Correctional Institutions; Elementary Secondary Education;
Enrollment; Higher Education; Nontraditional Education;
Private Schools; Public Schools; *School Districts; *Special
Schools; *State Departments of Education
IDENTIFIERS *Bureau of Indian Affairs Schools; *South Dakota

ABSTRACT

This directory of the South Dakota Department of Education and Cultural Affairs was current as of April 5, 1999. The first section lists personnel and contact information for boards and councils affiliated with the Department, divisions and offices of the Department, and education organizations in South Dakota. The chairpersons of education departments at South Dakota colleges and universities are also listed. Most of this document consists of a directory of schools, organized in the following categories: public school districts, non-public schools, tribal and Bureau of Indian Affairs schools, cooperatives and multidistrict centers, youth correctional facilities, special education schools, community-based service providers, state schools for special populations, and alternative programs. Each category is arranged alphabetically by school district or administrative agency and includes school enrollments, grade spans, and locations and contact information for key administrators. The final section of the directory lists NCA accredited schools, with their grade spans; South Dakota special education directors; and Title I directors. The directory is printed on colored paper, coded to represent each category. (CDS)
