RESPONSIBILITY FOR CONDUCT AND DISCIPLINE

INTRODUCTION

Students
The students at the Arkansas School for the Deaf enjoy many benefits of our state including a free and appropriate education. Along with the benefits come responsibility and the students at the Arkansas School for the Deaf are expected to take advantage of the education given to them. It is our belief that it is the student who must want to learn. This means we will hold each and every student accountable for his/her behavior. Also, at the Arkansas School for the Deaf, we try very hard to give each student a safe environment for learning. Each student is expected to respect the rights of their classmates and the staff to a safe place and to be free of worry from fear.

Because of several state and federal laws, we will not be able to tolerate certain misbehavior but will have to report these to the local police department or other law enforcement agencies. In addition, the school rules are written to help the students learn appropriate social behavior that will make that student more successful on the job. This handbook explains what the rules and what some of the possible consequences (punishments) are. In some cases, the rules are the same as the state and federal laws and the courts will decide what the consequences are in addition to school punishment.

If the student respect each other and follow the rules of the school, then all will be able to get a quality education; an education that will prepare the student for the job he or she wants.

Parents or Guardians
Parents/Guardians should carefully read the pages of this handbook and assume a leading role advising their children of appropriate behavior at school. Parents/Guardians should stress the importance of a good education and the proper social conduct necessary to achieve it. Without the support of the students' parents/guardians, this attempt to promote good citizenship and success in life may not succeed and the student will be the one to suffer the consequences.

Teachers, Dormitory Staff and Counselors
Each A.S. D. staff member is responsible for the conduct of all students. Any discipline problem which a staff member feels inadequate to handle, or has observed being inappropriately handled, should be referred to an administrator immediately.

Felony violations of Arkansas law and some serious misdemeanor violations are best handled through law enforcement agencies who consult with the Prosecutor's Office. This ensures that the student-violator is correctly referred to either the juvenile justice system or the adult criminal justice system for correction, treatment, or punishment for the student's behavior. It is an administrative responsibility to enact these procedures.

Therefore, staff shall report all student conduct code violations to the school administrator using the A.S. D. infraction form. The administrator shall address the violation in accordance with this handbook and refer victims to proper authorities. Victims of crime will be advised about pursuing criminal charges if they are referred to the proper authorities.
ASSER TIVE DISCIPLINE

Assertive Discipline is followed in the classrooms at the Arkansas School for the Deaf. This is used to cover minor infractions that occur in the classrooms, but repeated classroom infractions may lead to infractions and consequences as list in this book. See your principal for a copy of the assertive discipline for your building.

VIOLENCE PREVENTION AND CONTROL PLAN

Students have a right to a free, appropriate, and public education; and a safe learning enviroment, at the same time, the students are responsible for following Arkansas laws, the rules and regulation of A.S.D., and the reasonable instructions of school staff. The rules that students are to follow at school, on the way to school, in school-provided transportation, at bus stops and at school-sponsored events are found in this student conduct handbook. The rules of conduct are broken down into three major categories: LEVEL I, LEVEL II, and LEVEL III.

TEACHER/STAFF NOTE: Teachers and staff shall report all violations of this conduct code to school administrators using the school’s infraction report form. In cases of severe or out of control behavior by the student, the school administrator shall be notified immediately.

LEVEL I - When a Level I rule is violated, the school administrator will be notified by teachers or staff. After receiving a recommendation from the staff member for inappropriate consequence, the school administrator will then decide the type of disciplinary action taken by the school to be used as a positive means of correcting unacceptable behavior. Level I violations will be dealt with by school staff, students, and parents.

LEVEL II - When a Level II rule is violated, the school administrator will be notified by teachers or staff. After receiving a recommendation from the staff member for appropriate consequence, the school administrator will then decide the type of disciplinary action taken by the school to be used as a positive means of correcting unacceptable behavior the school administrator will be notified by teachers or staff. In Level II, the school administrator will also need to decide whether or not to handle the matter internally or to report the conduct code violation to the law enforcement agency (police, juvenile authorities, or prosecutor’s office) as described in this handbook.

LEVEL III - When a Level III rule is violated, the school administrator will be notified by teachers or staff. After receiving a recommendation from the staff member for appropriate consequence, the school administrator will then decide the type of disciplinary action taken by the school to be used as a positive means of correcting unacceptable behavior. Violation of Level III requires the school administrator to report that violation to the appropriate
authorities (police, juvenile authorities, or prosecutor’s office or other appropriate legal authorities). Violation of a Level III rule may also result in long-term suspension or expulsion recommendations for that student in accordance with IDEA regulations and state rules and regulations.

The consistent application of this conduct code by teacher, staff, and administrators should result in fairness for all students (offenders and victims alike) and help our school to better achieve our ultimate goal - educating the students in a safe learning environment.

ATTENDANCE POLICY

The attendance policy for the Arkansas School for the Deaf is outlined below. The proper method of documenting absences is as follows:

1. Illness (Dated and signed note from parent for 3 days or less. Dated and signed doctor’s statement for more than 3 days. If students abuses this policy, they may be asked to provide a doctor’s statement for each absence.)
2. Court Appearance (Dated and signed court appearance statement.)
3. Death in Family (Dated and signed obituary for a funeral or statement from funeral home.)
4. Family Emergency (Dated and signed note from parent/guardian.)
5. Religious Holiday (Dated and signed note from religious leader.)
6. School Sponsored Activities (List from teacher)

The Arkansas School for the Deaf supports the fact that regular and punctual attendance is mandatory because each class is designed as the background for definite sequential skills development that forms the foundation for future learning. The school believes it is necessary to require students to be in regular attendance for instructional purposes during the school year.

1. A child between the ages of five (5) and seventeen (17), both inclusive, who has not been officially excluded from school must be in attendance at school. (Act 598 of 1989, amended in 1991)

2. It is the responsibility of the parent to see that the student is in attendance. The parent is to notify the school by telephone or note handed to the bus supervisors on Sunday pick-up when the student is absent. The school will make a reasonable effort to notify the parent when a day student is absent from school.

3. Students shall be punctual on reporting to school and classes. A student is tardy when he/she fails to be in the classroom or other assigned location by the time the class bell stops ringing.

Secondary Attendance Policy

A. The purpose of this attendance policy is to place primary responsibility for attendance upon the student and parent. Our attendance policy allows twelve (12) days per semester to be used for personal illness, serious personal or family emergencies and professional appointments that cannot be scheduled during the many days in which school is not in session. This attendance policy comes from Arkansas Law, code 6-18-222, amended in 1991.

B. The school will make an effort each day to call day students who are absent. Parents are encouraged to call the school when their child is absent. Parents will be notified by letter on
the fifth (5) absence (excused and/or unexcused) from any class. Letters will be sent for the first class in which a student misses five (5) classes, again at eight (8); a certified letter will be sent the eleventh (11) day.

C. Students having an illness or extenuating circumstances which would cause them to be absent in excess of twelve (12) days are to make these causes known to the principal through a written excuse from a doctor or a parent within one week following the absence. For just cause, an extension of the twelve (12) days absentee policy may be granted. This decision may be appealed by following the student grievance policy. (Policy given students on Registration Day, posted on student information board and in each classroom.)

D. A student who accrues twelve (12) absences (excused and/or unexcused) in a course during a semester shall not receive credit for that course. Exceptions may be granted by the principal after consultation with teachers, counselors and others who have knowledge of the circumstances.

E. It is extremely important that student understand that the absences built into the attendance policy are not to be considered as approved “skip” days but rather should be used as indicated by this policy (above).

F. School trips or functions will not be considered absences.

G. Truancy, an absence from school without parent permission, will be considered an unexcused absence.

H. As stated in Section I, Arkansas Code 6-18-222, the Arkansas School for the Deaf will notify the prosecuting Authority whenever a student exceeds the specified number (12) of absences (excused and/or unexcused).

I. The Arkansas School for the Deaf will follow Arkansas Code 6-18-22, b-1. We will notify the Department of Finance and Administration on any fourteen year-old or older student who exceeds the specified number of absences.

MAKE-UP WORK POLICY

When a student returns to school after being absent, he/she is to bring the proper documentation with an explanation of the reason for the absence, the date of the absence. Any period missed because of a check-out, regardless of the reason, should be documented as any other absence. This documentation is to be given to the principal. At the time, an excused absence form will be given to the student. This form will be shown to each teacher to be allowed to make arrangements for makeup work. No make-up work shall be allowed if an absence is unexcused or if the student does not have an excused absence form.
Except in the case of illness or other excusable reason, students are expected to attend school every day in which school is in session. The school does not recognize "SKIP DAYS" or other similar days when students willfully miss school. Such absences shall be unexcused and no make-up work shall be allowed.

Work that was due on the first day missed should be turned in to the teacher the day of the student's return. Work that was assigned while the student was absent will have make-up arrangements made on the day of the student's return. The student is to receive full credit for all correct work turned in to the teacher per the make-up arrangements. The student is responsible for asking the teacher what work he/she missed while absent and for filling out the "Absentee Make-up Work" form.

SEMESTER TEST EXEMPTION PROGRAM (STEP)

Students learn best when excellence is expected of them and when they are encouraged to achieve. They need incentives to learn. STEP begins with the premise that, in order to improve achievement, students must be in regular attendance at school. The overall environment created in the school is an important part of achieving these outcomes.

The incentive program will have three components: to motivate students to achieve their highest capabilities in the areas of academics, attendance and behavior. The Semester Test Exemption Program is the first phase in this process. Increased daily attendance will provide more contact time with teachers and allow other phases of the process to develop.
The goals of the Semester Test Exemption Program are:
1. Encourage students to attain an outstanding attendance record.
2. Emphasize attendance and increase achievement through more instructional time with students.
3. Guide students in the use of constructive leisure activities.
4. Teach appropriate personal/social behavior.

Exemptions from semester tests are based on the following criteria: 90 to 100% average and no more than 5 absences in a semester. 80 to 89% average and no more than 3 absences in a semester. (Percentage grades are computed by adding both nine weeks percentages and dividing by two). No more than 2 behavior reports on file for the student.

1. The student must have pre-approval from the teacher.
2. Students suspended from school, during the semester, are not eligible for STEP.
3. The reason for the student's absence(s) from school is not taken into account. Documentation will not count toward exemption from semester tests.
4. Absences due to school sanctioned field trips will not count against a student.
5. Exemption is not allowed for District generated criterion reference exit tests that are considered semester examinations. Teachers are encouraged to give these tests at another date other than the date of the semester exemption program.
6. Students are encouraged to take the semester test if it will improve their grade.
7. Students may choose to take semester test(s) for which they qualify to be exempt.
8. Students working below expected achievement level should be referred to the counselor for academic counseling.
9. Students who are exempt from tests must report to the area designated for test exempt students. Any student not in the designated area will lose their exempt status and will be required to take tests.

Activities that may be offered during the testing time for those students who are exempt are:

1. Athletic activities: Basketball, softball, swimming, etc.
2. Student lounge
3. Movies
4. Television
5. Group study area
6. Table games
7. Refreshments
Students, that come to school but are exempt from semester test(s), are required to remain on campus at all times. They report to a supervised study area or to a supervised activity area. Refreshments will be served in the student lounge and the concession stand area.

REQUEST FOR CONFERENCE

A teacher will send a written slip home with the student requesting a phone conference with the parent of a student who is having discipline problems in class. If the phone call is not received by the teacher in 24 hours, it will be noted in his/her file.

SCHOOL INTERIM AND PROGRESS REPORTS

Parents are regularly informed of their student’s progress in class by the following procedures.
1. Interim reports are sent home during the fifth week of each grading period. These reports are to be signed and returned in one week.
2. Regular progress reports, "report cards", are sent home with students at the end of each nine weeks.
3. Other reports may be obtained by a parent at any time.
4. Individual Dorm Plans (IDP’s) are developed at the beginning of each school year. These include short and long term goals developed for the student.
5. Dorm grades are sent home at the end of each nine weeks.

CHECK-IN POLICY

Students arriving at school after the tardy bell rings first period must receive an admit slip from the office before attempting to go to class. Such students are marked tardy. Students over fifteen minutes late to school or any class are marked absent and must check in with the office to receive an admit slip before attempting to enter class. Students must sign in on the check-in book before going to class. Any student who checks into school between 8:30 and 8:45 A.M. is to properly sign in on the book in the office and will be given one day of D-Hall for the tardy unless the student is accompanied by a parent. Any student who checks into school after 8:45 AM, without a parent, is to properly sign in on the book in the office and call a parent or guardian to tell them of their late arrival. These students will receive an absence for the appropriate class and will be assigned one day of D-Hall.
CHECK-OUT POLICY

The Arkansas School for the Deaf does not have an open campus. Students who need to be checked out for doctor's appointments, court appearances or other personal business must make prior arrangements. A parent must call with a check-out for them or come to school to personally check the student out. Students failing to sign out on the book will be disciplined.

VISITORS POLICY

The Arkansas School for the Deaf welcomes parents and interested patrons to our campus, whether it is to transact business or just to see our facilities. All visitors must sign in with the front office and receive a visitor's pass. Visitors must also check in the office of the departments they visit.

LOCKER

Lockers are for storing books and notebooks. Valuable items or money should never be left in lockers. Keeping your locker locked, the combination secret, and not sharing your locker is the best way to avoid missing contents. Use only your assigned locker. Students should inform the office of the combination to their lock. Middle school student are not permitted to have locks on their lockers. All locks and materials should be removed from the lockers prior to the last day of school.

OFF CAMPUS EVENTS

Students at school sponsored off campus events are governed by school rules and regulations and are subject to the authority of school personnel at all times.

Students failing to obey the rules and regulations and/or failing to obey reasonable instructions of school district personnel will be ineligible to attend such events. Such infractions could also result in disciplinary action under the regular school program.

HALL PASSES

Students who have received permission from their teachers to leave class for any reason must have a signed, timed and dated hall pass from that teacher. Students should make the pass visible. Both teachers and students should see that the hall pass policy is carried out successfully. Students should not be allowed out of class unless it is an emergency, or the student is called to the office or to the counselor's office. Any student in the hall without a pass may subject to disciplinary action.
OFFICE RULES FOR STUDENTS

1. No student shall enter the office at any time unless they have business in the office.
2. A pass is required to enter the office during class.
3. The phone can be used by students only with permission from office personnel. A medical or other emergency are legitimate reasons to use the phone.
4. The secretary does not make change for students.
5. The area behind the desks in the office is off-limits to students.
6. Students in the office area are to remain quiet and respectful at all times.

HONOR ROLL

There are two honor rolls:
1. "A" Honor Roll lists those students who have received all A's in academic credit courses.
2. "B" Honor Roll lists those students who have received A's and B's in academic credit courses.

SEARCH AND SEIZURE POLICY

School property is loaned to the students for their use and, as such, is a privilege and not a right. School officials reserve the right to, and will periodically, inspect school property, including lockers, desks and dorms. School officials also reserve the right to search an individual if the search is reasonable and necessary to maintain order or safety.

TEXTBOOKS

Teachers issue textbooks by name and book number. Students are charged for lost, stolen or damaged textbooks. Textbooks are used for five to eight years. If a student loses a book, or has one stolen, the book must be paid for before the teacher can issue another book. A student must return books to the assigning teacher when they drop the class or at the end of the year. The school policy states that the student must sign at the end of the year, acknowledging that they have damaged or lost a book.

TELEPHONES

The telephone in the office is to be used by the students for medical emergencies only. The student is to notify the adult office personnel regarding the illness, and the office personnel will call the appropriate parent or guardians.

The telephones in the dorms are to be used only when given permission by a dorm supervisor. Calls are limited to 15 minutes and all long distance must be made collect. Students are free to use the pay phones at any time.
COUNSELING

The school counselor WILL NOT TELL information that the student talks about to the counselor, except for life and death. If the student talks about hurting themselves, hurting another person or if someone is hurting the student, the counselor might have to tell someone so the student would get helped not hurt.

What Is The School Counselor's Job?

1. The school counselor talks with individuals about their feelings, problems, and behavior.
2. The counselor teaches students in a group about different kinds of feelings and behaviors and ways to make decisions about problems.
3. The school counselor talks with students about their future after they graduate. Students can learn about different colleges and jobs they might like.

How Can a Student Talk With The Counselor?

1. The student themselves can ask to see the counselor.
2. A teacher, principal, parent or dorm supervisor can ask the counselor to talk with a student.

When Can a Student See the Counselor?

To see the counselor, a student or building supervisor must first call the counselor's office to set up an appointment.

HEALTH SERVICES

What is the school nurse's job?

1. The nurses take care of the students when they are sick or hurt.
2. The nurses give the students medication.
   Note: NO STUDENT CAN KEEP MEDICATION IN THE DORMITORY. All medicine brought from home must be given to the nurses.

How can the students see the nurse?

There are two types of suspensions:

1. In-house suspensions in the Individual Student Studies (ISS) allow students to continue their studies in a special teacher-facilitated class room; thus, grades are not penalized.

2. Out-of-school suspensions prohibit students from being ON OR NEAR ANY SCHOOL CAMPUS; MAKE-UP WORK IS PROHIBITED FOR THE SECOND SUSPENSION AND ALL OTHERS THAT FOLLOW.

INDIVIDUALS WITH DISABILITIES EDUCATION ACT (IDEA)

The Arkansas School for the Deaf fully complies to the Individuals with Disabilities Education Act (IDEA). Individuals with Disabilities Education Act gives students with disabilities special due process rights in regards to long-term suspension or expulsion from school.

WHO IS AFFECTED AND WHAT ARE THE RULES?

Students who are in the formal referral process prior to disciplinary infraction are subject to the due process rights and procedures as defined by IDEA. Subsequently, only students who have been formally identified as students with IDEA-defined disabilities are subject to the due process provisions. All A.S.D. students shall have current IEP’s in their files.

1. **Rule for Suspension of Ten (10) Days or Less.**
   Due process notice is not required for suspensions of ten (10) days or less during the school year for IDEA students. Suspensions of ten (10) days or less is not considered a change in placement. Students with disabilities may be suspended from school for ten (10) days or less per offense. Suspensions of ten (10) days or less do not require that a determination be made regarding the relationship between the misconduct and the disability or placement. No educational services are required for short-term suspensions.

   However, if a student shows a pattern of behavioral problems that require repeated suspensions, it is advisable to conduct an IEP conference to review the student's program. The determination of the need for a behavioral management plan or other modifications should be considered to address current and prevent future misconduct.

2. **Rule for Exceeding Ten (10) Days of Suspension or Expulsion.**
   Students may not be suspended for more than ten (10) days consecutively or excluded from school as a disciplinary action if the misconduct is a manifestation of the disability or due to an inappropriate placement. Such suspensions or exclusion constitutes a change in placement which invokes all due process and procedural safeguards regarding educational programming or placement changes.

   If the behavior is not related to the disability or inappropriate placement, the student may be suspended or excluded from school for more than ten (10) days consecutive days, but educational services must be provided.

3. **Rule for 45-Day Suspension for Weapons.**
   The Gun-free Schools Act and Arkansas Laws allow IDEA students who bring weapons to school to be placed in an interim alternative educational placement for up to 45 calendar days. This interim placement must be decided by the IEP team in compliance with the due process requirements. An interim placement cannot be made until the IEP team has met and determined that the placement is appropriate for the student. In the time between the incident and the IEP
team meeting, the school has the option of removing the student from school, placing the student in-house suspension or suspending up to ten (10) school days.

Compliance with the Gun-Free School Act for students with disabilities under IDEA will be determined on a case-to-case basis.

Free and appropriate education must be provided to IDEA students during the interim 45-day placement.
