code, from among city residents. If the city government is organized pursuant to sections 50-801 through 50-813, Idaho Code, the city manager and the council shall appoint the board of trustees.

Appointment to the board shall be made solely upon consideration of the ability of such appointees to serve the interests of the people, without regard to sex, age, race, nationality, religion, disability or political affiliation. A member of the city council shall not be one (1) of the five (5) appointed trustees of the library board, but each year the council shall appoint one (1) of its members to be a liaison to the board, without voting rights.
The initial appointment of trustees shall be for terms of one (1), two (2), three (3), four (4) and five (5) years respectively. Subsequent appointments shall be made for five (5) years from the date of appointment, and until their successors are appointed.

Members of the board shall serve without salary but may receive their actual and necessary budgeted expenses while engaged in authorized business of the library.

33-2605. Board of trustees -- Vacancies -- Removal. The board shall report all vacancies to the council within five (5) working days. All such appointments shall be made in the same manner as appointments are originally made. Appointments to complete an unexpired term shall be for the remainder of the term only.

Any trustee may be removed by the city council by the unanimous vote of all of its members.

33-2606. Board of trustees -- Meetings. The board of trustees shall meet at least once in each quarter unless required by city ordinance to meet more frequently. One (1) of the meetings shall be designated as the annual meeting. The purposes of the annual meeting are to elect the officers of the board, to establish a regular meeting date, and to review, amend, repeal or adopt bylaws, policies and procedures. Special meetings may be held from time to time as the board may determine, but written notice thereof shall be given to the members at least two (2) days prior to the day of the meeting. A quorum shall consist of three (3) voting members, but a smaller number may adjourn. All library board meetings are to be held pursuant to the open meeting law, sections 67-2340 through 67-2344, Idaho Code.

33-2607. Powers and duties of trustees. In addition to the powers elsewhere contained in this chapter and notwithstanding the provisions of title 50, Idaho Code, the board of trustees of each city library shall have the following powers and duties:

(1) To establish bylaws for its own governance;
(2) To establish policies and rules of use for the governance of the library or libraries under its control; to exclude from the use of the library any and all persons who violate such rules;
(3) To establish, locate, maintain and have custody of libraries to serve the city, and to provide suitable rooms, structures, facilities, furniture, apparatus and appliances necessary for library service;
(4) With the approval of the city:
   (a) To acquire real property by purchase, gift, devise, lease or otherwise;
   (b) To own and hold real and personal property and to construct buildings for the use and purposes of the library;
   (c) To sell, exchange or otherwise dispose of real or personal property when no longer required by the library; and
   (d) To insure the real and personal property of the library;
(5) To prepare and adopt a budget for review and approval by the city council;
(6) To control the expenditures of money budgeted for the library;
(7) To accept or decline gifts of money or personal property, in accordance with library policy, and under such terms as may be a condition of the gift;
(8) To hire, supervise and evaluate the library director;
(9) To establish policies for the purchase and distribution of library materials;
(10) To attend all meetings of the board of trustees;
(11) To maintain legal records of all board business;
(12) To exercise such other powers, not inconsistent with law, necessary for the orderly and efficient management of the library.

33-2608. Library director -- Duties -- Other employees. The board of trustees of each city library shall appoint the library director, who shall serve at the pleasure of the board. The library director shall advise the board, implement policy set by the board, supervise all library staff and shall acquire library materials, equipment and supplies. The library director shall attend all board meetings but shall not vote.

With the recommendation of the library director, the board shall hire other employees as may be necessary for the operation of the library in accordance with city policies and procedures. These employees shall be employees of the city and subject to the city's personnel policies and classifications unless otherwise provided by city ordinance.

33-2609. Annual appropriations -- Control of expenditures. The board shall prepare and adopt an annual budget, stating anticipated revenues and expenditures, indicating what support and maintenance of the library will be required for review and approval by the city council for the ensuing year.

All funds for the library shall be in the custody of the city treasurer unless otherwise provided by city ordinance, and shall be used only for library purposes. The board shall have control of library expenditures. Money shall be paid for library purposes, only upon properly authenticated vouchers of the board of trustees. The board shall not make expenditures or incur indebtedness in any year in excess of the amount of money appropriated for library purposes. The board may hold a separate checking account to be used to pay petty expenses of the library. This account shall be audited along with other library funds.

33-2610. Donations. Donations or gifts for the benefit of the library shall be budgeted along with other library accounts and shall be used only for library purposes. Money or other funds which are donated or given to the library may be expended by the board of trustees only in accordance with the city budget process.

33-2611. Reports of trustees. The board of trustees shall annually, not later than the first day of January, file with the state library board a report of the operations of the library for the fiscal year just ended. The report shall be of such form and contain such information as the state library board may require, but in all cases must include a complete accounting of all financial transactions for the fiscal year being reported. The board shall also report to the city council and mayor as required in
section 50-210, Idaho Code.

33-2612. Regional library systems -- Purpose -- Boundaries. It is the purpose of this act to provide a method by which the library boards which govern Idaho's libraries, now or hereafter established in accordance with the Idaho Code, may contract to form regional library systems, in order to provide improved library and information services for residents of a multi-county region. The boundaries for library regions in Idaho shall be established by the Idaho state library board.

33-2613. Definitions. As used in this act, unless the context otherwise requires:
(a) "Library board" means the five (5) citizens appointed, or elected, to govern a public library, a school community library, or a library district, in accordance with chapters 26 and 27, title 33, Idaho Code.
(b) "Participating board" or "participating library" means a board or library or district which is cooperating and participating in a regional library system.
(c) "Region" means that geographic area, with boundaries established by the state library board, wherein library units are encouraged to work together.
(d) "Regional system" means two (2) or more library boards formally contracting a system approved by the state library board, officially designated as a regional library system under this act, and therein working together in specific efforts to extend and improve library services to their resident constituents.
(e) "System board" means the governing board comprised of representatives of library boards in a regional system, and which is authorized to direct and plan library service for a regional system to the extent and in the manner provided by this act.

33-2614. Petition for establishment. Any two (2) or more library boards may petition the state library board for the establishment of a regional system. Such petition shall be prepared in cooperation with the state librarian, on forms provided by the state library, and shall include but shall not be limited to the following information:
(a) A statement of purpose and an outline of the proposed program of the regional system.
(b) A list of the participating libraries, with a listing of the current tax levy and budget of each such participant; the names and addresses of the members of each library board, and a letter or resolution from each such board regarding participation in the regional system.
(c) A list of the counties in the geographic region as a whole, the number of persons who are within taxing districts supporting existing libraries, and the number of persons outside such districts but within a county in the region, and thus potentially eligible for service from the regional system being established.
(d) Proposed number of persons to be on the initial system board of directors.
(e) Proposed headquarters for the regional system, accompanied by a copy of a resolution by the governing authority for that library approving its designation as headquarters and, if a member of the staff of the headquarters is to be the administrator of the system, including approval of such designation.
The state library board shall consider any petition presented to it as provided in this act, and if it approves such petition it shall adopt a resolution officially designating such particular regional library system, describing the territory thereof, and designating the headquarters and the initial number of directors for the system board.

33-2615. System board of directors. Each regional system shall be governed by a board of directors, to be selected by and from the governing boards of the participating libraries.

Initially, as the system is formed, each participating library shall be entitled to one (1) representative on the system board, and those libraries legally serving a population base of more than ten thousand (10,000) shall also be entitled to a second representative.

Within two (2) weeks after receiving notice of approval of a petition for establishment, as provided for under this act, the board of each participating library shall select its representative or representatives, and certify the names and addresses of such representatives to the state librarian.

As additional libraries, now or hereafter established, petition to join the system, the board shall not exceed twenty-five (25) in number. When the board members total twenty-five (25), or earlier with the unanimous agreement of the participating boards, the system board shall develop a plan for equitable rotation of trustees, while retaining representation from a library in each county. The designated headquarters for the system shall always have representation on the board.

At their first meeting the members of the system board shall divide themselves by lot into terms of one (1) to five (5) years. Thereafter, all vacancies shall be filled in the same manner as the original appointments, and appointments to complete an unexpired term shall be for the residue of the term only.

No member of any system board shall serve on the system board for more than five (5) consecutive years, and in no event shall service on the system board exceed the term of office of the incumbent on the governing board of the participating library which he represents.

The system board shall annually elect from its membership a chairman and such other officers as it may deem necessary to conduct the affairs of the system.

Members of the system board may receive from the regional system their actual and necessary expenses while engaged in business of said system.

33-2616. Powers and duties of the system board. The system board shall serve as a liaison agency between the participating libraries and their governing bodies and library boards. The system board shall make such bylaws, rules and regulations as may be necessary for its own government and that of the regional system, none of which shall deprive any participating library board of any of its powers or property.

The system board shall have the following powers and responsibilities, all of which relate to the functioning of the regional system and the management and control of its funds and property;

(a) To develop a long range plan of service for the regional system, and annually to submit to the state library board any changes in said long range plan, and a detailed plan of proposed system development and service for the following year.
(b) To provide improved library service for residents of the regional system, in cooperation with participating libraries, and to this end to purchase books and other library materials, supplies and equipment, for the system services, and to employ such personnel as the system board finds necessary.

(c) To set the administrator's hours and rate of compensation for regional system duties, and to delegate such administrative powers as the board deems in the best interest of the system.

(d) To enter into contracts to receive service from or to give service to other libraries, or agencies, within the state or interstate, and to file copies of such contracts with the state library board.

(e) To be a public corporation, as is provided for library districts, and to contract in the name of the "Board of directors of the .... regional library system, Idaho" and in that name to sue and be sued and to take any action authorized by law.

(f) To acquire by purchase, lease, or otherwise, and to own and hold real and personal property and to construct buildings for the use of the regional system, and to sell, exchange or otherwise dispose of property real or personal when no longer required by the system, and to insure the real and personal property of the system.

(g) To have control of the expenditure of all funds of the regional system, to accept by gift or donation any funds and real or personal property under such terms as may be a condition of the gift.

(h) To exercise such other powers, not inconsistent with law, necessary for the effective use and management of the regional system.

33-2617. Finance of regional systems -- Budgets -- Participating and nonparticipating units. Each regional system may be financed by any combination of available funds, federal, state, local, public and/or private. Counties, cities and library districts are hereby authorized and empowered to join in the creation, development, operation and maintenance of regional systems, and to appropriate and allocate funds for the support of such systems. All funds collected or contributed for the support of each regional system shall be controlled and administered under the direction of the system board, following procedures outlined in the library district statutes, and as directed by the state library board.

(a) Participating Units. Participating boards shall continue to control the funds appropriated or contributed for the support of the participating libraries, but may expend all or any part thereof for library services to be furnished by the regional system. Each participating board shall prepare its own annual budget as required by the Idaho Code, and said budget may include anticipated revenues or expenditures for regional system services. Tax levies made pursuant to each such budget shall be certified as provided by law.

(b) System Budget. Each system board shall prepare a preliminary budget for the system for the coming year, and shall by the last day of April forward said budget to the boards of participating libraries. This budget shall be published, and a hearing held thereon before the last day of May.

(c) Non-Participating Areas. The system board shall also prepare a list of those areas within each county of the library region wherein public libraries, library districts, school-community
libraries, or association libraries are not maintained as authorized in the Idaho Code. Such lists shall be forwarded to the state library board and to the board of county commissioners of each affected county. The system board shall include in its preliminary budget an estimate of the kinds of services which the system could provide to those areas without established libraries, and the cost of such services, and shall forward this to the appropriate boards of county commissioners.

33-2618. Addition to or withdrawal from a regional system. (1) After the establishment of a regional system as provided in this act, the board of any library which is not a part of the system, and which is within the boundaries of a library region as established by the Idaho state library board, may petition the state library board for addition to the regional system. Petitions for addition shall be prepared and processed as provided in this act for initial petitions, except that prior approval in writing shall be obtained by the petitioning board from the regional system board, and shall be attached to the petition when it is submitted to the state library board.

(2) After the establishment of a regional system as provided in this act, a participating library board may petition the state library board for withdrawal from the system. A petition for withdrawal must be received by the state library board at least sixty (60) days before the end of the fiscal year of the system.

All assets of a participating library remain the property of that library, and if a unit withdraws from a system the disposal of the joint assets of the system shall be determined by the state library board, who shall give consideration to such items as the amount of funds raised from each unit of the system, and the ability of the units to make further use of such property or equipment for library purposes.

33-2619. Administration of act by state library board. The Idaho state library board shall administer the provisions of this act, and shall adopt such rules and regulations as are necessary for approval of regional system petitions, review and amendment of regional system plans and contracts, and such other matters as the state library board may deem advisable.

33-2620. Failure to return borrowed material. Any person who borrows from a publicly funded lending facility any book, newspaper, magazine, manuscript, pamphlet, publication, microform, recording, film, artifact, specimen, device, exhibit or other article belonging to, or in the care of, the facility, under any agreement to return the same within a specified time, and thereafter fails to return the book, newspaper, magazine, manuscript, pamphlet, publication, microform, recording, film, artifact, specimen, device, exhibit or other article, shall be given written notice, which shall bear upon its face a copy of this statute, mailed by a registered or certified letter with return receipt, or delivered in person to such person at his last known address, to return the borrowed article within fifteen (15) days; and in the event that the person shall thereafter wilfully and knowingly fail to return the borrowed article within thirty (30) days, or shall fail to reimburse the facility for the value of the borrowed article plus overdue fines and costs incurred, the person shall be guilty of a petit theft and punishable as provided in chapter 24, title 18, Idaho Code. For purposes
of this section, a "publicly funded lending facility" includes any library, gallery, museum, collection or exhibit supported by public funds.
33-2701. Purpose and policy. It is hereby declared to be the policy of the state of Idaho, as a part of the provisions for public education, to promote the establishment and development of public library service for all the people of Idaho. It is the purpose of this act to make more adequate provision for an informed electorate by integrating, extending, and adding to existing library services and resources so that public library service may be available to children in their formative years and to adults for their continuing education.

33-2702. Definitions. As used in this chapter:
(1) "Home county" means the county where the designated district headquarters is located when a public library district's boundaries include territory located in more than one (1) county.
(2) "Library director" means the employee of a public library district who is charged with the administration and management of library services for that district.

33-2703. Library districts -- Territory -- Establishment -- Limitations. A library district may be established by vote of the qualified electors of the proposed district in an election called and held as provided by this chapter, with the following limitations:
(1) The district may include incorporated or unincorporated territory or both in one (1) or more counties and may include any of the area thereof except as may be excluded by this section, and as finally fixed and determined by the board of county commissioners.
(2) The territory of the district shall be continuous, and no territory of an incorporated municipality shall be divided.
(3) In the initial establishment of a library district the following may be excluded:
   (a) A municipality which is already providing library service as established according to section 33-2603, Idaho Code; or
   (b) A library district which is already providing library service as established in accordance with the provisions of this chapter.
(4) If, subsequent to the establishment of a library district, any area thereof is annexed to a municipality which maintains a tax-supported library, this area shall cease to be a part of the library district and the city council of the municipality shall so notify the board of county commissioners.
(5) Any proposed library district shall have a population of more than one thousand five hundred (1,500) and an annual budget of not less than twenty-five thousand dollars ($25,000) from...
ad valorem revenues. Any proposed library district not meeting the above criteria may apply to the state library board for an exemption.

33-2704. Petition -- Verification -- Notice and hearing. The board of county commissioners of the home county shall advise with the board of county commissioners in any other county affected to the end that the election shall be held in each county on the same day. The board of county commissioners in each county shall proceed in the conduct of the election as though the election were being held only in that county as set forth in section 33-2705, Idaho Code. After the canvass of the returns, the results in each other county shall be certified to the board of county commissioners of the home county, together with all ballots and tally sheets. The board of county commissioners of the home county shall canvass all returns and certify the results of the election to the board of county commissioners of any other county affected. (4) When the proposal has the approval of the board of county commissioners, the board of trustees of the district and the board of county commissioners shall follow these procedures:
   (a) If the proposal has been approved by the majority herein required, the board of county commissioners of the home county of the district shall enter its order amending the boundaries of the district, including a map drawn in a draftsmanlike manner, and transmit a copy of the order to the board of county commissioners in the county in which the petition arose. 33-2710. Determination of the ad valorem portion of the budget for consolidated libraries -- District and district -- District and city. (1) When two (2) district libraries have agreed to consolidate, the ad valorem portion of the new consolidated district's first budget will be determined
in the following manner.

The ad valorem portion of each district's most recent annual certified budget will be added together. The resulting figure will be considered the dollar amount of ad valorem taxes on which to base the first annual budget for the new consolidated district. The provisions of section 63-2220A, Idaho Code, shall be applied to this dollar amount.

(2) When a tax supported city library has voted to consolidate with a district library, the ad valorem portion of the new consolidated district's first annual budget will be determined in the following manner.

The city library budget figure will be defined as the budget for library services, whether from the general fund and/or the library fund, in the city's most recent annual certified budget, less fines, fees, and any other identifiable revenues from nontax sources, and any grants made directly to the city library board. The city library budget figure and the ad valorem portion of the public library district's most recent annual certified budget will be added together. The resulting figure will be considered the dollar amount of ad valorem taxes on which to base the first annual budget for the new consolidated district. The provisions of section 63-2220A, Idaho Code, shall be applied to this dollar amount.

If the city has established a dedicated library fund in the year in which consolidation was approved, those dollars will be removed from the city budget in the fiscal year in which the newly consolidated district begins to levy to provide library services.

(3) In any consolidation, the dollar amount of ad valorem taxes for the new consolidated district's budget shall not exceed six hundredths percent (.06%) of the market value for assessment purposes of all taxable property within the district.

(4) In any consolidation, the existing bonded debt of any district or districts shall not become the obligation of the proposed consolidated library district. The debt shall remain an obligation of the property which incurred the indebtedness.

33-2711. Consolidation of library districts. When there are two (2) or more library districts, which have at least one (1) common boundary, the boards of trustees of the library districts, meeting together, may determine that it is in the best interest of library service that the districts be consolidated, as herein provided.

The boards of trustees shall jointly prepare a petition describing the boundaries of the existing library districts, the names of the existing library districts, and praying for the reorganization of the territory therein described as one (1) or more library districts to be known as the ".... (Name) Library District" and with boundaries as set forth in the petition.

The petition shall be signed by the chairpersons of the library boards upon majority approval of the respective boards involved in the consolidation.

The petition shall be forwarded to the clerk of the board of county commissioners in all counties affected, who shall verify the signatures, and shall file the petition. Thereupon, the board of county commissioners in all counties affected shall proceed with the hearing and resolution as outlined in section 33-2704, Idaho Code. Upon completion of the hearing, the board of county commissioners shall issue an order granting the petition.
In the order granting the petition of consolidation, the board of county commissioners in all counties affected shall certify the new boundaries and the name of the district.

A copy of the order shall be transmitted to the board of trustees of the library districts involved, and to the state library board.

Other notices required by law shall be filed by the board of trustees of the district, including a legal description and map of altered boundaries prepared in a draftsmanlike manner to be filed with the board(s) of county commissioners, the county recorder, the county assessor of the home county, the state library board, and the state tax commission in a timely manner, but no later than December 15, of the year in which consolidation takes place.

The board of county commissioners of the home county of the consolidated public library district shall within ten (10) days take action to reaffirm members of the board of trustees, or to appoint members of the board, who shall be chosen from the members of the boards initiating the consolidation. These trustees shall serve until the next annual election of trustees or until their successors are elected and qualified as in section 33-2715, Idaho Code. The board of trustees shall take the oath of office as outlined in section 33-2715, Idaho Code.

33-2711A. Adjustment of boundary lines between existing public library districts. When the boards of two (2) public library districts having a common boundary determine that it is in the best interest of public library service that an adjustment of library district boundaries be made, this adjustment may be made using the following procedure.

The board of trustees shall jointly prepare a petition describing the boundaries of both the existing and proposed public library district, including maps prepared in a draftsmanlike manner, and the names of the public library districts, praying for the reorganization of the territory therein described.

The petition shall be signed by the chairperson of the library boards upon majority approval of the respective boards involved in the boundary adjustment.

The petition shall be forwarded to the clerk of the board(s) of county commissioners in all counties affected, who shall verify the signatures, and shall file the petition. Thereupon, the boards of county commissioners in all counties affected shall proceed with the hearing and resolution as outlined in section 33-2711, Idaho Code. Upon the completion of the hearing, the board of county commissioners shall issue an order granting the petition.

The ballot shall contain the words "Shall (Name) Public Library District be dissolved--Yes" and "Shall (Name) Public Library District be dissolved--No," each followed by a box wherein a voter may express his choice by marking a cross "X". If the library district embraces territory in more than one (1) county, an election for its dissolution shall be deemed approved only
if a majority of the votes cast in each such county were cast in the affirmative. If, upon the canvass of ballots, it is determined that the proposition has been approved, the board of county commissioners of the home county shall enter its order to that effect and transmit a copy of said order to the board of county commissioners in any other county affected, and said order shall by them be made a matter of record. When any library district is dissolved, all property and assets of the library district shall be disposed of by the board of county commissioners of the home county. Receipts from the sale of assets and all unpaid taxes, when collected, shall be first used to retire any indebtedness of the district. Any remainder shall be apportioned to the counties embraced in the library district in proportion to the assessed valuation of each which was included in the library district, and placed in the respective county general expense fund. If, after the application of the tax monies and sale proceeds, indebtedness remains, the board of county commissioners of the home county shall provide for the payment of the remaining indebtedness from special levies certified to each county in proportion to the assessed valuation of each which was included in the district. The tax shall be collected by each county and remitted to the home county for payment of the remaining indebtedness.

33-2714. Library districts -- Public corporations. Each library district shall be a public corporation, may sue and be sued in its corporate name and may contract and be contracted with.

33-2715. Board of trustees -- Selection -- Number -- Qualifications -- Term -- Oath -- Appointment of first board. Each library district shall be governed by a board of trustees of five (5) members elected or appointed as provided by law, who at the time of their selection and during their terms of office shall be qualified electors of the district and if trustee zones have been established under section 33-2718, Idaho Code, shall be a resident of the trustee zone. An elected trustee shall qualify and assume the duties of his office at the annual meeting. All trustees qualify by taking the oath of office required of state officers, to be administered by one (1) of the present trustees or by a trustee retiring.

Following the initial establishment of a library district, the board of county commissioners of the home county within five (5) days shall appoint the members of the first board of trustees, who shall serve until the next annual election of trustees or until their successors are elected and qualified. Addition of new territory to an existing library district shall not be considered an initial establishment. The first board of trustees shall be sworn by a member of the board of county commissioners of the home county of the district.

At its first meeting, and after each trustee election, the board shall organize and elect from its membership a chairman and other officers necessary to conduct the affairs of the district.

Members of the board shall serve without salary but shall receive their actual and necessary expenses while engaged in business of the district.
33-2716. Board of trustees -- Nomination and election -- Recall -- Vacancies. (1) The procedure for nomination and election of trustees of a library district shall be as provided for in chapter 14, title 34, Idaho Code, and in the general election laws of Idaho. If any two (2) or more candidates for the same trustee position have an equal number of votes, the board of trustees shall determine the winner by a toss of a coin.

(2) Notwithstanding the limitations of chapter 17, title 34, Idaho Code, each library district trustee shall be subject to recall following procedures as closely as possible to the procedures described for the recall of county commissioners pursuant to chapter 17, title 34, Idaho Code. Individuals signing a petition to recall a library trustee or voting in an election to recall a library trustee shall meet the requirements of section 33-2702, Idaho Code.

If, pursuant to section 33-2717, Idaho Code, no election was held for the trustee being recalled:

(a) The number of district electors required to sign the petition seeking a recall election must be not less than fifty (50), or twenty per cent (20%) of the number of votes cast in the last trustee election held in the library district, whichever is the greater.

(b) To recall any trustee, a majority of the votes cast at the recall election must be in favor of the recall, and additionally, the number of votes cast in the recall election must equal or exceed the number of votes cast in the last trustee election held in the library district.

(3) A vacancy shall be declared by the board of trustees when any nominee has been elected but has failed to qualify for office, or within thirty (30) days of when any trustees shall (a) die; (b) resign from office; (c) no longer reside in his respective trustee zone of residence; (d) no longer be a resident or qualified elector of the public library district; (e) refuse to serve as trustee; (f) without excuse acceptable to the board of trustees, fail to attend two (2) consecutive regular meetings of the board; or (g) be recalled and discharged from office as provided in this chapter.

A declaration of vacancy shall be made at any regular or special meeting of the board of trustees, at which any of the above mentioned conditions is determined to exist.

The board of trustees shall appoint to fill the vacancy, a person qualified to serve as trustee of the public library district, provided there remains in membership on the board of trustees a majority of the membership thereof, and the board shall notify the state library board of the appointment. This appointment shall be made within sixty (60) days of the declaration of vacancy. In the event that the board of trustees fails to exercise their authority, appointments shall be made by the board of county commissioners of the home county in which the district is located within thirty (30) days after the expiration of the sixty (60) days allowed for trustees for this action.

Any person appointed as provided in this chapter shall serve until the next annual election of public library district trustees following the appointment. At the annual election a trustee shall be elected to complete the unexpired term of the office which was declared vacant filled by appointment.

The elected trustee shall assume office at the first annual meeting of the public library district following the election.

33-2717. Board of trustees -- One nomination -- No election. In any election for the office
of trustee it is not necessary to conduct an election if:

(1) after the expiration of the date for filing written nominations only one (1) candidate has been nominated for each position to be filled; and, there has been no declaration of intent to be a write-in candidate filed as provided in section 33-2717A, Idaho Code; or

(2) if no candidate has filed a written nomination and only one (1) candidate for each position to be filled has filed a declaration of intent to be a write-in candidate as provided in section 33-2717A, Idaho Code. If either of these conditions are present, the board of trustees shall no later than seven (7) days before the scheduled date of the election declare the candidate elected as trustee, and the clerk of the library board shall immediately make and deliver to this person a certificate of election. The clerk of the library board shall also notify the clerk of the county commissioners of the home county and the state library. The procedure set forth in this section shall not apply to any other library district election.

33-2717A. Declaration of intent for write-in candidate. No write-in vote for library district trustee in a library district election shall be counted unless a declaration of intent has been filed indicating that the person desires the office and is legally qualified to assume the duties of library trustee if elected. The declaration of intent shall be filed with the clerk of the library board not later than twenty-five (25) days before the day of election.

33-2717B. Withdrawal of candidacy. Any person who filed a declaration of candidacy in accordance with the provisions of this chapter may withdraw from the election by filing a notarized statement of withdrawal with the clerk of the library board. The statement shall contain sufficient information necessary to identify the person and the office sought. A person may withdraw at any time prior to the day of election.

33-2717C. Procedure for correction of ballots. When any person withdraws his name from the election by filing a withdrawal of candidacy as provided in section 33-2717B, Idaho Code, the clerk of the library board shall cross the name of the person off the ballot and no votes cast shall be counted for that person. The clerk of the library board shall also inform the election board at each polling place that the person has withdrawn his candidacy from the election.

33-2718. Creation of trustee zones. Each library district may be divided into five (5) trustee zones with each zone having approximately the same population. In order for a library district to be divided into trustee zones, the board of trustees shall pass a motion declaring the district to be divided into trustee zones and present a legal description of each trustee zone. The board of trustees shall transmit the motion along with the legal description of the trustee zones to the board or boards of county commissioners in the county or counties where the library district is contained. The board or boards of county commissioners shall have forty-five (45) days from the receipt of the motion and legal description to reject, by adoption of a motion, the establishment of trustee zones proposed by formal motion of the board of trustees of the library district. If the board or boards of county commissioners do not reject the establishment of the trustee zones within the time limit specified,
they shall be deemed to be in full force and effect. If a library district is contained in more than one (1) county, a motion of rejection adopted by one (1) board of county commissioners shall be sufficient to keep the trustee zone plan from going into effect. A board of county commissioners shall notify the library board of trustees in writing if a proposal is rejected.

If a proposal for the establishment of trustee zones is rejected by a board of county commissioners, the boundaries of the trustee zones, if any, shall return to the dimensions they were before the rejection. Trustee zones may be redefined and changed, but not more than once every two (2) years after a new set of trustee zones are formally established and in full force and effect.

At the next regular meeting of the board of trustees of the library district following the approval of a trustee zone proposal by the board(s) of county commissioners, the public library district board shall appoint from its membership or from other qualified electors resident in each trustee zone, a person from that zone to serve as a trustee until the next regularly scheduled trustee election from that zone. All other matters relating to library district trustee zones shall be as provided in chapters 4 and 5, title 33, Idaho Code, relating to school district trustee zones.

33-2719. Board of trustees -- Meetings. The annual meeting of a library district board shall be on the date of its first regular meeting following each trustee election. The purposes of the annual meeting are to administer the oath of office to the newly elected or re-elected trustee or trustees, to elect the officers of the board, to establish a regular meeting date, and to review, amend, repeal or adopt bylaws, policies and procedures. The regular meetings of the board of trustees shall be held at least once in each quarter, at a uniform day of the month as the board of trustees shall determine at its annual meeting. Special or adjourned meetings may be held from time to time as the board may determine, but written notice thereof shall be given to the members at least two (2) days prior to the day of the meeting. A quorum shall consist of three (3) members, but a smaller number may adjourn.

33-2720. Powers and duties of the board of trustees. It is the duty of each trustee to attend all meetings of the board of trustees. The board of trustees of each library district shall have the following powers and duties consistent with the laws of the state of Idaho:

33-2721. Librarian -- Employees. The board of trustees of each library district shall appoint the library director, who shall serve as administrator of the library district and as the secretary for the board without voting rights. The director shall attend all executive sessions of the board of trustees, except those called to consider the evaluation, dismissal, or disciplining, or to hear complaints or charges against the library director. With the recommendation of the library director, the board shall employ other persons as may be necessary in the administration of the affairs of the library district. The board may fix and pay their salaries and compensation, classify employees and adopt schedules of salaries, and discharge any librarian or other employee for cause.

33-2722. Treasurer -- Clerk. The board of trustees of each library district shall appoint some qualified person, who may or may not be a member of the board of trustees, to act as treasurer of the library district. This person shall, on taking office, give bond to the library district, with sureties approved by the board of trustees, in the amount of at least five thousand dollars ($5,000), which bond shall be paid for by the district, and shall be conditioned upon faithful performance of the duties of his office and his accounting for all moneys of the library district received by him or under his control. The treasurer shall supervise all moneys raised for the library district by taxation or received by the district from any other sources and shall supervise all disbursements of funds of the district by order of the board of trustees.

Under the direction of the board of trustees, the treasurer shall have all moneys of the district deposited in accordance with the public depository law.

The board of trustees of each library district shall appoint some qualified person, who may or may not be a member of the board of trustees, to act as clerk of the library board. The clerk shall conduct library district elections, other than for excision, annexation, consolidation, or division; shall prepare and distribute legal notices; and shall have other duties as the board may prescribe.

33-2723. State treasurer trustee of library funds when required. When the conditions of the grant or appropriation so require, the state treasurer shall serve as trustee of funds appropriated to the state from any appropriation made by the federal government, the state, or any other agency for providing and equalizing library service in Idaho.

33-2724. Taxes for the support of library district. Any tax levied for library district purposes shall be a lien upon the property against which the tax is levied. The board of trustees shall determine and levy a tax upon each dollar of assessed valuation of property within the district for the ensuing
fiscal year as shall be required to satisfy all maturing bond, bond interest, and judgment obligations. For the maintenance and operation of the library district, the board of trustees may also levy upon the taxable property within the district a tax not to exceed six hundredths per cent (.06%) of market value for assessment purposes. These levies shall be certified to the board of county commissioners of each county in which the district may lie, not later than the second Monday in September of each year.

In the first year after establishment, the board of a district may, for the purpose of organization and to finance general preliminary expenses of the district and before making a tax levy, incur an indebtedness not exceeding in the aggregate a sum equal to six hundredths per cent (.06%) on each one dollar ($1.00) of market value for assessment purposes of all taxable property within the district. To repay the organization indebtedness incurred, the board shall have authority to levy and collect an additional tax not to exceed two hundredths per cent (.02%) per annum on each one dollar ($1.00) of market value for assessment purposes of all taxable property within the district. This additional levy shall not be used for any purpose other than repayment of the organizational indebtedness and interest thereon. This additional levy may be imposed for three (3) years.

Library districts may accumulate fund balances at the end of a fiscal year and carry over these fund balances into the ensuing fiscal year, sufficient to achieve or maintain library district operations on a cash basis. A fund balance is the excess of the assets of a fund over its liabilities and reserves.

33-2725. Library district budget -- Public hearing -- Notice -- Adjustments. The board of trustees of each library district shall prepare for the ensuing fiscal year a budget and prior to its adoption shall have called and caused to be held a public hearing thereon at a regular or special meeting. Notice of the time and place of the hearing shall be published at least once in a newspaper printed, or having general circulation within the district or in the county in which the library district may lie. The board of trustees of each library district shall also prepare and publish, as a part of this notice, a summary statement of the budget for the ensuing year prepared in a manner consistent with standard accounting practices and indicating amounts previously budgeted for the then current year for purposes of comparison.

During the year the board of trustees may proceed to adjust the budget as adopted to reflect the receipt of unanticipated revenue, grants, or donations from federal, state or local government or private sources, provided that there shall be no increase in the ad valorem portion of the annual certified budget. Prior to the adoption of the budget adjustment, the library board shall have called and cause to be held a public hearing thereon at a regular or special meeting. Notice of the time and place of the hearing shall be published at least once in a newspaper printed or having general circulation within the district or in the county(ies) in which the library district may lie. The board of trustees of each library district shall also prepare and publish, as a part of this notice, a summary of the budget and the adjustments prepared in a manner consistent with standard accounting practices and indicating amounts previously budgeted for the then current year for purposes of comparison.

33-2726. Fiscal year -- Annual reports -- Audit. The fiscal year of each library district shall commence on the first day of October of each year. The board of trustees of each library district shall
annually, not later than the first day of January, file with the state library board a report of the operations of the district for the fiscal year just ended. The report shall be on the form and contain the information that the state library board requires, but in all cases must include a complete accounting of all financial transactions for the fiscal year being reported.

The board of trustees of each library district shall cause to be made a full and complete audit of the books and accounts of the district as required in section 67-450B, Idaho Code.

33-2727. Purchase and sale of library services -- Contracts. In lieu of, or in addition to, establishing an independent library, the board of trustees may purchase specified library services by contract from any taxing unit, or public or private agency maintaining a library, providing that this unit or agency shall file an annual report with the board of trustees of the library district showing in detail the manner in which the funds of the library district have been spent.

The board of trustees of a library district may sell specified library services to any taxing unit, or public or private agency which agrees to make an acceptable annual appropriation for these services.

Any purchase or sale of library services shall be under contract for a term of three (3) years, which contract shall be automatically renewed at the end of this three (3) year period unless either party thereto gives notice not less than six (6) months before the termination of any existing contract, of intention not to renew the contract.

33-2728. Bond election. The purposes for which bonds may be issued shall be: To acquire, purchase, or improve a library site or sites; to build a library or libraries, or other building or buildings; to demolish or remove buildings; to add to, remodel or repair any existing building; to furnish and equip any building or buildings, including all facilities and appliances necessary to maintain and operate the buildings of the library; and to purchase motor vehicles for use as bookmobiles.

The library district may issue bonds in an amount not to exceed four-tenths percent (.4%) of the market value for assessment purposes of property within the district, less any aggregate outstanding indebtedness.

The board of trustees of any library district, upon approval of a majority thereof, may call a bond election on the question as to whether the board shall be empowered to issue bonds of the district in an amount and for a period of time to be stated in the notice of election. The notice of bond elections, the qualification of bond electors, the conduct of the election, and the canvass of election and determination of the result of election shall be in accordance with chapter 14, title 34, Idaho Code, and with the general election laws of the state of Idaho. The issuance of bonds, the expenditure of bond proceeds and the repayment of the bonds shall all be as specified in school district law.

33-2729. Plant facilities reserve fund and levy. The library district board of trustees is authorized to create a plant facilities reserve fund as set forth in sections 33-804 and 33-901, Idaho Code.
33-2737. School-community library districts. (a) The board of trustees of any school district in which is situated no incorporated city having a population in excess of one thousand (1,000), and in which no public library is maintained under any other provision of law, shall, upon petition of twenty (20) or more school district electors, submit to the school district electors of the district the question whether there shall be a public library established by the district for the benefit of the citizens thereof.

(b) The election on the question shall be held at the same time as the election of school district trustees, next following the filing of the petition, and notice shall be given, the election conducted, and the returns canvassed, as provided in chapter 4, title 33, Idaho Code.

(c) If a majority of the school district electors voting in the election vote in favor of the question a school-community library district shall be established.

(d) No new school-community library shall be established after June 30, 1994.

33-2738. School-community library districts -- Board of trustees -- Trustee zones. Each school-community library district shall be governed by a board of trustees of five (5) members, who at the time of their selection and during their terms of office shall be qualified electors of the district.

(1) Four (4) of the trustees shall be elected. The procedure for nomination and election of trustees shall be as provided for the nomination and election of trustees of a library district pursuant to this chapter. Each school-community public library district may be divided into four (4) trustee zones with each zone having approximately the same population. In order for a school-community public library district to be divided into trustee zones, the board of trustees shall pass a motion declaring the district to be divided into trustee zones and present a description of boundaries of each trustee zone. The board of trustees shall transmit the motion along with the boundaries of the trustee zones to the board or boards of county commissioners in the county or counties where the school-community public library district is contained. The board or boards of county commissioners shall have forty-five (45) days from the receipt of the motion and description to reject, by adoption of a motion, the establishment of trustee zones proposed by formal motion of the board of trustees of the school-community public library district. If the board or boards of county commissioners do not reject the establishment of the trustee zones within the time limit specified, the zones shall be deemed to be in full force and effect upon the next annual trustee election. If a school-community public library district is contained in more than one (1) county, a motion of rejection adopted by one (1) board of county commissioners shall be sufficient to keep the trustee zone plan from going into effect. A board of county commissioners shall notify the board of trustees in writing if a proposal is rejected.

(2) If a proposal for the establishment of trustee zones is rejected by a board of county commissioners, the boundaries of the trustee zones, if any, shall return to the dimensions they were before the rejection. Trustee zones may be redefined and changed, but not more than once every two (2) years, after a new set of trustee zones are formally established and in full force and effect. All other matters relating to school-community library public district trustee zones shall be as provided in chapters 4 and 5, title 33, Idaho Code, relating to school district trustee zones.

(2) The fifth trustee of the school-community library district board shall be a member of the
school district board and shall be appointed by the school district board from its members at the annual meeting of the school district board. In the case of division of the district into four (4) elected school-community public library trustee zones, this fifth trustee shall serve as a trustee member-at-large.

(3) The initial board, except for the fifth trustee who shall be appointed by the school board, shall be appointed by the board of county commissioners, and shall serve until the next annual election of trustees or until their successors are appointed and qualified.

33-2739. School-community library districts -- Board of trustees -- Powers and duties -- Fiscal year. (1) The board of trustees of the school-community library district shall perform the duties required of, and have the power and authority granted to library district trustees pursuant to this chapter, including the authority to levy upon the taxable property in the school-community library district an annual tax not to exceed six hundredths per cent (.06%) of market value for assessment purposes for establishing and maintaining public library services. The school-community library district board shall have exclusive control of the school-community library district fund and shall cause to be made a full and complete audit of the books and accounts of the district as provided for in section 33-2726, Idaho Code.

(2) To bring the fiscal year of school-community library districts into conformity with the fiscal year of library districts, fiscal year 1994 for school-community library districts shall be defined as beginning on July 1, 1993 and ending on September 30, 1994. To fund school-community library district operations from July 1, 1993 through September 30, 1994:

(a) The four (4) existing school-community library districts are authorized to budget for the fifteen (15) month period;
(b) The county commissioners of the relevant counties are authorized to set the levy for the fifteen (15) month period for the four (4) existing school-community library districts;
(c) The state tax commission is authorized to approve the levy for the fifteen (15) month period for the four (4) existing school-community library districts;
(d) The relevant counties are authorized to collect ad valorem taxes for the fifteen (15) month period for the relevant existing school-community library districts within each county's boundaries;
(e) For the fifteen (15) month period only, the maximum allowable levy for school-community library districts shall be seven and one-half hundredths percent (.075%) of market value for assessment purposes.

This subsection (2) shall be void and of no further force and effect on and after September 30, 1994.

(3) On and after fiscal year 1995, school-community library districts shall have a fiscal year of October 1 through September 30.

33-2740. School-community library districts -- Consolidation -- Reorganization into library districts. School-community library districts may join existing library districts according to the procedures set forth in section 33-2711, Idaho Code.

School-community library districts may reorganize into a library district as follows. The
board of trustees of the school-community library district shall present a resolution calling for reorganization to the board of county commissioners who shall follow the procedures in subsections (2) through (5) of section 33-2704, Idaho Code, except that no precedent petition shall be necessary. After the required hearing, the board of county commissioners shall appoint the first board of library district trustees and thereafter trustees shall be elected as provided in section 33-2715, Idaho Code. The school-community library district's dollar amount of the budget from ad valorem taxes shall be transferred without interruption to the new library district and shall be the base of the ad valorem portion of the new district's budget.

The dispersal of the assets and liabilities of the school-community library district shall be the responsibility of the school-community library district board of trustees should the library consolidate with a library district, organize into a library district, or dissolve.

Title 33, Chapter 50
Management of Institutional Funds

33-5001. Definitions. In this chapter:

(1) "Institutional endowment fund" means an institutional fund, or any part thereof, not wholly expendable by the institution on a current basis under the terms of the applicable gift instrument, but shall not include permanent endowment funds managed pursuant to chapter 7, title 57, Idaho Code.

(2) "Gift instrument" means a will, deed, grant, conveyance, agreement, memorandum, writing, or other governing document (including the terms of any institutional solicitations from which an institutional fund resulted) under which property is transferred to or held by an institution as an institutional fund.

(3) "Governing board" means the body responsible for the management of an institution or of an institutional fund.

(4) "Historic dollar value" means the aggregate fair value in dollars of: (a) an institutional endowment fund at the time it became an institutional endowment fund, (b) each subsequent donation to the fund at the time it is made, and (c) each accumulation made pursuant to a direction in the applicable gift instrument at the time the accumulation is added to the fund. The determination of historic dollar value made in good faith by the institution is conclusive.

(5) "Institution" means an incorporated or unincorporated organization organized and operated exclusively for educational, religious, charitable, or other eleemosynary purposes, or a governmental organization to the extent that it holds funds exclusively for any of these purposes.

(6) "Institutional fund" means a fund held by an institution for its exclusive use, benefit, or purposes, but does not include: (a) a fund held by an institution by a trustee that is not an institution, or (b) a fund in which a beneficiary that is not an institution has an interest, other than possible rights that could arise upon violation or failure of the purposes of the fund.

33-5002. Appropriation of appreciation. The governing board may appropriate for expenditure for the uses and purposes for which an institutional endowment fund is established so much of the net appreciation, realized and unrealized, in the fair value of the assets of an institutional endowment fund over the historic dollar value of the fund as is prudent under the standard established by section 33-5006, Idaho Code. This section does not limit the authority of the governing board to expend funds as permitted under other law, the terms of the applicable gift instrument, or the charter of the institution.

33-5003. Rule of construction. Section 33-5002, Idaho Code, does not apply if the applicable gift instrument indicates the donor's intention that net appreciation shall not be expended. A restriction upon the expenditure of net appreciation may not be implied from a designation of a gift as an endowment, or from a direction or authorization in the applicable gift instrument to use only "income," "interest," "dividends," or "rents, issues or profits," or "to preserve the principal intact," or a direction which contains other words of similar import. This rule of construction applies to gift
instruments executed or in effect before or after the effective date of this chapter.

33-5004. Investment authority. In addition to an investment otherwise authorized by law or by the applicable gift instrument, and without restriction to investments a fiduciary may make, the governing board, subject to any specific limitations set forth in the applicable gift instrument or in the applicable law other than law relating to investments by a fiduciary, may:

(1) Invest and reinvest an institutional fund in any real or personal property deemed advisable by the governing board, whether or not it produces a current return, including mortgages, stocks, bonds, debentures, and other securities of profit or nonprofit corporations, shares in or obligations of associations, partnerships, or individuals, and obligations of any government or subdivision or instrumentality thereof;

(2) Retain property contributed by a donor to an institutional fund for as long as the governing board deems advisable;

(3) Include all or any part of an institutional fund in any pooled or common fund maintained by the institution; and

(4) Invest all or any part of an institutional fund in any other pooled or common fund available for investment, including shares or interests in regulated investment companies, mutual funds, common trust funds, investment partnerships, real estate investment trusts, or similar organizations in which funds are commingled and investment determinations are made by persons other than the governing board.

33-5005. Delegation of investment management. Except as otherwise provided by the applicable gift instrument or by applicable law relating to governmental institutions or funds, the governing board may: (1) delegate to its committees, officers or employees of the institution or the fund, or agents, including investment counsel, the authority to act in place of the board in investment and reinvestment of institutional funds; (2) contract with independent investment advisors, investment counsel or managers, banks, or trust companies, so to act; and (3) authorize the payment of compensation for investment advisory or management services.

33-5006. Standard of conduct. In the administration of the powers to appropriate appreciation, to make and retain investments, and to delegate investment management of institutional funds, members of a governing board shall exercise ordinary business care and prudence under the facts and circumstances prevailing at the time of the action or decision. In so doing they shall consider long and short-term needs of the institution in carrying out its educational, religious, charitable, or other eleemosynary purposes, its present and anticipated financial requirements, expected total return on its investments, price level trends, and general economic conditions.

33-5007. Release of restrictions on use or investment. (1) With the written consent of the donor, the governing board may release, in whole or in part, a restriction imposed by the applicable gift instrument on the use or investment of an institutional fund.
(2) If written consent of the donor cannot be obtained by reason of his death, disability, unavailability, or impossibility of identification, the governing board may apply in the name of the institution to the district court for release of a restriction imposed by the applicable gift instrument on the use or investment of an institutional fund. The attorney general shall be notified of the application and shall be given an opportunity to be heard. If the court finds that the restriction is obsolete, inappropriate, or impracticable, it may by order release the restriction in whole or in part. A release under this subsection may not change an institutional endowment fund to a fund that is not an institutional endowment fund.

(3) A release under this section may not allow a fund to be used for purposes other than the educational, religious, charitable, or other eleemosynary purposes of the institution affected.

(4) This section does not limit the application of the doctrine of cy-pres.

33-5008. Short title. This chapter may be cited as the "Uniform Management of Institutional Funds Act."
TITLE 34, CHAPTER 1
ELECTIONS -- DEFINITIONS

34-106. Limitation upon elections. On and after January 1, 1994, notwithstanding any other provisions of the law to the contrary, there shall be no more than four (4) elections conducted in any county in any calendar year, except as provided in this section, and except that elections to fill vacancies in the United States house of representatives shall be held as provided in the governor's proclamation.

(1) The dates on which elections may be conducted are:
(a) the first Tuesday in February of each year; and
(b) the fourth Tuesday in May of each year; and
(c) the first Tuesday in August of each year; and
(d) the Tuesday following the first Monday in November of each year.
(e) In addition to the elections specified in paragraphs (a) through (d) of this subsection, an emergency election may be called upon motion of the governing board of a political subdivision. An emergency exists when there is a great public calamity, [such] as an extraordinary fire, flood, storm, epidemic, or other disaster, or if it is necessary to do emergency work to prepare for a national or local defense, or it is necessary to do emergency work to safeguard life, health or property. Such a special election, if conducted by the county clerk, shall be conducted at the expense of the political subdivision submitting the question.

(2) Candidates for office elected in February, May or August shall take office on the date specified in the certificate of election but not more than sixty (60) days following the election.

(3) Candidates for office elected in November shall take office as provided in the constitution, or on January 1, next succeeding the November election.

(4) The governing board of each political subdivision subject to the provisions of this section, which, prior to January 1, 1994, conducted an election for members of that governing board on a date other than a date permitted in subsection (1) of this section, shall establish as the election date for that political subdivision the date authorized in subsection (1) of this section which falls nearest the date on which elections were previously conducted, unless another date is established by law.

(5) The secretary of state is authorized to provide such assistance as necessary, and to prescribe any needed rules, regulations or interpretations for the conduct of election authorized under the provisions of this section.

(6) School districts governed by title 33, Idaho Code, and water districts governed by chapter 6, title 42, Idaho Code, are exempt from the provisions of this section.

(7) Initiative, referendum and recall elections conducted by any political subdivision shall be held on the nearest date authorized in subsection (1) of this section which falls more than forty-five (45) days after the clerk of the political subdivision orders that such initiative, referendum or recall election shall be held.
34-302. Designation of precinct polling places. The board shall, not less than thirty (30) days before any election, designate a suitable polling place for each election precinct. Insofar as possible, the board shall designate the same polling place for the general election which it designated for the primary election. The physical arrangements of the polling place shall be sufficient to guarantee all voters the right to cast a secret ballot. All polling places designated as provided herein, shall conform to the accessibility standards adopted by the secretary of state pursuant to the "Voting Accessibility for the Elderly and Handicapped Act," P.L. 98-435. The expense of providing such polling places shall be a public charge and paid out of the county treasury.
34-702A. Declaration of intent for write-in candidates. No write-in vote for any office in a primary, special, or general election shall be counted unless a declaration of intent has been filed indicating that the person desires the office and is legally qualified to assume the duties of said office if elected. The declaration of intent shall be filed with the secretary of state if for a federal, state, or legislative district office and with the county clerk if for a county office. Such declaration of intent shall be filed not later than eleven (11) days before the day of election. The secretary of state shall prescribe the form for said declaration.

34-717. Withdrawal of candidacy. A candidate for nomination or candidate for election to an office may withdraw from the election by filing a notarized statement of withdrawal with the officer with whom his declaration of candidacy was filed. The statement must contain all information necessary to identify the candidate and the office sought and the reason for withdrawal. A candidate may not withdraw later than thirty (30) days before an election. Filing fees paid by the candidate shall not be refunded.

Any candidate who has filed a statement of withdrawal pursuant to this section shall not be allowed to be appointed to fill a vacancy unless such vacancy occurs because of the death of a previous candidate.
34-1401. Election administration. Notwithstanding any provision to the contrary, the election official of each political subdivision shall administer all elections on behalf of any political subdivision, subject to the provisions of this chapter, including all special district elections and elections of special questions submitted to the electors as provided in this chapter. School districts governed by title 33, Idaho Code, and water districts governed by chapter 6, title 42, Idaho Code, irrigation districts governed by title 43, Idaho Code, ground water districts governed by chapter 52, title 42, Idaho Code, and municipal elections governed by the provisions of chapter 4, title 50, Idaho Code, are exempt from the provisions of this chapter. All municipal elections shall be conducted pursuant to the provisions of chapter 4, title 50, Idaho Code, except that they shall be governed by the elections dates authorized in section 34-106, Idaho Code, the registration procedures prescribed in section 34-1402, Idaho Code, and the time the polls are open pursuant to section 34-1409, Idaho Code. For the purposes of achieving uniformity, the secretary of state shall, from time to time, provide directives and instructions to the various county clerks and political subdivision election officials. Unless a specific exception is provided in this chapter, the provisions of this chapter shall govern in all questions regarding the conduct of elections on behalf of all political subdivisions. In all matters not specifically covered by this chapter, other provisions of title 34, Idaho Code, governing elections shall prevail over any special provision which conflicts therewith.

A political subdivision may contract with the county clerk to conduct all or part of the elections for that political subdivision. In the event of such a contract, the county clerk shall perform all necessary duties of the election official of a political subdivision including, but not limited to, notice of the filing deadline, notice of the election, and preparation of the election calendar.

34-1402. Registration. All electors must register with the county clerk before being able to vote in any primary, general, special or any other election conducted in this state. The county clerk shall determine, for each registered elector, the elections for which he is eligible to vote by a determination of the applicable code areas. The register of electors shall be maintained by the clerk in a manner which will make this information readily available to the electors and to the election officials of the various political subdivisions. The determination of tax code area shall be made for all political subdivisions including those otherwise exempt from the provisions of this chapter.

The county clerk shall conform to the provisions of chapter 4, title 34, Idaho Code, in the administration of registration for all political subdivisions within the county. The county clerk shall appoint each city clerk for any city within the county and each election official designated by a political subdivision, as an at-large registrar as provided in section 34-406, Idaho Code, except that no compensation shall be paid by the county clerk for electors registered by these special registrars.

34-1403. Conduct of elections. All elections conducted in this state on behalf of each political subdivision within the county shall be conducted in a uniform manner with regard to the qualifications of electors and shall be conducted on the dates as provided by law. In the event that
a statute governing a political subdivision provides for qualifications more restrictive than the qualifications for an elector in section 34-402, Idaho Code, the election official of the district shall provide an elector's oath to be executed at the time of the election certifying to the elector's qualifications for the specific election.

34-1404. Declaration of candidacy. Candidates for election in any political subdivision shall be nominated by nominating petitions, each of which shall bear the name of the nominee, the office for which the nomination is made, the term for which nomination is made, bear the signature of not less than five (5) electors of the candidate's specific zone or district of the political subdivision, and be filed with the election official of the political subdivision. The form of the nominating petition shall be as provided by the county clerk and shall be uniform for all political subdivisions. For an election to be held on the fourth Tuesday in May, in even-numbered years, the nomination petition shall be filed during the period specified in section 34-704, Idaho Code. The election official shall verify the qualifications of the nominees and shall, no more than seven (7) days after the close of filing, certify the nominees and any special questions placed by action of the governing board of the political subdivision. For an election to be held on the first Tuesday after the first Monday of November, in even-numbered years, the nomination shall be filed on or before September 1. The election official shall verify the qualifications of the nominees, and shall not later than seven (7) days after the close of filing, certify the nominees and any special questions placed by action of the governing board of the political subdivisions. For all other elections, the nomination shall be filed not later than 5:00 p.m. on the sixth Friday preceding the election for which the nomination is made. The election official shall verify the qualifications of the nominee, and shall not more than seven (7) days following the filing certify the nominees and any special questions, placed by action of the governing board of the political subdivisions, to be placed on the ballot of the political subdivision.

34-1405. Notice of election filing deadline. [(1)] Not more than fourteen (14) nor less than seven (7) days preceding the candidate filing deadline for an election, the election official of each political subdivision shall cause to be published a notice of the forthcoming candidate filing deadline. The notice shall include not less than the name of the political subdivision, the place where filing for each office takes place, and a notice of the availability of declarations of candidacy. The notice shall be published in the official newspaper of the political subdivision.

(2) The secretary of state shall compile an election calendar annually which shall include not less than a listing of the political subdivisions which will be conducting candidate elections in the forthcoming year, the place where filing for each office takes place, and the procedure for a declaration of candidacy. Annually in December, the county clerk shall cause to be published the election calendar for the county for the following calendar year. It shall be the duty of the election official of each political subdivision to notify the county clerk, not later than the last day of November, of any election for that political subdivision to occur during the next calendar year. In the event of failure to so notify the county clerk, the election official of the political subdivision shall cause to be published notice of the omitted election as soon as he is aware of the omission. This publication shall be in addition to the publication required by paragraph (1) of this section. The
election calendar for the county shall be published in at least two (2) newspapers published within the county, but if this is not possible, the calendar shall be published in one (1) newspaper which has general circulation within the county. The declaration of intent shall be filed with the election official not less than eleven (11) days before the date of the election.

If the statutes governing elections within a specific political subdivision provide that no election shall be held in the event that no more than one (1) candidate has filed for an office, that statute shall be interpreted in such a manner as to allow for filing a declaration of intent for a write-in candidate until eleven (11) days preceding the election. However, if no candidate has filed within that time, no election shall be held for that political subdivision.

FOR recalling ..... who holds office of ....
AGAINST recalling ..... who holds office of ....

34-1709. Officer to continue in office. The officer named in the recall petition shall continue to perform the duties of his office until the results of the special recall election are officially declared.

34-1710. Conduct of special recall election. Special elections for the recall of an officer shall be conducted and the results thereof canvassed and certified in all respects as general elections, except as otherwise provided. Nothing in this chapter shall preclude the holding of a recall election with another election.
34-1711. Canvass of returns. (1) The board of county commissioners shall act as the board of canvassers for all special recall elections involving state and county officers that involve elections held wholly or partly within their county.

(2) Whenever a special recall election is ordered, notice must be issued and posted in the same manner as for a general election.

(3) To recall any officer, a majority of the votes cast at the special recall election must be in favor of such recall, and additionally, the number of votes cast in favor of the recall must equal or exceed the votes cast at the last general election for that officer.

(4) If recalled, an officer shall be recalled as of the time when the results of the special recall election are proclaimed, and a vacancy in the office shall exist.

(5) If an officer is recalled from his office the vacancy shall be filled in the manner provided by law for filling a vacancy in that office arising from any other cause.

34-1713. Time within which recall may be filed -- Removal of signatures. (1) No petition for a recall shall be circulated against any officer until he has actually held his office ninety (90) days.

(2) After one (1) special recall election, no further recall petition shall be filed against the same officer during his current term of office, unless the petitioners first pay into the public treasury which has paid such special recall election expenses the whole amount of the expenses for the preceding recall election. The specific reason for recall in one (1) recall petition cannot be the basis for a second recall petition during that current term of office.
(3) The signer of any recall petition may remove his own name from the petition by crossing out, obliterating, or otherwise defacing his own signature at any time prior to the time when the petition is filed.

(4) The signer of any recall petition may have his name removed from the petition at any time after the petition has been filed, but prior to the time when an election has been ordered, by presenting or submitting to the officer who receives the recall petition, a signed statement, that the signer desires to have his name removed from the petition. The statement shall contain sufficient information to clearly identify the signer. The officer who receives the statement shall immediately strike the signer's name from the petition, and adjust the total of certified signatures on the petition accordingly. The statement shall be attached to, and become a part of the petition for recall.

(a) Signs any name other than his own to any recall petition;
(b) Knowingly signs his name more than once on the same recall petition;

(a) Knowingly makes any false return, certification or affidavit concerning any recall petition, or the signatures appended thereto.
34-1715. Refusal to accept petition -- Mandate -- Injunction. If the secretary of state, county clerk, or city clerk, shall refuse to accept and file any petition for the recall of a public officer with the requisite number of eligible signatures, any citizen may apply within ten (10) days after such refusal to the district court for a writ of mandamus to compel him to do so. If it shall be decided by the court that such petition is legally sufficient, the secretary of state, county clerk, or city clerk shall then accept and file the recall petition, with a certified copy of the judgment attached thereto, as of the date on which it was originally offered for filing in his office, except that the time limitations required by section 34-1704(2), Idaho Code, shall begin to run only as of the date of the court judgment, which shall be so stated in the judgment. On a showing that the petition is not legally sufficient, the court may enjoin the secretary of state, county clerk, or city clerk, and all other officers from certifying or printing any official ballot for a recall election. All such suits shall be advanced on the court docket and heard and decided by the court as quickly as possible. Either party may appeal to the supreme court within ten (10) days after a decision is rendered. The district court of the state of Idaho in and for Ada County shall have jurisdiction in all cases involving the recall of state officers.

Any such contest shall be regarded as contesting the outcome of the vote on the bond or mill levy proposition, rather than election to office, and the public entity calling the election rather than a person declared to have been elected to office, shall be regarded as the defendant.

B. When the validity of any bond or mill levy election is contested upon any of the grounds enumerated in section 34-2001, Idaho Code, or upon any other grounds whatsoever the plaintiff or plaintiffs must, within forty (40) days after the votes are canvassed and the results thereof declared, file in the proper court a verified written complaint setting forth, in addition to the other requirements of this chapter, the following:

1. The name of the party contesting the bond or mill levy election, and that he is an elector of the public entity conducting the bond or mill levy election.

2. The proposition or propositions voted on at the election which are contested.

3. The particular grounds of such contest.

C. No such election contest shall be maintained and no bond or mill levy election shall be set aside or held invalid unless a complaint is filed as permitted hereunder within the period prescribed in this section. As to bond or mill levy elections which have been held prior to the effective date of this act, no such contest shall be maintained wherein it is alleged that the election should be set aside or held on any ground enumerated in section 34-2001, Idaho Code, or on any other ground, unless such election contest be filed as herein provided within forty (40) days from and after the effective date of this act.

D. All bond elections conducted by cities, counties, school districts and water and sewer districts prior to the effective date of this act, and all proceedings had in the authorization and issuance of the bonds authorized thereat, are hereby validated, ratified and confirmed and all such bonds are declared to constitute legally binding obligations in accordance with their terms. 39-5501. Legislative intent. The intent of this chapter is to protect the public health, comfort and environment and the rights of nonsmokers to breathe clean air by restricting smoking in public places and at public meetings to designated smoking areas.

39-5502. Definitions. As used in this chapter:
(1) "Public meeting" means all meetings open to the public.
(2) "Public place" means any enclosed indoor area used by the general public including but not limited to restaurants with a seating capacity of thirty (30) or more customers, retail stores, grocery stores and stores which sell food primarily for off-site consumption, public conveyances, educational facilities, hospitals, nursing homes, auditoriums, arenas and meeting rooms.
(3) "Smoking" includes carrying a lighted cigar, cigarette, pipe, or any other matter or substance which contains tobacco.
(4) "Smoking area" means a designated area in which smoking is permitted.

39-5503. Prohibitions -- Exceptions. (1) No person shall smoke in a public place or at a public meeting except in designated smoking areas.
(2) The following may be designated as smoking areas in their entirety:
(a) When an entire room or hall is used for a private social function and seating arrangements are under the control of the sponsor of the function and not of the proprietor or person in charge of the place;
(b) Bars; and
(c) Bowling alleys.

39-5504. Designated smoking areas. (1) Smoking areas may be designated by proprietors or other persons in charge of public places, except in places in which smoking is prohibited by the fire marshal or by other law, ordinance or regulation.
(2) Where smoking areas are designated, a "good faith" effort shall be made to minimize the effect of smoke in adjacent nonsmoking areas. In the case of public places consisting of a single room, the provisions of this chapter shall be considered met if one side of the room is reserved and posted as a no smoking area.

39-5505. Smoking in elevators prohibited. Notwithstanding any other provision of this chapter or any other statute, or county or city ordinance, no person shall smoke in any elevator generally accessible to the public. Signs indicating that smoking is prohibited shall be conspicuously posted in each elevator and at each entrance to an elevator car or bank of elevators.

39-5506. Responsibilities of proprietors. (1) The proprietor or other person in charge of a public place shall make reasonable efforts to prevent smoking in the public place by posting
appropriate signs designating smoking and nonsmoking areas.

(2) Failure to post signs shall not be construed as indicating the area to be either smoking or nonsmoking.

39-5507. Violations. Any person who violates any of the provisions of this chapter is guilty of an infraction and is subject to a fine not to exceed fifty dollars ($50.00). Any violation may be reported to a law enforcement officer.

39-5508. Rules and regulations. The director of the Idaho department of health and welfare shall adopt rules and regulations necessary, reasonable and consistent with the intent of this chapter to implement the provisions of this chapter. The director may, upon request, waive the provisions of said rules and regulations if it is determined that there are compelling reasons to do so and a waiver will not significantly affect the health and comfort of nonsmokers.

39-5509. Other statutes not affected. The provisions of this chapter shall not be deemed to amend, modify or repeal sections 18-5904, 18-5905 and 18-5906, Idaho Code, relating to no smoking during public meetings.
50-341. Competitive bidding -- Application of law. A. The following provisions relative to competitive bidding apply to all cities of the state of Idaho, but shall be subject to the provisions of any specific statute pertaining to the letting of any contract, purchase or acquisition of any commodity or thing by soliciting and receiving competitive bids therefor, and shall not be construed as modifying or amending the provisions of any statute, nor preventing the city from doing any work by its own employees.

B. The word "expenditure" shall mean the granting of a contract, exclusive franchise or authority to another by the city, and every manner and means whereby the city disburse funds or obligates itself to disburse funds; provided, however, that "expenditure" does not include disbursement of funds to any city employee, official, agent, or for the performance of personal services to the city, or for the acquisition of personal property through a contract that has been competitively bid by the state of Idaho, one of its subdivisions or an agency of the federal government.

C. When the expenditure contemplated exceeds five thousand dollars ($5,000) but not twenty-five thousand dollars ($25,000), the city shall obtain price or cost quotations from at least three (3) responsible vendors in the business of supplying such goods or services. To enhance small business bidding opportunities, the city shall seek a minimum of three (3) price quotations from registered vendors having a significant Idaho economic presence as defined in section 67-2349, Idaho Code. If the city finds that it is impractical or impossible to obtain three (3) quotations for the proposed transaction, the city may acquire the property in any manner the city deems best. The city shall then procure the goods or services from the responsible vendor quoting the lowest price. When the expenditure contemplated exceeds twenty-five thousand dollars ($25,000) the expenditure shall be contracted for and let to the lowest responsible bidder. Where both the bids and quality of property offered are the same, preference shall be given to property of local and domestic production and manufacture or from bidders having a significant Idaho economic presence as defined in section 67-2349, Idaho Code.

D. The notice inviting bids shall set a date and place for the opening of bids. The first publication of the notice shall be at least two (2) weeks before the date of opening the bids. Notice shall be published at least twice, not less than one (1) week apart, in the official newspaper of the city. The notice shall succinctly set forth the project to be done. Any of the following documents shall be made available, upon reasonable deposit, to any interested bidder: bid form, bidder's instructions, contract documents, general and special instructions, drawings and specifications.

E. All bids shall be presented or otherwise delivered under sealed cover to the city clerk, or other bonded agent of the city designated by the city council to receive specific bids, with a concise statement marked on the outside generally identifying the expenditure to which the bid pertains. If the city deems it is in the city's best interest it may require the vendor to provide bid security in one (1) of the following forms:

   a. Cash;
b. Cashier's check made payable to the city;
c. A certified check made payable to the city;
d. A bidder's bond executed by a qualified surety company, made payable to the city.

F. The security, if required by the city, shall be an amount equal to at least five per cent (5%) of the amount bid. If required, a bid shall not be considered unless one (1) of the forms of bidder's security is inclosed with it, and unless the bid is submitted in a form which substantially complies with the form provided by the city.

G. Any bid received by the city may not be withdrawn after the time set in the notice for opening of bids. All bids received must be opened at the time and place set in the notice inviting bids, and no person shall be denied the right to be present at the opening of bids.

H. If the successful bidder fails to execute the contract, the amount of his bidder's security shall be forfeited to the city and the proceeds shall be deposited in the fund out of which the expenses of preparation and printing of the plans and specifications, estimates of costs and publication of notice are paid.

I. The city may, on refusal or failure of the successful bidder to execute the contract, award it to the next lowest responsible bidder. If the city council awards the contract to the next lowest responsible bidder, the amount of the lowest responsible bidder's security shall be applied by the city to the difference between the lowest responsible bid and the next lowest responsible bid, and the surplus, if any, shall be returned to the lowest bidder if cash or check is used, or to the surety on the bidder's bond if a bond is used.

J. In its discretion, the city council may reject any bids presented and readvertise. If two (2) or more bids are the same and the lowest responsible bids, the city council may accept the one it chooses. If no bids are received, the council may make the expenditure without further compliance with this section.

K. After rejecting bids, the city council may, after finding it to be a fact, pass a resolution declaring that the thing sought to be accomplished by the expenditure can be performed more economically by day labor, or the materials or supplies furnished at a lower price in the open market. Upon adoption of the resolution, it may have the thing sought to be accomplished done in the manner stated without further compliance with this section.

L. If there is a great public calamity, as an extraordinary fire, flood, storm, epidemic or other disaster, or if it is necessary to do emergency work to prepare for national or local defense, or it is necessary to do emergency work to safeguard life, health or property, the mayor or city manager may declare that an emergency exists and that the public interest and necessity demand the immediate expenditure of public money to safeguard life, health or property. Upon making the declaration, any sum required in the emergency may be expended without compliance with this section.

M. In its discretion, the city council may purchase equipment at a public auction, if the council has made a finding that such equipment may be purchased at a lower price.
50-1019. Purposes for which bonds may be issued -- Limitation on amount. Every city incorporated under the laws of the territory of Idaho or of the state of Idaho shall have power and authority to issue city coupon bonds not to exceed in aggregate at any time, ten per cent (10%) of the assessed full cash valuation [two per cent (2%) of the market value for assessment purposes] of the real and personal property in said city, according to the assessment of the preceding year, for any or all of the purposes specified [in subsections 1 through 10 of this section.] as follows:

2. To provide for the funding, refunding, purchase and redemption of the outstanding indebtedness, bonds may be issued under this section for such purposes, without submission of the question of issuance of such bonds to the electors of the city, when the same can be done to the profit and benefit of such city without incurring any additional liability.

10. To provide for the purchase, acquisition, erection and construction of off-street parking sites, structures, buildings, facilities, equipment and appurtenances.

11. To provide for the purchase, acquisition, improvement and equipment of transit systems.

All bonds of any municipality which were issued, sold and delivered to the purchasers thereof prior to April 12, 1967, for the purpose of providing for the building, laying, construction, equipment, extension, enlargement, alteration, improvement or maintenance of storm sewers or sanitary sewerage systems, shall be excluded when determining the aggregate amount of bonds of.
any city issued hereunder which are outstanding for the purpose of computing the debt limitation
provided for in the first paragraph of this section.

50-1026. City bonds -- Ordinance -- Election. Whenever the city council of a city shall deem
it advisable to issue the coupon bonds of such city, the mayor and council shall provide therefor by
ordinance, which shall specify and set forth all the purposes, objects, matters and things required by
section 57-203, Idaho Code, and make provision for the collection of an annual tax sufficient to pay
the interest on such proposed bonds as it falls due, and also to constitute a sinking fund for the
payment of the principal thereof within thirty (30) years from the time of contracting the same as
required by the constitution and laws of the state of Idaho.

The ordinance shall also provide for holding an election, of which thirty (30) days['] notice
shall be given in the official newspaper of the city. Such election shall be conducted as other city
elections. The voting at such elections must be by ballot, and the ballot used shall be substantially
as follows: "In favor of issuing bonds to the amount of .... dollars for the purpose stated in Ordinance
No. ....," and "Against issuing bonds to the amount of .... dollars for the purpose stated in Ordinance
No. ....." If at such election, held as provided in this chapter, two[-]thirds (2/3) of the qualified
electors voting at such election, assent to the issuing of such bonds and the incurring of the
indebtedness thereby created for the purpose aforesaid, such bonds shall be issued in the manner
provided by the laws of the state of Idaho.
50-1405. Transfer by exchange or gift. Real and personal property may be exchanged hereunder for other property if the consideration received by said city shall be deemed adequate by the council, provided, however, that aside from the provisions of section 50-1403, Idaho Code, any city of the state of Idaho may by a vote of one-half (1/2) plus one (1) of the members of the full council, by ordinance duly enacted, authorize the transfer or conveyance of any real or personal property owned by such city to the government of the United States, any county, the state of Idaho, the University of Idaho, any hospital district organized under chapter 13, title 39, Idaho Code, any school or library district, or to any community college district organized under the provisions of chapter 21, title 33, Idaho Code, any recreation district organized under the provisions of chapter 43, title 31, Idaho Code, in which said city is located, and authorize the transfer or conveyance of its cemetery and endowment, or any funds or indebtedness pertaining thereto, to a cemetery maintenance district organized under the laws of this state for public use or any tax supported governmental unit, with or without any consideration accruing to said city, when in the judgment of said councilmen it is for the best interest of such city that said transfer or conveyance be made.

as shall be agreed upon by the directors of the irrigation district and the purchasers of the outstanding

this chapter shall, on or before beginning to hold such deposits, file with the treasurer and the
supervising board of each such depositing unit whose deposit it so holds, the affidavit of one of its
officers showing the amount of the capital stock and surplus or reserves and unallocated or undivided
earnings, as applicable, of such institution. In the event that such institution has such an affidavit on
file with the treasurer and supervising board of each relevant depositing unit on the effective date
of this section, such affidavit or affidavits shall satisfy the requirement of this section until January
31 of the year next following the effective date of this act. Such affidavits shall be effective for the
purposes of this section to and including January 31 next following the date of their filing, but no

under this chapter, a like affidavit shall be filed in like manner for the succeeding year. No such
institution shall receive deposits from nor act as depository for the public funds of any depositing
unit unless and until an affidavit as is herein required and which still continues in effect is on file
with the treasurer and the supervising board of such depositing unit in accordance with this section.

57-127. Deposit of public funds -- Duties of treasurer and supervising board. Except where
the public moneys of a depositing unit in the custody of the treasurer at any one (1) time are less than
one thousand dollars ($1000), the treasurer shall deposit, and at all times keep on deposit, subject
to the provisions of this law, in designated depositories, all public moneys coming into his hands,
and it is hereby made the duty of said supervising board not less than once every six (6) months to
certify to the treasurer the capital and surplus or reserves and unallocated or undivided earnings, as
applicable, of each public depository, a copy of which certificate shall immediately be served on the
treasurer by the supervising board or its clerk; provided, that with the approval of the supervising
board of the depositing unit, the treasurer is authorized and empowered to invest surplus or idle
funds of the depositing unit in investments permitted by section 67-1210, Idaho Code, and interest
received on all such investments, unless otherwise required by law, shall be paid into the general
fund of the depositing unit: and provided further, that as to all public moneys in the custody of the
treasurer of a depositing unit for which there is no legal depository available under this chapter, it
shall be the duty of the supervising board of the depositing unit to designate and place for the
safekeeping of such public moneys, and until such designation it shall be the duty of the treasurer
to deposit such excess sums on special deposit in any public depository, and the expense of such
service shall be borne by the depositing unit.

57-127A. Deposit for safekeeping -- Responsibility. The treasurer may deposit for
safekeeping with a designated depository or a federal reserve bank any bonds, notes, bills,
debentures, obligations, or certificates of indebtedness in which the moneys of the taxing unit or its
agencies are invested pursuant to law; provided the treasurer shall take from the designated
depository a receipt for the securities deposited. A treasurer may accept securities in authorized book
entry form. The treasurer shall not be responsible for securities so deposited until they are withdrawn
by the treasurer from the designated depository, except insofar as a violation by the treasurer of the
prudent man investment rule contributes to any loss.

57-128. Designation of depository. The supervising board shall designate one or more
financial institutions within the boundaries of the depositing unit which are qualified public
depositories as defined by section 57-110, Idaho Code, and which is in compliance with section
57-113, Idaho Code, as depository or depositories for the moneys required to be kept by the
treasurer. Such designation shall be determined by competitive bidding or by other means generally
accepted as standard business practice. In no case shall the deposit or deposits of public funds of any
depositing unit in any public depository, exceed at any one (1) time in the aggregate the total of the
capital and surplus or reserves and unallocated or undivided earnings, as applicable, of such public
depository. In the event that any financial institution has been designated as a depository under this
chapter, such designation shall continue in force until revoked by the supervising board of the
depositing unit.

57-130. Deposit in financial institutions outside of depositing unit. Where there are no
approved depositories in the depositing unit, or where the money in the treasury exceeds the amount
which the designated depositories in the depositing unit are willing to accept, the said excess moneys
may be deposited in financial institutions outside of the depositing unit, but within the state of Idaho,
which may be designated by the supervising board under the same conditions and subject to the same
requirements as if in the depositing unit, and where the money in the treasury exceeds the amount
which all designated depositories in the state are willing to accept, such excess may in that event and
not otherwise, be deposited in banks outside the state, which banks shall be designated by the
supervising board under the same conditions and subject to the same requirements as for designated
depositories in the depositing unit.

57-131. Deposits subject to payment on demand. All deposits in public depositories shall
be demand deposits or deposits in accounts upon which negotiable orders of withdrawal may be
written, or in similar transaction deposit accounts except for deposits of surplus or idle funds which
the said depositing units are authorized to make under section 57-127, Idaho Code, with the approval
of their respective supervising boards. The term "surplus or idle funds" shall mean the excess of available moneys in the public treasury, including the reasonably anticipated revenues, over and above the reasonably anticipated expenditures chargeable to those moneys, taking into account the dates at which such revenues and expenditures may be expected to occur, the charges of expenses to revenues being done in such a manner as to produce the maximum amount of excess. This definition shall not apply to idle funds in the state treasury, which funds shall be as defined in section 67-1210, Idaho Code.

57-132. Deposits by tax collector and public administrator. It is hereby made the duty of the tax collector and public administrator of every county of this state to deposit any and all sums of money coming into his hands by virtue of his office in a depository designated by the supervising board under the provisions of this chapter, and any such moneys so deposited shall be a part of the public moneys as defined in this chapter, but shall remain subject to withdrawal by such tax collector or public administrator so depositing the same. Such sums while so on deposit in said depository, shall be held in separate accounts respectively designated as "Tax Collector's Account" and "Public Administrator's Account."

57-133. Demand deposits -- Payment of service charges -- Interest on time deposits. A public depository may pay interest to the depositing unit upon demand deposits, deposit accounts upon which negotiable orders of withdrawal may be written, and similar transaction deposit accounts made with it by such depositing unit as allowed by state or federal law.

The supervising boards of all depositing units are authorized in their discretion and from time to time to adopt, amend, and/or repeal rules and regulations not inconsistent with other provisions of this act providing for the payment by such depositing unit to its designated depository or depositories of reasonable charges for their services rendered in acting as such depositories. The rate of such charges and the terms and conditions thereof shall be fixed by such supervising boards in such rules and regulations, and shall be uniformly applicable to all designated depositories for such depositing unit under like circumstances and conditions. Such charges shall be allowed and paid from the funds of such depositing unit available for the payment of its general expenses as other claims against said funds are allowed and paid.

Every public depository shall pay interest upon time deposits made by the public depositing unit at rates not less than those paid to investors for deposits of the same amount and under like circumstances and conditions; provided, however, that such time deposits shall bear interest at a rate not in excess of the maximum rate permitted by any applicable governmental regulation.

57-133B. Unlawful disclosure of information relating to designated depositories -- Penalty. Any information obtained from any designated depository by the treasurer of a depositing unit shall be subject to disclosure according to chapter 3, title 9, Idaho Code, provided that federal or state examiners shall have a lawful right to examine said designated depository or to proper officials legally empowered to investigate criminal charges relating to said designated depository shall have a right to examine said depository. Any public official who violates any provision of this section by
improperly disclosing information shall forfeit his office or employment and shall also be guilty of a felony. Any person who is not lawfully entitled to such information and who attempts to obtain such information illegally or who misuses such information as he may have obtained shall be guilty of a felony.

57-134. Accounting for moneys deposited. The treasurer shall require, and it is hereby made the duty of every such depository to keep accurate accounts of all such moneys deposited with it, showing the amount deposited, and when deposited, and to render, at the beginning of each and every month, to the treasurer and auditor a statement, in duplicate, showing the daily balance of the public moneys of the depositing unit held by it during the month next preceding.

57-135. Treasurer's monthly report. It is the duty of the treasurer to file a report in writing, verified by his affidavit, with the auditor on the last business day of each and every month, showing exactly how much cash he has in the treasury and in what bank or banks deposited, and if in more than one, how much in each, which reports shall be examined by the supervising board at the next regular session following the filing of the same, and compared by it with the books of the treasurer at least twice a year, and if it shall find that the treasurer has wilfully made any false statement therein he may be suspended or removed from office.

57-137. Responsibility for loss through insolvency of bank. Where the treasurer in accordance with the terms and provisions of this chapter has deposited and kept on deposit any public moneys in designated depositories, he shall not be liable personally or upon his official bond for any public moneys that may be lost by reason of the failure or insolvency of any such depository.

57-138. Liability of county auditor under public depository law. The county auditor shall not be liable personally or upon his official bond for any losses by reason of his acts under the provisions of the public depository law, except in so far as such acts are in bad faith and have resulted in such loss.

57-139. Offenses by treasurer -- Penalty. The making of profit, directly or indirectly, by the treasurer of any depositing unit out of any money in the treasury, belonging to the depositing unit, the custody of which the treasurer is charged with, by loaning or otherwise using it, or depositing the same in any manner contrary to law, or the removal by the treasurer or by his consent, of such moneys, or a part thereof, out of the vault or safe of the treasurer's department, after the same shall have been provided by the depositing unit, or out of any legal depository of such moneys, except for the payment of warrants, legally drawn, or for the purpose of depositing the same, under the provisions of this law, in any designated depositories, shall constitute a felony, and on conviction thereof, shall subject the treasurer to imprisonment in the state penitentiary for a term of not exceeding two (2) years, or a fine not exceeding five thousand dollars ($5,000), or to both such fine and imprisonment, and the treasurer shall be liable upon his official bond for all profits realized from such unlawful use of such funds.
57-140. Neglect of treasurer -- Penalty. If the treasurer of any depositing unit shall wilfully fail or refuse at any time to do or perform any act required of him by the provisions of this law relative to the deposit of public funds, he shall be guilty of a misdemeanor, and upon conviction thereof, he shall be sentenced to pay a fine not exceeding $5000.

57-141. Bribery of treasurer a felony -- Penalty. The offering, or giving, directly or indirectly, by designated depository, or by any officer or stockholder thereof, or by any other person or persons in its or their behalf, or by its or their knowledge, acquiescence or authority, or in its or their interest, to the treasurer of any depositing unit, of any gift, compensation, reward or inducement, with the intent or for the purpose of inducing said treasurer to deposit public funds in any designated depository contrary to any law of this state, shall constitute a felony, and shall, upon conviction thereof, subject the person offending to imprisonment in the state penitentiary for a period not exceeding two (2) years, or to a fine not exceeding five thousand dollars ($5,000), or to both such fine and imprisonment.

57-142. Expenses -- Audit and payment. Any expense incurred in carrying out the provisions of the public depository law shall be audited by the supervising board and paid out of the current revenues of the depositing unit.

57-143. Inspection of treasurer's office. The supervising board or any person authorized by it in writing, may, during business hours, in the presence of the treasurer or his deputy or clerk, inspect and examine the books of account in the office of its treasurer and all contracts, writings, securities and other papers belonging to the depositing unit or pertaining to the business thereof, held by the treasurer, and may inspect and count the moneys belonging to the county and the several funds thereof in the custody of the treasurer; and it is hereby made the duty of the treasurer to furnish all reasonable facilities for the purpose.

57-144. Inspection of auditor's office. The supervising board or any person authorized by it in writing, may, during business hours, in the presence of the county auditor or his deputy, inspect and examine the contracts, writings, securities, bonds and other papers belonging to the depositing unit, or pertaining to the business thereof in the custody of the auditor, and it is hereby made the duty of the county auditor to furnish all reasonable facilities for the purpose.

57-145. Deposit of funds by county officers other than treasurer pending deposit with treasurer -- Manner of depositing -- Duties and liabilities of officer and receiving depositories. All public and other moneys and funds in the official custody of any county officer other than the county treasurer as such and as ex officio public administrator and ex officio tax collector, including checks, drafts and all other instruments for the payment of money acceptable for deposit in banks, may, pending the deposit thereof with the county treasurer or other officer or person entitled by law to receive the same, be deposited on general deposit with interest in any designated depository in such officer's county, provided that such account is insured by the federal government and that said funds
are readily accessible for distribution according to law. All interest accrued shall be paid into the county current expense fund, or if there be no designated depository in said county, then in any designated depository in the state of Idaho, to the credit of such officer in his official capacity and subject to payment on demand on the check of such officer or that of his successor in office in like capacity.

No designated depository accepting deposits hereunder shall have any duty or obligation whatever as to the disposition of such funds by the officer depositing the same, nor be liable in any respect for such officer’s misappropriation, misapplication or wrongful use or disposal thereof, nor for his failure to deposit the same with the county treasurer or other officer or person entitled to receive the same at the time and in the manner provided by law; but nothing herein shall be construed as in any wise relieving such officer of the duty of paying over such funds to the county treasurer or other officer or person entitled to receive the same at the time and in the manner fixed by law, nor of any other duty or liability with respect thereto, except that such officer shall not be liable either personally or on his official bond for the nonpayment by any designated depository of funds deposited with it pursuant to the provisions of this act.
57-601. Investment of sinking fund -- Purchase of outstanding bonds. The treasurer of the state of Idaho, the city council or city commissioner of every city, the board of trustees of every village, the board of county commissioners of every county, the board of commissioners of every highway district, the board of trustees of every school district, the board of commissioners of every drainage district, the board of directors of every irrigation district, the board of trustees of every library district, and the governing board of every taxing district within the state of Idaho, whenever there is in any sinking fund, now existing or hereafter created by authority of the laws of the state, an amount in excess of the requirements to pay bonds maturing within the current year, shall, so far as practicable, invest the same in time certificates of deposit of public depositories, interest-bearing general obligation bonds, tax anticipation notes or treasury certificates lawfully issued by the United States of America, the state of Idaho, or any city, county, highway district, or school district in the state of Idaho. The state or any city, village, county, highway district, school district, drainage district, irrigation district, library district, or any other taxing district in the state of Idaho may purchase for the sinking fund any bonds originally issued or assumed by it and keep the same alive in the sinking fund and resell the same, or any other investments of the sinking funds, when it may be deemed advisable to make more advantageous investments or to provide means for the redemption of maturing bonds; provided, that if any bonds so purchased are not necessary for the protection of any such sinking fund the governing board shall cause any such bonds together with the interest coupons thereon to be cancelled; provided, that whenever there is in any sinking fund of any irrigation district, now existing or hereafter created by authority of the laws of the state, an amount of funds in excess of the requirements to pay bonds maturing within the current year, such irrigation district may invest such excess moneys in any of the anticipation notes or warrants or other interest-bearing securities of such irrigation district; provided, further that any county hospital board may invest in short term interest-bearing bonds and other evidences of indebtedness of the United States, time certificates of deposit of public depositories or savings accounts insured by the federal deposit insurance corporation, to the extent of such insurance, whenever there are current expense funds in excess of requirements for the current year when it may be deemed advisable to put surplus current funds to work.

57-601A. Income from investment of sinking fund. Any income or profit that may be realized from the investment of the funds referred to in section 57-601, Idaho Code, shall, as the same are received, be deposited to the sinking fund from which such excess funds were invested, and in no event shall any of such said income or profits from said investment be deposited to the general fund or any operating fund of such investing entity. Any member of any taxing board or any disbursing officer described in section 57-601, Idaho Code, who fails, refuses, or neglects to return the interest or income from investments to the proper sinking fund shall be proceeded against in the manner prescribed by section 57-603, Idaho Code.
59-201. Officers not to be interested in contracts. Members of the legislature, state, county, city, district and precinct officers, must not be interested in any contract made by them in their official capacity, or by any body or board of which they are members.

59-201A. Remote interests. (1) A public officer shall not be deemed to be interested in a contract, within the meaning of section 59-201, Idaho Code, if he has only a remote interest in the contract and if the fact and extent of such interest is disclosed to the body of which he is an officer and noted in the official minutes or similar records prior to the formation of the contract, and thereafter the governing body authorizes, approves, or ratifies the contract in good faith by a vote of its membership sufficient for the purpose without counting the vote or votes of the officer having the remote interest. As used in this section, "remote interest" means:
   (a) That of a nonsalaried officer of a nonprofit corporation; or
   (b) That of an employee or agent of a contracting party where the compensation of such employee or agent consists entirely of fixed wages or salary; or
   (c) That of a landlord or tenant of a contracting party; or
   (d) That of a holder of less than one percent (1%) of the shares of a corporation or cooperative which is a contracting party.

(2) Although a public official's interest in a contract may be only remote, a public official shall not influence or attempt to influence any other officer of the board of which he is an officer to enter into the contract. Violation of the provisions of this subsection shall be a misdemeanor as provided in section 59-208, Idaho Code. Any contract created or entered into in violation of the provisions of this subsection shall be void.

59-202. Officers not to be interested in sales. State, county, district, precinct and city officers must not be purchasers at any sale nor vendors at any purchase made by them in their official capacity.

59-208. Violation. A violation of the provisions of this chapter is a misdemeanor and shall be punished by a fine not exceeding one thousand dollars ($1,000), or incarceration in the county jail for a period not exceeding one (1) year, or by both such fine and incarceration.

59-209. Noncompensated public official -- Exception. When a person is a public official by reason of his appointment or election to a governing board of a governmental entity for which the person receives no salary or fee as compensation for his service on said board, he shall not be prohibited from having an interest in any contract made or entered into by the board of which he is a member, if he strictly observes the procedure set out in section 18-1361A, Idaho Code.
59-401. Loyalty oath -- Form. Before any officer elected or appointed to fill any office created by the laws of the state of Idaho enters upon the duties of his office, he must take and subscribe an oath, to be known as the official oath, which is as follows:

"I do solemnly swear (or affirm, as the case may be) that I will support the Constitution of the United States, and the Constitution of the State of Idaho, and that I will faithfully discharge the duties of (insert office) according to the best of my ability."

59-402. Time of taking oath. Whenever a different time is not prescribed by law the oath of office must be taken, subscribed and filed within ten (10) days after the officer has notice of his election or appointment, or before the expiration of fifteen (15) days from the commencement of his term of office, when no such notice has been given.

59-403. Before whom oath taken. Except when otherwise provided, the oath may be taken before any officer authorized to administer oaths.

59-405. Where oath filed. Every oath of office, certified by the officer, before whom the same was taken, must be filed within the time required by law, except when otherwise specially directed, as follows:

1. The oath of all officers whose authority is not limited to any particular county, in the office of the secretary of state.

2. The oath of all officers elected or appointed for any county, district or precinct, in the offices of the recorder of their respective counties. The oath for school district trustees shall be filed in the manner prescribed by section 33-501, Idaho Code.
59-701. Short title. This act shall be known and may be cited as the "Ethics in Government Act of 1990."

59-702. Policy and purpose. It is hereby declared that the position of a public official at all levels of government is a public trust and it is in the public interest to:

(1) Protect the integrity of government throughout the state of Idaho while at the same time facilitating recruitment and retention of personnel needed within government;

(2) Assure independence, impartiality and honesty of public officials in governmental functions;

(3) Inform citizens of the existence of personal interests which may present a conflict of interest between an official's public trust and private concerns;

(4) Prevent public office from being used for personal gain contrary to the public interest;

(5) Prevent special interests from unduly influencing governmental action; and

(6) Assure that governmental functions and policies reflect, to the maximum extent possible, the public interest.

59-703. Definitions. For purposes of this chapter:

(1) "Administrative action" means any decision on, or proposal, consideration, enactment, defeat, or making of any rule, regulation, rate-making proceeding or policy action or nonaction by a governmental body or any other policy matter which is within the official jurisdiction of the governmental body.

(4) "Conflict of interest" means any official action or any decision or recommendation by a person acting in a capacity as a public official, the effect of which would be to the private pecuniary benefit of the person or a member of the person's household, or a business with which the person or a member of the person's household is associated, unless the pecuniary benefit arises out of the following:

   (a) An interest or membership in a particular business, industry, occupation or class required by law as a prerequisite to the holding by the person of the office or position;

   (b) Any action in the person's official capacity which would affect to the same degree a class consisting of an industry or occupation group in which the person, or a member of the person's household or business with which the person is associated, is a member or is engaged;

   (c) Any interest which the person has by virtue of his profession, trade or occupation where
his interest would be affected to the same degree as that of a substantial group or class of others similarly engaged in the profession, trade or occupation;

(d) As an employed public official meaning any person holding public office of a governmental entity by virtue of employment, or a person employed by a governmental entity on a consultive basis.

59-704. Required action in conflicts. A public official shall not take any official action or make a formal decision or formal recommendation concerning any matter where he has a conflict of interest and has failed to disclose such conflict as provided in this section. Disclosure of a conflict does not affect an elected public official's authority to be counted for purposes of determining a quorum and to debate and to vote on the matter, unless the public official requests to be excused from debate and voting at his or her discretion. In order to determine whether a conflict of interest exists relative to any matter within the scope of the official functions of a public official, a public official may seek legal advice from the attorney representing that governmental entity or from the attorney general or from independent counsel. If the legal advice is that no real or potential conflict
of interest exists, the public official may proceed and shall not be subject to the prohibitions of this chapter. If the legal advice is that a real or potential conflict may exist, the public official:

(1) If he is an elected legislative public official, he shall disclose the nature of the potential conflict of interest and/or be subject to the rules of the body of which he/she is a member and shall take all action required under such rules prior to acting on the matter. If a member requests to be excused from voting on an issue which involves a conflict or a potential conflict, and the body of which he is a member does not excuse him, such failure to excuse shall exempt that member from any civil or criminal liability related to that particular issue.

(2) If he is an elected state public official, he shall prepare a written statement describing the matter required to be acted upon and the nature of the potential conflict, and shall file such statement with the secretary of state prior to acting on the matter. A public official may seek legal advice from the attorney representing that agency or from the attorney general or from independent counsel. The elected public official may then act on the advice of the agency's attorney, the attorney general or independent counsel.

(3) If he is an appointed or employed state public official, he shall prepare a written statement describing the matter to be acted upon and the nature of the potential conflict, and shall deliver the statement to his appointing authority. The appointing authority may obtain an advisory opinion from the attorney general or from the attorney representing that agency. The public official may then act on the advice of the attorney general, the agency's attorney or independent counsel.

(4) If he is an elected public official of a county or municipality, he shall disclose the nature of a potential conflict of interest prior to acting on a matter and shall be subject to the rules of the body of which he/she is a member and take all action required by the rules prior to acting on the matter. If a member requests to be excused from voting on an issue which involves a conflict or a potential conflict, and the body of which he is a member does not excuse him, such failure to excuse shall exempt that member from any civil or criminal liability related to that particular issue. The public official may obtain an advisory opinion from the attorney general or the attorney for the county or municipality or from independent counsel. The public official may then act on the advice of the attorney general or attorney for the county or municipality or his independent counsel.

(5) If he is an appointed or employed public official of a county or municipality, he shall prepare a written statement describing the matter required to be acted upon and the nature of the potential conflict, and shall deliver the statement to his appointing authority. The appointing authority may obtain an advisory opinion from the attorney general or the attorney for the appointing authority, or, if none, the attorney general. The public official may then act on the advice of the attorney general or attorney for the county or municipality or his independent counsel.

(6) Nothing contained herein shall preclude the executive branch of state government or a political subdivision from establishing an ethics board or commission to perform the duties and responsibilities provided for in this chapter. Any ethics board or commission so established shall have specifically stated powers and duties including the power to:

(a) Issue advisory opinions upon the request of a public official within its jurisdiction;

(b) Investigate possible unethical conduct of public officials within its jurisdiction and conduct hearings, issue findings, and make recommendations for disciplinary action to a
public official's appointing authority;
(c) Accept complaints of unethical conduct from the public and take appropriate action.

59-704A. Noncompensated public official -- Exception. When a person is a public official by reason of his appointment or election to a governing board of a governmental entity for which the person receives no salary or fee as compensation for his service on said board, he shall not be prohibited from having an interest in any contract made or entered into by the board of which he is a member, if he strictly observes the procedure set out in section 18-1361A, Idaho Code.

59-705. Civil penalty. (1) Any public official who intentionally fails to disclose a conflict of interest as provided for in section 59-704, Idaho Code, shall be guilty of a civil offense, the penalty for which may be a fine not to exceed five hundred dollars ($500), provided that the provisions of this subsection shall not apply to any public official where the governmental entity on which said official serves has put into operation an ethics commission or board described in section 59-704(6), Idaho Code.

(2) The penalty prescribed in subsection (1) of this section does not limit the power of either house of the legislature to discipline its own members, nor limit the power of governmental entities, including occupational or professional licensing bodies, to discipline their members or personnel. A violation of the provisions of this chapter shall not preclude prosecution and conviction for any criminal violation that may have been committed.
59-1026. Splitting or separating purchases or work projects to evade competitive bidding -- Civil penalties. It is a violation of this section for any public officer or officers of the state, a political subdivision or a city in this state to split or separate purchases or work projects for the purpose of evading any laws of the state which require competitive bidding for such purchases or work projects when the amount of the anticipated purchase or work project exceeds a specific dollar amount. Any public officer or officers violating this section shall be liable for civil penalties not to exceed five hundred dollars ($500) for each offense.
60-106. Qualifications of newspapers printing legal notices. No legal notice, advertisement or publication of any kind required or provided by the laws of the state of Idaho, to be published in a newspaper, shall be published or have any force or effect, as such, unless the same be published in a newspaper of general interest published in the state of Idaho, and which newspaper if published weekly, has been continuously and uninterruptedly published in the county during a period of seventy-eight (78) consecutive weeks prior to the first publication of the notice, or advertisement, and, if published daily, has been so published as a daily newspaper in the county during a period of twelve (12) consecutive months prior to the first publication of the notice or advertisement; provided that, notwithstanding any other provision of Idaho laws, the term "newspaper of (or having) general circulation," wherever used in Idaho Code as a qualification of newspapers required to be used for the publication of notice, shall mean a "newspaper," as defined in this section, that is published within the boundaries of the governmental entity wherein the notice is required to be published and which newspaper has the largest paid circulation among all newspapers published in that governmental entity as verified by the sworn statement of average total paid or requested circulation for the preceding twelve (12) months that was filed on the annual statement of ownership, management and circulation with the U.S. postal service on the date immediately preceding the date of the required publication of notice; excepting that, where no newspaper is published within the governmental entity required to publish a notice, the term "newspaper of (or having) general circulation" shall mean the newspaper with the largest paid circulation published within any county in which the governmental entity is located, or the newspaper published nearest to the boundaries of the governmental entity; provided, that nothing in this chapter shall invalidate the publication of such notice or advertisement in any newspaper which has simply changed its name, frequency of publication, suspended publication because of an act of God, or public enemy, fire, strike, or other labor dispute, explosion, flood, government prohibition, government requisition of essential property, preferential government orders, breakdown, legal acts of public authorities or other acts beyond the control of the publisher for a period of not to exceed six (6) months, or changed the place of publication from one part of the county to another part thereof, without breaking the continuity of its regular issues for the required length of time: and, provided further, that this chapter shall not apply to counties in which no newspaper has been published for the required length of time: provided the term "Newspaper" as used in this section shall apply only to such newspapers of general interest made up of at least four (4) pages of at least five (5) columns each, printed from type matter or from "slugs" cast upon the linotype or intertype or similar "slug-casting" machine, or by the process known as "offset," or stereotyped forms of at least seventeen and three-fourths (17 3/4) inches depth; or, if smaller pages, then comprising an equivalent amount of type matter, and which shall have at least two hundred (200) bona fide subscribers living within the county in which the newspaper is published at regular intervals and, in no case, less frequently than once a week; provided that a newspaper produced by the process known as mimeographing or similar methods shall not be deemed a legal newspaper for publications of any kind. And provided further, that any
duly qualified newspaper, as hereinbefore defined, shall not forfeit its standing as such by reason of the fact that it has suspended publication for all or any part of the period during which the United States has been or shall be engaged in the prosecution of any war, or for one (1) year following the date of the proclamation of the President of the United States declaring that this nation is no longer at war, or the termination of a state of war shall be otherwise established. And if any such newspaper shall resume regular publication within one (1) year from the date when the termination of the state of war shall be so established, it shall then be as fully qualified to publish any legal notice, advertisement, or publication required to be published by the laws of the state of Idaho, as if such newspaper had not suspended regular publication during the above mentioned period of time.

No newspaper shall qualify under this section unless the same shall hold a valid second class mailing permit from the United States Post Office. Any violations of the previous requirements of this section concerning printing of newspapers other than in the governmental entity in which a notice or advertisement is required to be printed are hereby excused and any advertisement published in any such newspapers is hereby validated.

63-624. Tax levy determined in dollars -- Certification date. [EFFECTIVE UNTIL JANUARY 1, 1997] When the equalized or adjusted assessed valuations have been determined, in the manner set forth in section 63-623, Idaho Code, the council, trustees, board or other governing

The amount of money so determined shall be certified in dollars to the appropriate board of county commissioners. Any taxing unit, except regional airport authorities, located in more than one (1) county shall divide its dollar budget for certification to the separate counties by multiplying the amount of such budget by a fraction, the numerator of which shall be the total "full cash value" of all property in such taxing unit within the county to which such certification is to be made, and the denominator of which shall be the total "full cash value" of property in such taxing unit in all such counties. Budget certification to the participating counties of regional airport authorities shall be made in the manner prescribed by section 21-807(10), Idaho Code. Full cash value shall be certified by the county assessor of each affected county to such taxing unit and such certification shall be used in this formula. If the tax levy or budget for any fiscal year has not been completed, then the amount of revenue anticipation bonds or notes issued in anticipation of taxes, state funds, or other revenues to be levied for such fiscal year shall not exceed seventy-five per cent (75%) of the taxes levied or state funds or other revenues received by said taxing district in the previous fiscal year. In determining the amount of revenue anticipation bonds or notes which may be issued, the governing body shall declare in the resolution providing for the issuance of such bonds or notes the amount of taxes levied or state funds or other revenues anticipated for the current fiscal year and the amount of such taxes or state funds or other revenues anticipated not yet collected by said taxing district, or in the event that the tax levy or budget for the fiscal year has not been completed, the governing authority shall declare in the resolution providing for the issuance of such revenue anticipation bonds or notes the amount of taxes levied or state funds or other revenues received by said taxing district in the previous fiscal year. Such revenue anticipation bonds or notes shall be negotiable instruments, and the full faith, credit and resources of the taxing district shall be pledged for the payment of the same. Such bonds or notes shall be issued in such form and detail as shall be determined by the governing authority of the taxing district by resolution duly adopted.

63-3104. Creation of fund to pay bonds or notes at maturity -- Payment of bonds or notes. To provide for the payment of said revenue anticipation bonds or notes at maturity, there shall be created by the resolution providing for the issuance of said revenue anticipation bonds or notes a special fund to be known as the "Revenue Anticipation Bond or Note Redemption Fund." Whenever any revenue anticipation bonds or notes have been issued in anticipation of the collection of taxes, or of state appropriated funds or other revenues, all such moneys thereafter collected or received, the collection of which has been so anticipated, shall be placed in the "Revenue Anticipation Bond or Note Redemption Fund" until such time as the funds accumulated therein shall be sufficient to pay all such revenue anticipation bonds or notes outstanding, together with interest thereon at maturity, and the funds so accumulated in the "Revenue Anticipation Bond or Note Redemption Fund" are hereby appropriated and set apart for such purpose only, and shall be used for no other purpose; provided, however, that nothing in this section shall be construed to limit the payment of the principal of and interest on said revenue anticipation bonds or notes solely to the taxes or other funds or revenues, in anticipation of which said bonds or notes were issued, but such bonds or notes shall be the direct and general obligation of the taxing district.

63-3105. Tax levy to cover deficiency in bond or note payments. In the event that the taxes collected for any fiscal year prior to date on which final installment of such taxes becomes delinquent, or other anticipated funds or revenues, shall not be sufficient to pay the revenue anticipation bonds or notes issued in anticipation of the collection of taxes or other funds or revenues of such fiscal year, the taxing district shall, in providing for the levy of taxes for the succeeding fiscal year, include in such tax levy for the succeeding fiscal year the amount necessary to cover such deficiency in the collection of such taxes or other funds or revenues, such levy in the succeeding year to be in an amount which, together with the amount of taxes then in such "Revenue Anticipation Bond or Note Redemption Fund" shall be sufficient to provide for the payment of principal of and interest on the revenue anticipation bonds or notes issued in anticipation of such taxes, funds, or other revenues and payable out of such fund.

63-3106. Issuance and sale of refunding bonds or notes by taxing districts to pay for revenue anticipation bonds or notes. A taxing district shall have power to issue refunding bonds or notes, with like limitations upon interest and maturity, and shall issue refunding bonds or notes where such refunding bonds or notes shall be necessary to provide for the payment of any revenue anticipation bonds or notes at maturity, or to provide for the payment of any revenue anticipation notes or bonds heretofore issued by any taxing district where such revenue anticipation notes or bonds are outstanding and unpaid after their maturity date. Said refunding bonds or notes shall be authorized by resolution and shall be issued, sold and paid as herein provided for the issuance, sale and payment of revenue anticipation bonds or notes. At no time shall the total amount outstanding of such revenue anticipation bonds or notes and such refunding bonds or notes exceed seventy-five per cent (75%) of the amount of taxes levied or state funds or other revenues anticipated for the current fiscal year and not yet collected by said taxing district, or if such refunding bonds or notes are issued before the tax levy or budget for any fiscal year has been completed, then the total amount outstanding of such
revenue anticipation bonds or notes and such refunding bonds or notes shall not exceed seventy-five per cent (75%) of the amount of taxes levied or state funds or other revenues received by said taxing district in the previous fiscal year; provided that where refunding bonds or notes have been issued or the issuance thereof has been provided for by the adoption of a resolution for the purpose of refunding any revenue anticipation bonds or notes, the said revenue anticipation bonds or notes to be refunded by said refunding bonds or notes shall not be included in determining the total amount of revenue anticipation bonds and notes outstanding, but for that purpose shall be treated as having been refunded and retired by such refunding bonds or notes.

63-3107. Construction. This act shall be construed as full authority for the issuance of such revenue anticipation bonds or notes, and it shall not be necessary to comply with the requirements or provisions of any other statute relative to the issuance or sale of bonds or notes of any taxing district, in connection with the issuance of revenue anticipation bonds or notes issued under the authority of this act.

63-3108. Necessary actions authorized. In order to carry out the provisions of this act, all necessary actions are hereby authorized and directed.

(b) Five hundred thousand dollars ($500,000) per year is continuously appropriated and shall be distributed to the permanent building account, provided by section 57-1108, Idaho Code.

(c) Four million eight hundred thousand dollars ($4,800,000) per year is continuously appropriated and shall be distributed to the water pollution control account established by section 39-3605, Idaho Code.

(3) An amount required by the provisions of section 33-1002D, Idaho Code.

(e) Six per cent (6%) is hereby appropriated and shall be paid to the county treasurer of each county in amounts to be determined as follows:

The percentage so determined for each taxing district shall be applied each quarter to the above percentage of sales tax. The resulting sums shall be paid to the county treasurer of each county for distribution to each taxing district, except school districts, which received sales tax moneys in 1979. Whenever a taxing district is dissolved, the dissolved district's share of sales moneys shall be credited continuously to the county current expense fund.

(i) The county commissioners in each county shall take the tax charge, applicable to the first real and personal property rolls equalized by county commissioners sitting as a board of equalization, of each taxing district within the county, except school districts, and divide it by the total current tax charges applicable to those first real and personal property rolls of all taxing districts, except school districts, within said county and the resulting percentages shall be applied to the county's proportionate share of said sales tax account and the resulting amount shall be distributed to each taxing district in the county periodically but not less frequently than quarterly by the county auditor and applied by such taxing districts in the same manner and in the same proportions as revenues from ad valorem taxation.

(ii) The moneys set aside and appropriated to the county treasurer out of the sales tax account above may be considered by the counties and other taxing districts and budgeted against at the same time, in the same manner and in the same year as revenues from taxation on all classes of personal property which these moneys replace.

(3) All moneys distributed pursuant to subsection (e) shall be subject to the redistribution provisions of section 40-801, Idaho Code, where applicable.

(f) One dollar ($1.00) on each application for certificate of title to a motor vehicle, or initial application for registration processed by the county assessor or the Idaho transportation department excepting those applications in which any sales or use taxes due have been previously collected by a retailer, shall be a fee for the services of the assessor of the county or the Idaho transportation department in collecting such taxes, and shall be paid into the current expense fund of the county or state highway account established in section 40-702, Idaho Code.

(g) Seven and three-quarters per cent (7.75%) is continuously appropriated and shall be distributed to the revenue sharing account which is created in the state operating fund, and the moneys in the revenue sharing account will be paid by the tax commission as follows:

(1) One-half (1/2) shall be paid to the various cities as follows:

(i) Fifty per cent (50%) of such amount shall be paid to the various cities, and each city shall be entitled to an amount in the proportion that the population of that city bears to the population of all cities within the state; and
(ii) Fifty per cent (50%) of such amount shall be paid to the various cities, and each city shall be entitled to an amount in the proportion that the preceding year’s market value for assessment purposes for that city bears to the preceding year’s market value for assessment purposes for all cities within the state.

(2) One-half (1/2) shall be paid to the state’s general account or to the various counties as follows:

(i) One million three hundred twenty thousand dollars ($1,320,000) shall be distributed one forty-fourth (1/44) to each of the various counties; and

(ii) The balance of such amount shall be paid to the various counties, and each county shall be entitled to an amount in the proportion that the population of that county bears to the population of the state.

(h) Any moneys remaining over and above those necessary to meet and reserve for payments under other subsections of this section shall be distributed to the general account.

The legislative services office may require partial payments, during the course of the audit, for services rendered and expenses incurred. All charges shall be paid within thirty (30) days after billing is received.

All moneys received from the various dedicated fund agencies shall be added to the legislative services office's appropriation from the general fund and are hereby appropriated to the legislative services office, providing that the legislative services office's expenditures shall not exceed the amount appropriated by the legislature.

Audits under these requirements are to be performed by independent auditors in accordance with generally accepted governmental auditing standards, as defined by the United States general accounting office. The auditor shall be employed on written contract.

The entity's governing body shall be required to include in its annual budget all necessary expenses for carrying out the provisions of this section.

The entity shall file two (2) copies of each completed audit report with the legislative council within ten (10) days after receiving the audit from the contracting independent auditor.

privileges or authority; and the state or public agency of the state, may exercise such powers, privileges and authority jointly with the United States, any other state, or public agency of any of them, to the extent that the laws of the United States or sister state, grant similar powers, privileges or authority, to the United States and its public agencies, or to the sister state and its public agencies; and provided the laws of the United States or a sister state allow such exercise of joint power, privilege or authority. The state or any public agency thereof when acting jointly with another public agency of this state may exercise and enjoy the power, privilege and authority conferred by this act; but nothing in this act shall be construed to extend the jurisdiction, power, privilege or authority of the state or public agency thereof, beyond the power, privilege or authority said state or public agency might have if acting alone.

(b) Any state or public agency may enter into agreements with one another for joint or cooperative action which includes, but is not limited to, joint use, ownership and/or operation agreements pursuant to the provisions of this act. (5) The permissible method or methods to be employed in accomplishing the partial or complete termination of the agreement and for disposing of property upon such partial or complete termination.

(1) Provision for an administrator or a joint board responsible for administering the joint or cooperative undertaking. In the case of a joint board, public agencies party to the agreement shall be represented.
(2) The manner of acquiring, holding, and disposing of real and personal property used in the joint or cooperative undertaking.
(3) No agreement made pursuant to this act shall relieve any public agency of any obligation or responsibility imposed upon it by law except that to the extent of actual and timely performance thereof by a joint board or other legal or administrative entity created by an agreement made hereunder, said performances may be offered in satisfaction of the obligation or responsibility.

Such opinion shall be rendered within thirty (30) days from the date of request by the secretary of state and submitted to the secretary and interested parties. Failure to render such opinion within such time shall be considered as approval by the attorney general. Upon receiving an opinion that the agreement is constitutional the secretary shall notify the agreeing parties and the agreement shall be in full force and effect from the date of such notice, provided, that such agreement shall not be enforced by the courts of this state unless the state of Idaho or public agency thereof is provided due process for enforcement in the courts of the United States or a sister state. In the event of action on any such agreement, any state or public agency joined in such action not a real party in interest, may seek damages incurred by it because of such joinder against any proper party to the action.

(4) For the purpose of this section, "taxable value" shall mean the portion of the equalized assessed value, less any exemptions and the value that exceeds the value of the base assessment roll for the portion of any taxing district within a revenue allocation area of an urban renewal district, located within each taxing district which certifies a budget to be raised from a property tax levy. For each taxing district, taxable value shall include the value from the property and operating property rolls for the current year and subsequent and missed property rolls for the prior year or the best estimate of the subsequent and missed property rolls for the current year.

63-804. Filing copy of budget. [EFFECTIVE JANUARY 1, 1997] The council, trustees, board or other governing body of any taxing district shall at the time of certifying the total amount required from a property tax upon property within the district to raise the amount of money fixed by their budget as previously prepared or approved and as provided for in section 63-803, Idaho Code, file with the appropriate county commissioners a certified copy of their budget as previously prepared, approved and adopted.
63-807. Levy by new taxing units -- Duties of auditor. [EFFECTIVE JANUARY 1, 1997] Except as otherwise provided by law, no taxing district formed or organized after the first day of January, in any year, shall be authorized to make a levy for that calendar year, nor shall the auditor of any county in which the taxing district may be situated be required to extend any levy on behalf of the taxing district upon the county rolls extended by him for the year. No existing taxing district which shall annex any territory after the first day of January of the current year, shall be authorized to levy a property tax for the year upon the property situated in the annexed territory and the property shall in all respects be taxed as if the annexation had not taken place. However, should any existing school district or school districts divide, consolidate or reorganize after the assessment date in any year, the board of trustees of the divided, consolidated or reorganized school district shall have the power to levy property taxes and certify the levy for the year in the same manner and according to the same boundaries which the separate school districts involved in the division, consolidation or reorganization could have levied property taxes had the division, consolidation or reorganization not taken place.

63-810. Erroneous Levy -- Corrective action. [EFFECTIVE JANUARY 1, 1997] (1) Whenever the county commissioners have discovered that a levy has been made by unintentional clerical, mathematical or electronic error, in any levy certified by such board, the county commissioners on its own motion may:

(a) If discovered prior to the fourth Monday of November of the year for which the levy is certified, order all necessary corrections made in all property tax records, if the corrected levy is otherwise within statutory limits.

(b) If discovered after the fourth Monday of November of the year for which the levy is certified, but before January 30 of the succeeding year, order all necessary corrections made in all property tax records, if the corrected levy is otherwise within statutory limits. The corrected levy shall be applied to the taxable value within each taxing district and the property taxes so applied shall be a perpetual lien on the property, and such property tax levy and tax charge shall supersede all previous incorrect levies and charges made for that year, except that the property tax computed using the corrected levy shall allow a credit for the amount of property taxes previously paid. If additional property tax is owed due to the corrected levy, the county tax collector shall, prior to the fourth Monday in May, mail to the last record owner of any property affected by such erroneous levy a notice of tax correction. The deadline for paying such property tax shall be no later than June 20 of that year. Late charges and interest will be added if full property tax is not paid by June 20 and interest will be calculated from January 1 as provided in section 63-1001, Idaho Code.

(c) The levy correction shall be considered at a hearing held by the county commissioners at which time any taxpayer may appear and be heard upon the issue. Notice of the date, time, place and purpose of such hearing shall be published in a newspaper published in the county, or if there is none, then in a newspaper of general circulation in the county. The notice shall be run once each week for the two (2) weeks preceding the hearing. The hearing shall be held not less than seven (7) days after the first notice is published.
(2) The county commissioners shall submit the corrected levy and a copy of the order to the state tax commission. The state tax commission shall review the corrected levy and take action as required in section 63-809, Idaho Code.

(3) For the purposes of sections 63-701 through 63-710, Idaho Code, and for the purposes of the distributions required in section 63-3638, Idaho Code, the state tax commission, county auditor, and the county commissioners shall use the corrected values and numbers allowed in this section to recompute and correct such distributions by adjusting future distributions to account for any difference. For the purposes of chapters 8 and 10, title 33, Idaho Code, the state department of education shall use the corrected values and numbers allowed in this section.
63-1309. Special taxing district or bond proposal defeated in election bars subsequent elections for specified time -- Exception -- Board of education may conduct election -- Municipalities, water or sewer districts may conduct bond election. [EFFECTIVE JANUARY 1, 1997] If any election has been held for the formation of any special taxing district, or for the approval of any bond issue or other proposal which would have resulted in a property tax levy, and the proposal submitted at such election was defeated, no subsequent election shall be held within six (6) months from and after the date of such prior election for the same or a similar purpose in any district which includes any part of the area which was affected by the prior election. In the event any school building is destroyed or rendered unusable for school purposes by reason of fire, flood or other catastrophe, and a school bond election for the purpose of the replacement of such building is prohibited by the provisions of this section, the state board of education shall have the power to authorize an election for such purpose by order based upon a finding of such facts. The provisions of this section shall not apply to school elections held solely for determining property tax levies for general school purposes not involving the issuance of bonds. This time requirement between elections shall not apply to municipalities or water and/or sewer districts when bond issues are being proposed for the installation or improvement of water supply systems or public sewerage systems which have been deemed necessary by the Idaho state board of health to bring such system or systems in conformance with state statutes or rules of the state board of health.

63-1311. Fees for services. [EFFECTIVE JANUARY 1, 1997] Notwithstanding any other provision of law, the governing board of any taxing district may impose and cause to be collected fees for those services provided by that district which would otherwise be funded by property tax revenues. The fees collected pursuant to this section shall be reasonably related to, but shall not exceed, the actual cost of the service being rendered.

63-1313. Limitation on property taxes -- Value of real and personal property -- Special tax levies. [EFFECTIVE JANUARY 1, 1997]
(1) (a) Except as provided in section 63-802, Idaho Code, during any one (1) tax year, the maximum amount of all property taxes from all sources on any property subject to appraisal, assessment, and property taxation within the state of Idaho shall not exceed one percent (1%) of the market value for assessment purposes of such property, including the current market values of all residential improvements, notwithstanding any exemption of a portion of such values from property taxation.
(b) The limitation provided for in paragraph (a) of this subsection shall not apply to property taxes or special assessments to pay the principal of and the interest and redemption charges on any indebtedness incurred prior to the time this section becomes effective, nor shall the limitation provided for in paragraph (a) of this subsection apply to property taxes to pay the principal of and the interest and redemption charges on any indebtedness incurred on or after
November 7, 1978, as prescribed by the constitution of the state of Idaho, nor shall the limitation provided for in paragraph (a) of this subsection apply to special assessments levied on or after November 7, 1978, as provided by law.

(2) The market value for assessment purposes of real and personal property subject to appraisal by the county assessor shall be determined by the county assessor according to the rules prescribed by the state tax commission, as provided in section 63-208, Idaho Code, but where real property is concerned it shall be the actual and functional use of the real property. All taxable property shall be annually appraised or indexed to reflect that valuation.
