As a member of the Palomar Community College District Governing Board, I will perform my duties in accordance with my oath of office. I am committed to serving the educational needs of the citizens of the District. My primary responsibility is to provide learning opportunities to each student regardless of race, sex, color, age, religion, ancestry, creed, national origin, political belief, marital status, sexual orientation, medical condition, physical disability, or Vietnam-era veteran status.

It is my further responsibility to:

1. Devote time, thought, and study to my duties as a Palomar College Board member so that I may render effective and creditable service.

2. Work with my fellow Board members in a spirit of harmony and cooperation in spite of differences of opinion that may arise during vigorous debates of points at issue.

3. Base my personal decisions upon all available facts in each situation, vote my honest conviction in every case unswayed by partisan bias, and abide by and uphold the final majority decision of the Board.

4. Remember at all times that as an individual I have no legal authority outside the meetings of the Board and conduct my relationships with College staff, students, the local citizenry, and the media on that basis.

5. Be aware that I am responsible to all citizens of the District and not solely to those who elected me. The authority delegated to me by the voters must be exercised with as much care and concern for the least influential as for the most influential member of the community.

6. Resist every temptation and outside pressure to use my position as a community college board member to benefit either myself or any other individual or agency apart from the total welfare of the Palomar Community College District.

7. Recognize that it is as important for the Board to understand and evaluate the educational program of Palomar College as it is to plan for the business of College operation.

8. Bear in mind under all circumstances that the Board is legally responsible for the effective operation of the District. Its primary function is to establish the policies by which the Palomar Community College District is to be administered. The Board shall hold the Superintendent/President and his/her staff responsible for the administration of the educational program and the conduct of College business.

9. Welcome and encourage the active involvement of students, employees, and citizens of the District with respect to establishing policy on current College operation and proposed future developments and consider their views in my deliberations and decisions as a Board member.

10. Recognize that deliberations of the Board in closed session are not mine to release or discuss in public without the approval of the Board by majority vote.

11. Avail myself of opportunities to enhance my potential as a Board member through participation in educational conferences, workshops, and training sessions offered by local, state, and national organizations.

12. Be informed about the actions and positions of state and national community college trustees' associations.

13. Strive to provide the most effective community college board service of which I am capable, in a spirit of teamwork and devotion to public education as the greatest instrument for the preservation and perpetuation of our representative democracy.

INTRODUCTION
This governance structure benefits from the substantial efforts groups and individuals have devoted to its design. It is not a static plan; rather, it is expected that fine tuning over time will enhance collegial governance at Palomar College. This plan attempts to: 1) provide appropriate representation for each constituent group, 2) delineate committee responsibilities and reporting relationships, 3) establish the appropriate number and size of committees, 4) ensure that operational matters are handled appropriately, 5) establish a framework for short-term and long-range strategic planning processes with goals and objectives for the future and plans for achieving them. This plan does not address or interfere with department/division organization or managerial structure.

PURPOSE OF GOVERNANCE STRUCTURE
It is in the spirit of collegiality, cooperation, and collective effort that the responsibility of governance is undertaken at Palomar College. The purpose of the Palomar College governance structure is to share the responsibilities of governance and to involve staff and students appropriately in the planning and operation of the College. Committees exist to formalize collegiality, facilitate communication, develop effective plans and processes, and provide input to guide the College toward its goals.

GOVERNANCE STRUCTURE
The Governance structure described herein is organized on two levels, Planning and Operational. This two-tiered governance plan reflects the need for both long range planning and immediate decision making.

Planning committees typically address issues which affect the entire campus and have long-term implications. These committees are not to be encumbered by day-to-day operational issues. The responsibility of these committees is to develop strategies, concepts, and policies which reflect the purpose of the College and chart its course for the future.

Four planning committees will operate under the direction of the Educational Master Planning Committee: Instructional Planning, Staff Planning, Student Services Planning, and Facilities Planning.

Operational committees are those charged with developing policy and procedure affecting the routine operation of the college. These committees exist as a result of law or Governing Board policy or as deemed functionally appropriate by the administration. Tasks assigned to operational committees are relatively narrow in scope but are guided by goals established at the Planning level of the governance structure.

COMMITTEE MEETINGS
All campus committees and working groups will seek to make the most effective use of the campus Intranet and other communication media as tools of open communication and discussion.

OPEN ACCESS
Agendas, minutes, reports, and other work products of all governance committees and other groups involved in governance should be posted on the Palomar Intranet and made readily accessible to all interested parties.

SHARING OF AUTHORITY
The final authority for governance at Palomar College is the Governing Board. The Governing Board delegates authority to the Superintendent/President who in turn shares that authority as appropriate through the process of collegial governance. Committees function to provide guidance and assistance to committee chairs and administrative staff in order to accomplish a particular objective. Committee chairs are charged with the task of providing leadership and necessary resources. Committee members provide input and share necessary assignments in order for the committee to complete its objective.

Because College and District administrators are held accountable for their actions and decisions, governance committees serve as advisory. Administrators are obligated to consider input and advice of committee members seriously. Opinions will be considered based upon their merit. Committee chairs will inform committee membership of their recommendations and decisions after input and advice are considered.
REPRESENTATION WITHIN GOVERNANCE STRUCTURE
The governance structure provides for representation from five recognized constituencies at Palomar College: students, faculty, bargaining unit classified staff, Administrative Association members, and senior and executive administration. Appointments from these constituencies, when not specified by position, are made by the following:

- ASG - for students
- Faculty Senate - for faculty
- CCE/AFT - for classified staff
- Administrative Association - for directors, supervisors, and confidential employees
- Superintendent/President - for senior and executive administrators

Committee meetings are public. In addition to representation afforded to individuals through constituencies, individuals and groups may also be heard in any committee by requesting permission to speak. Written minutes or proceedings will be recorded for all governance committees. Appointees have the responsibility for keeping their respective groups informed of the proceedings and recommendations of governance committees. Appointees are expected to attend meetings and to contribute as a part of their professional responsibilities.

GOVERNANCE COMMITTEE COMPOSITION
Where specific representation is designated by position, the intent is to facilitate the committee process and bridge operational gaps which may occur as a result of committee actions or recommendations.

Committee members are reminded that their role in committees goes beyond mere partisan representation. While it is expected that members will draw upon their particular expertise, recommendations must be motivated by doing what is best for the College in light of its mission, goals and needs. Committees should seek a broad diversity of members and, where possible, avoid overlaps in membership service of the same individuals. Constituent groups may elect or replace committee members as needed. Committee terms for those appointed or elected, unless otherwise specified, are for three years. The Associated Student Government term for committees is one year. Committees are not to be reformed each year. The three-year terms of the appointed or elected members are to be staggered so that, normally, for every three appointed or elected members, only one is replaced in a given year. A committee member wishing to retire from service prior to the expiration of his or her term is encouraged to find a replacement to recommend to the appropriate constituent group or administrator. However, in order to provide maximum opportunity for representation, non-designated members should not serve terms exceeding three years. In the initial stages of committee formation, constituent groups and the committees themselves should develop plans to provide for ongoing representation and the staggering of terms.

PLANNING
The planning process begins at the department/program level. Both short-term and long-range planning for the College are the responsibilities of the Educational Master Planning committee and the four planning committees that report to it. The Mission and Vision Statements provide overall guidance to the College operational and planning committees. The work of the planning committees provides direction for the operational committees.

PLANNING PROCESS
At the beginning of each planning cycle, the Office of Research and Planning will report on research, projections, and planning assumptions to the Educational Master Planning Committee. The Educational Master Planning Committee, in consultation with the other planning committees, will develop and publish strategic five-year institutional goals and objectives and a common format for five-year plans.

The planning committees may also develop more specific goals supporting the institutional goals. The Educational Master Planning Committee will review and accept, amend, or request revision of goals developed by the planning committees and will distribute all approved goals to the divisions and departments as strategic guidance to be used in developing their own five-year plans.

The Educational Master Planning Committee will develop and publish time lines for submission of unit plans.

Divisions and departments will develop their five-year plans to include operational objectives, activities, and resources required, created in alignment with broader institutional goals, and will forward them to their vice presidents.
Each vice president will develop an integrated unit five-year plan in consultation with the divisions and departments and will forward this unit plan to the Educational Master Planning Committee.

The Educational Master Planning Committee will forward to the appropriate planning committees the components of the unit plans for review.

Each planning committee will review the plans it receives only for coherence and consistency with the strategic five-year institutional goals and objectives published by the Educational Master Planning Committee and those of the units, divisions, and departments. The planning committees will consult with the units, divisions, and departments when necessary. They will then forward to the Educational Master Planning Committee the original unit plans, along with any proposed modifications and conclusions from their review.

The Educational Master Planning Committee will review and accept, amend, or request revision of the components of the plans forwarded from the Vice Presidents. The draft document will be sunshined to employees groups. Input from the sunshining process will be reviewed and acted upon by the Educational Master Planning Committee before being forwarded to the President's Advisory Council and to the Governing Board for approval. The Educational Master Planning Committee will publish the Educational Master Plan.

ROUTING OF GOVERNANCE ISSUES
The President's Advisory Council will refer issues that would affect the Educational Master Plan to the appropriate planning committee. The final adopted plan from the Educational Master Planning Committee will be presented to the President's Advisory Council prior to being forwarded to the Governing Board for approval.

PRESIDENT'S ROLE
At least once each semester, the Superintendent/President will meet with the Educational Master Planning Committee to evaluate progress toward the Vision and strategic goals of the College and discuss priority planning goals for the upcoming semester. He or she will preside over a joint meeting of all five planning committees at the beginning of each academic year.

**OPERATIONS COMMITTEES**

The governance structure recognizes a number of standing operational committees. Some are established by Governing Board policy and/or are required by law. In general, operational committees have memberships representative of campus constituencies and departments. Some are quite specialized in their tasks and therefore membership is more narrowly limited to those with appropriate expertise or office. These operational committees, comprising the current day-to-day governance structure of the College, are to communicate with the new strategic planning committees and take general direction from the adopted Vision Statement.

Key operational committees which report to the Superintendent/President and to which other operational committees report are the Curriculum Committee, The Resource Allocation Committee, and The President's Advisory Council.

In addition to the standing operational committees, task forces may be convened as needed to deal with matters of limited scope. The goals and reporting relationships of these task forces will be determined by the commissioning body or individual.

BP 1.0
Mission Statement and Educational Philosophy of Palomar College (69-2804)

BP 1.1
Mission Statement
The mission of Palomar College is to provide the best lower-division collegiate education and the best academic preparation for the world of work available anywhere. We exist as an institution to enable our students to realize and achieve their goals both as individuals and as members of their communities and to become responsible citizens of an increasingly interdependent world.

We seek to achieve this purpose through five interrelated themes that define our commitment to excellence in education:

Empowerment. We seek to empower students to formulate and realize educational goals which will promote their personal growth and facilitate their full participation in a rapidly changing world.

Learning. We invite and assist students to master a core of knowledge and skills that they need in order to pursue more advanced learning at other educational institutions, in the world of work, or for personal growth and responsible citizenship.

Evaluation. We evaluate the relevant skills and knowledge of all of our students to guide them toward meaningful and productive educational experiences, patterned to develop their abilities as effectively as their preparation allows. We will evaluate our own performance in terms of our contribution to student learning and success.

Discovery. We constantly seek to discover better ways to empower our students to learn and to grow. We are a learning institution in both our object and our method; we will assist our students to discover what they need and want to know; and we will be a force for innovation so that we may discover how to empower them to learn more effectively and efficiently.

Growth. We intend to grow each year in our ability to accomplish our mission. But we will never confuse growth in revenue or enrollment with growth in quality. We exist as an institution to provide the highest quality of education to each student who comes to us. We will use our talents and resources effectively to serve our students. GB 2-12-91

BP 1.2
Educational Philosophy (69-2804)
The educational philosophy of Palomar College is based upon belief in the value of the individual and belief in the individual's potential for intellectual, ethical, personal, and social growth. Only through growth in these areas and responsible examination of the question of personal rights can the rights of an individual in a democratic society be fully understood.

The fundamental assumption of the democratic way of life is the intrinsic worth of the individual. This assumption, therefore, becomes the fundamental principle of public education in a democratic community.

In order to become an effective member of a democratic society, an individual must take part in a free exchange of ideas. Only within a free society is the individual assured this free exchange of ideas and the maximum freedom of choice and opportunity for self-realization consistent with the freedoms and opportunities of others. Only within a free society can the human personality attain its greatest stature.

The community college, by providing equal opportunities for individuals to develop their differing abilities and interests, enables students to realize more fully their potentials. Thus, their talents become more readily available to the community, and their participation in society becomes more effective. GB 11-8-94

BP 1.3
Ethics and Expectations (94-16731)
The Governing Board recognizes that the District is a model community, an agency to establish and present highly ethical and compassionate behaviors for the community to look up to and emulate.

We, therefore, shall strive to uphold three central values:

Respect: for each other, the District, and its cultures.
Responsibility: for ourselves, our work, and our studies.
Honesty: towards all members of the District's community.

We will interpret and use these values comprehensively, and we will consistently rededicate ourselves to them and apply them at all times and in all situations. GB 11-8-94

BP 2.0
Academic Freedom (67-2107, 71-3551)
Palomar College considers academic freedom, defined by its attendant rights and responsibilities, as a vital, primary force in the achievement of the aims and objectives of the institution. Academic freedom involves inherently the following rights and responsibilities:

A. To research to the limit of competence and training, the assigned teaching area and its references
B. To survey, probe, and question the relationship of humans to their environment within the guidelines of research techniques and intelligent discussion
C. To question and challenge, without fear of censorship or discipline, those actions originating from within the institution which seriously affect the total academic environment
D. To introduce, within the assigned teaching area, controversial concepts, issues, and systems, subjecting these ideas to the test of objective reasoning
E. To create an unhampered and clear intellectual atmosphere democratically maintained, encouraged, and supported by students, staff, administration, and members of the Governing Board
F. To associate with those individuals or groups of one's choice without fear of censorship or discipline, unless such association is forbidden by law

At no time will the inherent right of staff to use any of the normal channels of campus communication be abridged, nor will individual staff members be singled out for special prior censorship of their use of such channels of communication. It is understood that staff members exercising this right will accept responsibility for both the substance and the manner of their messages.

The college or university teacher is a citizen, a member of a learned profession, and an officer of an educational institution. When he/she speaks or writes as a citizen, he/she should be free from institutional censorship or discipline, but his/her special position in the community imposes special obligations. As a person of learning and an educational officer, he/she should remember that the public may judge his/her profession and institution by his/her utterances. Therefore, he/she should at all times be accurate, show respect for the opinions of others, and make every effort to indicate that he/she is not an institutional spokesperson. GB 5-28-68, 4-25-72

BP 3.0
Campus Communication (68-2436, 71-3551)

BP 3.01
General
Open lines of informal and formal communication at Palomar College are intended to promote broadly based decisions, resulting in sound educational policy. GB 5-27-69; Rev. 4-25-72; 1-27-76

Informal and formal means of communication are available to any member or organization of the College community for handling a matter of concern, a question, a problem, a grievance, or a proposal related to the educational process at Palomar College. Any person or organization may communicate by any means at any time with any agency, singly or simultaneously, that the person or organization chooses.

Members of the College community are defined to include students, classified personnel, faculty, administrative personnel, Governing Board members, and citizens of the College District.

Organizations of the College community are defined to include the Governing Board, and student, faculty, classified and administrative organizations whose campus chapters have been officially recognized by the Governing Board.
Members or organizations with matters of concern should be guided in determining where to take them for formal or informal consideration by the nature and urgency of the concerns themselves. In many cases, such matters can be handled most effectively on an informal basis.

**BP 3.02**

**Informal Communication**

No member or organization of the College community is excluded from communicating a matter of concern on an informal basis through any of the channels of communications available at Palomar College.

**BP 3.03**

**Media - On Campus, Off Campus**

The student newspaper, The Telescope, offers any member or organization of the College community an opportunity to express views concerning any phase of the educational process at Palomar College within the confines of editorial and Student Publications Board policies.

Members of the College community are encouraged to use the services provided by the Public Information Office for releases to off-campus media.

**BP 3.04**

**Formal Communication of Matters of Institution-Wide Policy**

By law, any member or organization may submit institution-wide policy proposals directly to the Governing Board. However, it is not desirable for every policy proposal to be so submitted. It is recommended, therefore, that policy proposals not be presented directly to the Governing Board except for compelling or urgent reasons or until other appropriate channels of communication have been exhausted.

There are four recommending agencies at Palomar College which consider institution-wide policy matters:

1. the Associated Student Government
2. the Faculty Senate
3. the President's Advisory Council, and
4. the Curriculum Committee.

Members or organizations of the College should use the recommending agencies for testing need, content, form, and the practicability of policy proposals.

The member or organization proposing institution-wide policy should select the recommending agency to which the proposal should first be presented based on: (1) the nature of the proposal, and (2) the agency with which the member or organization is most directly affiliated. A student or student organization should normally first present a proposal to the Associated Student Government, a faculty member or organization to the Faculty Senate, a member of the administration or an administrative organization to the President's Advisory Council, a member of the classified staff or its association to the President's Advisory Council. A citizen or organization of the College District should direct policy proposals to the President of the College in his/her capacity as Secretary to the Governing Board.

No member or organization of the College community is precluded from first presenting a policy proposal to any of the recommending agencies. Proposals may be presented to all of the recommending agencies simultaneously.

A recommending agency may recommend adoption, amendment, referral to another agency, or reconsideration of a proposal. Interagency communication may take whatever form the involved agencies may deem necessary in accordance with the nature and urgency of the policy proposal.

Recommendations for adoption of policy shall be made in writing to the Governing Board.

In cases where consensus is not achieved by the recommending agencies, each may present its own version of a policy proposal to the Governing Board as outlined above.

**BP 3.05**

**Formal Communication of Matters of Instruction**

In matters relating directly to instruction, the faculty member involved, the department chairperson/director, the division dean, and the Assistant Superintendent/Vice President for Instruction should be contacted, preferably in that order.

holds all employees accountable for application and enforcement of the policy within their area of authority.

Palomar College recognizes and appreciates the benefits of a diverse campus community and values the
individual distinctions of its staff and students. In support of its goal to encourage students to examine their own
and other heritages through multicultural and interdisciplinary programs, Palomar College seeks to provide

fosters cultural awareness, mutual understanding and respect, harmony, and creativity.

To the fullest extent possible, the District ensures that students, faculty, and staff who are victims of sexual assault committed at or upon the grounds of Palomar College or at off-campus facilities maintained by the District shall receive treatment, referrals for treatment, and information to deal with the assault. Sexual assault includes, but is not limited to, rape, forced sodomy, forced oral copulation, rape by a foreign object, sexual battery, or threat of sexual assault.

The District will terminate or expel any person found through the academic due process or a judicial court to have committed the crime of rape or other sexual assault at or upon the grounds of Palomar College or at off-campus facilities maintained by the District. GB 11-27-84

BP 107

BP 108
Drug-Free Workplace (88-13017)
It is the policy of the Palomar Community College District to maintain a drug-free workplace. The unlawful manufacture, distribution, dispensation, possession, or use of a controlled substance is prohibited in all buildings, property, facilities, service areas, and education centers of the District. All employees are required to comply with this policy as a condition of their continued employment, and any employee violating this policy will be subject to disciplinary action which may include termination. Any employee convicted under a criminal drug statute for conduct in the workplace, must report this conviction within 5 days to the Vice President of Human Resource Services and Affirmative Action. GB 5-14-89
It is the policy of the Palomar Community College District to provide, maintain, encourage, and support a drug- and alcohol-free campus. The District is committed to providing a workplace and learning environment that is alcohol free and drug free. The commitment of this policy is to education, prevention, rehabilitation, and recovery. An alcohol-free and drug-free campus will promote the safety and health of students, employees, and the public.

All employees and students are clearly and expressly prohibited from the possession or consumption of alcohol on District property, at any District facility, and where students are engaged in a school-related activity. All employees are absolutely prohibited from the possession or consumption of alcohol when acting within the scope of employment. The “scope of employment” includes all duties performed as a District employee whether or not the duties are performed at any workplace of the District. "Scope of employment" does not include social functions away from any workplace nor does it include presence at a voluntary social activity at a non-workplace related to any conference, workshop, seminar, or similar event where attendance is approved by the District.

All students and employees are clearly and expressly prohibited from being under the influence of alcohol while on District property, at any District facility, while acting within the scope of employment, or while attending any school-related activity.

All employees and students are clearly and expressly prohibited from the manufacture, distribution, dispensation, possession, or use of illegal drugs or controlled substances on campus, at any school-sponsored event, or while acting within the scope of employment. The terms "illegal drugs" and "controlled substances" include all chemical substances or drugs listed in any controlled substances laws or regulations such as the federal Controlled Substances Act of 1988 and California Health and Safety Code sections 11054-11058.

All employees and students are clearly and expressly prohibited from being under the influence of illegal drugs or controlled substances while on campus, at any school-sponsored event, or while acting within the scope of employment.

Any employee or student may possess or use prescribed drugs as long as any such possession or use is under and consistent with the specific direction of a physician and does not seriously impair the performance of the employee or class activity of the student. GB 3-26-91

The Palomar Community College District is committed to maintaining the highest safety and health standards for its students and employees. The use of controlled substances or alcohol in the performance of safety-sensitive functions is contrary to these high standards. The District thus establishes a controlled substance and alcohol testing program to meet the requirements of the Department of Transportation, Federal Highway Administration, Controlled Substances and Alcohol Use and Testing Rule, Code of Federal Regulations, Title 49 Part 382.

This policy is intended to bring the District into compliance with Federal law. The purpose of the Controlled Substance and Alcohol Policy is to reduce accidents that result from the use of controlled substances and misuse of alcohol, thereby reducing fatalities, injuries, and property damage. Implementation of this policy is immediate. GB 12-10-96

The District will not tolerate threats or acts of violence by students, employees, or members of the community and will take immediate disciplinary action when such threats are made, including immediate suspension, when appropriate, until the investigation is completed. It is inappropriate to use threats in an attempt to intimidate, prevent work from being completed, or in any way interfere with providing a safe workplace and learning environment. GB 10-11-94

The Palomar Community College District shall not employ an applicant for any position under any of the following circumstances:
1. There is a conviction of any sex offense or controlled substance offense, which prohibits employment under Education Code Sections 87405 and 88022. An applicant may be employed under the exceptions in Education Code Sections 87405 and 88022.

2. There is a conviction of a felony or of any crime involving moral turpitude within the previous five years. There are no exceptions. Note: The California Supreme Court has held that “criminal acts involving intentional dishonesty for the purpose of personal gain are acts involving moral turpitude.”

3. There is a conviction of a felony or of any crime involving moral turpitude more than five years ago unless there is substantial evidence presented that the person has been rehabilitated. The burden of proof is on the applicant, and the decision of the Governing Board is final.

4. There is a conviction of any felony involving physical violence toward another. There are no exceptions.

5. There is a conviction of any misdemeanor involving physical violence toward another within the previous five years. There are no exceptions.

6. There is a conviction of any misdemeanor involving physical violence against another more than five years ago unless there is substantial evidence presented that the person has been rehabilitated. The burden of proof is on the applicant, and the decision of the Governing Board is final.

7. There are two or more convictions for driving under the influence of alcohol or a controlled substance within the previous five years. There are no exceptions.

8. There is a conviction of any crime that involves treason against the United States. There are no exceptions. GB 4-27-99

**BP 115**

Institutional Reassignment (86-11795)
The Governing Board recognizes that there are a number of projects, the completion of which would be of significant benefit to the College, that require work significantly above and beyond the normal job requirement of administration, faculty, and/or classified staff. GB 10-11-94

Therefore, the Governing Board directs the Superintendent/President to develop implementing procedures to allow for the temporary reassignment of individuals on a part- or full-time basis, with approval of the Governing Board, to work on such projects. GB 6-9-87

GB 10-11-94

Permanent academic and classified staff members who have been employed with the District for a period of at least four years may participate in the Palomar College Exchange Program. **BP ACADEMIC PERSONNEL**

**BP 151**

Definition
Academic personnel include all faculty and educational administrators. Policy exceptions to applicable groups are noted.

**BP 154**

Faculty
The Constitution of The Faculty of Palomar College and the Faculty Senate Bylaws are included in the Faculty Manual.

**BP 154.1**

Supervision of Faculty
Faculty members are under the supervision of the department chairperson/director, the dean of the appropriate division, and the Assistant Superintendent/Vice President for Instruction with reference to their teaching duties.
The services of faculty in conduct of their instruction are to be facilitated in every possible way by all members of the administrative staff.

BP 154.2
Faculty Responsibilities
A. Attendance data are to be carefully and accurately recorded by instructors in accordance with established procedures.
B. Faculty members are expected to attend regularly all scheduled administrative/faculty meetings.
C. All faculty members are expected to take part in the students' activities. These activities involve sponsorship of student social activities, such as dances and sponsorship of student organizations. Equalization of these responsibilities is necessary and from time to time various faculty members may be asked to assist in a specific fashion. Such requests come from the Office of the Assistant Superintendent/Vice President for Student Services.
D. All faculty members are expected to participate in Commencement exercises.

BP 154.21
Service Responsibility
In addition to classroom, counseling, or librarian duties and the activities which are directly related to those, full-time faculty are expected to participate in the governance of the College and service to the Palomar College community. Recognizing the value of this contribution to the operation of the college, faculty should participate each semester of employment in District governance and other District service activities. Service points are awarded for such participation according to the established guidelines. Questions of applicability of this policy or related procedures shall be adjudicated by the Faculty Senate Personnel Standards and Practices Committee in consultation with the Department Chair/Director and the appropriate Division Dean.

BP 154.3
Teaching Load (77-6584)
A reasonable teaching load generally consists of 15 lecture hours per week, or up to 20 hours combination lecture-laboratory. Hours substantially in excess of these figures should be permitted only in exceptional cases after a thorough review by the department chairpersons, the appropriate deans, and the Assistant Superintendent/Vice President for Instruction. Student contact hours (WSCH) should be maintained at a level commensurate with statewide community college averages. This will vary dependent on the academic discipline, and will require that certain instructional areas reach higher contact hour (WSCH) averages. Three subject preparations is not unreasonable. At times it has been and will be necessary to deviate from this standard. In such cases, the instructors have traditionally recognized that the need for temporary overloads is paramount to other considerations. Instructors are expected to maintain a minimum of five office hours weekly to assist with student advising in the major field. GB 1-10-78

BP 154.31
Summer Session Teaching Load (84-10744)
Due to the accelerated schedule of summer classes, the maximum load per instructor is 144 hours for the total summer session (including 6- and 8-week sessions). Special circumstances may warrant an exception. Exceptions must be approved by the Assistant Superintendent/Vice President for Instruction. GB 6-25-85

BP 154.32
Adjunct Faculty (84-10725, 92-15740)
Any person employed to teach adult or community college classes for not more than 60 percent of the hours per week considered a full-time assignment for regular employees having comparable duties shall be classified as a temporary employee, and shall not become a contract employee under the provisions of Education Code Section 87604. Community Service seminars and workshops and Worksite Education courses (which can be credit, noncredit, or not-for-credit) will not be used to determine the load status for part-time, temporary faculty. EC 87482.5; GB 6-11-85; GB 5-25-93

BP 154.4
Overloads

BP 154.41
Regular and Contract Staff, Academic Year (84-10725, 92-15741, 96-18381)
The appropriate paid overload limit during the regular academic ten-month contract year shall not exceed 40 percent of the program's full-time load for the academic year. The full 40 percent shall not be assigned in one semester.
Exceptions for special circumstances must be approved by the Assistant Superintendent/Vice President for
Instruction, in consultation with the Faculty Senate President and appropriate dean. Community Service
seminars and workshops and Worksite Education courses (which can be credit, noncredit, or not-for-credit) and
internships will not be used to determine the load status. GB 6-11-85; GB 5-25-93; GB 6-10-97

BP 154.42
Load Banking (87-12096) (92-15324)
Tenured full-time faculty may teach additional classes as an overload each semester. Nonteaching faculty (counselors
and librarians) may work additional hours beyond their normal workload. "Banking" these hours is an option available
to tenured full-time faculty at the Palomar Community College District.

Tenured full-time faculty may bank the equivalent of 30% of their academic-year load each year to accumulate a
maximum of one semester of banked leave.

Documented service to the District beyond regular teaching, counseling, or library service is required to participate in
load banking.

When a full-time faculty member teaches an overload, or works additional hours above the normal workload, the hours
may be banked or paid.

No more than the equivalent of one semester's full-time load can be accumulated. If the limit of the semester load is
exceeded, the faculty member will be paid for the excess hours at the regular hourly salary rate.

An overload assignment may be banked or paid. An overload class may not be split between load bank and pay unless
the banking would cause the faculty member to exceed the one-semester limit as noted above.

Faculty members who teach overload classes in restricted or categorically funded programs may not load bank those
hours.

Faculty on Load Bank leave or any other leave may not bank hours during the leave.

Banked hours may be taken in increments ranging from one class to one semester.

Banked hours may be used for professional or personal reasons.

The money the faculty member would have earned had he/she not banked the class will be held as a liability against
the District until the banking contract is met.

Questions of applicability of this policy or related procedures shall be adjudicated by the Faculty Senate Personnel
Standards and Practices Committee in consultation with the Department Chair/Director and the appropriate Division
Dean.

BP 154.5
Extended Day (80-8235)
A faculty member may request an extended-day teaching assignment as a part of his/her salary contract. These
requests should be approved when consistent with the needs of the department. In the event the request is not
approved at the department level, the faculty member may follow the Academic Due Process.

In the event of compelling budget restraints or if any department or program is adversely affected by a decrease
in day-student enrollment, the division dean, with the concurrence of the department chairperson, may
recommend the reassignment of a faculty member. This reassignment may include day, extended day, and/or
off-campus duties as partial or complete fulfillment of the individual's contract. This recommendation is subject
to approval by the Assistant Superintendent/Vice President for Instruction. If such reassignments cross divisional
lines, they may be initiated and approved by the Assistant Superintendent/Vice President for Instruction with the
concurrence of the appropriate division dean and department chairperson and conformity with the Lateral
Transfer Policy. If concurrence is not possible, the division dean shall recommend the assignment change to the
Assistant Superintendent/Vice President for Instruction, who will make the final decision. GB 11-25-80
BP 155
Compensation
Salary Schedules are adopted annually.

BP 155.1
Salary Schedule Credit
The Sabbatical Leave Committee reviews and acts on requests from academic personnel for salary credit. Salary schedule credit may be granted for academic course work or activities deemed equivalent.

BP 155.11
Academic Course Work
A. Completion of any upper division or graduate level course work at an accredited institution, with transcripts of units of credit and grades as evidence. No committee action is necessary.
B. Completion of lower division course work including Palomar College courses. Advance approval is required. Requests for advance approval are to be submitted prior to beginning the course. The submission of an application for advance approval of salary credit does not guarantee that advance approval will be granted; however, if submitted prior to the beginning of the course or at least one month prior to the activity, the request will not be denied on the basis of date submitted. In no case will units in excess of three (3) be awarded for lower division course work in any single four-year period of employment at Palomar College.

BP 155.12
Equivalency Credit
In no case will equivalency credit units in excess of six be awarded during any four-year period.

No work in progress for equivalency credit may be carried forward from one four-year period to another unless a substantial portion was completed during the four-year period to which the request applies.

No application will be accepted for work completed prior to the academic staff member's contract employment at Palomar College.

In evaluating a request, the Sabbatical Leave Committee may seek additional information from persons qualified in the subject matter area. Any proposal shall be judged on the basis of 100 hours of involvement as equivalent to a three-unit course.

Equivalency credit may be awarded for the following:
A. Work experience, provided the employment is related directly to the fields in which the academic staff member is rendering service, or the work is of such nature as to provide a substantial increase in the employee's skills, knowledge, or understanding of the basic aspects of his/her work.
B. Projects which approximate academic equivalency to transfer-credit courses will be evaluated in terms of time and effort spent on the project and the value of the project to the individual and the institution.
C. Course development, which would include work spent in developing new courses, curricula, or programs for which the academic staff member is remunerated shall not be considered as qualifying for salary credit equivalency unless it meets the following criteria:
   1. The work is appreciably in excess of that normally spent in preparation of new courses, and
   2. The education innovations are extensive and have required an unusual measure of creative effort in their development.
D. Conferences, Workshops, and Seminars
Salary credit is not ordinarily given for attendance at conferences, workshops, and seminars. Participation will be evaluated for scholarly significance and equivalency credit by the Committee upon presentation of evidence of attendance/participation and documentation of hours of involvement. Faculty Hiring: Policy and Criteria (93-16012)

Introduction
The Palomar Community College District recognizes that excellence in student learning and student success requires that all faculty
• have a clear understanding of the goals of the institution as well as a commitment to achieving them
• are highly qualified in their discipline
• are able to communicate to a diverse student population in such a way that effective student learning results
• are sensitive to and understand the diverse academic, socioeconomic, cultural, disability, and ethnic backgrounds of the student population.

This policy incorporates the principles of affirmative action and reflects a strong commitment to diversity.

The faculty hiring process is open and inclusive so that qualified candidates are given equal consideration in the hiring process. Recommendations made by the faculty and administrators involved in the process are reached by consensus and as a result of ongoing candid communication, which must remain confidential.

The process recognizes both the discipline and pedagogical expertise of the faculty and the obligation of administrators to recommend faculty who are aware of their responsibility to the College. The legitimate interests of both faculty and administrators in the faculty-hiring process reflect a joint professional responsibility and mutual interest in achieving the common goal of hiring outstanding faculty who best meet the needs of students.
The process incorporates five distinct phases:
- Establishing the position
- Recruiting candidates
- Screening applications
- Interviewing and recommending finalists
- Governing Board reviewing and approving the finalist

All faculty and administrators involved in faculty hiring will be provided information and training related to the process by the Affirmative Action Officer. This training shall include:
A. the philosophy and commitment of the District to affirmative action and meeting the goals of the District Affirmative Action Plan;
B. the role and responsibilities of all members of the Selection Committee and the Joint Selection Committee including the Affirmative Action Representative;
C. the selection process;
D. interview procedures and techniques, including guidelines on appropriate follow-up questions and reference checks;
E. cultural diversity in the interview process;
F. confidentiality of the selection process.

**Hiring Criteria**
The Palomar Community College District has established the following hiring criteria for all faculty positions:
A. Sensitivity to and understanding of the diverse academic, socioeconomic, cultural, disability, and ethnic backgrounds of community college students.
B. Minimum qualifications as established by the Statewide Academic Senate and adopted by the Board of Governors of the California Community Colleges which are used by department/program faculty to establish the minimum qualifications for each faculty position. Qualifications are reviewed by the Affirmative Action Officer for potential adverse impact.
C. Commitment to full participation in department/program activities and the shared governance of the College.

**Roles and Responsibilities**

**Selection Committee**

**Composition**

A. The Selection Committee as established by the department/program shall consist of a majority of Palomar faculty who are experts in the discipline or a related discipline. To encourage diversity, the Selection Committee shall include at least one member outside of the department/program such as another Palomar faculty member, an expert from another college, or a community member. ASG may appoint a student to serve on the Selection Committee. The Selection Committee should generally have no more than seven voting members.

B. The faculty members of the Faculty and Staff Diversity/Affirmative Action Advisory Committee shall randomly select an Affirmative Action Representative from a list provided by the Affirmative Action Officer of all eligible faculty who may serve as Affirmative Action Representatives. The Affirmative Action Representative shall be from outside the department/program and shall be a non-voting member of the committee. The Affirmative Action Representative is required to participate in the screening process and to attend all interviews and subsequent committee meetings of both the Selection and Joint Selection Committees. Should the Affirmative Action Representative be unable to complete his/her duties, an alternate Affirmative Action Representative shall be randomly selected by the faculty members of the Faculty and Staff Diversity/Affirmative Action Advisory Committee. In the absence of an available faculty member to serve as an Affirmative Action Representative, or, at the request of the Selection Committee any other eligible Affirmative Action Representative may be randomly selected by the faculty members of the Faculty and Staff Diversity/Affirmative Action Advisory Committee. Faculty are encouraged to serve on selection committees as Affirmative Action Representatives and may use professional development time to attend the required training. If requested, the District shall provide temporary replacements/substitutes whenever possible for staff or faculty who must be absent from regular duties to act as an Affirmative Action Representative. An Affirmative Action Representative shall not be expected to serve on more than two committees in any one academic year.

Historically under-represented groups include racial and ethnic minorities, women, and persons with disabilities. In the event that diversity is not reflected in the Selection Committee, it shall be reconfigured to achieve diverse representation.

D. The Selection Committee may elect any voting member as chairperson.

Selection criteria will include an evaluation of the extent to which applicants have and demonstrate a sensitivity to and understanding of the diverse academic, socioeconomic, cultural, disability, and ethnic backgrounds of community college students.

C. The voting members of the Selection Committee develop job related interview questions designed to distinguish candidates who will best meet the needs of students.

D. The voting members of the Selection Committee determine the subject matter and format of the demonstration of teaching, counseling, or librarianship skills required of all faculty candidates.

E. All members of the Selection Committee screen all applications to select candidates for interview.

F. All members of the Selection Committee establish interview times so that all members, including the Affirmative Action Representative, can attend.

G. All members of the Selection Committee interview all selected candidates using pre-approved questions. Follow-up questions may be used if they are based directly on a candidate’s response to a question, if they do not seek information outside of the scope of the established hiring criteria, and if they are not in violation of affirmative action guidelines.

H. The voting members of the Selection Committee recommend the finalists for consideration by the Joint Selection Committee. All recommended finalists must be acceptable to the Selection Committee since only a candidate recommended by the Selection Committee will be hired.

Joint Selection Committee
Composition
The Joint Selection Committee is composed of the appropriate Vice President, Dean, Department Chair/Director or their designees, at least three members of the Selection Committee appointed by that committee, and a non-voting Affirmative Action Representative, preferably the same one who served on the Selection Committee. This committee should be balanced in its diversity and will be chaired by the Dean. The Joint Selection Committee should generally have no more than seven voting members.

Responsibility
A. The Joint Selection Committee will develop interview questions to be used in the Joint Selection Committee interview process.

B. The Joint Selection Committee interviews all finalists recommended by the Selection Committee and forwards candidates to the Superintendent/President for his/her assessment and recommendation. The Joint Selection Committee will consider the Superintendent/President’s assessment and recommendations before making the final recommendation to the Superintendent/President who then makes the recommendation to the Governing Board. rev. **Academic Due Process (81-8903)**

The Governing Board endorses the principles of academic due process. The principle embodied in the legal concept of confrontation of witnesses and examination of evidence should govern academic due process. Each individual must be informed of all the charges and all the evidence against him/her; he/she must be given full opportunity to deny, refute, and rebut. It is a fundamental principle of fairness that charges against a person are to be made the basis of action only when proven, and that the burden of proof rests upon those who bring the charges. Claims of discrimination on the basis of sex, race, or handicap are grievable.

To ensure implementation of academic due process in the disposition of any personnel issue on campus, the College adopts the following principles:

A. All issues will be processed in the sequence of preliminary action, informal conciliation, formal hearing and final action within a reasonable time schedule. In the case of extenuating circumstances or pressing vacation problems AND with the mutual consent of both parties, the time limits indicated in the Guidelines and Procedures may be extended.

B. Informal conciliation shall be conducted by an ombudsperson, a person dispassionate to the issues of the dispute and acceptable to both parties in accordance with the following principles:
   1. Charges or complaints will be presented in writing to the ombudsperson, who will provide copies to the other party.
   2. Only parties to the dispute and the ombudsperson shall be present at the conciliatory conference. No tape or other recording of these informal proceedings shall be made.
   3. The person making the charge shall assume the burden of proof.
   4. The ombudsperson will keep all proceedings at this stage confidential.

C. The committee responsible for the formal hearing on the issues shall conduct its proceedings according to the following guidelines:
   1. The committee shall receive a signed, written charge specifying the time, place, and nature of the charge and transmit a copy to each party with due notification of rights and responsibilities in the procedure for disposing of the charge.
   2. The committee shall discuss the charge, examine witnesses and receive all available evidence pertaining to the charge.
   3. Both parties shall have the right to present statements, testimony, evidence, and witnesses. Each party shall have the right to be represented by counsel and to question witnesses.
   4. The accused person may be present at the hearing and be represented by a person of his/her choice.
   5. The person making the charge shall assume the burden of proof.
   6. The hearing shall be closed to the public unless the accused person desires a public hearing. Privileged information will not be disclosed or discussed outside the hearing except at the express request of the accused.
   7. The committee shall judge the relevance and weight of testimony and evidence. It shall make its findings of fact, limiting its investigation to the formal charge. It shall make recommendations for disposition of the charges.
   8. A transcript of the proceedings shall be kept in a confidential file and shall be available at all times to the accused person.

D. It is desired and anticipated that the Superintendent/President of the College, or designee, and the Governing Board shall be governed by the recommendation of the hearing committee. GB 4-13-82

Nonevaluative Grades (94-16730, 95-17641)

Grade Definition
Symbol Definition

I
Incomplete academic work for unforeseeable, emergency and justifiable reasons at the end of the term. The condition for the removal of the "I" is stated on the Record of Incomplete ("I") Grade form. The "I" is not used in calculating units attempted nor for grade points. A final grade shall be assigned when the work stipulated has been completed. The "I" may be made up no later than one year following the term in which it was assigned, or the grade assigned in lieu of
its removal will be recorded. A student may petition for a time extension under extenuating circumstances with the Vice President of Instruction.

**IP**
In progress: The "IP" is used in only those courses which extend beyond a semester or summer session. The "IP" symbol remains on the student record. The appropriate evaluative grade and unit credit is assigned the subsequent semester. If a student receives an "IP" in an open-entry, open-exit course and does not re-enroll in the course or fails to complete the course in the subsequent term, an evaluative grade must be assigned.

**RD**
Report Delayed: The "RD" is assigned by only the Records Office when for some reason the grade report is delayed. It is a temporary notation which will be replaced by a permanent symbol as soon as possible. An "RD" is not used in calculating grade-point average.

**W**
Withdrawal: No notation ("W" or other) is made on the student record for withdrawals during the first four weeks or 30% of the length of a class, whichever is less. For classes of less than six weeks duration, withdrawals are allowed during the first half of the course without notation on the student record. Withdrawal after the end of the fourth week or 30% of a class, whichever is less, through the end of the eighth week or 50% of a class, whichever is less, is at the discretion of the student and shall be recorded as a "W." Withdrawal after the eighth week or 50% of a class, whichever is less, is generally not permitted. An evaluative grade or "I" will be assigned. Under extenuating circumstances, a student may petition to change an evaluative grade to "W." The appropriate faculty will be consulted in the petitioning process. In the event the instructor of record cannot be contacted or is unavailable, the department chair will act on behalf of the instructor. The "W" will not be used in calculating grade point averages, but excessive "W"s will be used as factors in probation and dismissal procedures.

**MW**
Military Withdrawal: Members of an active or reserve military service who receive orders compelling a withdrawal from courses will be permitted withdrawal at any time during the semester. Upon verification of such orders, the grade symbol "MW" will be assigned after the first four weeks of the semester or after the "no notation" period. The "MW" will not be counted in progress probation or dismissal calculations and will not have any adverse effect on the student academic record or enrollment status. Upon petition, the student will also receive a refund of the entire enrollment fee. GB Rev. 11-8-94, 6-11-96

**BP 411.3**
**Grade Changes**
All grades are final in the absence of mistake, fraud, bad faith, or incompetency. No grade which has been placed in a student's record may be changed unless the reason for the change is submitted by the instructor, in writing, to the appropriate department chairperson/director and division dean. 5 CAC 55760

**BP 412 (95-17482)**
**Probation, Dismissal, and Reinstatement**
It is the intention of the Palomar Community College District to encourage matriculating students to make satisfactory academic progress toward their individual educational goals. Students taking courses for credit should do so with the intention of completing the course or courses with a passing grade. Students who do not make satisfactory progress are subject to probation or dismissal in accordance with established District procedures. The Palomar Community College District Probation and Dismissal procedures are specified in the Palomar College Catalog. GB Rev. 3-12-96

**BP 413**
**Course Repetition**
A course may be repeated only under the following conditions:

A. The course has been identified in the Catalog as repeatable, and the student has not taken a course more times than allowed; OR,
B. The student is repeating a course to alleviate a D, F, or NC grade; OR,
C. The student is repeating a course after a lapse of three years by approved petition of the Director of Enrollment Services.
D. The student is repeating a course after a lapse of less than three years by approved petition of the Director of Enrollment Services based on the previous grade being, at least in part, the result of extenuating circumstances. Extenuating circumstances are verified cases of accidents, illness, or other circumstances beyond the control of the student.
Under conditions B, C, and D above, a course may be repeated only once for State apportionment.

The CR/NC option is not available if a D or F grade was received the first time.

Students discovered through the course repetition programs who do not comply with the above regulations will be administratively dropped from those classes and will be notified by mail to see a counselor for alternative course selection.

Students dropped as a result of this process will be eligible for a refund of the enrollment fee. 5 CAC 55761, 55762, 55763, 58161; GB 9-17-85

   B. An audit fee of $15.00 per unit, per semester or summer session will be charged.

Palomar College regular and contract staff, current part-time and temporary faculty and Palomar College retirees may audit one class per semester or summer session at no charge.

Priority in class enrollment shall be given to students taking the course for credit.

Classroom attendance of individuals auditing a course shall not be included in computing apportionment or determining class size. EC 72252.3; GB 10-22-85, 6-8-93

BP 415
Credit By Examination
In order to permit students to demonstrate that they have met the objectives of a course through experience in the workplace, foreign language proficiency, or some other process outside the conventional academic setting, students may earn credit by receiving a passing grade on an examination administered by the appropriate instructional department/program. The completion of Credit by Examination may require the demonstration of other skills or the completion of assignments in addition to an examination.

Not all courses listed in the catalog may be eligible for Credit by Examination. The determination of which courses in a discipline may be taken by examination is made by that department/program. The Department Chair/Director will determine whether or not a student requesting Credit by Examination is sufficiently well prepared to warrant being given this opportunity. This determination is based upon a review of previous course work or experience.

The examination must be reviewed and approved by the Department Chair/Director prior to its administration. Completed examinations must remain on file in the department/program for three years.

A maximum of fifteen units earned at Palomar College or elsewhere through Credit by Examination may be applied towards completing an Associate in Arts degree, general education transfer certification, or vocational certificate at Palomar College.

The student's transcript will clearly identify all courses taken Credit by Examination. Courses completed Credit by Examination are graded on a Credit/No credit basis. The student must earn the equivalent of a "C" or better to earn a grade of Credit.

Credit by Examination may not be attempted for a course more than once. Credit by Examination may be taken for a course when a student has previously received credit for a more advanced course only with the approval of the Department Chair/Director and Division Dean.
Courses in Nursing Education may be taken Credit by Examination only under the rules of the Board of Registered Nursing.

A student must be enrolled in at least one course at Palomar College, excluding Credit by Examination, and may not be on probation when applying for Credit by Examination. The process of Credit by Examination must be completed prior to the end of the current semester or session. Credit/No Credit Classes (69-2722)
Courses listed in the Palomar College Catalog may be taken credit/no-credit unless otherwise indicated in the course description. The decision to take a class on a credit/no credit basis must be made by the end of the fourth week or the first thirty percent (30%) of a class term, whichever is less, after which no other evaluative grade may be given. Students may not repeat on a CR/NC basis a course previously taken for a letter grade.

A grade of CR is awarded for work equivalent to A, B, or C. Courses for which a grade of CR is awarded may not be used to satisfy requirements for the student's major. NC is awarded for work equivalent to D or F. Neither CR nor NC is used in computing the grade point average; however, CR/NC units appear on the transcript of record.

Units attempted for which NC is recorded shall be considered in probation and dismissal procedures. GB 4-28-70

Academic Renewal (77-6793) (93-16344)
Philosophy. Palomar Community College District is committed to meeting the educational needs of all its citizens. Open entry encourages students of varied educational backgrounds to pursue their individual goals. Palomar's commitment to all students increases the likelihood of enrolling those who have failed in the past but who have shown their readiness to try again. To reduce the negative impact of past academic failure and to facilitate fair and equitable treatment of all students in pursuit of their academic goals, Palomar Community College District supports Academic Renewal.

A student may request that 30 units of previous course work taken at Palomar College or any other institution be disregarded when computing grade point average (GPA)*. Course work not to be counted must include the entire semester or term. Subject, but not unit, credit will be allowed for work completed satisfactorily (A, B, or C) during disregarded terms. *NOTE: Not all four-year institutions accept Academic Renewal.

**Use of District Facilities (92-15349)**

The Mission of Palomar Community College District includes service to northern San Diego County residents to provide programs in health, recreation, physical development and opportunities for athletic competition; and to serve as an intellectual, cultural, and artistic center for the people of northern San Diego County.

The California Education Code extends the power to the Governing Board of the Palomar Community College District to "grant the use of college facilities or grounds" for a variety of public uses "upon such terms and conditions as the board deems proper," subject to restrictions and limitations set by the Code. District instructional programs have priority in the use of District facilities, and student and community activity needs follow in priority.

No use shall be inconsistent with the use of the buildings or grounds for District purposes, or interfere with the regular conduct of instruction. (Ed Code 82531)

The Palomar Community College District reserves the right to deny rental of its facilities to any group, individual, or activity which, in the judgment of the Administration, is not consistent with the mission, goals, and objectives of the institution; which could result in the destruction of property or bodily injury to participants; or which conflicts with educational activities.

In recognition of the direct and indirect expenses imposed upon facilities and personnel for other than regular use, a use fee shall be charged. The Governing Board may charge a rental fee for direct costs associated with the facility use, or for fair rental value of the facility or grounds. The associated Procedures specify which activities shall be charged direct costs and which shall be charged fair rental value. EC 82530 et seq., 109000 et seq., 81378; GB 10-85, GB 11-10-92

In all cases where equipment is removed from the campus, prior approval must be secured from the administrator responsible for the equipment. Removal of College equipment for personal use is prohibited.

This policy does not preclude lending District-owned equipment to other agencies when such use is deemed by the College administration to be of benefit to the College. GB 1-13-87

**BP 552**

**Fixed Asset Inventory**

A computerized inventory of District fixed assets shall be maintained by District staff. All equipment and furnishings whose current value exceeds three hundred dollars ($300) shall be included in the inventory, with the exception of property permanently affixed in a building, such as heaters and lockers. A record of the date and method of disposal of all items removed from the inventory shall be kept.

PROCEDURES

GOVERNANCE

3.0 Guidelines for Communication

Advancement Office
The Advancement Office develops, directs, and coordinates marketing, fund-raising, and outreach programs among alumni, the community, corporate donors, and individual friends of the college.

If you would like to become a donor to Palomar College or know someone who may want to be given the opportunity to donate cash or gifts-in-kind, please contact the Chief Advancement Officer.

Public Information Office
Faculty members are encouraged to inform the Public Information Office of newsworthy achievements and events. The office can assist in communicating information to other staff members and to the public through mass-media channels. If possible, information should be sent to the Public Information Office at least two weeks before the desired publication or broadcast dates. The media are particularly interested in the accomplishments of staff members and students and in curricular issues which are significant, successful, new, different, unusual, exciting, or innovative in some respect.

Representatives of the mass media may contact faculty members directly without going through the Public Information Office. If you are interviewed by a reporter, remember the "ABC" formula: Accuracy, Brevity, and Clarity. Stress the positive side of potentially negative issues. Don't hesitate to say, "I don't know," if you aren't sure about the accuracy of your information. Please report media contacts to the Public Information Office as soon as possible after they occur so that queries from other media and follow-up activities can be handled appropriately.

Marketing Communications Office
The Marketing Communications Office is charged primarily with marketing Palomar College as an institution of excellence. Primary objectives include promoting Palomar as an institution of choice, increasing the College's positive name recognition throughout the District, promoting specific programs within the college, recruiting new students, retaining current students, and supporting the college's fundraising efforts. Throughout the year, Marketing Communications coordinates various communications projects including the class schedule, conducts marketing campaigns, and produces outreach collateral pieces such as newsletters, brochures, and fliers in an effective and cost-efficient manner.

3.04 Organization for Administration
The District's organizational chart fixes responsibility and defines duties of members of the administrative staff. Responsibility is accompanied by appropriate authority, and it is requested that personnel utilize the chart as a guide to communication. This does not preclude, however, the "open door" policy for all administrative offices. The maintenance of democratic administration requires the commitment of all personnel to keep the channels of communication open if the democratic process is to be preserved.

A real strength at Palomar College lies in an organization which makes possible the utilization of faculty and staff thinking on all college problems. The President's Advisory Council provides an avenue of opinion for all campus groups.

4.0 Collegiality

4.1 Political Activities on Campus

Summary of Legal Requirements and Restrictions:
- Political Activities by the Officers, Employees, and on the Campus
  The governing body of the College may establish rules and regulations that govern officers and employees engaging in political activities during working hours and political activities on the College premises [CA ED s 7055].
- Use of College Funds, Personnel, or Property
  There is a civic center at the College wherein citizens may meet and discuss, as they desire, any subjects
including political interests [CA ED s 82537 (a)].

College representatives are prohibited from using College funds, services, supplies, or equipment for the purpose of urging the support or the defeat of any ballot measure or candidate, including any candidate for election to the governing board of the College [CA ED s 7054 (a)].

It is important to note that the Code [7054(b)] allows the use of College resources (described above) to provide information to the public about the possible effects of any bond issue or other ballot measure if both of the following conditions are met:

(1) The informational activities are otherwise authorized by the Constitution or the laws of this state.
(2) The information provided constitutes a fair and impartial presentation of relevant facts to aid the electorate in reaching an informed judgment regarding the bond issue or ballot measure.

**Political Contributions**

During working hours, no employee of the College may solicit or receive political funds or contributions to promote the support or the defeat of a ballot measure that would affect the rate of pay, hours of work, retirement, civil service, or other working conditions of offices or employees of the College [CA ED s 7056 (a)].

However, a recognized employee organization or its officers, agents, and representatives are not prohibited from soliciting or receiving political funds or contributions from employee members to promote the support or defeat of any ballot measure on College property during non-working time. [CA ED § 7056 (b)]

**Campaign Activities**

Campaign activities are subject to a wide variety of federal and state political laws. In general, nothing prevents an officer or employee of the College from privately (and during non-working time) making contributions of money, goods, or services to candidates for political office and in support of or opposition to ballot measure campaigns. However, these activities are prohibited during working hours (and with College resources) and on behalf of the College [CA ED s 7056 (a)].

**Lobbying**

Lobbying can generally be described as any attempt to influence the actions of any legislative body or any federal, state, or local government agency or official. As stated above, California Education Code (7055) allows each governing body to establish regulations regarding political activities by officials and employees.

**Guidelines for Political Activities**

1. There are no restrictions on the expression of personal political views by any individual in the College community, subject to any action under the laws governing libel and slander if there are violations thereof.
2. There are no restrictions on discussion of political issues or teaching of political techniques. Academic endeavors that address political issues, institutions, and policies are in no way affected or restricted. It is expected that in accordance with academic professionalism, controversial issues will be presented in a fair and balanced manner.
3. College representatives may engage in political activities on behalf of the College, on a limited number of issues, mostly those affecting education and related activities, as authorized or directed by the Superintendent/President.
4. College telephones, services (such as campus mail and electronic mail), equipment (such as computers, electronic servers, and copy machines), and other supplies should be used for student education and cannot be used for political activities or issue promotion (except as noted in 1 and 2 above). PAC 4/20/99

4.5 **Academic and Professional Matters**

The consultation process referred to in part C of this Board Policy will adhere to the following guidelines:

A. Recommendations from the Faculty Senate to the Governing Board on academic and professional matters shall be developed in a manner which encourages careful study thorough deliberation and input from administrators and appropriate staff. The Faculty Senate shall work diligently to address the need for policy or procedural development or change.

B. The Curriculum Committee shall have the responsibility for sending its recommendations to the Governing Board in accordance with the Curriculum Committee's formal charge as described in the Palomar College Governance Plan.

C. The appointment of faculty members to serve on governance committees, task forces, or Faculty Senate committees dealing with academic and professional matters shall be made by the Faculty Senate. Academic and professional matters shall be referred to appropriate existing governance and/or Senate committees whenever possible. The Superintendent/President or designee and the Faculty Senate President shall identify the specific committee as well as the appropriate time line and may designate additional committee members. If the matter is assigned to a Senate committee, the additional members are assigned for that task only. If no
appropriate committee exists, an ad hoc committee or task force may be appointed. Assignment of academic and professional matters to committees is subject to ratification by the Faculty Senate. If it is unclear as to whether or not an item is an academic and professional matter, the Superintendent/President or designee and the Faculty Senate President shall mutually agree to the establishment and constitution of an ad hoc committee to resolve the question.

D. The governance committee, task force, or Faculty Senate committee responsible for the particular academic and professional matter shall use the following procedures in order to assure that all interested parties have an opportunity to provide input:

1. The committee shall develop a detailed time line which shall be approved by the Faculty Senate President and Superintendent/President or designee.

2. The committee members shall be responsible for reporting back to their constituent groups on a regular basis regarding the progress of the committee.

3. Academic and professional matters which are under discussion shall be noted in the President's Advisory Council agenda along with the name of the chair of the committee and the time line.

4. When the committee is ready to make a recommendation, it shall sunshine the draft recommendation and ask for feedback within a specific time frame of not less than two weeks. It is the responsibility of the chair to provide copies of the draft recommendation and the time line for feedback.

5. The draft recommendation shall be sunshine in at least the following arenas: Faculty Senate, President's Advisory Council, Instruction, Student Services, Administrative Services, ASG, Administrative Association, and CCE/AFT. This process of soliciting feedback may be repeated within the time line until the committee sends the recommendation to the Faculty Senate.

6. After reviewing the feedback and making changes, if necessary, the committee will send the recommendation to the Faculty Senate for action or resubmit it to interested groups if there are substantive changes.

7. The Senate may elect to accept the recommendation or return it to committee with specific recommendations for changes, additions, or deletions.

E. Recommendations from the Faculty Senate to the Governing Board on academic and professional matters, other than those which are the direct responsibility of the Curriculum Committee, shall be reviewed by the Superintendent/President. If the Superintendent/President agrees with the recommendation, the Faculty Senate then reports its recommendation to the Governing Board for information and action. If the Superintendent/President disagrees with the recommendations of the Faculty Senate, the matter will be referred back to the Faculty Senate and then to the originating committee with written comments or recommendations so that issues raised by the Superintendent/President may be addressed. The Faculty Senate will then review the originating committee’s response and recommendation and report its decision to the Superintendent/President and its recommendations to the Governing Board for information and action.

F. Policies and procedures related to academic and professional matters shall be implemented only during the regular academic year when the Faculty Senate is in session. In cases where there is a federally or state-mandated change or deadline which may result in serious fiscal hardship for the District, and the Faculty Senate is not in session, the Faculty Senate President or designee shall be consulted and informed that immediate action is required. Such action is deemed temporary and shall be in force for a period of time not to exceed ninety days from the date of Board action. Final implementation of resulting policies or procedures is subject to review and ratification by the full Senate, utilizing the process described herein. When an academic and professional matter is deemed by both the Governing Board and Senate to be urgent enough to hold special sessions of the Faculty Senate, Faculty Council, or committees on which faculty serve beyond the usual academic year, faculty members shall be compensated for their time.

G. Recognizing the importance of shared governance, the District will, through the regular budget process, provide facilities and support at a level at least equivalent to the 1991-92 level, to the Faculty and Faculty Senate. Faculty, recognizing their professional obligations, will utilize the support prudently and act in the best interests of the College.

H. In a case where no agreement is reached or substantial delay in the consultation process occurs, the Faculty Senate reserves the right to submit written comment, to meet with or appear before the Governing Board to present the views and recommendations of the Faculty Senate on academic and professional matters.

I. The Governing Board normally shall accept the recommendations of the Faculty Senate on academic and professional matters as long as the Faculty Senate has followed the processes described in this Board procedure. If the Governing Board does not accept any such
recommendation, the Superintendent/President or designee shall promptly communicate the Board's reasons in writing to the Faculty Senate upon request.

J. Modification of these procedures is accomplished by agreement between the Faculty Senate President and Superintendent/President or designee and is subject to ratification by the Faculty Senate.

12.10.1 Public Participation at Regular Meetings of the Board (97-18518) (97-18582)
For the purposes of conducting an orderly Board meeting, the Board hereby sets a five-minute time limit per person for members of the public who wish to address the Board on matters within its jurisdiction, may ask a delegation to select a spokesperson, and may limit the number of speakers on a particular topic unless the proposed speakers are addressing different concerns.

The Board President or the Chair of any Board meeting may terminate a presentation by a member of the public given the floor to speak under this procedure, after a verbal warning to cease improper and offensive conduct;
for example, conduct which incites a riot, and the individual who is warned persists in engaging in disapproved conduct.

26 Administrative Hiring

Establishing the Position

A. New administrator positions are identified annually by the division administrators or the Superintendent/President and submitted through an established procedure to the Staff Priorities Committee. The Superintendent/President will attempt to reach a mutually satisfactory agreement with the affected departments, division, the Faculty Senate, and the Administrative Association Council when the development of new administrative positions results in reorganization of instructional departments. In the case of the conversion of a faculty position into an administrative position, the conversion will be presented to the Faculty Senate and to the Administrative Association Council by the Superintendent/President before it is submitted to the Staff Priorities Committee. The Superintendent/President is responsible for the implementation and maintenance of an effective administrative structure.

B. The Staff Priorities Committee reviews and evaluates all new position requests to develop a priority list of positions to be funded. Below are criteria which the Staff Priorities Committee will consider in justifying the need to establish a new administrative position. Please write a narrative addressing these criteria as well as any other factors that are believed to be relevant in substantiating the need for a new administrative position. These criteria will be used as guides for the Staff Priorities Committee in recommending the order of establishing positions across the College as a whole.

It is expected that the request to establish a new administrative position will initiate with the senior or executive administrator responsible for the new position who will also prepare the rationale in support of new positions. The appropriate vice president will submit all requests to the Staff Priorities Committee with a priority listing based upon the needs of the area as a whole.

These are the criteria which should be addressed in each proposal:

- number of staff supervised/increase in number of staff supervised
- failure to function from lack of supervision
- complexity of operation (including multiple site requirements)
- accreditation requirements
- compliance with state and federal laws/regulatory standards
- backlog of work among existing administrators
- program growth or demand (e.g. student, employees, classes offered)
- increase in number of projects/programs/activities
- District goals and objectives
- technological or other changes requiring the employment of staff with special skills
- position's inclusion in the five-year plan
- introduction of new programs
- any other relevant factors specific to the department's needs not included above

These criteria are not in priority order and all need not be addressed.

C. The Staff Priorities Committee forwards its recommendations to the Superintendent/President and the Budget Development Committee.
D. After the Budget Development Committee identifies the available funds for new positions, the Superintendent/President submits a list of new position recommendations to the Governing Board for approval.

E. Replacement positions require the approval of the Superintendent/President.

   5. a statement regarding required participation in shared governance;
   6. legal qualifiers established by Human Resource Services to comply with federal, state, and District regulations.

Screening criteria will include an evaluation of the extent to which applicants have and demonstrate a sensitivity to and understanding of the diverse academic, socioeconomic, cultural, disability, and ethnic backgrounds of the community college community.

B. The voting members of the Selection Committee develop job-related interview questions designed to distinguish candidates who will best meet the needs of the District in the position.
C. The voting members of the Selection Committee screen all complete applications that meet the stated minimum qualifications to select candidates for interview.

D. The voting members of the Selection Committee interview candidates selected for interview using pre-approved questions. Follow-up questions may be used if they are based directly on a candidate's response to a question, if they do not seek information outside of the scope of the established hiring criteria, and if they are not in violation of Affirmative Action guidelines.

E. The voting members of the Selection Committee recommend an unranked list of finalists for consideration. All of the finalists recommended must be fully acceptable to the Committee since only a finalist recommended by the Selection Committee will be hired.

F. Each member of the Selection Committee, its representatives, and the Affirmative Action Representative is responsible for maintaining the confidentiality of the interview as well as evaluative comments made during the interview process. Such information may be shared only with the members of the Selection Committee and the administrators involved.

Recruitment Procedures for Administrative Positions:

1. Vacancies are advertised for a minimum of four weeks.

2. In addition to regular mailed announcements to colleges, universities, organizations committed to referring applicants of under-represented groups and local advertising, positions are advertised in professional publications recommended by the Selection Committee and/or the appropriate Senior or Executive Administrator. Every effort, including the utilization of the Chancellor's Office Diversity Registry, is made to recruit qualified ethnic minority and female applicants and applicants with disabilities.

3. Interim appointments shall be advertised on campus for a minimum of one week.

Applications/Screening

A. Human Resource Services accepts applications and supplemental materials until 4:30 p.m. on the closing date.

B. Human Resource Services verifies the diversity of the applicant pool and may 1) extend the search or 2) modify or remove the preferred qualifications to include applicants who were initially screened out because they failed to meet locally established "desirable or preferred" qualifications beyond minimum qualifications in order to increase the diversity of the pool after consultation with the Selection Committee and the appropriate administrator.

C. Screening criteria and interview questions must be approved by Human Resource Services before Selection Committee members have access to applications. Screening criteria help members to review objectively each application for the position. The screening criteria must be listed on the selection criteria report, along with the point value assigned to each criterion and the method of evaluation. Screening criteria are developed from the position description and the qualifications and requirements listed in the position announcement.

D. The voting members of the Selection Committee complete screening forms for each applicant.

E. Upon determination of applicants to be interviewed, the chair or co-chair returns all applications and screening forms to Human Resource Services.

F. Human Resource Services reviews the diversity of the pool nominated for interview and may recommend that additional candidates be interviewed or further recruitment be initiated in order to meet the diversity goals of the District.

Interviews

A. Interviews are scheduled by Human Resource Services upon notification by the Selection Committee of dates and times when all members of the committee including the Affirmative Action representative can be in attendance.

B. The Human Resource Services office provides copies of the applications and interview screening forms to the Selection Committee with an interview schedule.

C. All members of the Selection Committee must be present for all interviews and subsequent discussions. The Affirmative Action Representative appointed by the Human Resource Services office must be present for all interviews and for the Committee discussion to evaluate and select finalists. If the Affirmative Action Representative misses an interview, a substitute Affirmative Action Representative will be appointed by the Human Resource Services Office. If a voting member of the committee misses an interview, the committee member is removed from the Selection Committee.

D. After interviews are completed, the voting members of the Selection Committee discuss and evaluate the qualifications of the interviewed candidates including whether the candidates will contribute to staff diversity at Palomar College.

E. The Selection Committee completes the Affirmative Action Activity Report and forwards the application materials of the unranked finalists to the appropriate senior or executive administrator. All finalists must
be acceptable to the Selection Committee. The Chair of the Selection Committee notifies the Vice President for Human Resources and Affirmative Action of the names of the finalists forwarded to the appropriate senior or executive administrator and returns the screening and interview forms to the Human Resource Services Office.

F. If the Selection Committee is not satisfied with the interviewed candidates, the Committee Chair or Co-Chairs may request to review the applicant pool to ensure that qualified applicants have not been overlooked or recommend that the position be reopened.

G. The voting members of the Selection Committee will conduct reference checks in accordance with the policies and principles of equal opportunity and affirmative action. The voting members of the Committee will determine the questions to be asked in advance and reference checks will be conducted in the format provided by Human Resource Services. Reference information must be held in strict confidence within the committee.

Final Selection

A. If the senior or executive administrator or the Superintendent/President is concerned with the diversity of the finalist pool or the number of finalists, the concerned party or designee will meet with the Selection Committee to discuss the concern. The concerned party and the Selection Committee will review the applicant and/or interview pool to ensure that qualified applicants have not been overlooked. As a result of this review, the Selection Committee and the concerned party may decide to continue with the interview process with or without additional finalists. Otherwise, the position will be reopened.

B. The Selection Committee may appoint one voting member to attend the final administrative interviews as an observer. The Committee member must attend all of the finalists' interviews and, except for reports to the Committee, is responsible for the confidentiality of the interview.

C. The Superintendent/President interviews the finalists for all senior and executive administrative positions recommended by the Selection Committee. It is at the discretion of the Superintendent/President to include other Palomar employees in the final interview or to arrange additional interviews or meetings with appropriate campus constituencies (the Vice Presidents, the Deans, the Faculty, the Administrative Association, Classified staff, ASG, etc.). An affirmative action representative will be appointed by Human Resources to attend second level interviews. Whenever possible, it shall be the same representative who served with the Selection Committee.

D. Site Visits

1. Executive Administrative positions: The Superintendent/President may visit the local campus of each finalist for the position. The Superintendent/President will decide whether or not additional Palomar representatives will participate in the site visits.

2. Senior Administrative positions: The Superintendent/President and/or the appropriate Vice President may visit the local campus of each finalist for the position. The Superintendent/President will decide whether or not additional Palomar representatives will participate in site visits.

E. The appropriate Dean, Vice President, or the Superintendent/President will meet with the Selection Committee to discuss the final selection. Any ranking of the finalists may be discussed at this time. The appropriate Dean, Vice President, or the Superintendent/President will make the final selection for recommendation to the Governing Board. If none of the finalists is selected for hire, the Selection Committee and the appropriate administrator will:

1. review information regarding the recommended finalists and/or the nature of the position; and/or
2. review the interview pool to ensure that other potential finalists have not been overlooked; and/or
3. recommend that the search be reopened.

F. The Committee will forward the Affirmative Action Activity Report to the Human Resource Services office for approval of the process before an offer of employment is made to the selected applicant.

G. The Superintendent/President or designee extends the offer of employment to the selected finalist. Human Resource Services coordinates all necessary intake and orientation procedures.

H. All offers of employment are subject to approval by the Governing Board. rev. PAC 2/3/98, 5/19/98

PERSONNEL

GENERAL

101

Staff Diversity/Affirmative Action (89-13529)
It is the policy of the Palomar Community College District to offer equal opportunity for all persons in all facets of the District's operations. Equal opportunity is offered to all employees and applicants for employment without regard to such matters as race, sex, color, age, religion, ancestry, creed, national origin, political belief, marital
status, sexual orientation, medical condition, physical disability, or Vietnam-era veteran status. The District affirms its commitment to nondiscrimination in recruitment, screening, testing, selection, hiring, compensation, employment benefits, promotion, educational opportunities, access to programs, work assignments, application of discipline, layoffs, recalls, access to grievance procedures, terminations, and any and all other conditions of employment which are provided by District policy, regulation, rule, or practice.

It is the ongoing responsibility of the Governing Board, Superintendent/President, assistant superintendents/vice presidents, deans, directors, chairpersons, search committees and others involved in employment decisions to comply with this policy. The Vice President of Human Resources and Affirmative Action is responsible for administering and coordinating the District's Equal Employment Opportunity and Staff Diversity/Affirmative Action programs. However, Palomar College recognizes that affirmative action is a shared responsibility and holds all employees accountable for application and enforcement of the policy within their area of authority.

Palomar College recognizes and appreciates the benefits of a diverse campus community and values the individual distinctions of its staff and students. In support of its goal to encourage students to examine their own and other heritages through multicultural and interdisciplinary programs, Palomar College seeks to provide positive role models for all students and recognizes that diversity in the academic and vocational environment fosters cultural awareness, mutual understanding and respect, harmony, and creativity.

102
Sexual Harassment
Definition
Sexual harassment of employees and students at Palomar College is defined as any unwelcome sexual advances, requests for sexual favors, or other visual, written, verbal, or physical conduct of a sexual nature when:

A. Submission to such conduct is made either explicitly or implicitly a term or condition of an individual's employment or academic status.
B. Submission to or rejection of such conduct is used as the basis of employment or academic decisions affecting the individual.
C. The conduct has the purpose or effect of having a negative impact upon the individual's work or academic performance, or of creating an intimidating, hostile, or offensive work or educational environment.
D. Submission to or rejection of such conduct by the individual is used as the basis for any decision affecting the individual regarding benefits and services, honors, programs, or activities available at or through Palomar College.

Examples of Harassing Behavior Include:

A. VERBAL HARASSMENT: Making or using derogatory comments, epithets, slurs, and jokes of a sexual nature; inappropriate sex-oriented comments on appearance, including dress or physical features; comments about a person's sexuality or sexual experience. This also includes written harassment such as suggestive or obscene letters, notes, or invitations.
B. VISUAL HARASSMENT: Leering, making sexual gestures, inappropriately displaying sexually suggestive objects, posters, cartoons, or pictures.
C. PHYSICAL HARASSMENT: Touching, pinching, grabbing, patting, poking, or brushing against another person's body; kissing, hugging; impeding or blocking movement; assault.
D. SEXUAL FAVORS: Offering employment or academic benefits in exchange for sexual favors; making or threatening reprisals after a negative response to sexual advances.

Responsibility:

A. Under the Equal Employment Opportunity Commission guidelines, the District is responsible for acts of sexual harassment when it knows or should have known of the conduct. All District employees and students, therefore, have the responsibility to keep the college administration informed, through the most confidential and direct means possible, of all alleged acts and/or complaints of sexual harassment. This includes reporting any conduct on the part of non-employees or students, such as sales representatives or service vendors, who sexually harass any employee or student of the District.
B. It is the responsibility of senior and executive administrators, department chairs, directors, managers, and supervisors to ensure a working and learning environment free of sexual harassment and intimidation.
C. The Vice President of Human Resources and Affirmative Action is responsible for administering this policy. All questions, concerns, and complaints regarding sexual harassment should be addressed to the Vice President of Human Resources and Affirmative Action.

D. No employee or student shall take any action to discourage a victim of harassment from reporting such an instance.

**Dissemination of Policy**

This policy shall be disseminated as follows:

Sexual Harassment information is provided to employees and students each year through orientation and registration. This policy is included in employee and student handbooks and will be posted as required by law.

**Complaint Procedure:**

A. Any allegation of sexual harassment will be investigated immediately and thoroughly.

B. Upon notice of conduct which allegedly constitutes sexual harassment under the definition set forth herein the Vice President of Human Resources and Affirmative Action shall take immediate and appropriate corrective action in accordance with the affirmative action complaint procedures. Due to the sensitive nature of an allegation of sexual harassment, every effort will be made at this stage to resolve the situation on an informal basis and to protect the anonymity of the employees and/or students involved.

C. If, after the appropriate steps are undertaken to resolve the complaint, the sexual harassment persists or either party is dissatisfied with the informal resolution, the affected employee or student may file a formal complaint in accordance with the District's affirmative action complaint procedure. The complaint will be conducted with a view toward obtaining a fair resolution while protecting the confidentiality and privacy rights of all individuals involved.

D. Any employee or student who is found to have engaged in the sexual harassment of another employee or student will be subject to disciplinary action, which may include but is not limited to written reprimand/warning, demotion, transfer, required professional counseling, suspension, dismissal from school, and/or termination of employment.

E. In defining the conduct which constitutes sexual harassment, federal and state guidelines address unwelcome conduct and clearly distinguish sexual harassment from actions or incidents which are purely personal, social relationships without discriminating employment or academic effects. In determining whether conduct constitutes sexual harassment, the District will examine the record as a whole. The determination of the legality of a particular action will be made from the facts, on a case-by-case basis. Implicit in the idea of professionalism is the recognition by those in positions of authority that in their relationships with students and employees there is always an element of power. It is incumbent on those with authority not to abuse nor to seem to abuse the power with which they are entrusted. Consenting romantic and sexual relationships between faculty and student or between supervisor and employee, while not expressly forbidden, are generally deemed unwise.

F. Any employee or student who feels that s/he is being subjected to conduct which allegedly constitutes sexual harassment should keep a detailed documentary record of the offending conduct (e.g., date(s) of incident(s), what was said or done, names of witnesses to the incident(s), etc.).

G. Bad faith allegations or use of this policy for purposes unrelated to its clear intent are expressly prohibited.

**Training**

The District will provide appropriate training on sexual harassment to sensitize employees and students to conduct which may be construed as sexual harassment. The training will be provided to all employees and students, with supervisory personnel and faculty being especially encouraged to attend.

**103**

**Sexual Assault**

The Sexual Assault Task Force will report and make recommendations to the District Safety and Security Committee.

**Definition of Terms**

Sexual Assault is any kind of sexual activity which is forced upon a person against her or his will. This includes rape, forced sodomy, forced oral copulation, sexual battery, and forced insertion of a foreign object into the vagina or anus.
Sexual Battery is forced touching of an intimate part (genitals, breasts, buttocks) of another person for the purpose of sexual arousal, gratification, or abuse. (California Penal Code 243.4)

Rape: The California Penal Code, Chapter 1, Title 9, Part 1 states that sexual intercourse under the following circumstances constitutes rape:

A. when the rapist knows that the victim cannot give legal consent because of a developmental or physical disability or mental disorder;
B. when the sexual intercourse is forced by means of violence or threat of bodily injury;
C. when the victim is given alcohol or other drugs that prevent the victim from resisting;
D. when the rapist knows the victim is unconscious during the act of sexual intercourse;
E. when the victim erroneously believes that the rapist is his/her spouse;
F. when the victim is threatened with retaliation.

Campus Patrol Supervisor
All victims of sexual assault and other campus crime are urged to contact the Campus Patrol Supervisor for assistance. The Campus Patrol Supervisor will assist victims in contacting the Sheriff's Department upon whom the District relies for investigation of crimes. Campus Patrol will keep anonymous records of each report for statistical purposes.

In cases of sexual assault, victims are urged to contact the Campus Patrol Supervisor and to allow the Campus Patrol Supervisor to contact the Sheriff's Department and Student Health Services. The Sheriff's Department has trained individuals assigned to assist victims of sexual assault and to arrange appropriate transportation for medical attention if necessary. The Campus Patrol Supervisor will notify the Director of Health Services of all sexual assaults.

The Campus Patrol Supervisor provides information in conjunction with the Sheriff's Department about how to pursue criminal prosecution and civil action against the perpetrator. The victim is advised by the Director of Student Activities or the Vice President of Human Resources and Affirmative Action of the process to initiate a disciplinary action and to obtain academic and personal counseling assistance. The victim may choose to pursue civil or criminal action through the Sheriff's Department and/or disciplinary action through the College.

When the Campus Patrol office is closed, victims should notify the Sheriff's Department directly by calling 911. Anyone who has knowledge of a sexual assault or other crime committed on campus should contact the Campus Patrol office as soon as possible.

In addition to or in lieu of contacting the Campus Patrol Supervisor, victims may contact Health Services, Counseling, or Human Resource Services for assistance.

Health Services
Health Services will provide immediate medical attention and referral services; provide the victim with information on sexual assault; notify a parent, spouse, and/or friend, if appropriate; arrange for immediate campus and community counseling services and long-term counseling support; coordinate crisis support with Sheriff's Department personnel.

The Campus Patrol Supervisor and/or the Director of Student Health will notify the Director of Student Activities and/or the Vice President of Human Resources and Affirmative Action when appropriate.

Director of Student Activities
The Director of Student Activities will notify the Vice President of Student Services and the President; respond to the victim's request for academic support and counseling; provide information about campus and community support groups for victims; initiate disciplinary action when appropriate; inform the victim of any and all developments in, and the outcome of, any student disciplinary proceedings instituted by the College in connection with the assault.

Vice President of Human Resources and Affirmative Action
The Vice President of Human Resources and Affirmative Action will notify the President and the appropriate administrator(s); respond to the victim's requests for support and counseling; initiate disciplinary action, when appropriate, against the suspect; inform the victim of any and all developments in, and the outcome of, any disciplinary proceeding instituted by the College in connection with the assault; administer the policy on sexual assault.
Confidentiality
Victims of sexual assault are assured of strict confidentiality when contacting a Palomar College office for assistance. Requests for assistance, counseling, or information will not result in a formal complaint unless the victim is willing to file such a complaint. Responses to inquiries from the press, concerned students, or members of the community will be made only when such confidentiality can be guaranteed. The District's Public Information Office will be notified of incidents on a need-to-know basis as determined by the Campus Patrol Supervisor in consultation with the Superintendent/President or designee. The College's primary concern is for the safety and health of the victim and providing appropriate referrals for counseling and medical services.

The disciplinary process shall respect the rights of the victim as well as the accused in determining whether the hearing shall be open or closed; in allowing the victim to have another person accompany her/him throughout the disciplinary hearing; the right to be present throughout the disciplinary hearing; the right not to have his or her past sexual history introduced as part of the testimony.

Disciplinary Action
The victim will receive information about how to pursue criminal prosecution, civil prosecution, and the disciplinary process, as well as academic and personal counseling assistance. Based on that information, the victim may choose to pursue civil or criminal action through the Sheriff's Department and/or disciplinary action through the College. The District will take disciplinary action against any member of the campus community (student, staff, faculty) who commits sexual assault. Students shall be disciplined in accordance with the Rules and Regulations for Student Behavior. Employees of the District will be disciplined through the disciplinary procedure established for their employee group.

Implementation/Administration
Preventing sexual assault and controlling campus crime requires the participation and cooperation of the entire campus community. Campus Patrol cannot successfully prevent crime unless attacks and other incidents are reported. All members of the campus community are encouraged to alert Campus Patrol of suspicious activity, potential dangers, or perceived "opportunities" for crime, including sexual assault, to occur. However, Campus Patrol respects the victim's right to privacy and cannot pursue a criminal action without the full consent of the victim.

Each member of the campus community is responsible for reporting incidents of sexual assault. A faculty, staff member, or student who is aware of a sexual assault on campus or at a facility maintained by the District, should inform the Campus Patrol Supervisor as soon as possible. It is not required to report the name of the victim.

Advisory Task Force
To maintain a campus safe from the threat of sexual assault and to assist in the prevention of sexual assault crimes on campus, a Sexual Assault Advisory Task Force will meet at least once a year to:
A. review the Sexual Assault policy and procedures;
B. review and promote education and training efforts such as self-defense classes, awareness weeks, information brochures used in the effort to create a rape-free campus environment; and
C. make recommendations to improve the sexual assault prevention program.

Members of the advisory task force will include the following:
Supervisor, Campus Patrol
Director, Health Services
Vice President, Student Services
Chair, Counseling or designee
Vice President, Human Resources and Affirmative Action
Student Representative

The Sexual Assault Task Force will report to and make recommendations to the District Safety and Security Committee.

D. when the rapist knows the victim is unconscious during the act of sexual intercourse;
E. when the victim erroneously believes that the rapist is his/her spouse;
F. when the victim is threatened with retaliation.

104 AIDS
Palomar College will continue to review legislation information and medical research on AIDS.

Staff or students infected with the HIV virus or individuals concerned about possible risk of HIV infection may inform campus health authorities in order for the College to assist in obtaining proper medical advice and guidance. All information and consultations, as with all other medical information, will be handled in a strictly confidential manner in accordance with existing procedures and requirements in effect at Palomar College.

109 Drugs and Alcohol Education
The District will provide a Drug Education and Awareness program for all students and employees that will include the following:

A. Annual distribution of accurate, current information on the health risks and symptoms of alcohol and other drug use as well as legal sanctions proscribing substance use and abuse under local, state, and federal law for the unlawful possession or distribution of illicit drugs or alcohol.
B. Training programs to enable employees and students to detect problems of alcohol abuse and other drug use and to refer persons with these problems to appropriate assistance programs.
C. Inclusion of drug and alcohol information (including information on the misuse and abuse of over-the-counter drugs) in both student- and staff-orientation programs.
D. Training for faculty on ways to incorporate alcohol and other drug education into the curriculum whenever appropriate.
E. Developing and training a group of students and employees to serve as referral teams to help other students and employees who seek assistance with drug- and alcohol-related problems.
F. Providing information on drug and alcohol counseling, treatment, or rehabilitation programs that are available to employees and students.
G. Educating employees and students in preventing alcohol abuse and other drug use and in the safe use of legal drugs.
H. Providing facilities and opportunities for peer support groups to meet.

Referral and Assistance
The District will implement a program to assist employees and students who are alcohol or drug-dependent or who are experiencing problems associated with drug and/or alcohol dependency.

A. Designated employees and students who normally interact with large numbers of employees and students will be identified throughout the District to be trained in referral skills and response to emergency situations. The names and phone numbers of the Referral Team members will be well publicized so that students and employees will know who to contact when they have questions or concerns about alcohol and drug use, misuse, and abuse. Referral Team members will treat all such inquiries and concerns with the highest level of confidentiality and refer the employee or student to the appropriate assistance program. Referral Team contact is voluntary, and neither employment nor academic status will be jeopardized by seeking assistance. Employees and students, other than those designated, may volunteer to be trained as members of the Referral Team or as support for other employees and students who are experiencing drug- and alcohol-related problems. The District will provide periodic training updates for these employees and students who are members of Referral Teams.

B. Any person who suspects that an individual may have a drug- or alcohol-related problem may contact a member of the Referral Team for advice. All such contacts are confidential and the name of the individual with the suspected problem need not be revealed. The purpose of the contact is to obtain advice on how to encourage or support the affected individual in seeking help.
C. The District will offer training and written information to all employees and students on how to contact and effectively use the services of the Referral Team. Training and information will also be provided to employees and students on effective and constructive ways to deal with friends and co-workers/students who may be experiencing drug- or alcohol-related problems.

Action
Although the District will treat violations of the Drug and Alcohol policy as serious matters that may result in disciplinary actions up to and including expulsion or termination, its first concern is for the health and safety of employees and students. The District is committed to creating an environment that promotes and reinforces healthy, responsible living, respect for community and District standards, individual responsibility, and the intellectual, social, emotional, ethical, and physical well being of employees and students. While unsatisfactory work performance or inappropriate student behavior will not be tolerated, the District will encourage and assist an employee or student with an alcohol- or drug-dependency or related problem to seek and obtain the appropriate treatment to deal with the dependency.

Employee Program
The District Policy is focused on rehabilitation and recovery, not on discipline. Therefore, the District will encourage and assist employees who participate in efforts to deal effectively with dependency problems and will provide reasonable accommodation for such participation. (Such assistance/accommodation will normally be limited to granting appropriate leave when requested, continuation of medical benefits while on such leave, flexible work schedules to allow attendance at required meetings, etc.) Direct financial support or payment for rehabilitation treatment is not included. An employee who is alcohol or drug dependent will be permitted to participate in outpatient treatment/rehabilitation and inpatient treatment/rehabilitation before any final action is taken as a result of violations of the prohibitions in the District policy on Drugs and Alcohol. However, to protect the District from potential liability, the District may alter the duties and responsibilities of an employee participating in a treatment/rehabilitation program and/or may reassign the employee during that period of time.

Employee Rights and Responsibilities
In accordance with the Drug-Free Workplace Act of 1988, an employee must notify the Superintendent/President or the Vice President of Human Resources and Affirmative Action in writing within five (5) days of any conviction under a criminal drug statute for conduct in the workplace. An employee also must notify the Superintendent/President or the Vice President of Human Resources and Affirmative Action in writing within five (5) days of any conviction of driving under the influence of alcohol or under the influence of illegal drugs occurring in any workplace or while the employee is acting within the scope of employment. The terms "workplace" and "scope of employment" have the same meaning as described in District Policy. A conviction includes any finding of guilt, including a no-contest plea, or imposition of a sentence by any judicial body. An employee convicted of driving under the influence of illegal drugs, a controlled substance, or alcohol when driving a District vehicle while acting within the scope of employment is subject to immediate termination.

When an employee through self-identification or intervention of a co-worker or supervisor seeks assistance for an alcohol or drug related problem, the District will provide access and referral through appropriate employee assistance programs that offer counseling, assistance, and treatment.

When an employee experiences performance problems or violates District Policy related to an alcohol or drug-related problem, the District will comply with the appropriate discipline policy and in accordance with District Policy will permit the employee to participate in outpatient treatment and inpatient treatment before any final disciplinary action is taken or the employee is dismissed.

District Rights and Responsibilities
The District has the right, upon reasonable suspicion, to ask an employee whether he or she has a drug- or alcohol- related problem and to request that the employee seek assistance in dealing with that problem. Reasonable suspicion includes, but is not limited to, the employee appearing to be under the influence of alcohol or drugs, the employee being found in possession of alcohol or suspected controlled substances, the employee being involved in an accident whose nature indicates impairment of ability or judgment, or the employee being involved in an incident in which a safety precaution was violated or a careless act was performed. If an employee denies that such a problem exists and/or refuses to seek assistance, then the employee must provide reasonable explanation for the performance or behavior problem that prompted the District to suspect that the employee may have a drug- or alcohol-related problem. The District may then proceed with the appropriate disciplinary policy that applies to the employee. However, in case of blatant violations of safety rules, drinking alcoholic beverages on the job, and other overt violations of the Policy on Drugs and Alcohol or when the employee has repeated violations after having had the opportunity to participate in rehabilitation/treatment, the
District has the right to begin the disciplinary process whether or not the employee agrees to seek assistance/treatment.

Student Program
Students at Palomar College are responsible for regulating their own conduct and for respecting the rights and privileges of others. Palomar students are expected to conduct themselves in a manner compatible with the function of the College as an educational institution and respect and obey all civil and criminal laws. Failure to abide by the Rules and Regulations for Student Behavior of Palomar College is cause for disciplinary action which could result in suspension or expulsion.

Guidelines for student conduct are set forth in the California Education Code, California Administrative Code Title 5, policies of the Board of Trustees, and all civil and criminal codes.

Student Rights and Responsibilities
The academic status of a student seeking assistance will not be jeopardized based on the act of seeking assistance. However, seeking assistance cannot be used to change or excuse the academic record of the student. Such decisions will continue to be based on the student's performance in the class and changes will be made only with the approval of the instructor. Details of communication between students and Referral Team members will not be disclosed without the written consent of the student. If a student rejects a suggestion to seek assistance, it is the student's responsibility to correct the problem and/or comply with any disciplinary action imposed as a result of the problem or behavior.

Pass an Alcohol Test (or Test Negative) - the initial test or confirmation test under DOT procedures indicates the driver’s alcohol level is .019 or lower.

Performing (a safety-sensitive function) - a driver is considered to be performing a safety-sensitive function during any period in which s/he is actually performing, ready to perform, or immediately available to perform any safety-sensitive functions.

Refusal to Submit (to an alcohol or controlled substance test) - the driver (1) fails to provide adequate breath for testing without a valid medical explanation after s/he has received notice of the requirement for breath testing in accordance with these regulations, and/or (2) fails to provide adequate urine for controlled substances testing without a valid medical explanation after s/he has received notice of the requirement for urine testing in accordance with these regulations, and/or (3) engages in conduct that clearly obstructs the testing process.

Safety-Sensitive Function (or “Covered Function”) - any of those on-duty functions as described in 49 CFR Part 395.2 On-duty time. On-duty time commences at the time a driver begins to work or is required to be in readiness for work and continues until the time s/he is relieved from work and all the responsibility for performing work.

SAMHSA - Substance Abuse and Mental Health Services Administration (formerly the National Institute on Drug Abuse), established by the Department of Health and Human Services (DHHS) in 1986 to regulate laboratories performing analytical tests (drug tests) on human body fluids for employment purposes in the public sector.

Substance Abuse Professional - a licensed physician (medical doctor or doctor of osteopathy), or a licensed psychologist, social worker, employee assistance professional, or addiction counselor (certified by the National Association of Alcoholism and Drug Abuse Counselors Certification Commission) with knowledge of and clinical experience in the diagnosis and treatment of alcohol and controlled-substance related disorders.

SECTION III. WHO IS COVERED BY THE CONTROLLED SUBSTANCE AND ALCOHOL POLICY AND PROCEDURES

The Controlled Substance and Alcohol Policy and Procedures apply to every person who operates a commercial vehicle in interstate or intrastate commerce, and is subject to the commercial driver’s license requirements. (Commercial Motor Vehicle and Commercial Driver’s License definitions are located in Section II, above.)

SECTION IV. NOTIFICATION TO THE DRIVER

Prior to performing a controlled substances or alcohol test under the Controlled Substance and Alcohol Policy:
A. the District must notify the driver(s) that the alcohol and/or controlled substances test is required;
B. the District shall post the Policy in a prominent location that is readily accessible to all covered drivers;
C. all covered drivers will be provided with a complete copy of the Controlled Substance and Alcohol Policy and Procedures; and
D. each driver will be required to sign a certificate of receipt certifying that s/he has received a copy of the Controlled Substance and Alcohol Policy and Procedures.

Additional copies of the Controlled Substance and Alcohol Policy and Procedures may be obtained for review from the District Controlled Substance and Alcohol Program Coordinator.

SECTION V. TESTING PROCEDURES

A. Specimen Collection Requirements for Controlled Substance and Alcohol Testing
   1. All specimen collections for controlled substances and alcohol shall be performed according to the specific guidelines as designated in 49 CFR, Part 40, Procedures for Transportation Workplace Drug and Alcohol Testing Programs. A urine specimen will be collected to test for controlled substances and a breath sample will be collected to test for alcohol.
   2. Alcohol tests will be administered using an Evidential Breath Testing Device (EBT) that is on the Conforming Products List published by the National Highway Traffic Safety Administration (NHTSA). The tests will be performed by a certified Breath Alcohol Technician (BAT).

B. Substances for Which Testing Must Be Conducted
   Testing must be conducted for alcohol and for all controlled substances as defined in Section II.

C. Drug Testing Laboratory
   1. The District shall use a drug testing laboratory certified under the DHHS Mandatory Guidelines for Federal Workplace Drug Testing Programs; 53 FR 11970, April 11, 1988, and subsequent amendments.
   2. The laboratory shall provide services in accordance with Part 40 and Part 382. The name and address of each SAMHSA laboratory used by the District is contained in Appendix A.

D. Time Period When Testing is Conducted
   A driver may be sent to be tested for controlled substances at any time during the driver's shift. Testing for alcohol must take place just before, during, or just after performing a safety-sensitive or covered function. Performing a safety-sensitive function means a driver is considered to be performing a safety-sensitive function during any period in which s/he is actually performing, ready to perform, or immediately available to perform any safety-sensitive functions.

SECTION VI. TYPE OF TESTS REQUIRED

A. Pre-employment Testing
   A pre-employment controlled substance test must be conducted before the first time a driver performs a safety-sensitive function. A driver must also take a pre-employment controlled substance test when s/he transfers to a safety-sensitive position. This also applies to a driver returning from a leave of absence for more than 30 days who has not participated in the controlled substance and alcohol program and, therefore, has not been subject to the random selection process. A negative test result is required prior to performing safety-sensitive functions.

Exception to Pre-employment Controlled Substance Testing
   A driver would not be required to take a pre-employment controlled substance test if the District verifies the following:
   1. The driver has participated in a controlled substance testing program that meets the requirements of this policy within the previous 30 days; and
   2. While participating in this program, was tested for controlled substances within the past six months OR participated in a random testing program for the previous 12 months; and
   3. The District verifies with the driver's previous employers that within the past six months the driver has not violated any part of this policy nor has s/he violated the rules of other DOT agencies.

B. Post-Accident Testing
   1. Following an accident (as defined by the Federal Motor Carrier Regulations 390.5 - see Section II) involving a commercial motor vehicle, a post-accident controlled substances and alcohol test will be administered to each driver who:
      - was performing a safety-sensitive function with respect to the vehicle, if the accident involved the loss of human life; or
      - who receives a citation under State or local law for a moving traffic violation arising from the accident.
   2. Controlled Substances Test: The driver must be tested for controlled substances as soon as possible but no later than 32 hours after the accident. If a driver is not tested for controlled
substances within 32 hours, the District shall maintain a record stating why the test was not administered.

3. **Alcohol Test:** The driver must be tested for alcohol as soon as possible but no later than eight hours following an accident. If a driver is not tested within two hours after an accident, the District shall maintain a record stating the reasons why the test was not administered promptly.

4. The District will provide the driver with information on how to comply with the post-accident procedures prior to operating a commercial motor vehicle.

5. Post-accident breath, urine, or blood tests completed by local, state, or federal officials may fulfill the requirements of this policy.

6. A driver who is subject to post-accident testing must remain readily available for such testing or may be deemed by the District as refusing to submit to testing. However, this requirement should not delay necessary medical attention for injured people following an accident or prohibit a driver from leaving the scene of an accident for the period necessary to obtain assistance in responding to the accident.

C. **Random Testing**

1. The regulations require that safety-sensitive drivers shall be subject to controlled substance and alcohol testing on an unannounced and random basis. The District shall conduct a number of controlled substance tests equal to at least 50 percent of all covered drivers and alcohol tests equal to at least 25 percent of all covered drivers each calendar year, spread reasonably over a twelve-month period. The selection of drivers to be tested shall be made by a scientifically valid method, such as computer-generated random selection, and each driver shall have an equal chance of being tested each time the selection is made. Only covered drivers operating vehicles on behalf of the Palomar Community College District are participants in the pool of drivers subject to the random testing procedures required by this policy.

2. Once the driver has been notified that s/he has been selected for testing, s/he must be available for testing immediately.

3. Alcohol tests will be performed only just before, during, or just after performing a safety-sensitive function.

D. **Reasonable Suspicion Testing**

Reasonable suspicion testing of a driver is required when there is reasonable suspicion to believe that the driver has violated the prohibitions of the Controlled Substance and Alcohol Policy (as described in Section VII). A supervisor or District official, who is trained in the detection of the possible symptoms of controlled substance use and/or alcohol abuse, shall make the decision to test the driver.

1. **Controlled Substances**
   a. The determination that reasonable suspicion exists will be based upon specific, contemporaneous, articulable observations concerning the appearance, behavior, speech, or body odors of the driver. The observations may include indication of the chronic and withdrawal effects of controlled substances.
   b. A driver may be asked to submit to a reasonable cause controlled substance test at any time during the work period.

2. **Alcohol**
   a. The determination that reasonable suspicion exists will be based upon specific, contemporaneous, articulable observations concerning the appearance, behavior, speech, or body odors of the driver.
   b. Alcohol tests for reasonable suspicion must be requested before, during, or just after the driver performs a safety-sensitive function.
   c. The supervisor that makes the determination to test the driver may not administer the alcohol test.
   d. The driver shall not be permitted to return to duty to perform safety-sensitive functions until:
      1) An alcohol test is administered with a result of less than .02, or
      2) Twenty-four hours have elapsed from the time the determination of reasonable suspicion was made.

**Supervisor Training**

Supervisory personnel responsible for those drivers covered under Part 382 will receive training under the Controlled Substance and Alcohol Policy. The training shall include at least one 60-minute period of training on alcohol misuse and at least an additional 60 minutes of training on controlled substances use. The training shall cover the specific and contemporaneous physical, behavioral, and performance indicators of probable controlled substance use and alcohol use. This training shall be for supervisors who may determine whether a driver must be tested for reasonable suspicion.

E. **Return-to-Duty Testing**

Each driver that has violated the prohibited conduct standards related to controlled substances and/or alcohol shall be tested for controlled substances and/or alcohol, respectively, before returning to his/her
safety-sensitive function. The test results must indicate a verified negative result for controlled substances and/or alcohol concentration of less than .02. A Substance Abuse Professional will determine if both a controlled substance and alcohol test are required prior to returning to duty.

F. Follow-up Testing
A driver who returns to duty shall be subject to unannounced follow-up controlled substance and/or alcohol testing. At least six tests must be conducted within the first 12 months after the driver returns to duty. The District may extend the follow-up testing for up to 60 months after the driver returns to duty.

SECTION VII. PROHIBITED CONDUCT

A. Refusal to Submit to an Alcohol or Controlled Substance Test
No driver shall refuse to submit to any of the required controlled substance and/or alcohol tests, including, post-accident, random, reasonable suspicion, or follow-up tests.

B. Prohibited Conduct Related to Controlled Substances
1. No driver shall report for duty or remain on duty performing a safety-sensitive function when the driver uses a controlled substance, except when the substance is prescribed by a physician, and the physician informs the driver that the substance does not adversely affect the driver’s ability to perform the safety-sensitive function.
   a. All drivers must report all therapeutic drug use to the District, if the drugs prescribed are known to produce any psychoactive effects on the user, including alterations in mood, alertness, and reflexive response. Therapeutic drug use must be reported regardless of whether the drugs are among those listed as controlled substances for the purposes of the Controlled Substance and Alcohol Policy. Each driver must provide verification to the District from his or her physician that any medications prescribed do not adversely affect his or her ability to perform a safety-sensitive function.
   b. No driver shall report for duty, remain on duty, or perform a safety-sensitive function after testing positive for a controlled substance.

C. Prohibited Conduct Related to Alcohol
1. No driver shall report to duty or remain on duty requiring the performance of a safety-sensitive function with a breath alcohol concentration of .04 or greater.
2. No driver shall use alcohol while performing a safety-sensitive function.
3. No driver shall possess alcohol while on duty or operating a CMV.
4. No driver shall perform a safety-sensitive function within four hours after using alcohol.
5. No driver shall use alcohol within eight hours after an accident, or until an alcohol test has been completed, whichever comes first.

SECTION VIII. CONSEQUENCES FOR PROHIBITED CONDUCT

A driver that engages in prohibited conduct as detailed in Section VII of these procedures shall be removed from performing safety-sensitive functions.
A driver will not be hired if s/he refuses to submit to a pre-employment controlled substance or alcohol test.
A driver will be removed from a safety-sensitive function if s/he refuses to submit to a post-accident, reasonable suspicion, random, or follow-up controlled substance and/or alcohol test.
A positive breath alcohol test of between .02 and .04 will result in the removal of the driver from the safety-sensitive function for 24 hours.
A driver who engages in prohibited conduct may be disciplined in accordance with other Board policies and procedures, and as allowed by law.

SECTION IX. REFERRAL, EVALUATION, AND TREATMENT

A. Drivers who have engaged in conduct prohibited by the Controlled Substance and Alcohol Policy will be:
   1. provided resources for evaluating and resolving problems associated with alcohol misuse and controlled substance use;
   2. evaluated by a Substance Abuse Professional (SAP) who will recommend assistance, if necessary, for the driver to resolve problems associated with alcohol misuse and controlled substance use.

B. Before a driver returns to duty requiring the performance of a safety-sensitive function, after engaging in conduct prohibited by the Controlled Substance and Alcohol Policy, s/he must:
   1. Follow the rehabilitation program prescribed by the SAP; and
   2. Pass a return-to-duty controlled substance and/or alcohol test, and
   3. Submit to unannounced follow-up alcohol and/or controlled substance tests, following the driver’s return to duty.
SECTION X. MEDICAL REVIEW OFFICER (MRO)

The MRO shall be a licensed physician with knowledge of substance abuse disorders. The function of the MRO is to review all negative and positive controlled substance test results. The MRO interviews drivers who test positive before results are transmitted to the District. A positive test result does not automatically identify a driver/applicant as having used controlled substances in violation of a DOT regulation. An individual with a detailed knowledge of possible alternate medical explanations is essential to a review of the results.

The role of the MRO is to review and interpret confirmed positive test results obtained through the District testing program. In carrying out this responsibility, the MRO shall examine alternate medical explanations for any positive test result. This action could include conducting a medical interview with the individual and review of the individual’s medical history, or review of any other relevant biomedical factors. The MRO shall review all medical records made available by the tested individual when a confirmed positive test result could have resulted from legally-prescribed medication. The MRO shall not, however, consider the results of urine samples that are not obtained or processed in accordance with DOT regulations.

The District has contracted with an MRO for the controlled substance testing program in accordance with the requirements of Parts 40.33 and 382.

SECTION XI. CONFIDENTIALITY

A. Release of Driver's Test Results
1. Information regarding the driver’s test results will not be released, except to the District, without the driver's written consent excepted as noted in 3, 4, and 5 below.
2. All records regarding the driver’s controlled substance and alcohol test results are available to the driver at any time, upon written request. A driver may also, upon written request, have records released to subsequent employers or other individuals identified by the driver.
3. Access to records shall be permitted to the Secretary of Transportation, any DOT agency, or any state or local officials with regulatory authority over the employer or any of its drivers.
4. When required as a part of an accident investigation, records regarding the District’s administration of post-accident alcohol and controlled substance tests shall be made available to the National Transportation Safety Board.
5. The District may disclose records maintained as part of the Controlled Substance and Alcohol Policy pertaining to a driver, to a decision-maker in a lawsuit, grievance, or other proceeding initiated by or on behalf of the driver, and arising from the results of an alcohol and/or controlled substance test administered as per the Controlled Substance and Alcohol Policy, or from the District’s determination that the driver engaged in prohibited conduct (including, but not limited to, a worker's compensation, unemployment compensation, or other proceeding relating to a benefit sought by the driver).

B. Previous Employer's Test Results
1. The District may obtain, with driver's written consent, any records relating to the Controlled Substance and Alcohol Policy, from the previous employer.
2. The District must obtain all positive test results for controlled substances and alcohol and records of refusal to test occurring within the preceding two years. These records shall be obtained, with the driver's consent, from the driver's previous employer.
3. These records must be obtained and reviewed no later than 14 days after the first time the driver performs a safety-sensitive function. If the records have not been obtained within 14 days, the driver will not be permitted to continue to perform a safety-sensitive function.
4. A driver may not use a driver to perform safety-sensitive functions if the District obtains information on the driver’s alcohol test with a concentration of .04 or greater, verified positive controlled substances test result, or refusal to be tested, by the driver, without obtaining information on a subsequent SAP evaluation and/or compliance with the return-to-duty testing section of these procedures.

SECTION XII. SUBSTANCE ABUSE PROFESSIONAL

A. The SAP provides information to drivers regarding the following issues:
1. Effects of alcohol/controlled substance use on the individual’s health, work, and personal life;
2. Signs and symptoms of an alcohol or controlled substance problem;
3. Methods of intervening when an alcohol or controlled substance problem is suspected; and
4. Counseling and treatment programs available for controlled substance use and alcohol misuse.
5. The SAP for the District is identified in Appendix A.
Guidelines for Dealing with Threats or Acts of Violence

Introduction

Palomar College is committed to providing a safe learning and working environment that promotes mutual respect and is free of harassment and physical and psychological threat. The District has developed and disseminated several policies and procedures to deal with safety issues including the policies on Sexual Assault and Sexual Harassment, procedures to respond to a bomb threat, policy and procedure on drugs and alcohol, and guidelines for dealing with abusive people. With the increase in workplace violence, Palomar Community College District affirms its commitment to providing a safe workplace for all employees.

Palomar College will make every effort to prevent workplace violence and to reduce the exposure to workplace trauma. The District will provide a program of education and services including training for all employees in recognizing signs of potential for violence and in emergency response procedures. The District will provide a crisis response team to assist employees in the event of a workplace trauma. Employees are encouraged to utilize the Employee Assistance Service for Education (EASE) program to receive support in handling any difficulties that may arise.

Definitions

Violence - intense and extreme behavior used to frighten, intimidate, injure, damage, or destroy another person or property.

Threat - a direct or implied expression of intent to inflict physical harm and/or actions that a reasonable person would perceive as a threat to physical safety or property.

Threats can be verbal, written, or physical. Regardless of the intensity of the verbal threat, employees should report all threats as soon as possible. The following may be warning signs of potentially violent behavior:

1. Ominous threats - include descriptions of what the violent person plans to do such as “bad things are going to happen to so and so” or “that guy is overdue for an accident.”
2. Threatening actions - such as intimidation of others or attempts to instill fear, menacing gestures, and flashing of concealed weapons.
3. Bizarre expressions - such as perceiving that the world is falling apart or expressing a highly overstated sense of entitlement to a promotion or work schedule that was denied.
4. Obsessive Behavior - such as repetitious statements about holding a grudge against a co-worker, supervisor, or student; or, in some cases, a stated fascination with an unrequited romantic interest.

Because it is sometimes difficult to discern intent, jokes about threats of physical acts of violence will not be tolerated.

This policy is not intended to interfere with an individual’s free speech or right to self-expression. However, the District will not tolerate any expression of violence or potential violence. Such expression is cause for disciplinary action.

Reporting Threats

When an employee becomes aware of a threat, he or she shall immediately notify his/her supervisor or the Campus Patrol Supervisor. Even when a threat is told "in confidence," the employee shall report the threatened action as soon as possible to ensure safety.

If the supervisor is not available, the employee should notify the next level of supervision or the Campus Patrol Supervisor. If a student is involved, the Director of Student Activities should be notified. If an employee is making a threat of violence, the Vice President for Human Resources and Affirmative Action should be notified. If a community member is involved, the Campus Patrol Supervisor should be notified. Employees are authorized to contact the individual they determine can respond to their concern or to deal with the individual making the threat.

Employees should not contact 911 or the Sheriff’s office unless there is a threat of immediate danger. However, when in doubt, call the Sheriff’s office.
The staff member must agree in writing prior to approval of the exchange that the exchange will not exceed one year. It is the applicant's responsibility to file a request to the Governing Board for any extension of the exchange.

**Definitions**

A. **Exchange** - The exchange of academic and classified staff members with an educational, governmental, business, or public institution outside of the college.
   - **Direct Exchange** - An outgoing participant and an incoming participant involved in an exchange simultaneously with the prospective institutions.
   - **Nondirect Exchange** - Involves an outgoing participant or incoming participant only.

B. An academic staff application will be reviewed by the Sabbatical Leave and Salary Schedule Credit Committee. Classified staff exchanges will be reviewed by the Classified Professional Growth Committee.

C. If a supervisor, department chairperson, director, or dean disapproves an exchange request, the reason for disapproval must be given in writing. The applicant may appeal the disapproval to the appropriate committee indicated in 2 above. The committee's recommendation will be forwarded to the vice president.

D. Incoming academic participants must meet requirements of the department, be eligible for temporary academic participation in the areas to which they are assigned, and must obtain necessary document(s) from the California Community Colleges Office of the Chancellor. No incoming academic participant may begin participating until proper qualification is on file at the District.

**Number of Exchanges per Semester**
The number of exchanges to be recommended by the Superintendent/President or designee will be based upon the availability of resources and the effect of the exchange upon the instruction, service, and/or support functions of the College.

**Length of Exchange**
The minimum and maximum length of the exchange must be approved by the immediate supervisor, department chairperson or director, dean, and vice president, in consideration of the efficiency of the operating unit.

**Compensation**

A. The District will continue to pay outgoing participants their regular salary and fringe benefits subject to the normal deductions.

B. Incoming participants will be paid by the sending institution.

**Vested Rights**

A. An employee will continue to advance on the salary schedule and accrue longevity while participating in an exchange.

B. The period of exchange for an academic employee will count toward the years accrued for sabbatical eligibility.

**Exchange Assignment and Obligations**
The assignments, obligations, and other understandings for any exchange participant for the period of exchange will be detailed in a Memorandum of Agreement which must be signed by the exchange participant and the Superintendent/President.

**Facilities and Resources**
The District will provide to incoming participants the same access to opportunities and resources as it does for its own employees. Any exceptions or prohibitions will be stated in the Memorandum of Agreement between the District and participants.
Housing and Relocation
The District will provide neither housing nor relocation costs for incoming or outgoing participants.

Exchange Commitments
Unless there are extremely unusual or extenuating circumstances, the District will honor commitments made in the exchange program for both outgoing and incoming participants.

A Nondirect or nonsimultaneous exchange can be considered with the recommendation of the immediate supervisor or department chair, division dean, and the vice president.

In the event that an incoming participant finds it impossible to complete an assignment because of ill health or other unforeseen events, the District retains the right to require the return of the outgoing participant unless the other institution chooses to provide an acceptable alternate or pay the replacement costs.

Other Considerations
Procedures to implement the Exchange Program will be developed through the Office of Instruction and Office of Human Resources and reviewed by the Faculty Senate, the President's Advisory Council, and the Superintendent/President.

Supervision of Faculty
Division Organization

Instruction
The educational program consists of five instructional divisions:
- ARTS AND LANGUAGES DIVISION
- MATHEMATICS AND THE NATURAL AND HEALTH SCIENCES DIVISION
- COMMUNITY LEARNING RESOURCES DIVISION
- HUMAN ARTS AND SCIENCES DIVISION
- VOCATIONAL TECHNOLOGY DIVISION

The deans of the five instructional divisions are responsible to the Assistant Superintendent/Vice President for Instruction. Their duties require extensive communication with chairpersons and directors, with each other, and with the Assistant Superintendent/Vice President for Instruction in the interest of maintaining a viable program which uses all college resources in meeting the needs of the entire community.

The instructional departments and programs are: American Indian Studies; Art; Athletics; Behavioral Sciences; Business Education; Chemistry; Child Development; Communications; Computer Science and Information Systems; Cooperative Education; Counseling, Guidance, and Career Development; Dental Assisting; Earth Sciences; Emergency Medical Education Programs; English; English as a Second Language; Family and Consumer Sciences; Foreign Languages; Library/Media Center; Life Sciences; Mathematics; Multicultural Studies; Nursing Education; Performing Arts; Physical Education; Physics and Engineering; Public Safety Programs; R.O.P.; Reading Services; Economics, History, and Political Science; Special Education; Speech Communication/Forensics/ASL; Trades and Industry; and Vocational Programs.

Student Services
Student Services is divided into five primary areas of responsibility: Enrollment Services; Counseling, Guidance, and Career Development; Student Support Programs; Student Activities, and Intercollegiate Athletics.

Enrollment Services covers the entire admissions and registration process as well as records evaluation for the purpose of determination of graduation eligibility. The process of veteran benefit eligibility and monitoring is also a part of this area.

Counseling, Guidance, and Career Development includes all functions of counseling on and off campus. It includes the Counseling Center, Career Center, Transfer Center, and Assessment. Counseling is also an integral part of the Disabled Student Programs and Services (DSP&S) and the Extended Opportunity Program and Services (EOP&S).
Student Support Programs includes a wide diversity of services including Financial Aid, Extended Opportunity Programs and Services (EOP&S), Disabled Student Programs and Services (DSP&S), Student Job Placement, Tutorial Services, and Health Services.

Student Activities includes the areas of Student Government, student clubs and activities, and discipline.

Matriculation activities span a number of different programs and services and reports organizationally to the Assistant Superintendent/Vice President for Student Services, but has reporting responsibilities to the Assistant Superintendent/Vice President for Instruction as well, due to secondary effects of the programs on instruction and curriculum.

Intercollegiate Athletics includes men's and women's athletics, athletic trainers, and athletic equipment and facilities.

154.21
Service Responsibility
It is the intent of the Service Responsibility Policy to encourage regular participation by all Faculty in the governance, operation, and representation of the College.

Each Faculty member is expected to earn an average of no fewer than two (2) service points per year through active participation in one or more College service activities.

Service activities that are used toward meeting Professional Development contract requirements may not be used toward meeting any service responsibility requirements.

It is the Faculty member's responsibility to provide documentation of College service. Such documentation may become a part of the faculty member's personnel file. Verification of activity is achieved by submitting a completed Service Verification form to the Professional Development Office. The form requires the signature of the Department Chair/Director.

Service points may be earned in a variety of ways including service on committees, task forces, special service to a department or program or by service in leadership positions. At least one-half of the service points earned must be earned through participation in designated governance activities. Appropriate activities and point values earned for active participation are listed in the Service Point Guidelines table.

154.3
Teaching Load
Due to the special needs of students enrolled in the English as a Second Language Program, the teaching load is set at 20 hours per week (not including five office hours per week) arranged as follows:

- 15 hours classroom assignment
- 5 hours individual and small group assistance and/or administrative duties necessary to administer the various site programs.

154.4
Overloads
Academic employees with less than a full-time contract shall not be given hourly assignments in addition to their contract assignment.

154.42
Load Banking
A faculty member must have earned at least seven (7) service points or a proportionate percentage thereof for a partial leave, within the three (3) years prior to taking load bank leave to be eligible to take load bank leave.

Banked hours may not be held for more than three years from the time that the maximum load is banked. Extensions may be granted by the Superintendent/President for the following reasons:

A. the District is unable to approve a leave request during the three-year period;
B. the Faculty member requests an extension for compelling reasons;
C. the Faculty member delays the leave at the request of the District.

The accumulated banked hours and the resulting time off have no effect on sabbatical leave eligibility, fringe benefits, or accrual of sick leave.

A faculty member on load bank leave must complete the terms of the Professional Development contract established for that academic year.

When the Department Chair/Director and the Division Dean determine that the staffing needs of the department/program conflict with the number of requests for leaves, requests for Sabbatical leaves will be given preference over requests for load bank leave.

When a request to use leave is denied, an extension of the time to use the leave will be granted by the Superintendent/President.

Banking Service

A. A tenured faculty member wishing to bank a service must complete a banking application and receive the approval of the Department Chair/Director, the Dean, and the appropriate Vice President. Approval is accomplished through the Load Bank application.

B. If a faculty member is unable to take the banked hours as leave, the hours taught will be paid at the part-time salary rate in effect at the time the hours were banked. No interest on monies will be given.

C. If a faculty member who is on load banking becomes ill and uses all accrued part-time sick leave, the load banking agreement for that assignment will be canceled. The faculty member will be paid for the hours taught at the overload salary rate in effect at the time the hours were banked. No interest on monies will be given.

Load Bank Leave

A. The number of hours to replace the assigned contract load must be accumulated before the Faculty member can be granted time off. Tentative approval will be given based upon anticipated completion of the banked assignment. Documentation of at least seven (7) service points, or a proportional percentage thereof for a partial leave, must be provided by the faculty member before the leave can be approved. Tentative approval will be given based upon anticipated completion of earned service points. Hours banked prior to January 1, 1993, shall not be subject to this provision.
B. Six (6) months' notice must be given prior to taking load bank leave. Less than six (6) month's notice may be given only if there are special circumstances and if approved by the Department Chair/Director, Dean, and appropriate Vice President.
   1. The Faculty member must complete a Request to Use Banked Leave and state the specific time of the leave.
   2. The Request must be approved by the Department Chair/Director, the Dean, and the appropriate Vice President.

C. The Department Chair/Director, Dean, and appropriate Vice President must certify that the department/program will not be jeopardized by the absence of the Faculty member. If the leave cannot be approved, it may be rescheduled for another semester. The decision to reschedule the banked load will be mutually agreed upon by the Faculty member and the Department Chair/Director with the approval of the Dean and the appropriate Vice President. The leave must be rescheduled to be taken by the end of the following academic year.

D. Faculty may withdraw load banked funds only in the calendar year earned.

E. If a faculty member accumulates 100% banked hours and the load bank leave is not taken with a 3-year period, the hours taught will be paid at the overload salary rate in effect at the time the hours were banked. No interest on monies will be given. Funds will be paid within 60 days by the district, once the three-year period has expired.

F. If there is no load bank activity within three years of the last banked hours, the district will return banked funds at the overload salary rate in effect at the time the hours were banked. No interest on monies will be given.

G. In case of separation from service, disability, documented financial hardship such as medical expenses, eviction or foreclosure on mortgage of principal resident, dire or compelling circumstances outside the control of the individual or death, the load banked funds will be paid to the individual or his/her estate at the overload salary rate in effect at the time the hours were banked. No interest on monies will be given.

155 Compensation

155.1 Salary Schedule Credit
Each academic employee is expected to maintain a self-guided program of professional improvement throughout his/her professional career. In addition to meeting the requirements of the Professional Development policy, academic employees have the opportunity to receive salary schedule credit through course work and projects as described in Board policy.

Forms to request salary schedule credit are available in the Office of Instruction. It is recommended that the staff member thoroughly review the Salary Schedule Credit policy before completing the form and before attending the Sabbatical Leave Committee meeting at which his or her request is to be considered.

When a request for salary credit is made which appears to duplicate a situation for which credit previously has been granted, the academic employee shall furnish information to the committee indicating how the duplicate situation has appreciably contributed to growth within the profession.

Except for upper division or graduate level course work, advance approval by the Sabbatical Leave Committee is required.

It is the responsibility of the applicant to specifically identify how the work will contribute to professional growth. Requests for advance approval are to be submitted prior to beginning the work. Submission of an application for advance approval does not guarantee advance approval will be granted; however, if submitted at least one month prior to the activity, the request will not be denied on the basis of date submitted.

In no case will salary schedule credit be awarded if Associated Student funds have been allotted for the completion of the work.

Salary credit may be awarded for work completed while the academic employee is on sabbatical leave, provided all other criteria have been met.

It is the responsibility of the academic employee to verify completion of any work for which advance approval of salary credit was granted. No final units will be awarded until such verification is received. Forms are available in the Office of Instruction.
The regulations regarding salary credit conform with the following interpretations of the Education Code:

A. If an academic employee attends a degree-granting institution and is reimbursed by the District for travel, registration, or other expenses, the academic employee may not receive salary credit unless payment of an additional fee is made by the employee.

B. If an academic employee goes to a non-degree-granting institution and receives certification of attendance, and the academic employee is reimbursed by the District for travel, registration or other expenses, the employee may not receive salary equivalency credit.

C. If the District releases the academic employee from duties to attend a workshop, seminar, or conference, and the academic employee incurs expenses not reimbursed by the District, the academic employee may receive salary credit.

D. If an Instructional Grant is awarded to an academic employee for a completed project, the academic employee may not receive salary credit for the same project.

Absences and Leaves

156.1
Reporting Absences
Absences are reported to the Office of the Assistant Superintendent/Vice President for Instruction. The Office of the Assistant Superintendent/Vice President for Instruction may be contacted as early as 7:30 a.m. The Office of the Assistant Superintendent/Vice President for Instruction will notify the Academic Department Assistant who will be responsible for posting an official notice on the appropriate classroom door. The only official notice is one signed by the Assistant Superintendent/Vice President for Instruction. Instructors are asked to announce in their classes that notices written on the board are not official. Sick-leave absences reported to the office of the Assistant Superintendent/Vice President for Instruction are recorded monthly on the Academic Absence Report. Corrections to this report are made by the faculty member, signed by the Department Chair/Director, and then sent to Payroll Services.

Remuneration for Longer than Five-Day Substitutes
When a faculty member is ill, the department will make every effort to cover classes for the period of one week. Should the faculty member's illness go beyond this week, the pay for the substitute will be at the hourly rate and will be retroactive to the first day. An attempt will be made to substitute first from within the department and second from qualified outside sources. Only in extreme emergency will classes be canceled.

156.2
Sick Leave
Sick leave may be used whenever faculty are unable to perform their duties because of temporary disability caused by illness, injury, pregnancy, and/or childbirth. Sick leave may also be used for medical, psychological, dental, or optical examinations or treatment.

All instructors teaching on an hourly basis shall accrue sick leave for all hours taught. Sick leave will be accrued by part-time faculty members teaching hourly during the summer, fall, and spring semesters; sick leave will be accrued by contract faculty members teaching hourly as paid overload during the summer, fall, and spring semesters.

Hours accrued for sick leave by contract faculty teaching an overload on an hourly basis must be recorded separately from days accrued on contract work. State Teachers' Retirement System mandates that these accruals may not be commingled. Hours accrued on hourly work may not be used as credit toward retirement, whereas days accrued on contract work may.

156.3
Other Leaves of Absence
Methods of obtaining a leave of absence for reasons other than Sabbatical Leave or exchange participation:
A. The employee shall obtain an "Application for Leave of Absence" from the Human Resource Services Office, secure the endorsements of the department chairperson/director and the appropriate division dean, and/or Vice President, and submit the completed form to the Office of Instruction for endorsement. All endorsements, whether favorable or unfavorable, shall be shown in writing on the application. The completed application shall be submitted to the Superintendent/President's Office for final action by the Governing Board.

B. There shall be no priority of consideration established by the date on which the application is filed with the Assistant Superintendent/Vice President for Instruction.

C. Compliance with these requirements does not imply an automatic granting of leave of absence under this policy.

156.32 Jury Duty
When a faculty member is called for jury duty, an attempt shall be made by the department or instructional area to cover the instructor's classes from within the department or discipline. The substitute will be paid on an hourly basis. If classes cannot be covered from within the College, an effort shall be made to find qualified instructors outside the institution to cover classes. Jury duty leave is reported on the Academic Absence Report.

156.36 Bereavement Leave
Bereavement leave, including the relationship of the deceased, is reported on the Academic Absence Report.

156.37 Personal Necessity Leave
Personal necessity leave, including the reason for the leave, is reported on the Academic Absence Report.

156.371 Personal Business Leave
Personal business leave is reported on the Academic Absence Report.

156.38 Sabbatical Leave
A sabbatical leave is a program of professional activities designed to improve the professional qualifications of the eligible staff member of the Palomar Community College District. Eligible staff members are defined as educational administrators hired before July 1, 1990, and all faculty on 50 percent or more contracts for six consecutive years. This program may consist of study, research, or creative work (including fieldwork) leading to such improvement. Travel associated with the sabbatical leave activities is acceptable. The objectives of the proposed program must be realistic, and the expected benefits to the District and students must be tangible and verifiable. The leave itself is part of a process that includes planning, review of the planned project, the activities while on leave, successful completion of a written report on the results of the program, and verification that the objectives were met.

Planning a Sabbatical Leave
A. The eligible staff member should prepare a tentative sabbatical leave proposal and discuss its appropriateness with the chairperson/director and dean prior to submitting a Notification of Intent to the Instruction Office by September 15 of the year prior to the academic year in which the sabbatical leave is to occur. The Notification of Intent must specify whether a spring, fall, or full-year leave is requested. If the applicant holds 40 percent or more contract assignment in a different department, signatures from both chairpersons/directors and deans will be required throughout the process. If it is the chairperson/director requesting a sabbatical leave, the department will select a representative from the department to serve in lieu of the chairperson/director throughout the sabbatical leave process.
B. Following the September 15 due date for Notification of Intent, the Sabbatical Leave Committee will offer a workshop to assist sabbatical leave applicants in preparing effective proposals and the final written report. It is the applicant's responsibility to attend the workshop.

Activities While on Leave
A. While on sabbatical leave, the full time eligible staff member is expected to devote full time (720 hours minimum) to fulfilling the professional obligations specified in the leave proposal. Those who have served on consistent contracts of less than 100 percent shall reflect their percentage of contract in the leave proposal. Those who have had varied patterns of contractual employment shall reflect in the leave proposal an average of the contractual periods worked during the last six consecutive years. Any activity that would infringe on the time necessary to fulfill those obligations is contrary to the spirit of the Sabbatical Leave Policy.
B. The eligible staff member shall be temporarily released from all other College assignments and should not be employed by the District either part-time or hourly during the period of leave unless such employment is related to the leave and received approval as part of the sabbatical leave proposal. For ten-month faculty members the period of leave is congruent with the fall semester or spring semester or both. For eleven-month faculty members the period of leave must equal the number of days in the fall semester, spring semester or both.
C. A sabbatical leave proposal should reflect a minimum of 720 hours, or a full load of course study (normally defined as 12 semester units), or a combination equal to a full-time commitment.
D. District funds, personnel, or equipment may not be used while on sabbatical leave unless such use has received approval as part of the sabbatical leave proposal. District equipment may be used only with authorization of the chairperson/director, dean, and other appropriate supervisor as necessary.
Application Process

A. There will be no priority of consideration established by the date on which the Notification of Intent is filed with the Instruction Office. However, Notifications of Intent submitted after September 15 will not be accepted. Sabbatical Leave Applications submitted without a Notification of Intent will not be accepted.

B. It is the applicant's responsibility to attend the Sabbatical Leave Workshop and to be familiar with the policy, procedures, and information presented in the workshop.

C. The applicant will meet with the chairperson/director and dean to discuss proposed sabbatical activities.

D. A final proposal filed on a Sabbatical Leave Application and signed by both the chairperson/director and the dean must be submitted to the Instruction Office by November 1. Failure to meet the November 1 due date is considered a withdrawal from the process. The proposal must emphasize the professional value of the sabbatical leave to the eligible staff member and the benefit to the students and the District.

1. If either the chairperson/director or dean, or both, endorse the proposal, it is forwarded to the Sabbatical Leave Committee.

2. If neither the chairperson/director nor the dean endorses the proposal, the applicant may request that the Sabbatical Leave Committee convene an appeal committee. Written comments must be provided in the case of non-endorsement. The appeal committee will consist of three members of the Sabbatical Leave Committee appointed by the co-chairs.

3. The appeal committee consults with the chairperson/director, dean, and the applicant.
   a. If the appeal committee finds that the proposal has merit, the committee may ask the applicant to provide additional information; or ask the applicant to submit an entirely new application; or ask the chairperson/director and dean to reconsider the proposal. If the applicant revises the application, and the chairperson/director and dean both still do not endorse, the appeal committee may elect to forward the application to the Sabbatical Leave Committee.
   b. If the appeal committee finds the original proposal does not have merit, the application will not be forwarded to the Sabbatical Leave Committee, and the applicant will be given reasons in writing by the appeal committee.
   c. All appeals and revisions must be submitted by December 10.

E. The Instruction Office shall submit the applications to the Sabbatical Leave Committee for review and recommendation. After an initial review of the applications, the Sabbatical Leave Committee may request an applicant to submit additional information or a revision. The additional information or revision is due to the Instruction Office by the first day of the spring semester. Failure to submit the additional information or revision by the due date is considered a withdrawal.

F. The Sabbatical Leave Applications which are endorsed and recommended for approval shall be submitted to the Superintendent/President, who shall make recommendations to the Governing Board for approval/disapproval. Applicants whose applications are not recommended for approval will be notified in writing.

G. All recommendations and endorsements, whether favorable or unfavorable, shall be shown in writing on the Sabbatical Leave Application.

H. Compliance with these application requirements does not imply automatic granting of sabbatical leaves.

Revisions

A. Any revision to the proposed sabbatical leave activities must be submitted on the Request for Approval to Revise Sabbatical Leave Proposal form and must receive approval by the Sabbatical Leave Committee prior to implementation of the revised activities. Information provided must include the nature of the revised activities, additional work to be undertaken and/or work which will not be completed, and the reason for the revision.

B. The Request for Approval to Revise Sabbatical Leave Proposal form must be signed by the chairperson/director and dean. If either the chairperson/director or dean does not endorse the revision, the reasons must be given in writing on the form. The revised proposal will be submitted to the Sabbatical Leave Committee for approval/disapproval.

Completion of Sabbatical Leave Commitments

A. By November 1 following a Spring or full-year sabbatical leave, or by April 1 following a Fall sabbatical leave, a written report, accompanied by a Request for Approval of Sabbatical Leave Report signed and marked as satisfactory or unsatisfactory by the chairperson/director and the dean, shall be submitted to the Instruction Office. It is the responsibility of the eligible staff member to arrange for clerical assistance for manuscript preparation outside the institution. District funds or personnel may not be used to prepare a sabbatical leave report, unless authorized by the chairperson/director, dean, and other appropriate supervisor as necessary.
B. The written report should conform to a style appropriate for the subject matter and must document that the objectives set forth in the Sabbatical Leave Application and any approved Request for Approval to Revise Sabbatical Leave Proposal have been reached.

C. Any revisions reflected in the report must have received approval by the Sabbatical Leave Committee prior to undertaking the revision. Failure to receive approval may result in 1) a letter of reprimand from the Sabbatical Leave Committee, 2) letter of unprofessional conduct placed in personnel file, and/or 3) full or partial payback of salary.

D. If the report will not be submitted by the deadline, the eligible staff member must complete and submit the Request for Extension to File Sabbatical Leave Report to the Instruction Office no later than the report due date. A copy of the approved Sabbatical Leave Application and any approved revisions, the report to the extent of completion, documentation that the sabbatical leave work has been completed, the reason for delay, and the anticipated completion date must accompany the request for extension.

E. If the report has been found satisfactory by the Sabbatical Leave Committee, the Committee will notify the eligible staff member within 30 days after the report is due.

F. Should the report be found unsatisfactory by the Sabbatical Leave Committee and require more than minor editorial revision, a report committee consisting of the author, the chairperson/director, the dean, a representative of the Sabbatical Leave Committee, and the Assistant Superintendent/Vice President for Instruction shall be convened. In the case where the author is the chairperson/director, the department will select a representative. The report committee will determine the necessary steps to correct the deficiencies. The necessary corrections must be completed within 30 days of the date the committee makes its recommendations. The revised report will be submitted to the report committee, which will submit it to the Sabbatical Leave Committee.

G. After review, the Sabbatical Leave Committee will forward the satisfactory reports to the Superintendent/President, who will inform the Governing Board that the reports have been reviewed and meet the criteria of the policy and will recommend acceptance.

H. Failure to complete sabbatical leave activities or a portion thereof, or failure to deliver an acceptable report by the deadline, or failure to request and be granted the appropriate extension, may result in 1) a letter of reprimand from the Sabbatical Leave Committee, 2) letter of unprofessional conduct placed in personnel file, and/or 3) full or partial payback of salary.

Conditions Governing the Granting of Sabbatical Leave

A. Regular eligible staff members who have served on a 50 percent or more regular contract are eligible for sabbatical leave after six consecutive years of service or after six years of service have elapsed since a sabbatical leave (Education Code section 87768). Employment on an hourly basis shall not be credited toward eligibility for a sabbatical leave or to increase the percentage of time of service.

B. When an eligible staff member is hired after the first day of the semester, the subsequent semester will be the first semester counted for eligibility determination.

C. Compensation for the eligible staff member shall be for one year at half pay or for one semester at full pay based on the employee's pay scale for regular employment. Compensation for those who have served on consistent contracts of less than 100 percent shall reflect their percentage of contract. Compensation for those who have had varied patterns of contractual employment would be at an average of the contractual periods worked during the last six consecutive years. Those who take a full year sabbatical leave may wish to contact STRS for direction on maintaining a full year of credit.

D. The number of eligible staff members on sabbatical leave during any one semester shall not exceed five percent of the eligible staff who are under contract as of September 15 of the academic year in which application is made. In the event that the number of applicants for sabbatical leave exceeds five percent, priority shall be given to applicants on the basis of the following factors:

First priority will be given to applicants who have not had a previous sabbatical leave. If there are remaining slots, they will be filled according to the following point system:
1. The applicant seeks to attend a program offered on a one-time basis; verification required (3 points)
2. Seniority (1 point per year of contract and regular service in the Palomar Community College District)
3. Previous sabbatical (1 point per year since last sabbatical leave)
4. Priority will be established in the order of points awarded, with the eligible staff member with the highest number of points receiving the highest priority. Priority ranking will not be carried over for those who reapply the following year.

E. During the leave, the eligible staff member shall be paid in equal monthly installments. Retirement benefits, insurance benefits, and position on the salary schedule shall accrue as if the absent employee were on the campus employed on a full schedule.
F. Budgetary provisions for substitutes will be made to prevent cancellation of courses normally offered, unless deemed unnecessary because of curriculum or other changes. The Instruction Office will forward estimated budget costs to the Budget Development Committee.

G. The eligible staff member who has been granted a sabbatical leave shall agree, in writing, to serve the Palomar Community College District upon return from sabbatical, for a period of twice the length of the leave, with at least the same contract percentage held immediately preceding the leave (Education Code section 87770). An employee who has completed a sabbatical leave and who leaves the District employment before fulfilling the service obligation shall reimburse the District in the amount due for the portion of the unfulfilled obligation no later than the last day of employment with the District.

**Condition Acceptance**

Applicants who accept the conditions set forth in this policy and procedure are entering into a contract with the Palomar Community College District.

**Committee Operation**

Sabbatical Leave Committee meetings are open meetings, but final votes will be taken during executive session. Staff members are welcome to attend meetings to provide additional information.

In the event that suit is brought against any District employee as a result of participation in the approval/disapproval of a sabbatical leave, the District will assume full responsibility for costs of legal defense and payment of compensatory damages. The District will assume liability for payment of punitive damages awarded against a Sabbatical Leave Committee member who acted in good faith, without actual malice, and in the apparent best interest of the District if payment of the claim or judgment would be in the best interest of the District.

**156.4 Family Care and Medical Leave Procedure**

**A. Eligibility for Family Care and Medical Leave**

Faculty are required to have completed more than one academic year with the District to be eligible for family care and medical leave. If a faculty member leaves the District after one academic year and is subsequently reemployed by the District, the faculty member is not eligible for family care and medical leave until he or she completes another year of service.

**B. Right to Family Care and Medical Leave**

Subject to the terms and conditions stated in this policy, an eligible faculty member shall be granted an unpaid family care and medical leave for up to a total of twelve (12) work weeks in any year after making a request and providing certification for such leave in accordance with the procedures set forth below.

**C. Requests for Family Care and Medical Leave**

1. If the faculty member learns of facts necessitating a family care and medical leave more than thirty (30) calendar days prior to the time the leave is needed, he or she shall provide written notice to the District immediately. A minimum of thirty (30) calendar days' written notice is required.

2. If the faculty member learns of facts necessitating the family and medical care leave less than thirty (30) calendar days prior to the time the leave is needed, he or she shall provide written notice to the District as soon as possible. The faculty member is required to provide the District with written notice within five (5) working days of learning of the need for the leave.

3. If the faculty member's need for the leave is foreseeable due to a planned medical treatment or planned supervision of a child, parent, spouse, or member of the immediate household with a serious health condition, the faculty member shall consult with the Department Chair/Director and the Dean regarding the scheduling of the treatment or supervision so as to prevent undue disruption to student learning. Any scheduling of treatment or supervision shall be subject to the approval of the health-care provider of the individual with the serious health condition. In any event, thirty (30) calendar days' written notice is required.

**D. Certification of Serious Health Condition from Health Care Provider**

1. If the leave is requested to care for a child, parent, spouse, or member of the immediate household with a serious health condition, the District may require certification of the serious medical condition by the individual's health-care provider.
   a. The certification shall include:
      (1) the date on which the serious health condition commenced;
      (2) the probable duration of the condition;
      (3) an estimate of the time that the health-care provider believes the faculty member needs to care for the individual requiring the care;
a statement that the serious health condition warrants the participation of the faculty member to provide care for the child, parent, spouse, or member of the immediate family.

b. If additional leave is requested beyond the period stated in the certification, the District may require recertification in accordance with the procedures set forth above.

2. If the leave is requested for the faculty member’s own serious medical condition, the District may require certification of the serious medical condition by the health care provider.

a. The certification shall include:
   (1) the date on which the serious health condition commenced;
   (2) the probable duration of the condition;
   (3) a statement that, due to the serious health condition, the faculty member is unable to perform the functions of his or her position.

b. If additional leave is requested beyond the period stated in the certification, the District may require recertification in accordance with the procedures set forth above.

c. If the District has reason to doubt the validity of the certification, the District may require an examination by a health care provider of the District’s choice to obtain a second opinion. If the second opinion differs from the original certification, the District may require a third examination conducted by a health-care provider jointly selected by the District and the faculty member. The third opinion shall be binding on the District and the faculty member. All subsequent opinions obtained after the initial certification shall be at District expense.

d. Before returning to work after a family care and medical leave for his or her own serious medical condition, the District may require the faculty member to obtain certification from his or her health-care provider that he or she is able to resume his or her duties.

E. Right to Reinstatement
A faculty member returning from a family care and medical leave shall be assigned to the position he or she occupied prior to the leave. Use of family care and medical leave will not result in the loss of any employment benefit that the faculty member earned or was entitled to before using the leave.

F. Intermittent or Reduced-Schedule Leave
1. Leave taken because of the serious health condition of the faculty member or his/her spouse, child, parent, or member of the immediate household may be taken intermittently or on a reduced-schedule leave when medically necessary. Intermittent or reduced-schedule leave shall not result in a reduction of the total amount of family care and medical leave entitlement pursuant to state and federal law. Leave taken because of the birth of a child or placement of a child shall not be taken intermittently or on a reduced-schedule leave unless expressly agreed to by the District and the faculty member.

2. If a faculty member requests intermittent leave or a reduced-schedule leave, the District may assign a different class schedule that better accommodates the recurring periods of leave than the faculty member’s regular teaching schedule.

G. Terms of Family Care and Medical Leave
1. A faculty member who requests family care and medical leave for his or her own serious health condition is required to use all accrued sick leave and differential pay sick leave. Because family care and medical leave is limited to a duration of twelve (12) work weeks, it is unlikely that a faculty member will run out of differential pay sick leave within the duration of the family care and medical leave for a particular individual serious health condition.

2. A faculty member who requests family care and medical leave to care for a spouse, child, parent, or member of the immediate household is required to use all personal necessity leave as part of the twelve-week (12) period. Nothing in this policy shall require the District to provide paid sick leave or paid medical leave in any situation in which the District would not otherwise provide any such paid leave.

3. During the period of family care and medical leave, the District shall maintain coverage under the group health plan in which the faculty member is enrolled for a minimum of twelve (12) work weeks. The coverage shall be under the same terms and conditions as if the faculty member had continued in employment for the duration of the leave. The District may collect the amount of premiums paid by the District from the faculty member if he or she fails to return from leave after the contemplated time period for a reason other than the continuation, recurrence, or onset of a serious health condition.

4. During the period of the family care and medical leave, the faculty member is entitled to continue to participate in STRS. The District is not required to make plan payments to any retirement plan or to count the leave period for purposes of "time accrued" under any such retirement plan during the unpaid portion of the leave period. However, during the portion of the leave period wherein the faculty member has elected or the District has required the use of
accrued paid leave, applicable payments will be made to the retirement plan. In addition, accrued paid time off shall count toward "time accrued" under the retirement plan in the same manner as if the faculty member had utilized the paid leave other than for family care and medical leave. Faculty are allowed to continue making contributions to their retirement plan, in accordance with the terms of the plan, during the unpaid portion of the leave.

5. The leave shall not constitute a break in service for purposes of seniority and/or longevity. A faculty member returning from family care and medical leave shall return with no less seniority than when the leave commenced for purposes of layoff.

6. Other than as set forth in this policy, the District shall not refuse to hire, discharge, fine, suspend, expel, or discriminate in any fashion against any individual who:
   a. utilizes the family care and medical leave set forth in this policy;
   b. gives information or testimony regarding the faculty member's own family care and medical leave, or another faculty member's family care and medical leave, in any inquiry or proceeding related to family care and medical leave.

H. Effect of Family Care and Medical Leave on Pregnancy Disability Leave
Family care and medical leave is separate and distinct from disability leave for pregnant employees. Pregnant employees may be entitled to a disability leave in addition to a family care and medical leave.

1. Leave Available
   Leave taken under the pregnancy disability policy set forth in BP 156.33 runs concurrently with family care and medical leave under federal law, but not family care and medical leave under California law. Consequently, an eligible faculty member may take a pregnancy disability leave of up to four (4) months and a family care and medical leave of up to twelve (12) work weeks, for a combination of four (4) months plus twelve (12) weeks [approximately seven (7) months]. In order to be eligible for a combination pregnancy disability/family care and medical leave, the eligibility requirements set forth at Section D above must be met.

2. Compensation During Leave
   Leave necessitated by pregnancy, miscarriage, childbirth, and recovery therefrom shall be treated the same as sick leave. Accumulated sick leave shall be used first. After the accumulated leave is exhausted, the employee shall use any available differential pay sick leave.

   The employee may also elect, or the District may require, the use of any other paid leave during the pregnancy disability/family care medical leave. Nothing in this policy shall require the District to provide paid sick leave or paid medical leave in any situation in which the District would not otherwise provide any such paid leave.

I. Effect of Family Care and Medical Leave on Industrial Accident or Illness Disability Leave

1. Leave Available
   Leave taken under the industrial accident or illness disability policy set forth in BP 156.4 runs concurrently with family care and medical leave under both federal and state law. Eligible faculty may take a combination industrial accident or illness disability/family care and medical leave for a maximum total of twelve (12) work weeks of family care and medical leave. Upon termination of the sixty (60) days' industrial accident or illness leave, the faculty member must use accumulated sick leave and then differential sick leave to compensate for the difference in pay between the workers' compensation temporary disability payments and the faculty member's regular salary. At no time shall the faculty member receive more than his or her full salary.

J. Benefits and Reinstatement Pursuant to Combined Pregnancy Disability/Family Care and Medical Leave or Industrial Injury or Illness Disability/Family Care and Medical Leave

1. Benefits During Leave
   The District shall maintain coverage under the group health plan in which the faculty member is enrolled for the amount of time the faculty member utilizes accumulated and differential pay sick leave. In addition, the District shall maintain coverage for a maximum of twelve (12) work weeks of unpaid leave taken pursuant to this policy. In some instances, the District may recover premiums it paid to maintain health coverage if the faculty member fails to return to work following a combination leave. A faculty member on a combination leave whose paid coverage ceases in accordance with this policy, may continue group health insurance coverage through the District in conjunction with federal COBRA guidelines by making monthly payments to the District for the amount of the relevant premium. The faculty member should contact Human Resource Services for further information.

2. Reinstatement
   Faculty members returning from a combination leave shall be reinstated pursuant to the reinstatement rights set forth in Section E. However, if a faculty member returning from a combination leave is unable to perform the essential functions of the position because of a
physical or mental condition, the District's obligations to that faculty member may be governed by the Americans With Disabilities Act.

Lateral Transfer

Procedure

Lateral transfer under this policy is defined as a procedure whereby a tenured faculty member may transfer permanently from one faculty position to another in one of the following ways:

A. When a faculty vacancy is created by retirement, resignation, or other termination, a faculty member may request to transfer into that vacant position without competing with other candidates for the position. If a vacancy is created by a transfer and the position is to be filled, the vacant position shall be either 1) opened and advertised according to the standard procedure, or 2) filled with a lateral transfer.
B. When no vacancy exists, a faculty member may request a lateral transfer if the faculty member's current department/program (hereafter referred to as "Department A") agrees to transfer the position and the funding to another department/program (hereafter referred to as "Department B"). Both departments/programs must discuss the transfer and agree to it before it can proceed. If the transfer is approved, Department A reallocates the position and the funding to Department B.

A lateral transfer may constitute a full faculty load or a partial faculty load.

**Process:**

A. Human Resource Services notifies all tenured faculty of upcoming vacancies and the time frame during which requests must be submitted. No extensions of the time frames are allowed.

B. A tenured faculty member wishing to transfer must submit a letter of request to the Department Chair/Director of Department B. A copy of the request must be sent to the faculty member's current department chair and to the appropriate Dean(s). The letter of request must verify that the faculty member meets the minimum qualifications or the equivalent for the position.

C. All probationary and tenured faculty in Department B will meet to consider the request for transfer and make a recommendation to approve or deny the request.

D. Within 30 calendar days of receipt of the request for transfer, the Department Chair/Director of Department B will notify the faculty member, the Department A Chair/Director, and the appropriate Dean(s) of the decision. The decision of Department B is final.

E. If the transfer is approved, the faculty member will have five (5) calendar days to make a final decision on whether to transfer or remain in the current department.

F. The Department Chair/Director of Department B will notify the appropriate Vice President and the Superintendent/President to submit the approved lateral transfer to the Governing Board for approval.

**Professional Development**

**Rationale**

Institutional commitment to a program, which generates knowledge, skills, and creative work in the staff members’ areas of professional activity, is important for three reasons:

Faculty know that, in order to provide the finest education for students of Palomar College, they must be current in their fields and have opportunities for general intellectual growth. However, time and other constraints limit the fulfillment of these essential professional needs. Faculty and students alike benefit in the classroom when this professional vitality is maintained.

The reputation of Palomar College as an excellent educational institution is enhanced by the prominence of faculty members’ activities within their professional areas. With the close proximity of California State University's San Marcos campus, the most respectable, and perhaps the most effective, means for maintaining enrollments is the College's reputation for quality in the classroom and excellence throughout the institution. We cannot expect to cultivate such excellence consistently without systematic attention to professional development.

Effective communication on campus, and thus the efficiency of the institution, depends not only on formal structures but also on productive familiarity between people, allowing for the free expression of divergent perspectives and opinions. The respect for others that facilitates this openness can be developed as people work together on productive and fulfilling projects. The development of these relations is valuable within departments and programs, across disciplinary lines, and between administrative, faculty and classified elements on campus.

**Relation to the College Calendar**

Title 5, Part 6, Division 6, Chapter 8 of the Education Code requires that faculty have a minimum of 175 contractual days annually. Orientation day is an additional District-required day. Only 160 of these 176 days are required to be instructional days. The regulations permit as many as 15 days to be designated for staff development. Palomar College annually adopts an academic calendar specifying the days for classroom instruction and orientation day. The remaining days are reserved for professional-development activities and are arranged by each faculty member.

**Participation in Professional Development Activities**

The Professional Development Plan is intended to apply to all probationary and tenured faculty and adjunct and temporary faculty. Participation is required as a part of these employees' contractual responsibilities and is a consideration in tenure and evaluation decision. Others may participate in activities on a space-available basis.

Probationary/Contract Faculty must identify the appropriate number of noninstructional dates on their contracts. Professional development days are normally six hours long. A faculty member may request to include activities
on instructional days as long as activities on instructional days do not replace that day's normal duties. The Professional Development Review Board develops guidelines for consistent approval of requests to use instructional days.

Counselors and librarians contract for the annually designated number of hours of professional development. Their professional development may occur on instructional dates as long as the activity does not conflict with job responsibilities and the required number of contracted days per year are identified in the department's records for each employee.

Faculty members on one-semester leave must account for half of the number of days and hours set aside for professional development for the year. Faculty on load-banked leave, however, account for the full number of days and hours for the year. Faculty with partial contracts must account for the same proportion of professional development days and hours.

Adjunct faculty must contract for professional development activities if they teach semester-length credit courses. The pay notice indicates the number of professional development hours that are assigned to each course. Usually, this will equal one week of classroom time. Adjunct faculty teaching eight-week classes that are equivalent to semester-length classes in total instructional hours and content and that have at least three units are assigned professional development hours and must submit a contract.

Administrators and Classified Staff are welcome to participate in professional development activities on a space-available basis by calling the professional development office. Supervisory approval may be required. Credit for professional growth may be requested through the appropriate Professional Growth Committee.

Students and family members may participate in certain activities on a space-available basis. Call the professional development office to request reservations for qualified guests.

Employees of specially funded programs may participate in activities; however, pay issues regarding attendance and participation is determined by the funding source.

Members of campuses participating in the North County Higher Education Alliance may participate on a space available basis. Call the professional development office to request reservations for qualified guests.

**Self-Designed Activities**

The following are appropriate kinds of activities for professional development. This list is divided into three areas, corresponding to the three objectives identified in the statement of policy. Specific projects that fall under these categories must be well planned, professionally appropriate, and described in detail on the professional development contract.

**Category 1. Currency and Growth in One's Field**

A. Prepare for conference and workshop presentations. Oral or written presentations to professional conferences, whether invited or a response to a call for papers, are included here.

B. Attend professional conferences and workshops. This is not limited to those who are presenters at the conference or workshop.

C. Create or learn to use computer-assisted instruction.

D. Write for publication. The topic must be related to the writer's field of expertise. Included are journal articles, popular magazine articles, scholarly books, textbooks, and other curricular materials. These projects would reflect the College's guidelines on publication.

E. Engage in constructive activities and original research in one's field or in a related field. This may be at a departmental or interdepartmental level, or it may be inter-institutional. The activities should be well defined and as specifically pre-planned as possible. Commercial and industrial site visits, journal research and evaluation, reading and analysis of books with implications for one's profession, and colloquium or symposium attendance and participation are examples of the possibilities.

F. Acquire foreign language skills. This includes only languages that directly enhance one's ability to work in his or her field.

G. Do course work in one's field. The course is typically upper-division or graduate level.

H. Create original works as they relate to the discipline. Composing music, paintings, sculptures, essays, short stories, novels, poetry, and film are examples of appropriate activities.

**Category 2. Workplace Effectiveness**

A. Develop skills in Writing Across the Curriculum.

B. Develop skills in Reading Across the Curriculum.
C. Develop skills in Critical Thinking in the classroom.
D. Develop and test skills and tools for evaluation of one's classroom/workplace effectiveness.
E. Revise curricula. While the development of a new course on campus is included, routine preparation of classroom structures, schedules, and readings is not. Nontraditional methods of delivery, such as distance learning, may be investigated.
F. Develop computer-software skills. These must be clearly related to one's work at the College.
G. Begin or maintain public school District outreach projects. These would provide information about the College or a program within the College.
H. Consult with other departments/offices on campus. This allows for program coordination and development of interdisciplinary courses. This includes adjunct faculty participation in department meetings for program coordination.
I. Examine educational/academic issues. This may occur in small groups on campus or at workshops and other off-campus events.
J. Visit business or commercial sites. The purpose may be to inquire about prospective employment for students (to identify industry's needs) or to develop an extension of a campus major or program.
K. Redesign and maintain physical facilities that are integral to educational tasks. This includes any renovation and updating of the Vocational Technology Division's equipment and shops that is best done by department personnel. It includes kiln and furnace rebuilding in the art department and laboratory redesign in the sciences. It excludes routine maintenance of general campus facilities and requires coordination with buildings and grounds and with administration for structural changes.
L. Assess library holdings. In consultation with the appropriate acquisitions librarian, periodic reassessment of both academic and nonacademic library holdings is desirable. The result of the investigation should be a written review and recommendation submitted to the Director of the Library.
M. Offer instructional or noninstructional programs for students. Noninstructional activities may include informing students about campus issues, working with them on solutions for campus problems, or participating with them in cultural events that have educational impact.
N. Participate in temporary job exchanges on campus or with another institution.
O. Observe a colleague's teaching to 1) prepare for teaching a course in a different specialty area, 2) learn successful teaching techniques, or 3) prepare for team teaching and interdisciplinary curriculum revisions.
P. Develop instructional media. For instance, producing special topic videos and slide presentations, writing storyboards or scripts for multimedia presentations, or writing workbooks and lab manuals would be appropriate activities.

Category 3. Organizational Dynamics
A. Restructure department or office organization and procedures to better serve instructional goals.
B. Create and implement professional development workshops for new, continuing, and part-time personnel.
C. Review articulation of courses or other cooperative efforts which relate to the California State University and the University of California systems and to local public school Districts.
D. Assess and improve the community relations of the College. This includes, but is not at all limited to, Speakers' Bureau activities and demographic studies.
E. Become informed about, and act on, changing regulations, legislation, and state programs which affect the College.
F. Participate in community college business at the state level. This includes the state Academic Senate and other community college associations and commissions.
G. Participate in the Instructor Advisement Program.
H. Advise students during the open registration process.
I. Gain the knowledge needed for effective service in the rotating positions of Faculty Senate President, Department Chair, Professional Development Coordinator, and Tenure and Evaluation Coordinator.

Workshops, Seminars, and Miniconferences
Activities are typically conceived, designed, implemented, and assessed by the people who engage in those activities. Groups or individuals may propose activities by describing the activity on the participating individuals' professional development contracts. Most people pursue self-designed group or individual activities for at least part of their professional development, since specific professional needs vary extensively and much of the work to be done requires such self-design.

Professional development workshops focus on professional, workplace, and institutional topics. Workshop proposals must be approved by the Professional Development Review Board before the workshop will be listed in the schedule. For inclusion in the workshop schedule for the following year, the coordinator must receive proposals by April 1.
Approval for travel and/or funding requires separate application through division deans.

**Contracting Procedures**

**Submit a Contract**
When approved, the professional development contract becomes part of the faculty member's regular employment contract. If a professional development contract is not submitted, professional development pay will be withheld from the final paycheck of the year/semester.

Annually, each probationary/contract/temporary faculty member proposes activities and specifies noninstructional hours for his or her own professional development on a contract form. Contracts are distributed with the annual program schedule through campus mail during May to contract faculty. Contracts are due by the end of the first week of September or prior to activities that occur during July and August. Activities must occur between July 1 and June 30.

Each semester, adjunct faculty propose activities for the designated number of hours, usually equivalent to one week of classroom time. Activities must occur during the semester indicated on the pay notice. Exceptions may be granted by the professional development review board for certain activities. The professional development contract is distributed with the pay notice and should be filled out and submitted to the professional development office. Contracts are due by the end of the first week of each semester. Confirmation that activities are completed are due by the first day of finals week during each semester.

NOTE: Approval for travel and/or funding requires separate application through the division deans or the staff development advisory committee.

**Revise Contracts as Needed**
A revised contract may be submitted at any time. For advance approval, submit a revised contract prior to the activity for which there is a proposed addition, deletion, or change. A new contract that supersedes the original contract must be submitted.

NOTE: Sick leave, personal leave and jury duty would require a change of contract to reschedule activities.

**Confirm Completion of Approved Activities**
A copy of the approved contract is returned to the faculty member. When all of the approved activities are completed, the completion is confirmed by signing the Contract Completion section of the copy. This signed copy of the form for the academic year ended must be received by the Professional Development Office by the end of the first week in May for probationary/contract faculty and by the first day of finals each semester for adjunct faculty. Extensions will be granted if an approved activity occurs after this completion deadline.

Unless an extension is appropriate, the final pay warrant for the semester/year will be withheld until completion is verified. If completion cannot be verified, the final pay warrant of the semester/year will not include payment for professional-development hours/days.

**Evaluation and Planning**
A summary of the evaluative responses and suggestions for future activities is produced annually. This information is compiled from contract evaluations and comments, review board members, and an annual needs assessment. By this means we evaluate our year's activities as required by Title 5 and acquire direction for workshops as well as for the self-designed projects that staff members undertake during the following academic year.

**Professional Development Review Board**
The Professional Development Review Board has established guidelines for the approval of professional development contracts and reviews those that request exceptions to these guidelines. The board also reviews the annual evaluation and guides the development of the annual program.

The review board is comprised of one member from each of the following areas: Arts and Languages Division (faculty); Human Arts and Sciences Division (faculty); Mathematics and the Natural and Health Sciences Division (faculty); Vocational Technology Division (faculty); Community Learning Resources Division (faculty) or one at-large faculty member; Student Services (faculty); Library (faculty); Senior Administration; and Adjunct Faculty. Five of the nine areas must be represented if professional development contracts are to be assessed.
The Senior Administrative position is filled through appointment by the Assistant Superintendent/Vice President for Instruction. The board members are appointed by the Faculty Senate's committee on committees. The term of service is three years.

**Professional Development Coordinator**

**A. Term of Office**

The Professional Development Coordinator is a tenured faculty member who is provided with eighty percent assigned time (10 months) for management of the Professional Development program. The Coordinator is appointed jointly by the Superintendent/President and the Faculty Senate every other year for a two calendar-year term. This position reports administratively to the Assistant Superintendent/Vice President for Instruction. Faculty members interested in serving will be invited to submit a letter of interest and a resume to the Faculty Senate Office no later than September 15 of the appointment year. Ideally, the call for applicants should be during the spring semester so that the newly appointed coordinator has the fall semester to shadow the outgoing coordinator. This position is limited to no more than four consecutive years of service. Incumbents wishing to serve more than a single appointment in this position must reapply for the second appointment.

**B. Duties**

**C. Evaluation**

Performance Evaluation of the Professional Development Coordinator shall be conducted annually by the Professional Development Review Board.

**Reduced Workload**

**Guidelines for Eligibility Determination**

The following guidelines are used to determine member eligibility for the Reduced Workload Program:

**A.** Will the employee have reached the age of 55 prior to participating in the reduced workload program?

**B.** Has the employee been employed in a full-time academic position for at least ten years?

**C.** Has the employee been continuously employed in a full-time academic position for the five consecutive school years immediately preceding entering the reduced workload program? (Sabbatical and other
approved leaves do not constitute a break in service and are not used to compute the five years’ full-time
service requirement.)

If any of the above answers is No, the employee is not eligible to participate in the reduced workload program.

Timeline for Tenure Review and Evaluations
Participants in the Tenure Review and Evaluations Process are identified through the four main faculty groups - tenured, probationary, adjunct and temporary. Each of these groups require a different procedure and manner of evaluation, described in detail within the Faculty Manual. Critical dates, by which forms are due, evaluations administered, schedules are met and committees formed are identified in a separate calendar, adopted by the Tenure and Evaluations Review Board (TERB) during the Fall and Spring semesters. Department chairs/directors and evaluations chairs are expected to comply with the dates set in the TERB calendar. Hence, the time line that follows is but a general guide.

AUGUST - SEPTEMBER
* TERB office reviews and submits to department chairs/directors lists of all faculty to be evaluated during the fall semester, the period in which all evaluations are expected to occur for the current academic year.
* Lists of faculty to be evaluated are verified, resolved and committees formed by department chairs and submitted to the TERB office for appropriate recording and filing.
* TERB board convenes and adopts calendar.
* All evaluations committee memberships finalized for faculty groups.
* Quantitative information prepared: Student evaluations packets distributed to department chairs/directors and evaluations committee chairs.
* Appropriate memoranda (directions to evaluations committee chairs) and the TERB adopted calendar distributed to all principal offices and personnel participating in the evaluations process.

Procedures for Tenure and Evaluations Review of Probationary Faculty
A. Purpose
The tenure and evaluations review process is designed to ensure that the Palomar Community College District maintains a standard of excellence in what may be considered the final stage of the search and selection process.Granting tenure grants membership into the College community. Therefore, the decision to recommend the granting or denial of tenure is a more critical decision than the initial decision to hire. Hiring does not guarantee tenure. The recommendation to grant or deny tenure is based upon the careful scrutiny of a probationary faculty member’s job performance during the tenure and evaluations review process.

The minimum degree requirement for tenure as a District faculty member is the bachelor’s degree or equivalent from an accredited institution or an equivalent foreign degree. This requirement will apply to faculty teaching in vocational programs effective January 1, 1995.

The Governing Board may grant an exception to this policy when rare and compelling reasons justify such an exception and when the Tenure and Evaluations Review Board and the Faculty Senate recommend that an exception be granted.

Tenure and evaluations review is a four-year evaluation process intended for probationary faculty. They will be evaluated during the fall and spring semesters of their first three years and during the fall semester of their fourth year. The full evaluation process will be conducted during the fall semester of the first, second and fourth years of employment. During the spring semester of the first three years of employment and during the fall semester of the third year of employment, only student evaluations will occur, with the findings appropriately contributing to the decisions made during completion of the full evaluation process in the fall semesters of the second and fourth years of employment.

1. During the first year, the Governing Board will, by March 15, either 1) enter into a contract for the following academic year, or 2) not enter into a contract for the following academic year and state the reasons why. (Education Code sections 87608 and 87610)

2. During the second year, the Governing Board will, by March 15, either 1) enter into a contract for the following two academic years, or 2) not enter into a contract for the following academic year and state the reasons why. (Education Code sections 87608.5 and 87610)

3. During the fourth year, the Governing Board will, by March 15, either 1) grant tenure or 2) not employ the probationary employee as a tenured employee and state the reasons why. (Education Code sections 87609 and 87610) Because the decision to grant tenure must be made in time to meet the March 15 deadline, no student evaluations will be required during the spring semester of the fourth year.

The tenure and evaluations review process begins during the first month of the fall semester of a candidate’s employment and concludes with either granting tenure or deciding not to rehire, in accordance with the provisions of Education Code sections 87608, 87608.5, 87609, 87610, and 87740.

All probationary faculty evaluation materials forwarded by the Tenure and Evaluations Review Coordinator are the responsibility of the Human Resources Office until tenure is granted. The materials become a permanent part of the faculty member’s personnel file.

The peer review process in the evaluation of probationary faculty which is mandated by Education Code section 87663 is achieved through tenure and evaluations review committees.
B. **Tenure and Evaluations Review Committee Membership**

A tenure and evaluations review committee shall be formed for each probationary faculty member and shall consist of the following five voting members selected for four years:

1. The evaluatee's department chair/program director or a designee from the department/program selected by the department/program. The original department chair/program director or designee shall continue to serve on the committee throughout the four-year process when feasible.

2. A tenured faculty member from within the evaluatee's department/program, and preferably discipline, selected by the department/program. If department/program size or circumstances precludes this requirement, a tenured faculty member from a related discipline will be appointed by the Tenure and Evaluations Review Coordinator.

3. A tenured faculty member randomly selected by the Tenure and Evaluations Review Coordinator.

4. The evaluatee's division dean or an administrative designee selected by the dean.

5. The appropriate assistant superintendent/vice president. The vice president need not be present at all meetings but shall meet with each committee prior to the completion of the annual committee recommendation.

If a committee member is unable to serve, a replacement shall be selected in accordance with the descriptions above. The evaluatee may challenge either the randomly selected faculty member or the faculty member selected by the department/program by the deadline indicated in the Evaluations Calendar. In such a case, the department/program and/or the Tenure and Evaluations Review Coordinator in accordance with the descriptions above shall select a replacement.

Should a probationary faculty member have an assignment in two or more departments/programs he/she shall have a peer, chair/director, and/or dean from each department/program serve on the committee. Also, if the probationary faculty member has an assignment in two or more divisions, each division dean will review the Tenure and Evaluations Review Report.

C. **Tenure and Evaluations Review Committee Chairperson**

The department chair/program director or designee will serve as the committee chair. In the event of an assignment between two or more departments/programs, the department chair/program director or designee with the greatest contractual interest in the evaluatee will serve as the committee chair. The committee chair shall:

1. Call the meetings.

2. Coordinate the activities of the committee to adhere to the Evaluations Calendar and contact the Tenure and Evaluations Review Coordinator if there are problems.

3. Collect and critically review the required and supporting evaluation materials.

4. Write the Tenure and Evaluations Review Report only after consultation with the members of the tenure and evaluations review committee.

5. Meet with the evaluatee to discuss the results of the evaluation process. Committee members may attend.

6. Obtain the evaluatee's and committee members' signatures on the Tenure and Evaluations Review Report.

7. Submit the Tenure and Evaluations Review Report complete with all supporting evaluation materials to the Tenure and Evaluations Review Coordinator on or before the deadline indicated in the Evaluations Calendar.

8. Represent the committee to the Tenure and Evaluations Review Board.

D. **Tenure and Evaluations Review Committee Responsibilities**

Each committee member shall:

1. Know the tenure and evaluations review process.

2. Attend tenure and evaluations review committee meetings.

3. Critically review the required and supporting evaluation materials.

The committee members shall:

1. Discuss the evaluation materials.

2. Assist the committee chairperson in writing the Tenure and Evaluations Review Report that describes the evaluatee's job performance.

3. Suggest improvements as appropriate.

4. Recommend (in the first, second, and fourth years) that the evaluatee be rehired, not be rehired, or be granted tenure, as appropriate. The tenure and evaluations review committee shall request
mediation by the Tenure and Evaluations Review Board when there is serious disagreement regarding the evaluation rating and/or employment recommendation.

5. Determine re-evaluation frequency to monitor progress in area(s) needing remediation.

In the event that suit is brought against any District employee as a result of participation in the tenure and evaluations review process, the District shall assume full responsibility for costs of legal defense and payment of compensatory damages. The District shall assume liability for payment of punitive damages awarded against a tenure and evaluations review committee member who acted within the course and scope of his or her District employment and who acted in good faith, without actual malice, and in the apparent best interests of the District if payment of the claim or judgment would be in the best interests of the District.

E. Criteria for Tenure and Evaluations Review

The Standards of Performance for Faculty form the specific criteria for tenure and evaluations review for each faculty position and are reflected in the evaluation forms.

The following information shall NOT be used in the tenure and evaluations review process, nor shall such material or information be referenced in any committee records:

1. Race, sex, color, age, religion, ancestry, creed, national origin, political beliefs, marital status, sexual orientation, medical condition, physical or mental disability, or Vietnam-era veteran status.

2. Anonymous letters or material with the exception of the student evaluations that are a component of the evaluation process.

3. Information that, in the judgment of the tenure and evaluations review committee, is unrelated to the evaluee's performance as specified in the Standards of Performance for Faculty.

4. The private life of an evaluee.

F. Method for Tenure and Evaluations Review

The committee members shall review:

1. The Professional Improvement Form submitted by the evaluee describing goals for student contact, institutional service, professional service and other activities. A copy of the evaluee's current approved Professional Development Contract must be attached to this form when submitted.

2. Materials submitted by the evaluee that are used in the classroom or work place, such as syllabi, exams, etc.

3. Evaluations by the appropriate constituency.

For instructor evaluees, student evaluations are obtained from all contract classes being taught by the evaluee.

For counselor evaluees, student evaluations are obtained from all contract classes, if any, being taught by the evaluee plus two sets of at least fifteen (15) student evaluations obtained following counseling sessions between the evaluee and students.

For librarian evaluees, student evaluations are obtained from all contract classes, if any, being taught by the evaluee plus two sets of at least fifteen (15) student evaluations obtained following bibliographic instruction or small group orientations conducted by the evaluee.

For unique job specifications and/or requirements which do not fit into the above classifications and patterns, the determination of the appropriate constituency and method of being evaluated by that constituency must be made by the department/program in conjunction with the Tenure and Evaluations Review Coordinator. The determination of the constituency and method of evaluation by that constituency must be approved by the appropriate dean, vice-president and the Tenure and Evaluations Review Board.

4. Classroom or work place observation by committee members beginning in the first semester of the tenure and evaluations review process. An observation report must be completed by each observer. During the full evaluations conducted in the fall semesters of the first, second, and fourth years, at least three committee members will make separate observations.

5. Written evaluation of the evaluee referencing the Standards of Performance for Faculty by the department chair/program director or designated supervisor to whom the candidate reports. Any department member who so chooses may also submit a signed written evaluation of the evaluee to the committee chair referencing the Standards of Performance for Faculty. The tenure and
evaluations review committee must receive this information by the deadline indicated in the Evaluations Calendar.

6. Additional material submitted by other faculty or staff members with information about an evaluee's job performance, based on significant personal experience, presented in a signed, written statement to the committee chair. The tenure and evaluations review committee must receive this information by the deadline indicated in the Evaluations Calendar.

7. Evaluation material that is part of the personnel file which is approved for review by the Associate Vice President of Human Resources and Affirmative Action in consultation with the dean, vice president, and/or the Tenure and Evaluation Review Coordinator when legally and ethically permissible.

8. When appropriate, an evaluee without a bachelor's degree may provide documentation and arguments of compelling reasons to justify granting tenure. The decision is subject to review and approval by the Tenure and Evaluations Review Board and requires approval by the Governing Board of the rationale for the request for an exception.

The following procedure will be implemented when any probationary faculty member's complete tenure evaluation is not in the Tenure and Evaluations Review Coordinator's office by February 1 or the following Monday if the first falls on a weekend.

Step 1: The Tenure and Evaluations Review Coordinator will request in writing an immediate meeting with the committee chair and appropriate dean. A copy of this request will be sent to the appropriate Vice President. The purpose of the meeting is to determine the reason for noncompliance with Education Code 87663 and through collaboration to develop a plan for completing the evaluation within ten (10) working days. It is crucial to complete probationary faculty evaluations in a timely manner as the decision to hire or not has to be made in time to meet the deadline for the March 15 notice by the Governing Board.

Step 2: If the complete evaluation is still not forthcoming after those ten (10) additional working days, the Tenure and Evaluations Review Coordinator will write a letter to the appropriate dean and vice president requesting that another committee chair be appointed and that the evaluation be completed immediately. A copy of that letter will be brought before the Tenure and Evaluations Review Board; at that time, additional recommendations may be made. By majority vote, the Tenure and Evaluations Review Board may recommend to the appropriate vice president that a letter reflecting these circumstances be placed in the personnel file of the committee chair and/or member(s) as appropriate. If the vice president does not concur with the Tenure and Evaluations Review Board recommendation, the vice president will communicate to the Tenure and Evaluations Review Board the reason(s) for the decision.

If in the judgment of the division dean, inconsistencies appear in the evaluation materials, then the evaluation must be referred back to the tenure review committee for clarification and reconsideration. If in the judgment of the division dean or the committee, issues remain, then the evaluation will be referred to the Tenure and Evaluations Review Board for mediation.

G. The Probationary Faculty Member
The evaluee will have access to all information used in the evaluation process. In order to protect the anonymity of students, written comments must be shared orally or be typed and given to the evaluee. The evaluee shall:
1. Know the tenure and evaluations review process.
2. Submit the Professional Improvement Form to the tenure and evaluations review committee chair by the deadline indicated in the Evaluations Calendar.
3. Submit materials used in the classroom or work place to the committee chair by the deadline indicated in the Evaluations Calendar.
4. Submit specific written goals and plans for addressing the targeted area(s) if the evaluation results in a needs improvement or an unsatisfactory rating.
5. Provide evidence that the problem(s) in the targeted area(s) has/have been corrected.

Procedures for Peer Review of Tenured Faculty
A. Purpose
The evaluation procedures for tenured faculty are designed to assist faculty in evaluating their own performances and to recognize and support excellence and to encourage improvement. Each faculty member is encouraged to identify and address areas for his/her own growth.
Tenured faculty evaluations occur every three years. They will normally occur in the fall semester. When circumstances prevent an evaluation from occurring in the fall semester, such as a faculty member being on leave, it will occur in the spring semester.

In the three year cycle of tenured faculty evaluations the relatively even distribution of evaluations in an individual department or program may fluctuate for various reasons. When this occurs, the department chairperson/program director may elect to reestablish a more even distribution by periodically scheduling tenured faculty for evaluation in two years rather than three. This can only be done with the concurrence of the tenured faculty being evaluated and must not involve any duress or pressure to concur.

The peer review process in the evaluation of tenured faculty which is mandated by Education Code section 87663 is achieved through peer review committees.

B. Peer Review Committee Membership
A peer review committee shall be formed for each tenured faculty member during every third academic year after the last academic year in which the faculty member was evaluated and shall consist of the following two members:
1. The department chair/program director or a designee from within the department/program and, if possible, from within the discipline.
2. A tenured faculty member selected by the evaluee or, when requested by the evaluee, a tenured faculty member randomly selected by the Tenure and Evaluations Review Coordinator.

Should a faculty member have an assignment in two or more departments/programs, he/she shall have a chair/director or designee from each department/program serve on the committee. Also, if the faculty member has an assignment in two or more divisions, then each division dean will review the Peer Evaluation Report.

C. Peer Review Committee Chairperson
The department chair/program director or designee will serve as the committee chair. In the event of an assignment between two or more departments/programs, the department chair/program director or designee with the greatest contractual interest in the evaluee will serve as the committee chair. The committee chair shall:
1. Call the meetings.
2. Coordinate the activities of the committee to adhere to the Evaluations Calendar and contact the Tenure and Evaluations Review Coordinator if there are problems.
3. Collect and critically review the required and supporting evaluation materials.
4. Write the Peer Evaluation Report only after consultation with the members of the peer review committee.
5. Meet with the evaluee to discuss the results of the evaluation process. Committee members may attend.
6. Obtain the evaluee's and the committee members' signatures on the Peer Evaluation Report.
7. Submit the Peer Evaluation Report complete with all supporting evaluation materials to the Tenure and Evaluations Review Coordinator, who will ascertain completeness and forward the packet for appropriate administrative review and signatures. These materials must be submitted by the deadline indicated in the Evaluations Calendar.
8. Represent the committee to the Tenure and Evaluations Review Board.

D. Peer Review Committee Responsibilities
Each committee member shall:
1. Know the peer review process.
2. Attend the peer review committee meetings.
3. Critically review the required and supporting evaluation materials.

The committee members shall:
1. Discuss the evaluation materials.
2. Assist the chairperson in writing a Peer Evaluation Report that describes the evaluee's job performance.
3. Assist the faculty member in establishing appropriate goals and an action plan when necessary.
4. Recommend an exceptional, very good, satisfactory, needs improvement, or unsatisfactory evaluation rating.
5. Require that any faculty member who receives an overall evaluation rating of needs improvement or unsatisfactory shall be reevaluated each subsequent semester until he/she achieves an overall satisfactory rating. A committee shall be established to develop a plan for extended monitoring of the evaluee's improvement. This committee shall include the evaluee,
the peer review committee chair, the department chair/program director, the appropriate division dean, and the Tenure and Evaluations Review Coordinator, all working to oversee an individualized program to facilitate the remediation process.

A maximum of four semesters is allowed for this process of formative assistance to improve the evaluation rating. If substantial progress is being made but additional time is needed to achieve a satisfactory rating, the Tenure and Evaluations Review Board will make a recommendation, based on evidence presented in each individual case, to the Governing Board which will make a final decision. If substantial progress is not being made, the peer review committee may recommend to the Governing Board, through the Tenure and Evaluations Review Board, that the faculty member be terminated.

In the event that suit is brought against any District as a result of participation in the peer review process, the District shall assume full responsibility for costs of legal defense and payment of compensatory damages. The District shall assume liability for payment of punitive damages awarded against a peer review committee member who acted within the course and scope of his or her District employment and who acted in good faith, without actual malice, and in the apparent best interests of the District if payment of the claim or judgment would be in the best interests of the District.

E. Criteria for Peer Review
The Standards of Performance for Faculty form the specific criteria for evaluation of tenured faculty, and are reflected in the evaluation forms.

The following information shall NOT be used in the peer review process, nor shall such material or information be referenced in any committee records:
1. Race, sex, color, age, religion, ancestry, creed, national origin, political beliefs, marital status, sexual orientation, medical condition, physical or mental disability or Vietnam-era veteran status.
2. Anonymous letters or material with the exception of the student evaluations that are a component of the evaluation process.
3. Information that, in the judgment of the peer review committee, is unrelated to the evaluee's performance as specified in the Standards of Performance for Faculty.
4. The private life of an evaluee.

F. Method for Peer Review
The committee members shall review:
1. The Professional Improvement Form submitted by the evaluee describing goals for student contact, institutional service, professional service, and other activities. A copy of the evaluee's current approved Professional Development Contract must be attached to this form when submitted.
2. Materials submitted by the evaluee that are used in the classroom or workplace, such as syllabi, exams, etc.
3. Three evaluations by the appropriate constituency.
For instructor evaluees, student evaluations from two contract classes and a peer review component comprise the appropriate constituency. (See section H.)
   a. For faculty who serve in more than one department/program, the student evaluation should include a class from each department/program, if possible.
   b. Where possible, the evaluations should not include students from a lecture section and the same related laboratory.

For counselor evaluees, student evaluations are obtained from one contract class, if one is being taught by the evaluee plus one set of at least fifteen (15) student evaluations obtained following counseling sessions between the evaluee and students. If no contract classes are being taught by the evaluee, then two sets of at least fifteen (15) student evaluations are obtained following counseling sessions between the evaluee and students. Each counselor must also select a peer review component. (See section H.)

For librarian evaluees, student evaluations are obtained from one contract class, if one is being taught by the evaluee plus one set of at least fifteen (15) student evaluations obtained following bibliographic instruction or small group orientations conducted by the evaluee. If no contract classes are being taught by the evaluee, then two sets of at least fifteen (15) student evaluations are obtained following tours or small group orientations conducted by the evaluee. Each librarian must also select a peer review component. (See section H.)
For unique job specifications and/or requirements which do not fit into the above classifications and patterns, the determination of the appropriate constituency and method of being evaluated by that constituency will be made by the department/program in conjunction with the Tenure and Evaluations Review Coordinator. The determination of the constituency and method of evaluation by that constituency must be approved by the appropriate dean, vice-president and the Tenure and Evaluations Review Board.

4. Additional material submitted by other faculty or staff members about an evaluee's job performance, based on significant personal experience, presented in a signed, written statement to the committee chair. The peer review committee must receive this information by the deadline indicated in the Evaluations Calendar.

5. Evaluation material that is part of the personnel file which is approved for review by the Associate Vice President of Human Resources and Affirmative Action in consultation with the dean, vice president, and/or the Tenure and Evaluation Review Coordinator when legally and ethically permissible.

If, in the judgment of the division dean, inconsistencies appear in the evaluation materials, then the evaluation must be referred back to the peer review committee for clarification and reconsideration. If in the judgment of the division dean or the committee, issues remain, then the evaluation will be referred to the Tenure and Evaluations Review Board for mediation.

The following procedure will be implemented when any tenured faculty member’s complete peer evaluation is not in the Tenure and Evaluations Review Coordinator’s office by February 20 or the following Monday if the 20th falls on a weekend.

**Step 1:** The Tenure and Evaluations Review Coordinator will contact the committee chair to determine the reason the evaluation is incomplete and offer assistance to complete the task. The Tenure and Evaluations Review Coordinator, the committee chair, and the evaluee will mutually agree upon, and set in writing, a new completion deadline not to extend more than 15 working days beyond the February 20 due date.

**Step 2:** If the complete evaluation is not in the Tenure and Evaluations Review Coordinator’s office by the date mutually set during the above contact, a memo will be sent to the evaluee, committee chair, and members of the committee requesting them to meet with the Tenure and Evaluations Review Coordinator as soon as possible to explain the reasons for the further delay. A copy of this memo will be sent to the appropriate division dean and vice president.

**Step 3:** If the complete evaluation is still not forthcoming by the agreed upon date after the specially convened meeting described in step 2, the Tenure and Evaluations Review Coordinator will write a report about the unreasonable delay. Any portions of the evaluation that have been completed will be attached to the report.

The report will not be an evaluation of the evaluee but rather an assessment of the situation and why the committee is not in compliance with Education Code 87663.

This action will automatically result in the completion of the evaluation of the evaluee during the subsequent semester by the original committee members.

The Tenure and Evaluations Review Coordinator's report, stating the reasons for delay and recommendations, will be brought before the Tenure and Evaluations Review Board. The Tenure and Evaluations Review Board may make additional recommendations and may, by majority vote, request that the appropriate vice president place a letter in the personnel file of the committee chair and/or committee member.

If in the judgment of the division dean, inconsistencies appear in the evaluation materials, then the evaluation must be referred back to the peer review committee for clarification and reconsideration. If in the judgment of the division dean or the committee, issues remain, then the evaluation will be referred to the Tenure and Evaluations Review Board for mediation.

**G. The Tenured Faculty Member**

The evaluee will have access to all information used in the evaluation process. In order to protect the anonymity of students, written comments must be shared orally or be typed and given to the evaluee. The evaluee may initiate due process proceedings at any time. (Refer to Governing Board Policy 177 for policy and procedure.) The evaluee shall:
1. Know the peer review process.
2. Submit the Professional Improvement Form to the peer review committee chair by the deadline indicated in the Evaluations Calendar.
3. Select a tenured faculty member to serve on the peer review committee or ask the Tenure and Evaluations Review Coordinator to randomly select a faculty member to serve.
4. Select two of his/her classes for evaluation by students. (See section H.)
5. Select one peer evaluation. (See section H.)
6. Submit materials used in the classroom or work place to the committee chair by the deadline indicated in the Evaluations Calendar.
7. Submit specific written goals and plans for addressing the targeted area(s) if the evaluation results in a needs improvement or an unsatisfactory rating.
8. Provide evidence that the problem(s) in the targeted area(s) has/(have) been corrected.

H. Options for Evaluation
The faculty member who is being evaluated must have student evaluations from two different classes. He/She must choose the desired method for both classes from the list given below and may use the same method for each class. The faculty member must also have one peer evaluation. He/She must choose the desired method of peer evaluation from the list given below.

Options for Student Evaluation
1. **Evaluation by the appropriate constituency**
   Evaluations are administered to the appropriate constituency by a committee member or a faculty/staff designee. Standard forms for instructors, counselors, and librarians have been approved. Alternative forms must be submitted to the Tenure and Evaluations Review Board for approval prior to implementation.
2. **Small Group Instructional Feedback**
   A committee member agrees to facilitate a group interview with one of the evaluee's classes, at which time the following questions are asked, along with any others the committee member deems necessary: What have you liked most about this course? What has the instructor done that has helped you to learn the material? What have you liked least? How can the instructor enhance your learning? The facilitator must summarize, type, and give the students' comments to the evaluee so that the evaluee can respond directly to the students about their comments.
3. **Unit Evaluations given in a single course**
   Unit evaluations are short evaluations administered by a committee member to students at least three times during the semester in a course chosen by the evaluee. The first evaluation occurs during the first four weeks of the semester. The second and third evaluations may be spaced as desired by the instructor. These evaluations ask each student the following questions, along with any others the committee member deems necessary: What have you liked most about this course? What has the instructor done that has helped you to learn the material? What have you liked least? How can the instructor enhance your learning? After each evaluation session, the committee member must type and give the students' comments to the instructor immediately so that the suggestions may be addressed in the classroom.
4. **An alternative method approved by the Tenure and Evaluations Review Board prior to implementation.**

Options for Peer Evaluation
1. **Classroom or work place observation by a committee member.**
   Arrangements are made with the evaluee for a member of the peer review committee to observe the evaluee in the classroom or in the work place. After this observation, the committee member will complete an observation form assessing the evaluee's job performance and offering suggestions for improvement if needed. Job-specific observation forms may be created and must be approved by the Tenure and Evaluations Review Board prior to implementation.
2. **Team Evaluation**
   A team evaluation may be chosen when two or more faculty members teach a class together with opportunity for mutual observation and participation. One of the faculty members with whom the evaluee teaches will complete an evaluation form assessing the evaluee's job performance and offering suggestions for improvement if needed.
3. **Video Evaluation**
   The evaluee will provide the committee with a videotape of himself or herself making a job-related presentation. After the evaluee and one or more committee members as chosen by the evaluee have viewed and discussed the tape, the committee member(s) will complete a
Classroom and/or Video Observation Form assessing the faculty member's job performance and offering suggestions for improvement if needed.

4. Teaching Portfolio
The teaching portfolio is a collection of materials documenting teaching performance. The portfolio might include course materials that reflect how instructors are evaluating/assessing student learning, course syllabi, samples of written assignments, descriptions of class activities, descriptions of innovations attempted, and curriculum development examples; material from others such as peer evaluations and letters of recommendation; student evaluations, and summaries of research, course work, or publications.

5. An alternative method approved by the Tenure and Evaluations Review Board prior to implementation.

Procedures for Evaluation Review of Temporary and Non-Tenure Track Faculty

A. Purpose
The evaluation process for temporary and non-tenure track faculty is performed within the first two semesters of employment and at least once every three years thereafter. Evaluation is designed to provide meaningful feedback on job performance to both the evaluatee and the appropriate department/program.

All faculty evaluation materials forwarded by the Tenure and Evaluations Review Coordinator are the responsibility of the Human Resources Office. The materials become a permanent part of the faculty member's personnel file.

B. Evaluation Review Committee Membership
An evaluation review committee shall be formed for each temporary and non-track faculty member and shall consist of the following five voting members:

1. The evaluatee's department chair/program director or a designee from the department/program selected by the department/program.

2. A tenured faculty member from within the evaluatee's department/program, and preferably discipline, selected by the department/program. If department/program size or circumstances precludes this requirement, a tenured faculty member from a related discipline will be appointed by the Tenure and Evaluations Review Coordinator.

3. A tenured faculty member randomly selected by the Tenure and Evaluations Review Coordinator.

4. The evaluatee's division dean or an administrative designee selected by the dean.

5. The appropriate assistant superintendent/vice president. The vice president need not be present at all meetings but shall meet with each committee prior to the completion of the committee recommendation.

The evaluatee may challenge either the randomly selected faculty member or the faculty member selected by the department/program by the deadline indicated in the Evaluations Calendar. In such a case, the department/program and/or the Tenure and Evaluations Review Coordinator in accordance with the descriptions above shall select a replacement.

Should a temporary or non-tenure track faculty member have an assignment in two or more departments/programs he/she shall have a peer, chair/director, and/or dean from each department/program serve on the committee. Also, if the temporary or non-tenure track faculty member has an assignment in two or more divisions, each division dean will review the Evaluation Review Report.

C. Evaluation Review Committee Chairperson
The department chair/program director or designee will serve as the committee chair. In the event of an assignment between two or more departments/programs, the department chair/program director or designee with the greatest contractual interest in the evaluatee will serve as the committee chair. The committee chair shall:

1. Call the meetings.

2. Coordinate the activities of the committee to adhere to the Evaluations Calendar and contact the Tenure and Evaluations Review Coordinator if there are problems.

E. Criteria for Evaluation Review
The Standards of Performance for Faculty form the specific criteria for evaluation review for each faculty position and are reflected in the evaluation forms.

The following information shall NOT be used in the evaluation review process, nor shall such material or information be referenced in any committee records:
1. Race, sex, color, age, religion, ancestry, creed, national origin, political beliefs, marital status, sexual orientation, medical condition, physical or mental disability, or Vietnam-era veteran status.
2. Anonymous letters or material with the exception of the student evaluations that are a component of the evaluation process.
3. Information that, in the judgment of the evaluation review committee, is unrelated to the evaluee's performance as specified in the Standards of Performance for Faculty.
4. The private life of an evaluee.

F. Method for Evaluation Review
The committee members shall review:
1. The Professional Improvement Form submitted by the evaluee describing goals for student contact, institutional service, professional service and other activities.
2. A copy of the evaluee's current approved Professional Development Contract and materials submitted by the evaluee that are used in the classroom or work place, such as syllabi, exams, etc.
3. Evaluations by the appropriate constituency

For instructor evaluees, student evaluations are obtained from all contract classes being taught by the evaluee.
For counselor evaluatees, student evaluations are obtained from all contract classes, if any, being taught by the evaluatee plus two sets of at least fifteen (15) student evaluations obtained following counseling sessions between the evaluatee and students.

For librarian evaluatees, student evaluations are obtained from all contract classes, if any, being taught by the evaluatee plus two sets of at least fifteen (15) student evaluations obtained following bibliographic instruction or small group orientations conducted by the evaluatee.

For unique job specifications and/or requirements which do not fit into the above classifications and patterns, the determination of the appropriate constituency and method of being evaluated by that constituency must be made by the department/program in conjunction with the Tenure and Evaluations Review Coordinator. The determination of the constituency and method of evaluation by that constituency must be approved by the appropriate dean, vice-president and the Tenure and Evaluations Review Board.

4. Classroom or work place observation by committee members. An observation report must be completed by each observer. At least three committee members will make separate observations.

5. Written evaluation of the evaluatee referencing the Standards of Performance for Faculty by the department chair/program director or designated supervisor to whom the candidate reports. Any department member who so chooses may also submit a signed written evaluation of the evaluatee to the committee chair referencing the Standards of Performance for Faculty. The tenure and evaluations review committee must receive this information by the deadline indicated in the Evaluations Calendar.

6. Additional material submitted by other faculty or staff members with information about an evaluatee's job performance, based on significant personal experience, presented in a signed, written statement to the committee chair. The tenure and evaluations review committee must receive this information by the deadline indicated in the Evaluations Calendar.

7. Evaluation material that is part of the personnel file which is approved for review by the Associate Vice President of Human Resources and Affirmative Action in consultation with the dean, vice president, and/or the Tenure and Evaluation Review Coordinator when legally and ethically permissible.

The following procedure will be implemented when any temporary or non-tenure track faculty member's complete evaluation is not in the Tenure and Evaluations Review Coordinator's office by the deadline indicated in the Evaluations Calendar.

**Step 1:** The Tenure and Evaluations Review Coordinator will request in writing an immediate meeting with the committee chair and appropriate dean. A copy of this request will be sent to the appropriate Vice President. The purpose of the meeting is through collaboration to develop a plan for completing the evaluation within ten (10) working days.

**Step 2:** If the complete evaluation is still not forthcoming after those ten (10) additional working days, the Tenure and Evaluations Review Coordinator will write a letter to the appropriate dean and vice president requesting that another committee chair be appointed and that the evaluation be completed immediately.

If in the judgment of the division dean, inconsistencies appear in the evaluation materials, then the evaluation must be referred back to the evaluation review committee for clarification and reconsideration. If in the judgment of the division dean or the committee, issues remain, then the evaluation will be referred to the Tenure and Evaluations Review Board for mediation.

**G. The Temporary or Non-Tenure Faculty Member**

The evaluatee will have access to all information used in the evaluation process. In order to protect the anonymity of students, written comments must be shared orally or be typed and given to the evaluatee.

Tenure and Evaluations Review Board

A. Tenure and Evaluations Review of Probationary Faculty

The Tenure and Evaluations Review Board is a standing operational committee reporting to the Superintendent/President.

The Tenure and Evaluations Review Board will critically review all probationary faculty evaluations that result in an overall rating of needs improvement or unsatisfactory in order to assure that they comply in substance with the evaluation plan and procedures and that they are complete and consistent. The decision of whether the Tenure and Evaluations Review Report conforms to the evaluation plan and procedures will be determined by a majority vote of the Tenure and Evaluations Review Board.

The Tenure and Evaluations Review Board will review the documentation and arguments provided by an evaluatee of compelling reasons to justify granting tenure without possession of a bachelor’s degree and will inform the Governing Board of the rationale for the exception.

The Tenure and Evaluations Review Board meets twice a month to discuss and act on requests for changes to the written evaluation plan, to annually review and revise, if necessary, the policy and procedures on tenure and evaluation, to develop plans for continuing improvement of all phases of the existing evaluation plan including forms, to discuss research and initiate experiments, to refine and improve the evaluation process, and to consider problems, complaints, and concerns of the faculty.

B. Peer Review of Tenured Faculty

The Tenure and Evaluations Review Board will review evaluations of tenured faculty in the following circumstances:

1. The peer review committee recommends an overall rating of needs improvement or unsatisfactory
2. The peer review committee refers the evaluation to the Tenure and Evaluations Review Board.
3. The division dean refers the evaluation to the Tenure and Evaluations Review Board. This step is taken only when, in the judgment of the dean, an inconsistency exists between the committee’s recommendation and the evaluation materials accompanying it. When such an inconsistency occurs, the evaluation will be returned to the peer review committee for further explanation and support of the recommendation. If the inconsistency remains, the evaluation is referred to the Tenure and Evaluations Review Board.

When evaluations are referred, the Tenure and Evaluations Review Board will review the evaluation materials, request more information if deemed necessary, and meet with the peer review committee to reach a consensus. If an evaluatee receives an overall recommendation of needs improvement or unsatisfactory, the peer review committee must attach a plan for remediying the deficiencies prior to sending the evaluation packet for administrative signatures. This plan must be a specific written plan for the evaluatee’s improvement that lists methods, workshops or classes for achieving a satisfactory performance. This plan may be developed cooperatively, and must be acceptable to the evaluatee and the Tenure and Evaluations Review Board, which will review all of the evaluation materials, the plan, and require additional information if deemed necessary.

The committee will also establish a four-semester time frame for improvement. The evaluatee must agree to follow the plan and time established. During the subsequent evaluation cycle, the areas that were previously identified as needing improvement will be carefully reviewed and considered.

If the formative reevaluations do not show improvement, the evaluatee will be placed on notice that his/her performance is unsatisfactory. An evaluation will be scheduled for the academic year following the continued unsatisfactory rating, and if this evaluation does not result in an overall satisfactory evaluation rating in the deficient area(s), the peer review committee may recommend to the Tenure and Evaluations Review Board that the faculty member be terminated.
If the Tenure and Evaluations Review Board's decision after the subsequent evaluation is to recommend a satisfactory rating, then the evaluee and the peer review committee will be notified, and the faculty member will be evaluated in three years in accordance with Education Code section 87663.

If the peer review committee finds that the subsequent evaluation results warrant an unsatisfactory evaluation rating, the Tenure and Evaluations Review Board will recommend dismissal to the Governing Board in time to meet the agenda deadline for Governing Board action by March 15. Dismissal of tenured faculty is the responsibility of the Governing Board in accordance with Education Code section 87732.

The Tenure and Evaluations Review Board shall comply with Education Code section 87031 regarding information to be used in the evaluation process and the evaluee's access to all information used in the evaluation process.

The faculty member being evaluated may initiate due process proceedings at any time. (Refer to Governing Board Policy 177 for policy and procedures.)

C. Tenure and Evaluations Review Board Membership

Membership on the Tenure and Evaluations Review Board is comprised of one administrator, one At Large faculty member, and one faculty member from each of the following areas: Human Arts and Sciences; Media, Business and Community Services; Arts and Languages; Mathematics and the Natural and Health Sciences; Vocational Technology; Counseling or Library/Media Center or Student Support Programs.

With the exception of the administrative position, which is filled by the Assistant Superintendent/Vice President for Instruction or designee, the Tenure and Evaluations Review Board members are chosen for a renewable two-year term by a vote of the faculty from the respective areas. The At Large position and one position each in Human Arts and Sciences and Media, Business and Community Services are filled at the end of the spring semester of odd-numbered years. One position each in Arts and Languages, Mathematics and the Natural and Health Sciences, Vocational Technology, and Counseling or Library/Media Center or Student Support Programs is filled at the end of the spring semester of even-numbered years. The Faculty Senate Elections Committee will solicit nominations from within the appropriate divisions and will conduct the election process to fill vacancies on the Tenure and Evaluations Review Board and to elect an alternate for each position. If an elected faculty member is unable to fulfill the term of office, the elected alternate will automatically be named as the replacement for the Tenure and Evaluations Review Board position to serve the remainder of the term.

If the Tenure and Evaluations Review Board must review a Tenure and Evaluations Review Board member’s evaluation, the Assistant Superintendent/Vice President for Instruction will appoint a temporary replacement member for the duration of that review.

At least six members and the Tenure and Evaluations Review Coordinator must be present if decisions regarding tenure or evaluation reports are to be made.

The Tenure and Evaluations Review Coordinator will serve as chairperson of the Tenure and Evaluations Review Board.

Faculty Hiring Procedures

Establishing the Position

A. New faculty positions are identified by the department/program and submitted through an established procedure to the Staff Priorities Committee.

B. The Staff Priorities Committee reviews and evaluates all new position requests to develop a priority list of positions to be funded.

Below are criteria which the Staff Priorities Committee will consider in justifying the need to establish a new faculty position. Please write a narrative addressing these criteria as well as any other factors that are believed to be relevant in substantiating the need for a new faculty position. These criteria will be used as guides for the Staff Priorities Committee in recommending the order of establishing positions across the College as a whole.

It is expected that the request to establish a new position will initiate with the individual departments which will prepare the rationale in support of new positions. These requests should then be reviewed by the division deans, who will also contribute to the request by indicating how high a priority the dean would assign to the request given requests received from throughout the division. Similarly, the division dean should submit the request to the appropriate vice president who will submit all requests to the Staff Priorities Committee with a priority listing based upon the needs of the area as a whole.

These are the criteria which should be addressed in each proposal:

- 75/25 ratio (i.e., full-time to adjunct faculty ratio)
- average class size in the department/program
- WSCH/FTE ratio
- number of sections offered each semester
- number of adjunct faculty employed each semester
- position's inclusion in the five-year plan for the department/program
- professional standards for staffing
- course requirements
- program growth or demand
- District goals and objectives
- safety considerations
- external regulatory agency requirements or standards
- technological or other changes requiring the hiring of faculty with special skills
- scarcity of qualified adjunct faculty
- any other relevant factors specific to the department's/program's needs not included above

These criteria are not in priority order and all need not be addressed.
C. The Staff Priorities Committee forwards its recommendations to the Superintendent/President and the Budget Development Committee.

D. After the Budget Development Committee identifies the available funds for new positions, the Superintendent/President submits a list of new position recommendations to the Governing Board for approval.

E. Replacement positions require the approval of the Superintendent/President.

A. Human Resource Services accepts applications and supplemental materials until 4:30 p.m. on the closing date.

B. Applications which do not meet minimum qualifications but which have a completed equivalency form will be forwarded to the Senate Equivalency Committee for review and action.

C. The Affirmative Action Officer may extend the search to increase the diversity of the pool after consultation with the Selection Committee and the appropriate Dean and Vice President. After the Affirmative Action Officer verifies the diversity of the applicant pool, all applicants with completed applications who meet stated minimum qualifications will be forwarded to the Selection Committee.

Such information may be shared only with members of the Selection Committee and the administrators involved. Confidentiality must be maintained permanently.
F. The Affirmative Action Activity Report is forwarded to the Human Resource Services office for approval of the process before a tentative offer of employment is made to the selected applicant.

G. The appropriate Vice President or designee extends the tentative offer of employment to the selected finalist and coordinates all necessary intake and orientation procedures with the Human Resource Services Office.

H. If an applicant with an approved equivalency is selected for the position, Human Resource Services will verify the documents and experience that support the equivalency and forward the recommendations of the Senate Equivalency Committee to the Board of Governors for approval.

**Other conditions:**

A. It is the applicant's responsibility to provide all documentation in support of equivalency.

B. All deliberations of the Equivalency Committee and all records involved in the proceedings shall be confidential.

C. Under no circumstances shall the determination that an applicant has the equivalent to the minimum qualifications by the Equivalency Committee be construed as a determination that the candidate will or will not be hired. Such a candidate shall be placed in a pool of qualified applicants, any number of whom may be interviewed for a given position. Granting of equivalency does not guarantee a job or an interview.

D. In all cases in which equivalency is recommended, a description of the Equivalency Committee's reasons for determining that a candidate has the equivalent to the minimum qualifications for the discipline shall be included with the committee's recommendation.

E. The equivalency process is not to be viewed as a "back door" through which the marginally qualified are allowed to enter into positions at Palomar Community College.

F. The granting of equivalency is on a case-by-case basis and does not set precedent for future applicants.

G. In emergency situations, the Chair of the Department, appropriate Dean, or appropriate Vice President will call the Chair of the Equivalency Committee to determine if an applicant possesses qualifications that are at least equivalent to the minimum qualifications established for the position. Formal approval of the equivalency by the Senate Equivalency Committee, verification of documents and experience that support the equivalency, and approval by the Board of Governors are also required in order to complete the review/approval process.

**Review and Revision:**

The Hiring Policy, Criteria, and Procedures for Faculty and Adjunct Faculty and the Equivalency Policy and Procedures are subject to review and revision at the request of either the Faculty Senate or the Governing Board. Changes in these policies and procedures require the joint agreement of the Faculty Senate and representatives of the Governing Board with final approval by the Governing Board.

Faculty Service Areas

**FSA Definition**

As used in this chapter, "faculty service area" means a service or instructional subject area or group of related services or instructional subject areas performed by faculty and established by the Palomar Community College District. EC 87743.1

**Minimum Qualifications Definition**

Minimum qualifications for service in a discipline at Palomar College are those set by the statewide academic senate and the board of governors. Any person possessing a valid credential is entitled to serve under the terms of that credential.

**Purpose of Faculty Service Areas**

Faculty Service Areas provide a workable framework within which seniority and bumping rights can be exercised by faculty when a reduction-in-force is being effected under Section 87743.

**FSA Qualifications (Minimums and Competency)**

Each faculty member shall qualify for one or more faculty service areas at the time of initial employment. New faculty members will be assigned faculty service areas by their hiring departments at the time of initial employment. These assignments will be based upon the minimum qualifications pursuant to Section 87356.

A faculty member shall be eligible for qualification in any faculty service area in which the faculty member has met both minimum qualifications pursuant to Section 87356 and District competency standards. After initial employment, a faculty member may apply to the District to add faculty service areas for which the faculty member qualifies. The application shall be received by the District on or before December 15 in order to be considered in any proceeding pursuant to Section 87743 during the academic year in which the application is received. Any dispute arising from an allegation that a faculty member has been improperly denied a faculty
service area shall be classified and procedurally addressed as a grievance as described in this policy and related procedures. EC 87743.3

**FSA Recording**
The Human Resources Office shall maintain a permanent record for each faculty member employed by the District. The record shall contain each faculty service area which the faculty member possesses, the minimum qualifications for service, and in which FSAs he or she has established competency pursuant to District competency standards. EC 87743.4

**FSA Competency**
To determine competency to serve in a faculty service area for the purposes of Section 87743, each department/discipline establishes competency criteria for faculty members employed by the District. Faculty who applied for an FSA in an area in which they are not currently teaching are responsible for submitting competency documentation to Human Resource Services. Competency requirements are published in the Faculty Manual. All documentation must be submitted by December 15 of each year. 87743.5

**Review and Grievances**
The Faculty Senate FSA Review Committee will consist of an administrator with faculty service area responsibility, faculty members from each academic area, plus two additional faculty members serving at large. All faculty are appointed by the Faculty Senate. This committee will review applications for additional faculty service areas and issues of competence for reassignment purposes.

Disputed decisions of the reviewing committee will be adjudicated by a grievance committee of three tenured faculty members appointed by the Faculty Senate. No member of the grievance committee may sit on the reviewing committee. The decision of the committee shall be final.

In the event that suit is brought against any District employee who participated in the FSA process as a result of such participation, the District shall assume full responsibility for costs of legal defense and payment of compensatory damages. The District shall assume liability for payment of punitive damages awarded against a peer review committee member who acted within the course and scope of his or her District employment and who acted in good faith, without actual malice, and in the apparent best interests of the District if payment of the claim or judgment would be in the best interests of the District.

**Academic Due Process**
Academic due process is a system of procedures designed to resolve personnel issues in an academic institution in a clear, fair, and orderly manner. These procedures apply to actions which interfere with and/or exert a harmful effect upon the functions of the College and may involve faculty, administrative staff, classified staff, and/or students. These guidelines are intended to achieve an equitable solution that will resolve the issue with due regard for the rights of the accused or aggrieved, the protection of staff and student body, and the interest of the College. The best academic due process is possible only when all involved believe that justice must be based upon orderly procedure.

**Preliminary Action**
If a grievance cannot be resolved through normal personnel procedures, the person with the grievance should submit a grievance form to the Superintendent/President or designee. Within ten calendar days of receiving such a form, the President, or designee, shall notify the Governing Board of the issue and appoint an ombudsperson who will preside over the informal hearing. The ombudsperson may be a representative of the President, of the Faculty Senate, of the faculty, of the classified staff, of the students, or an outside person such as an attorney or a representative from an outside organization. If the President is directly involved in the dispute, the appointment of the ombudsperson shall be made by the President of the Faculty Senate.

**Informal Conciliation**
Within ten calendar days after appointment, the ombudsperson shall convene an informal conciliation conference. It shall be the objective of this conference to resolve the issues of the dispute. The conference may be continued only with the explicit consent of all parties to the dispute. If agreement is reached between the parties to the dispute, a written statement signed by both shall be filed with the President, or designee, and the matter will be considered closed.

If no agreement is reached, a written request for a formal hearing may be filed with the President, or designee, and with the appropriate body representing the party filing the grievance: Staff, Faculty Senate, or The Faculty; Students, Executive Committee of the Associated Student Government. (Refer to Administrative Team Handbook and the Handbook of Policies for the CCE/AFT for applicable procedures.) If neither party submits a request for formal hearing within ten calendar days after termination of the conciliatory conference, the matter will be considered closed.
**Formal Hearing**

Upon notification, the appropriate body will establish a list of names of individuals willing to serve on a Hearing Committee. This committee shall be composed of five members, two chosen to represent peer interests of each party to the dispute, one to represent the interests of the College community at large. Each party will be permitted challenges for cause and one peremptory challenge. In the establishment of the Hearing Committee, the ombudsperson will serve to coordinate the formation of the committee, providing information as needed to assist parties to the dispute in challenges to membership on the committee; and, if necessary, ruling on challenges for cause.

The Hearing Committee will select one of its members as chairperson. The committee shall conduct the proceedings according to the procedural standards specified in the Guidelines for Academic Due Process, and shall submit its findings and recommendations to each party to the dispute and to the President, or designee, for implementation.

All proceedings subsequent to the level of informal conciliation shall be precisely recorded, e.g., taped and/or stenographically preserved inviolate throughout all levels of process, whether on campus or off. They will be available on demand to all legitimate parties to a dispute, and to their counsel, at every stage, on campus or off, until final resolution of the dispute shall be conceded by all parties, at which time the records will be destroyed.

**Final action**

A. Appeal of Committee Recommendations: Either party to the dispute may, within a period of 15 calendar days, submit an appeal to the Governing Board. Within 30 calendar days after submission of the appeal, the Governing Board shall complete its review of the records and of the committee's recommendation, and shall make a final determination. Immediately after such determination becomes final, the records of the hearing shall be destroyed by the Chairperson of the Hearing Committee.

B. Within 30 calendar days after the presentation of the committee's recommendations, the President, or designee, shall file a report covering the matter, including the steps taken to implement the committee's recommendations, with the Governing Board, the appropriate body, and the parties to the dispute.

C. If either party to the dispute is not satisfied that the Hearing Committee's recommendations have been implemented properly, he/she may file an appeal with the Governing Board within a period of one year.

**Classified Hiring Procedures**

**Establishing the Position**

A. New Classified positions are established through the reallocation of existing budgeted funds or through growth funding as described in the Resource Allocation Plan. Highest priority will be given to staff positions that are recurring short-term assignments and/or critical to the support of growth. Of lesser priority will be the establishment of positions that enhance delivery of service but are not critical to support growth.

B. Requests for all new positions are identified in advance in the department/program plans or the Educational Master Plan and are established according to need and priority within the area as funds become available.

Below are criteria which the Staff Priorities Committee will consider in justifying the need to establish a new classified position. These criteria will be used as guides for the Committee in recommending the order of establishing positions across the College as a whole. You may address these criteria, as well as any other factors relevant to the need for a new classified position, by completing the Rationale Form for New Classified Positions.

The individual departments should initiate the Rationale Forms for New Classified Positions.

These requests should then be reviewed by the appropriate dean or administrator, who will also contribute to the request by indicating how high a priority s/he would assign to the request given requests received from throughout the area for which he or she is responsible. Similarly, the dean or administrator should submit the request to the appropriate vice president who will submit all requests to the Staff Priorities Committee with a priority listing based upon the needs of the area as a whole.

These are the criteria which should be addressed in each proposal:

- continuing use of short-term staff to perform the functions of the proposed position
- overtime/compensation time expended by the department or unit
• technological or other changes requiring the employment of staff with special skills
• scarcity of qualified short-term staff
• backlog of work
• increase in demand for services provided by the department or unit
• industry standards
• external regulatory agency requirements or standards
• District goals and objectives
• position included in the department or unit’s five-year plan
• increased service requirements/added responsibilities and/or inability of the department or unit to accept additional responsibilities due to current staffing
• any other factors specific to the department’s or unit’s needs not included above

These criteria are not in priority order and all need not be addressed.

C. Each administrative division is responsible for establishing the order of funding for positions within it, after consultation with the requesting departments/programs.

D. The Vice Presidents are responsible for establishing the order of funding for positions within the District as a whole, consistent with the Educational Master Plan.

E. After available funds for new positions have been identified, the Superintendent/President submits new position recommendations to the Governing Board for approval.

F. If a new position also involves a new classification, the District should seek and consider any input from the CCE/AFT in accordance with B.P. CCE/AFT-6 C; rev. PAC 5/19/98

Academic Freedom

Palomar College considers academic freedom defined by its attendant rights and responsibilities as a vital, primary force in the achievement of the aims and objectives of the institution.

Academic freedom involves inherently the following rights and responsibilities:
• To research to the limit of competence and training the assigned teaching area and its references.
• To survey, probe, and question the relation of humans to their environment within the guidelines of research techniques and intelligent discussion.
• To question and challenge, without fear of censorship or discipline, those actions originating from within the institution which seriously affect the total academic environment.
• To introduce within the assigned teaching area controversial concepts, issues, and systems, subjecting these ideas to the test of objective reasoning.
• To create an unhampered and clear intellectual atmosphere, democratically maintained, encouraged, and supported by students, staff, administration, and members of the Governing Board.
• To associate with those individuals or groups of one’s choice without fear of censorship or discipline, unless such association is forbidden by law.

At no time will the inherent right of the staff to use any of the normal channels of campus communication be abridged, nor will individual staff members be singled out for special prior censorship of their use of such channels of communication. It is understood that staff members exercising this right will accept responsibility for both the substance and the manner of their messages.

College or university teachers are citizens, members of a learned profession, and officers of an educational institution. When they speak or write as citizens, they should be free from institutional censorship or discipline, but their special position in the community imposes special obligations. As persons of learning and educational officers, they should remember that the public may judge their profession and their institution by their utterances. Therefore, they should at all times be accurate, should exercise appropriate restraint, should show respect for the opinions of others, and should make every effort to indicate that they are not institutional spokespersons.

300.1

Statement on Professional Ethics

Palomar College believes that the "Statement on Professional Ethics," promulgated by the American Association of University Professors and adopted by the California Academic Senate, serves as a reminder of the variety of obligations assumed by all members of the academic profession. These standards should become an integral part of each faculty member's personal and professional life.
Community college faculty members, guided by a deep conviction of the worth and dignity of the advancement of knowledge, recognize the special responsibilities placed upon them. Their primary responsibility to their subjects is to seek and to state the truth as they see it. To this end, faculty members devote their energies to developing and improving their scholarly competence. They accept the obligation to exercise critical self-discipline and judgment in using, extending, and transmitting knowledge. They practice intellectual honesty. Although faculty members may follow subsidiary interests, these interests must never seriously hamper or compromise their freedom of inquiry.

As teachers, faculty members encourage the free pursuit of learning in their students. They hold before them the best scholarly standards of their discipline. Faculty members demonstrate respect for the student as an individual and adhere to their proper role as intellectual guides and counselors. Faculty members make every reasonable effort to foster honest academic conduct and to assure that evaluation of students reflects their true merit. They respect the confidential nature of the relationship between faculty member and student. They avoid any exploitation of students for advantage and acknowledge significant assistance from them. They protect the academic freedom of students.

As colleagues, faculty members have obligations that derive from common membership in the community of scholars. Faculty members do not discriminate against or harass colleagues. They respect and defend the free inquiry of associates. In the exchange of criticism and ideas, faculty members show due respect for the opinions of others. Faculty members acknowledge their academic debts and strive to be objective in their professional judgment of colleagues. Faculty members accept their share of faculty responsibilities for the governance of their institution.

As members of an academic institution, faculty members seek above all to be effective teachers and scholars. Although faculty members observe the stated regulations of their institutions, provided the regulations do not contravene academic freedom, they maintain their right to criticize and seek revision. Faculty members give due regard to their paramount responsibilities within their institution in determining the amount and character of work done outside it. When considering the interruption or termination of their service, faculty members recognize the effect of their decisions upon the program of the institution and give due notice of their intentions.

As members of their community, faculty members have the rights and obligations of all citizens. Faculty members measure the urgency of these obligations in the light of their responsibilities to their subject areas, to their students, to their profession, and to their institutions. When they speak or act as persons, they avoid creating the impression that they speak or act for their colleges or universities. As citizens engaged in a profession that depends upon freedom for its health and integrity, faculty members have a particular obligation to promote conditions of free inquiry and to further public understanding of academic freedom.

300.2
Critical Thinking
The major role of education in America is to produce an individual who can contribute to society as a well-informed member of a democracy. Competence in critical thinking empowers the college student with the ability to distinguish opinions from fact and belief from knowledge. Evaluative skills learned through elementary inductive and deductive reasoning have applications in problem solving in all aspects of everyday existence. Therefore, all examinations, assignments, and activities at Palomar College should reflect academic rigor by requiring critical thinking on the part of the student.

300.3
Informing Student of Course Content and Grading System
Each faculty member is responsible for informing students in writing of the course content and grading system for each class within the first two class meetings. This must be consistent with the official course outline. A current copy of the information which is provided to students should be on file in the Department/Program Office.

Suggested information includes:
A. Grading policy
   1. How are course letter grades, as described in the official course outline, determined?
   2. What kinds of tests, quizzes, skills demonstrations, or other assignments are given; and what is their value in determining the final grade?
   3. Is homework given and graded?
   4. Is attendance and/or class participation included in the grade?
   5. How is the withdrawal policy as presented in the College Catalog and Class Schedule applied and what are the significant dates related to withdrawal?

Educational Materials

Library/Media Center, San Marcos Campus; Ernest J. Allen Library, Escondido Education Center

Use of the Library/Media Center:
Faculty members have access to books, periodicals, Internet, and a variety of electronic databases in the Library and to media materials in the Learning Resource Center. Books are circulated on a semester-loan basis to contract and adjunct faculty. However, faculty members are urged to return materials as soon as they have finished using them. Faculty members are encouraged to obtain their free PIC (Palomar Identification Card) from Student Services. The PIC card serves as the library card. Without a PIC card, the I.D. number of the borrower is used to check out material. For questions about Library/Media Center circulation or loan policies or operating hours of the facility, call the Circulation Desk at Ext. 2614.

Ordering Library/Media Center Materials:
Recommendations for books, periodicals, media materials, and/or computer programs may be submitted to the Acquisitions Librarian at any time. Books and media materials are ordered throughout the year.

General Resource Materials Selection Policies:
The Library Bill of Rights applies without exception to all purchases of library materials. The test of a controversial item will be its contribution, direct or indirect, to the programs of the College, to the needs of the students, and to the obligation of the College to be a forum for the free exchange of all ideas in the pursuit of truth and knowledge.

Librarians will discuss the addition or withdrawal of materials on the basis of the principles stated in the General Resource Materials Selection Policies.

The Library/Media Center is the resource laboratory of the instructional program and, as such, supplements classroom activity and is an integral part of the curricula in all departments. It is the function of the Library to:
A. Provide study and reference materials necessary for enriching the curricula and supplementing classroom instruction, including reference books, periodicals, government documents, pamphlets, maps, films, slides, recordings, tapes, filmstrips, video tapes, computer programs and access to Internet, CD-ROM resources, and electronic databases.
B. Provide study space for students.
C. Provide instructional resource materials for the faculty.
D. Provide materials that will stimulate intellectual, social, and cultural growth.
E. Strengthen the library resources in the College District by maintaining a significantly larger collection of reference tools, computerized resources, and materials of scholarly significance than are available in the local public libraries.
F. Provide research orientations to students, faculty, staff, and the college community.
G. Provide bibliographic instruction to teach essential research skills across the curriculum.
H. Coordinate the integration of information competency skills throughout the curriculum.

Techniques of Resource Materials Selection
Responsibility for Selection of Materials:
Ultimate responsibility for selection legally rests with the Governing Board. The President operates within the framework of the policies determined by the Board and delegates selection to the certificated librarians. Persons participating in the selection process: librarians; faculty; administrators; classified staff; students; and members of the College community.

Standard for selection:
A. Nonfiction: Relevance to curriculum, accuracy of contents, quality of writing, format, extent to which the subject matter is represented in the collection, social significance, timeliness, or permanent value.
B. Fiction: Above standards plus readability and literary value. No attempt is made to have an exhaustive collection of best sellers.
C. Children's books: Children's books are purchased to supplement the Child Development and Library Technology Programs.
D. Textbooks: The Library does not purchase copies of textbooks currently used in classrooms. Donated textbooks may be added to the collection.
E. Magazines and newspapers: General informational and scholarly journals and local and national newspapers are provided to give current information.
F. Multi-media materials: The Learning Resource Center provides various types of non-print material to provide a multi-media learning center and aid in the self-instructional learning program.
G. Computer Software: Programs are selected which aid the instructional program at the College. Examples include word processing and tutorial programs. In addition, programs for Internet access for general usage are provided.
H. Gifts are welcomed by the Library, but are accepted only with the understanding that they will be added to the collection only if they are needed and meet the above standards.

**Discard Policy:**
To keep the book collection up-to-date, materials are discarded periodically when they are:
A. Superseded editions and materials where information is outdated.
B. Duplicates or titles no longer in demand.
C. Beyond repair.

**Request for Reconsideration of Library and Learning Resource Center Material Forms:**
Request for reconsideration must be presented to the Director, Library/Media Center and Educational Television in writing on the "Request for Reconsideration of Library Material" form. The request must include specific information as to the author, title, publisher/producer, and page number/section of each item to which objection is being made. This request must be signed and identification given which will allow proper reply to be made.

**Evaluation Committee:**
Should the request for reconsideration not be settled satisfactorily through discussions between the Director, Library/Media Center and Educational Television, and the user, the written specific objections shall be submitted to an evaluation committee consisting of the President, the Assistant Superintendent/Vice President for Instruction, the Director, Library/Media Center and Educational Television, the President of the Faculty, and the President of the Faculty Senate for re-evaluation. The decision of the Committee shall be subject to the approval of the Governing Board whose decision shall be final. A written copy of the Board's decision will be sent to the user initiating the request.

**Request to Place Materials on Reserve:**
Faculty members may place books on reserve status by using the form available at the Circulation Desk. Forty-eight hours' processing time is required before reserve materials are available for student use. For best service to students, the librarians should be notified in advance when an article is assigned to be read in a current or past issue of a periodical or a passage or chapter from a particular book.

**Library Orientation:**

303 Course Outline

The following information must be contained in each course outline for A.A. Degree applicable courses:

Course number and title, unit value, minimum number of semester hours, entrance requirements, basic skills requirements, scope of course, specific course objectives, content in terms of specific body of knowledge, required reading, required writing, outside assignments, instructional methodology, grading policy and standards, and repeatability.

The following information must be contained in each course outline for Non-A.A. Degree applicable course:

Course number and title, unit value, minimum number of semester hours, basic skills requirements, entrance requirements, scope of course, specific course objectives, content in terms of specific body of knowledge, required reading, instructional methodology, grading policy and standards, and repeatability.

Course outlines are viewed by the program/department and division dean on a five-year cycle, with 20 percent reviewed annually. At the end of each spring semester, the Instruction Office provides to the department chairpersons/directors and division deans a list of the course outlines due for review. Course outlines should be approved and forwarded to the Instruction Office by the end of April the following year.
Academic Integrity Code of Conduct
Academic Integrity is a code of conduct for students that requires honest and ethical academic endeavor.

Violations
Violations of the Academic Integrity Code include:

- Cheating, plagiarism or false representation of another's work as one's own.
- Forgery, alteration, or misuse of college documents or records.
- Use of false identification.
- Knowingly furnishing false information to the District.
- Unauthorized use or misuse of District equipment.
- Unauthorized access, use, or alteration of computer hardware, software, or data.
- Obstruction or disruption of the educational process.
- Soliciting or assisting another to do any of the above.

Consequences
Consequences for violating this code may result in any or all of the following:

A. At the discretion of the instructor the student may receive:
   1. A failing grade for the assignment
   2. A failing grade for the course
   3. Short-term suspension as described in Section IV A of the Rules and Regulations for Student Behavior

B. Long-term suspension or expulsion may be applied following the procedures described in the Rules and Regulations for Student Behavior.

In the event that District level sanctions, including suspension or expulsion are applied, the procedures described in the Rules and Regulations for Student Behavior will be employed.

Field Trips/Off-Campus Class
The State Education Code makes a distinction between field trips and off-campus classes. Instructors involved in taking students away from the campus must check with the Office of the Assistant Superintendent/Vice President for Instruction for proper identification of the student activity. Forms may be obtained from the Office of the Assistant Superintendent/Vice President for Instruction for listing dates of the trip, destination, and general purpose. The forms are to be signed by the department chairperson, division dean, and are then forwarded to the Office of the Assistant Superintendent/Vice President for Instruction. Requests should be submitted to the Office of the Assistant Superintendent/Vice President for Instruction TWO WEEKS IN ADVANCE of the date of departure.

In the case of out-of-state or out-of-country field trips, signed waivers (Release to Hold Harmless and Indemnify) are also required of each student. These waivers, along with a list of all students making the trip and an itinerary, must be attached to the field-trip form and must be filed with the Office of the Assistant Superintendent/Vice President for Instruction prior to the field trip. Instructors should consult the division dean if student fees are being considered. The instructor must make arrangements with the Cashier’s Office in Fiscal Services for collection of student fees, if applicable. Instructors are not to directly collect fees. If a College vehicle is desired, a Request for Use of College Vehicle must be submitted to Buildings and Grounds. If chartered transportation is desired, a purchasing requisition must be submitted to Purchasing.

See also Use of College Vehicles (507.22).

Instructional Facilities
Classrooms are assigned by the Office of the Assistant Superintendent/Vice President for Instruction. Community use of College facilities is also arranged through the Office of the Assistant Superintendent/Vice President for Instruction, which will check with the Office of the Director of Student Activities to avoid conflicts with the Student Union.

Classroom Changes:
In the event that an instructor needs to change an officially assigned classroom, the request for room change must be submitted to the office of the Assistant Superintendent/Vice President for Instruction on a Schedule Information Sheet (available in the Office of the Assistant Superintendent/Vice President for Instruction).

Office Assignments:
Office assignments for instructors are made by the Office of the Assistant Superintendent/Vice President for Instruction.

Class Size

Quality education is well obtained in some courses with large student enrollment and in other courses with only small enrollment. Moreover, some key courses will seldom or never have large enrollment simply as a consequence of attrition from prerequisite courses. Realistic economic factors require a balance between large and small classes. This balance can best be accomplished by class-size recommendations from the department level because the various departments are more familiar with popular, standard, and educationally critical course offerings. Department chairpersons/directors, the appropriate dean, and the Assistant Superintendent/Vice President for Instruction shall have the responsibility of maintaining a minimum class size of eighteen (18) students, with the following exceptions:

A. The course is a lower division requirement in a major subject area for successful transfer to a four-year institution and is offered only once in a one-year period.
B. The course is required for the completion of a certificate and is offered only once each year.
C. The course is required for an Associate in Arts degree under State or local requirements, is offered only once per year, and no other course which could be substituted for it has been offered in that time frame.
D. The course is experimental (a new course or new approach to teaching a course, when approved as experimental by the Curriculum Committee). The course maintains that distinction for one semester only unless a specific exception is made by the Assistant Superintendent/Vice President for Instruction.
E. The course is carried as an unpaid, voluntary overload by the instructor or department/program.
F. The facilities required for the course limit the enrollment.
G. It is a specialized course offered in professions or occupations requiring specialized accreditation standards.
H. The course is conducted as a travel or field study course in the United States or abroad and is cost effective at the lower enrollment.
I. The course meets with other courses or sections to yield a total combined enrollment of eighteen or more. Hours are credited to the instructor only once.
J. The course is taught at an education center and is cost effective at a lower enrollment. Minimum class size guidelines which are below eighteen (18) for education center facilities will be developed by the Dean of Community Learning Resources and approved by the Assistant Superintendent/Vice President for Instruction.
K. With the agreement of the appropriate dean, a department or program may offer a single section of a course necessary to its instructional program even if those classes have an initial enrollment of less than eighteen (18) provided that the average enrollment of all courses offered by the department/program that semester exceeds twenty-five (25) students.
L. The Assistant Superintendent/Vice President for Instruction may, at the request of the dean and department chairperson/director, grant permission in special cases to conduct low-enrollment courses not meeting the above requirements.

Records of deliberations, exceptions, and canceled classes will be maintained in the office of the Assistant Superintendent/Vice President for Instruction. These guidelines do not apply to summer sessions. (Procedures approved, Faculty Senate, 5/15/89)

Worksite Education

District Support of Worksite Education

A. The Palomar College Community College District is dedicated to meeting local needs and serving all segments of the community, including local businesses and economic development entities whenever possible and deemed appropriate.
B. The District will make every effort to be a major partner in the economic development activities of the local community. D. Participation in Worksite Education programs or classes shall be the prerogative of the Palomar College Board of Trustees.

Definition of Terms Related to Worksite Education
The terms "Worksite Education" or "contract instruction" are used by the legislature, Chancellor's Office, and community college districts to refer to those situations in which a community college district contracts with a public or private entity for the purposes of providing instruction or services or both by the community college (California Education Code for Worksite Education, 78020 (C)).

A. Credit: Courses offered for community college credit, whether the class generates state apportionments or not.
B. Noncredit: Courses that meet state criteria for the ten course areas eligible for noncredit apportionment.
C. Not-For-Credit: Courses and seminars that are custom-designed and funded by public or private entities. These courses and seminars are not eligible for state apportionment.
D. No Credit: Refers to a grade option in a course. This is not an actual course option.

Worksite Education Course Options

B. Credit classes closed to the general public (client funded).
C. Noncredit classes open to the general public (eligible for apportionment).
D. Noncredit classes closed to the general public (client funded).
E. Not-for-credit classes closed to the general public (client funded).

Contract Programs by Customer Category
A. Contracts with Entities: These include educational programs offered under a contract directly between the college and companies in which the company funds the course. These classes (or educational training workshops) typically are designed to provide short-term skills, education, and training for company employees.
B. Contracts with Public Entities: These contracts are similar to those above with the exception that the contracting parties are public agencies (such as a city or fire department). These programs are funded from "public agencies'" operating funds. These programs usually involve the actual training of agency employees.
C. Contracts Supported by Public Training Funds: These include programs offered under contracts between the College and a public training-fund administrative entity. Public training funds include Job Training Partnership Act (JTPA) and the California Employment Training Panel (ETP). The programs are typically designed for new jobs or to retrain currently-employed persons in new skills. They are frequently occupationally oriented.

Approval of Worksite Education
Course Curriculum and Course Offerings

B. All new or revised credit, noncredit, or not-for-credit Worksite Education courses and course offerings which are affiliated with more than one department are approved collectively by those departments. In cases where those departments cannot reach agreement, the course will be referred to the appropriate Dean and the Vice President for Instruction.
C. All Worksite Education courses and course offerings shall be approved by the Governing Board before the course is offered by Palomar College.

Approval of Worksite Education Faculty

Faculty teaching not-for-credit Worksite Education courses shall be compensated at the negotiated rate, to be no less than the current hourly rate for adjunct faculty.
Load Status of Worksite Education Faculty
Credit, noncredit, and not-for-credit Worksite Education courses will not be used to determine the load status for part-time, temporary, or full-time faculty.

Payroll and Personnel Procedures for Worksite Education Faculty
Existing District payroll and personnel procedures will be used for faculty who teach Worksite Education courses.

Evaluation of Worksite Education Faculty
Evaluation of faculty who teach Worksite Education courses will follow the same student-evaluation procedures that are used to evaluate adjunct faculty.

Financial Support of Worksite Education
The college shall recover, from all revenue sources including any combination of public and private sources, an amount no less than the actual costs, including administrative costs, incurred in providing Worksite Education programs or training. Any start-up costs reallocated from departmental or divisional budgets shall be recovered from contract revenue (Ed code, 78021).

Distribution of Worksite Education Fees
A portion of income will be distributed to the department and division involved in each Worksite Education course offering, and income shall not supplant general funds.

   4. Follows the standard guidelines for establishing a contract that have been developed by the Instruction Office.

STUDENTS

400 Admissions
Admission to Palomar College shall conform to existing Education Code and Administrative Code regulations and requirements. Unless exempted by Statute, every course, course section, or class, the FTE of which is to be reported for state aid, wherever offered and maintained by the District, shall be fully open to enrollment and participation by any person who has been admitted to the college and who meets such prerequisites as may be established pursuant to Chapter II, Division 2, Part VI, Title 5 of the California Administrative Code, commencing with Section 51820.

400.1 International Students (F-1)
Palomar College admits international students who have an F-1 or M-1 visa permitting them to study in the U.S. International students, who come from all over the world, must comply with certain requirements imposed both by Palomar College and the Immigration and Naturalization Service. They pay non-resident tuition and a capital outlay fee in addition to college enrollment fees. The International Student Office of Palomar College monitors the students' academic progress. Non-native speakers of English who are permanent residents of the United States and students who hold other types of visas are not considered international students.

401 Matriculation
Matriculation is a process that brings the College and a student who enrolls for credit into an agreement for the purpose of realizing the student's educational goal through the College's established programs, policies, and
requirements. The responsibilities of a college under this agreement will entail providing appropriate matriculation services which shall require:

- The processing of applications for admission;
- Orientation and pre-orientation services;
- The use of multiple measures to assess student's academic skills and abilities;
- Counseling and advising to include the development of educational plans;
- Follow-up system to detect and correct early signs of academic difficulty;
- Referral of students to additional student services;
- Ongoing institutional-research program;
- Faculty and staff training;
- Prerequisite validation and enforcement.

401.1

**Student Rights and Responsibilities**

Students have the right to challenge prerequisite requirements as well as recommended course placement.

402

**Registration**

No registration procedures shall be used that result in restricting enrollment to a specialized clientele.

402.1

**Wait List**

A. The department chair and the dean will establish the wait-list size. The practice of establishing an unlimited wait list as a measure of demand for a course is to be minimized.

B. A student will not be allowed to register in another section of a course while on a wait list for the same course.

C. All instructors should follow the wait-list system. However, if an instructor will not follow the wait-list system, no wait list will be established for those sections taught by that instructor. In the event an instructor has made an "informal" arrangement to allow a student into a class, the decision should not penalize wait-list students.

D. Admittance into a closed class will occur only with permission of the instructor.

403

**Fees**

Palomar College Community District will charge fees according to the California Department of Education bylaws.

**ACADEMIC REGULATIONS**

405

**Students' Rights and Privacy of Student Records**

Pursuant to CAC Title 5, Section 54606 and subsequent sections, you may request an opportunity to inspect any and all official school records, files, and data related to the student. If information in the file is inaccurate, misleading, or inappropriate, the student may request removal of the information, or include a statement disputing the material which he/she challenges.

Other provisions of the law restrict the people who have access to the information in student records. School personnel with legitimate educational interests, schools of intended enrollment, specified federal and state educational administrators, or those who provide financial aid are entitled to access without the student's consent. Access may also be obtained without your consent pursuant to court order. Parents of minors do have access. Parents of non-minor students do not have access, except when written permission is received from the student.

Directory information is maintained which includes name, address, telephone number, date of birth, and class schedule information. Notify the Admissions Office if you do not want this information released.

1. Student degrees and awards are publicized to recognize scholastic and athletic achievements in the school newspaper, or to the news media.

2. Lists may also be provided to other Palomar College departments or to colleges and universities for the expressed purpose of providing educational opportunities and financial assistance to students (names and addresses only).
3. Lists may be provided to military service recruiters for the expressed purpose of offering career opportunities to students (names and addresses only).

No directory information is released to individuals unless your permission is secured.

A student may choose not to disclose the social security number and receive an assigned student number. Students who are applying for or receiving student financial aid must disclose their social security number. Also, any student who wants to receive a tuition tax credit form (1098 T) to claim income tax credit for tuition and fees on their federal income tax return must provide the social security number.

All health information is confidential, and is not revealed to any person or persons, except those persons in Health Services directly connected with treatment of the student. Instructors, however, will be notified if a student has a health condition that may result in losing consciousness.

Regulations and procedures regarding student records are available in the Records Office, room SSC-54.

409
Degree/Certificate Requirement Change to Comply with the Americans With Disabilities Act of 1990

The following criteria will be used in evaluating a student's request:

A. Documentation of Disability with specific test scores and/or medical documentation and a description of the degree of educationally related functional limitations in the academic area under discussion.

and

B. Evidence of the student's good-faith effort to meet the DEGREE/CERTIFICATE requirement such as:
   1. consistent and persistent effort in attempting course work as shown by academic transcripts
   2. regular attendance, completion of all assignments
   3. use of all appropriate and available services such as tutorial assistance or instructional support classes
   4. use of all appropriate and available academic adjustments such as test accommodations. (Such accommodations include extended test-taking time, provision of a quiet room for test taking, or provision of a reader.)

The student's good faith effort may also be validated in a written statement from the instructor and a DSP&S specialist.

If a student with a documented disability can demonstrate to the DSP&S Specialist that his/her disability is of such magnitude that any attempt at completing the course would be futile, the student need not provide evidence of good faith effort as described in (B) above.

and

C. Evidence that the student is otherwise qualified such as:
   1. student's success in completing course work in all other areas required for the degree or certificate
   2. success in courses that demonstrate equivalent skills to the courses under consideration
   3. success in employment.

and

D. Evidence that the objectives of the course in question can be met in some other way (course substitution or other.)

and

E. Evidence that the request would not require a fundamental alteration to an essential component of an academic requirement. (Academic requirements that the College can demonstrate are essential to the program of instruction being pursued by the students, or directly related to licensing requirements, will not be regarded as discriminatory.” Volume 34 of the Code of Federal Regulations 104.44(a.)

Documentation to be Submitted:
The student shall submit all of the following to the DSP&S Coordinator a minimum of two semesters before the proposed degree or certificate completion date:

A. completion of Section A of the Request for Degree/Certificate Requirement Change. These forms are available at DSP&S or at an Admissions counter.

B. a letter written by student addressing the criteria A-E (listed above).

C. evidence from a specialist on disabilities (from Palomar College DSP&S or other recognized professional source) verifying the disability as it relates to student's request.

D. an informal academic evaluation by a Palomar Community College counselor of degree or certificate requirements which student still needs to complete.

E. a current academic transcript. An informal transcript is available in Counseling.
F. documentation from instructor(s) outlining evidence of persistent and consistent effort in attempting the course. 
or
documentation from a specialist on disabilities that the student’s disability is of such nature or magnitude 
that any attempt at completing the course would be futile. 

G. documentation from instructional support faculty or staff outlining evidence of use of all appropriate and 
available services and academic adjustments. 

The DSP&S Coordinator will complete section B of the request and, upon receipt of items A-G, will call a 
meeting of a committee comprised of:  
1. the Dean from the academic area(s) involved 
2. the DSP&S Coordinator, or designee 
3. an advocate of the student’s choice (non-voting) 
4. the department chair from the academic area(s) involved 
5. a representative from the Faculty Senate (preferably from the concerned academic area.) 

Minutes of the meeting will be taken. The Committee will review all evidence presented by the student. The 
Committee’s decision will be determined by a majority vote. In the event of a tie, the request will be referred to 
the Vice President for Instruction. If the Committee recommends a course substitution, the Committee will 
request the department for the course in question to identify appropriate course substitutions. 

If the request for change is approved by the committee and later granted by the department for the course in 
question, the student must fulfill all other requirements for the associate degree or certificate. Any decision 
which affects a transfer-level course may not be recognized by the educational institution where the student 
intends to transfer. 

The committee will forward its decisions in writing to the student and Dean of Student Affairs within 3 weeks of 
receiving the original completed petition. 

If the student is dissatisfied with the committee’s decision, he/she may appeal to the Vice President for 
Instruction. Further appeals may be made to: 
Office of Civil Rights 
Coordination and Review Section 
Civil Rights Division 
U.S. Department of Justice 
P.O. Box 66118 
Washington, D.C. 20035-6118 

410 
Student Responsibility 
Each student is responsible for his/her registration in classes and for attending classes. Furthermore, each 
student is responsible for following the rules and regulations in the Catalog. The College is not at fault if the 
student fails to read and understand the rules. 

411 
Grading System 
Grades are assigned by instructors according to guidelines specified in the approved course outline. 

411.1 
Evaluative Grades 
Each student who is registered after the drop deadline is subject to an evaluative grade or "I." The only 
evaluative grades which can be given are A, B, C, D, F. CR or NC can be given only if the option is noted on the 
grade roster. 

411.2 
Non-Evaluative Grades 
I Incomplete: Incomplete academic work for unforeseeable, emergency, and justifiable reasons at the 
end of the term. 
The condition for the removal of the "I" is stated on the Record of Incomplete (I) Grade form. The "I" is 
ot used in calculating units attempted or for grade points. A final grade shall be assigned when the
stipulated work has been completed and evaluated, or when the time limit for completing the work has expired.

The "I" must be made up no later than one year following the end of the term in which it was assigned. In unusual circumstances, a student may petition to the Vice President of Instruction for a time extension.

**IP**  
In-Progress: The "IP" is used only in those courses that extend beyond the normal end of an academic semester or session. It indicates that work is "in progress," but that assignment of an evaluative grade must await its completion.

The "IP" symbol remains on the student record in order to satisfy enrollment documentation. The appropriate evaluative grade and unit credit shall be assigned and will appear in the student's record for the term in which the course is completed. If a student receives and "IP" in an open-entry, open-exit course and does not re-enroll in the course, or fails to complete the course in the subsequent term, an evaluative grade must be assigned.

**RD**  
Report Delayed: The "RD" may be assigned only by the Records Office. It is to be used when there is a delay in reporting the grade of a student due to circumstances beyond the control of either the student or the Records Office. It is a temporary notation that will be replaced by a permanent symbol as soon as possible. An "RD" is not used in calculating the grade point average.

**W**  
Withdrawal: The "W" will not be used in calculating grade point averages, but excessive "W's" will be used as factors in probation and dismissal procedures.

**Full Semester Courses:** No notation ("W" or other) is made on the student record for withdrawals during the first four weeks of a course.

Withdrawal between the fourth week and the eighth week is at the student's discretion, and will result in a "W" grade recorded on the student's permanent record.

Withdrawal after the eighth week is not permitted. An evaluative (A, B, C, D, F) or Incomplete (I) grade will be assigned. Students who have verifiable extenuating circumstances may petition to withdraw.

**Short Term (less than 16 weeks) Courses:** No notation ("W" or other) is made on the student record for withdrawals during the first 30% of the course.

Withdrawal between 30% and 50% of a course is at the student's discretion, and will result in a "W" grade recorded on the student's permanent record.

Withdrawal after 50% of a course is not permitted. An evaluative (A, B, C, D, F) or Incomplete (I) grade will be assigned. Students who have extenuating circumstances may petition to withdraw.

**MW**  
Military Withdrawal: Members of an active or reserve military service who receive orders compelling a withdrawal from courses will be permitted withdrawal at any time during the semester. Upon verification of such orders, the grade symbol "MW" will be assigned after the "no notation" period. The "MW" will not be counted in progress probation or dismissal calculations, and will not have any adverse effect on the student academic record or enrollment status. Upon petition, the student will also receive a refund of the entire enrollment fee.

**411.3 Grade Changes**

All grades are final in the absence of mistake, fraud, bad faith, or incompetency (Title V 51308). No grade that has been placed in a student's record may be changed unless the instructor submits a Grade Change Form to the Records Office stating the reason for the change as listed above.

All changes or modifications to a student record must be requested no later than one year from the semester in question. Registration records are maintained for a three-year period only.

**411.4 Grading Procedures**

Final grades must be submitted on the appropriate forms with authorized signatures. Grade rosters will be issued toward the end of the semester for assignment of final grades.
413
Course Repetition
A course may be repeated under only the following six conditions:

1) The course has been identified in the catalog course description as repeatable, and the student has not taken the course more times than allowed. State law will allow a student to repeat certain activity, performance, and skill courses. Refer to the course description for limitations.

2) The student is repeating the course to alleviate a substandard (D, F, NC) grade. For a third or subsequent attempt, the student must submit a formal petition to the Director of Enrollment Services.

3) The student is repeating a course after a lapse of three years. Repetitions of courses completed with a standard (A, B, C, and CR) grade are included in this category. A formal petition must be submitted to the Director of Enrollment Services.

4) The student is repeating a course within a period of three years from the first attempt. Classes completed with standard or substandard grades are included in this category. These requests may be approved based on the previous grade being, at least in part, the result of extenuating circumstances (verified cases of accident/illness) or other circumstances beyond the control of the student. A formal petition must be submitted to the Director of Enrollment Services.

5) The student is auditing the class for no grade or credit.

6) The student is a disabled student whose success in other general or special classes is dependent upon additional repetitions of a specific class. A formal petition must be approved by the Director of Disabled Programs, and by the Director of Enrollment Services.

Current and potential financial aid students are advised that financial aid will not fund a repeat course. However, any course repeated, whether or not financial aid funds were received, will count in the total units attempted limit for financial aid eligibility.

Petitions for Course Repetition are available in the Evaluations Office, and must be approved before the student may enroll in the course to be repeated.

Students repeating a course should complete a Grade Adjustment Form and submit it to the Records Office to have their grade point average adjusted. The CR/NC grading option is not available to students repeating a course to alleviate a “D” or “F” grade.

Students who do not comply with the above regulations will be administratively withdrawn from the repeated class. The student will be notified by mail and should arrange to register for an alternative class immediately.

Annotation of Record/Course Repetition
It is important to understand that the student’s permanent record (transcript) will be annotated in such a manner that all course work will remain legible ensuring a true and complete academic history. Transcripts will be annotated in the following ways:

A. Courses with substandard grades may be repeated only once in order to raise the grade and grade points. The units attempted, grade, and grade points of the first attempt (or lowest grade) will be subtracted from the totals for that semester and will be listed on the record with a code that denotes repetition. In no case will duplicate units be allowed.

B. For students repeating a course in which a standard grade was received, the first attempt will be the one used in the calculation of the grade point average. The second attempt (even if better) will be subtracted from the totals and will be listed on the record with a code that denotes repetition. In no case will duplicate units be allowed.

C. For students taking a course for the third of more time in which they have received substandard grades, the first attempt (or lowest grade) will be subtracted from the totals. All subsequent (or other) attempts will count in the calculation of the grade point average. In no case will duplicate units be allowed.

414
Class Auditing
A. Permission to audit a class is done at the discretion of the instructor and with the instructor’s signed permission.

B. An audit student shall not be permitted to change his/her enrollment in that course to receive credit.

C. With the instructor’s signed permission, a credit student may switch his/her enrollment to audit status provided the change is completed prior to the end of the fourth week of class for semester-length classes or prior to 30% of a class for short-term classes.

D. With the instructor’s signed permission, a student may enroll in a course for audit at any time during a semester if he/she has not enrolled in that course for credit during the same semester.

E. No student will be allowed to register in audit status prior to the first day of class. The first day of class refers to the actual first class meeting.
Credit students have priority over auditors. If a class closes after an auditor has been admitted, the auditor may be asked to leave to make room for the credit student. Instructor discretion is strongly recommended.

If a student taking ten or more units for credit is auditing a class and drops below the ten-unit level, the $15 per unit fee will be assessed. AC 2-18-86

415
Credit By Examination

In order to permit students to demonstrate that they have met the objectives of a course through experience in the workplace, foreign language proficiency, or some other process outside the conventional academic setting, the college has implemented a process for Credit by Examination. The completion of Credit by Examination may require the demonstration of other skills or the completion of assignments in addition to an examination.

Not all courses listed in the catalog may be eligible for Credit by Examination. The determination of which courses in a discipline may be taken by examination is made by that department/program. The Department Chair/Director will determine whether or not a student requesting Credit by Examination is sufficiently well prepared to warrant being given this opportunity. This determination is based upon a review of previous coursework or experience.

The following rules apply to earning Credit by Examination:

- The examination must be reviewed and approved by the Department Chair/Director prior to its administration. Completed examinations must remain on file in the department/program for three years.
- A maximum of fifteen (15) units earned at Palomar College or elsewhere through Credit by Examination may be applied towards completion of an Associate in Arts degree, general education transfer certification, or vocational certificate program at Palomar College.
- The student's transcript will clearly identify all courses taken Credit by Examination. Courses attempted through Credit by Examination are graded on a Credit/No Credit basis. The student must earn the equivalent of a "C" or better to earn a grade of Credit.
- Credit by Examination may not be attempted for a course more than once.
- Credit by Examination may be taken for a course when a student has previously received credit for a more advanced course only with the approval of the Department Chair/Director and Division Dean.
- Courses in Nursing Education may be taken Credit by Examination only under the rules of the Board of Registered Nursing.
- A student must be currently enrolled in at least one credit course at Palomar College, excluding Credit by Examination, and may not be on probation or dismissal status when applying for Credit by Examination.
- If no units are completed (with a grade other than "W"), the Credit by Examination petition will not be processed. No fees will be refunded.
- The student must pay the same fees or non-resident tuition required of a regular course to take Credit by Examination.
- The process of Credit by Examination must be completed prior to the end of the current semester or session. Failure to complete the process within that time period will result in a grade of No Credit for the course.
- Credit by Examination will be recorded on the student's permanent record only if departmental and institutional procedure has been followed.

Students wishing to take a course via Credit by Examination are encouraged to informally discuss the matter with the Department Chair/Director and the instructor prior to initiating the formal process. The process for receiving Credit by Examination is as follows:

A. The student obtains a form from the Admissions and Records Office and completes the required information.
B. Records Office staff perform residence and eligibility clearance checks.
C. The Department Chair/Director reviews the form, checking to ensure that eligibility clearance has been completed and that the course is appropriate for Credit by Examination.
D. If the Department Chair/Director finds the request appropriate, he/she assigns an instructor to administer the test. The student makes arrangements with that instructor to take the examination. The examination must be reviewed and approved by the Department Chair/Director prior to its administration.
E. The student is directed to the Cashier. Tuition and/or enrollment fees must be paid after department approval is granted and before the examination is administered.
F. The instructor administers the examination and evaluates any other required assignments.
G. The instructor records the grade on the Credit by Examination form, attaches the completed examination materials to the form, and forwards these to the Department Chair/Director.
H. The Department Chair/Director reviews the application, signs and forwards the form and examination materials to the Division Dean.
I. The Division Dean reviews and signs the application, returns the completed examination materials and a copy of the application to the Department Chair/Director. The signed form is forwarded to the Instruction Office for section number assignment and then to the Admissions and Records Office. Completed examination materials must remain on file in the department/program for three years.

J. The process of Credit by Examination must be completed prior to the end of the current semester or session. Failure to complete the process within that time period will result in a grade of No Credit for the course.

416
Credit/No Credit Classes
The decision to take credit/no credit must be made by the end of the fourth week or the first 30% of a class term (whichever is less), after which no other evaluative grade may be given. Application forms are available in the Admissions Office. The student must secure the signature of the instructor and return the signed form to the Admissions Office.

A grade of "CR" is earned for course work equal to a grade of "C" or better. A grade of "NC" is earned for course work equal to a grade of "D" or "F." Neither "CR" nor "NC" is used in computing the grade-point average; however, "CR/NC" units appear on the transcript of record.

With the instructor's signed permission, a student may reverse his/her enrollment from credit/no credit status to receive an evaluative grade, provided the reversal is completed prior to the end of the fourth week of a full semester course, or prior to 30% of a short-term course.

Units attempted for which "NC" is recorded shall be considered in probation and dismissal procedures. Students may not repeat on a CR/NC basis a course previously taken for a letter grade. English 100, 202, and 203 may not be taken on a CR/NC basis. Students are advised that four-year institutions may limit the number of CR units acceptable for transfer.

417
Withdrawal
Official Withdrawal
Students who must withdraw from College during the semester are responsible for submitting an Add/Drop form to the Admissions Office. Refer to "Dates and Penalties" below for any penalties which may be imposed.

Unofficial Withdrawal:
Students who simply stop attending class and do not file an Add/Drop form have unofficially withdrawn. These students may receive an "F" grade in every class they stop attending.

Administrative Withdrawal:
Administrative withdrawals may occur for academic or disciplinary reasons, or for non-payment of fees. If the administrative withdrawal occurs after the refund period, the student will not be entitled to a refund of registration fees.

Military Withdrawal:
Members of an active or reserve military service who receive orders compelling a withdrawal from courses will be permitted withdrawal at any time during the semester. Upon verification of such orders, the grade symbol "MW," will be assigned after the "no notation" period or after the first four weeks of the semester. The "MW" will not be counted in progress probation or dismissal calculations and will not have any adverse effect on the academic record or enrollment status. Upon petition, the student will also receive a refund of the entire enrollment fee.

417.1
Conditions for Petition to Withdraw
Students who have verifiable extenuating circumstances beyond their control may petition for an exception to withdraw from a class after the eighth week of a full semester course, or 50% of a short-term course. The student may petition the Director of Enrollment Services for authorization to receive a withdrawal (W) in the following manner:

- A formal petition must be submitted to the Director of Enrollment Services by the student, or the student's representative.
- Proof of the extenuating circumstances being cited as reasons for withdrawal, or unsuccessful course completion, must be submitted.
The instructor of each course in question must be consulted. In the event the instructor of record cannot be contacted, or is unavailable, the department chair will act on his/her behalf.

Palomar College defines extenuating circumstances as serious and compelling reasons which are limited to the following:
- Illness, hospitalization, or medical reasons
- Employment
- Relocation
- Illness or death of a family member or loved one
- Incarceration

Enrollment/Disenrollment Procedures

418.1 Rosters
Instructors who teach semester-length classes will receive the following class rosters:

First Day Rosters
- Will be issued the day before classes begin for each semester.
- Will indicate students who are officially registered in the class.
- Are for information purposes only and do not need to be returned to the Admissions and Records Office.

First Census Rosters
- Will be issued the third week of the semester.
- Will be the permanent rosters which indicate the official registration upon which legal attendance is based.
- Are for information purposes only and do not need to be returned.

Drop Rosters
- Will be issued the first week of classes.
- Must be returned to the Admissions Office within one week after issuance. Instructor must indicate the last date of activity if he/she is dropping a student for Excessive Absence. If there are no changes, the instructor must still sign and return the roster(s).
- Instructor Notice of Drop cards should be used to drop students after the Drop Roster period. Drops after the 50% deadline may be reported only for Veteran/Financial Aid students. These students must be reported no later than two (2) weeks after their last date of activity. Veteran/Financial Aid students are identified on your class roster with an asterisk (**).

Mid-Semester Class Rosters
- Are issued Monday of the tenth week of the semester.
- Are the permanent rosters indicating official registrations after the drop deadline and are the basis upon which the grade rosters will be created.
- Are for informational purposes and do not need to be returned.

Grade Rosters
- Are the final rosters of the semester issued on Monday of the fifteenth week of instruction.
- Grades will be issued to students on this roster. Appropriate grading symbols must be used from the list shown in the grading policy.
- This roster must be returned in person to the Records Office before the last day of the semester or within 48 hours after the last final examination. For instructors who teach exclusively off-campus, the completed grade roster must be deposited in person at the Palomar College Office at Camp Pendleton or the Palomar College Office at Mt. Carmel High School. Any exceptions must have the approval of the department chairperson or instructional dean.

418.2 Disenrollment Procedures
The primary responsibility for class attendance and maintaining an accurate registration record rests with the student. Consequently, each student is responsible for adding or dropping of courses to the student's schedule of classes.

The responsibility for maintaining accurate and proper accountability records (for state apportionment requirements) rests with the instructor and the Records Office. As such, the instructor:
- Must drop any student identified as a "no show" (students registered who have never attended class) by reporting these students on the first census drop roster.
May elect to drop a student for the following reasons:
1. Excessive absences (normally defined as more than the number of times the class is scheduled to meet per week);
2. Failure to take examinations;
3. Failure to complete class assignments.
The instructor must indicate a last activity date (the date of the last active participation in the class) when the student is dropped (GB 11/24/87, rev. PAC 9-18-96).

"No Show"
A "no show" is a student who has registered for a class but who has never appeared. "No shows" must be reported on the Drop Roster. "No shows" may not be reported on the Instructor Notice of Drop card.

Excessive Absence
The following procedure should be followed if a student is excessively absent:
A. Complete the Drop Roster and return to the Admissions Office. Please indicate the last date of activity.
B. If, after being dropped from a class, a student desires to be reinstated he/she must file a Change of Program - Add. The application for reinstatement requires the signature of the instructor and the division dean.
C. Each instructor should maintain adequate records to reflect a student's last activity date (last papers submitted, last exam taken, last date of attendance). Such records should be kept a minimum of three years in accordance with Title V regulations. Veteran/Financial Aid students must be reported no later than two (2) weeks after their last date of activity. Veteran/Financial Aid students are identified on your class roster with an asterisk (**).

Dropping a Class
It is the student's responsibility to execute a drop.
- Drops during the first 30% of a course do not require an instructor's signature and no notation will appear on the student's record.
- Drops between the first 30% of a course and 50% of a course do not require an instructor's signature. A "W" will be assigned.
- Drops after 50% of the course is completed will not be authorized. An evaluative grade (A, B, C, D, F) or an "I" must be given.
The instructor should indicate the last date of activity.

Adding a Class
Do not accept a student in a class if his/her name does not appear on the class roster unless he/she presents a computer-printed schedule stamped "Registered." A wait-list number does not indicate official registration in a course. The student's computer-printed schedule indicates that the student has officially registered for the class. Please add his/her name to your roster until you receive a new class roster.

COUNSELING, GUIDANCE, AND CAREER DEVELOPMENT
- In accordance with Title V, section 519765, counseling services are provided according to the needs of each student in the following ways:
  - To determine the student's educational goals and plans
  - To make a self-appraisal on the progress toward the student's goals
  - To provide counseling and guidance services to entering students on proper course selection using an assessment of student skills, abilities, aptitudes, and interests
  - Individual counseling and guidance services shall be provided to each student who is on probation and dismissal, including the regulation of the student's program according to the student's aptitude and achievements

Counseling Center
Academic, assessment, vocational, and personal counseling are provided.

Career Center
The Career Center contains an extensive library of vocational and occupational information. A computerized data base of career information provides up-to-date profiles of hundreds of occupations. Career assessment, including interests, values, abilities, and temperament is available through the Center's Career Search class. Career- and life-planning classes are also available.

Transfer Center
The Transfer Center contains information resources and staff to assist students with transfer planning. The Center contains an extensive catalog library, articulation agreements, and other transfer-planning guides. The staff provides advising, program planning, and workshops on admissions and scholarship information. Representatives from four-year universities are also available in the Center for appointments.

**Academic Counseling**
Academic Counseling is available to students seeking assistance with scheduling or clarification of requirements for graduation or transfer. Inasmuch as careful course selection is a key to a successful college experience and is subject to change, it is wise for students to consult a counselor prior to each registration period.

Personal Counseling
A student may seek the assistance of a trained counselor in finding solutions to problems that may be affecting his/her academic progress. A counselor may also provide further assistance in helping students understand their attitudes, feelings, academic potentials, and special aptitudes; thereby enabling them to make decisions realistically.

DISABLED STUDENT PROGRAMS AND SERVICES (DSP&S)
Under the provisions of federal and state legislation, DSP&S provides special counseling, services and instruction for those with physical, learning, developmental, vision, hearing, acquired brain injuries, and communication disabilities. Post-secondary institutions shall take whatever steps necessary not to discriminate or have the effect of discrimination on the basis of handicap against a student with a disability. This prohibits the institution from denying any necessary items such as dog guides in buildings, tape recorders, or anything else that limits the student with a disability from full participation. Examinations and other auxiliary aids must be made available and flexible to fit the requirements of the student with a disability.

The following is available to qualified disabled students:
- Adapted physical education
- Counseling
- Educational guidance
- English support classes
- Math support classes
- On-campus transportation
- Orientation
- Priority registration
- Reading support classes
- Instruction in personal adjustment
- Special parking
- Speech/language services
- Testing accommodations
- Learning disability assessment

An adapted computer instruction program provides varied instruction for those with specific disabilities. Interpreters for the deaf, readers, notetakers, and mobility assistance are also offered.

A wide variety of special equipment, including individual mobility carts, CCTVs, Braille writers, computer adaptations, tape recorders, talking calculators, and other equipment, is part of the support services offered to students with disabilities.

In general, the DSP&S program acts as an advocate for the disabled by representing their interests on campus as well as with various state and local agencies including the State Department of Rehabilitation.

EXTENDED OPPORTUNITY PROGRAMS AND SERVICES (EOP&S)

EOP&S is a state-funded program which provides:
- Book awards
- Counseling - (academic, vocational, and personal)
- Book loans
- Pre-enrollment advisement
- Transfer services
- EOP&S classes
- Other educational supportive services to make it possible for students who are financially disadvantaged and educationally under-prepared to obtain a college education.

Other services which EOP&S may provide include:
- Blue books
- Educational workshops
- Meal tickets
- Bus passes
- EOP&S/College orientation
The EOP&S program employs a team of counselors who are specially trained to work with the diverse student population represented in the EOP&S program. Special assistance in developing formal educational plans and overcoming personal and financial problems are specialties of these counselors. Bilingual counselors are available.

CARE is a program within EOP&S which assists single parents and AFDC recipients with young children. Eligible CARE students may get financial assistance for child care.

Academic Renewal Regulations
A student may request that thirty (30) units of previous course work taken at Palomar College or any other institution be disregarded when computing the grade point average (GPA). Course work not to be counted must include the entire semester. Subject, but not unit, credit will be allowed for work completed satisfactorily (A, B, C, or CR) during disregarded terms (for AA degree and Certificate requirements only).

Current and potential financial aid students are advised that all units attempted will count in the total units attempted limit for financial aid eligibility. Academic renewal does not eliminate units for financial aid purposes.

Procedure
If the following conditions are met, Palomar College may disregard from all consideration associated with requirements for the Associate in Arts degree, Certificate of Achievement, and General Education certification up to a maximum of thirty (30) semester units of course work taken at any college. These conditions are:

1. The student completes a Petition for Academic Renewal with a counselor. Forms are available from the Counseling or Records Offices. The student submits the Petition to the Records Office.
2. The course work in the term(s) under consideration must be substandard, and not representative of present scholastic ability and level of performance, the total GPA of which is less than 2.0.
3. Three years must have passed since the course work not to be counted was taken.
4. The student must have completed 24 semester units since the semester(s) to be discounted, of which at least 15 must have been taken at Palomar College. The remaining 9 units may be completed at another regionally accredited postsecondary institution.
5. The student must have a 2.0 GPA since the time of taking the course work not to be counted.
6. The petition will be reviewed by the Records Office for compliance with policy. The student will be notified by mail of approval or denial of the request.
7. The student agrees that ALL units taken during the semester to be discounted, even satisfactory units, are to be disregarded.

NOTE: Students who have taken more than thirty (30) units in the two terms to be disregarded may submit a Student Petition to the Academic Review Committee for consideration.
Annotation of Record/Academic Renewal

It is important to understand that all course work will remain legible on the student's permanent record (transcript), ensuring a true and complete academic history. However, the student's permanent record will be annotated so that it is readily evident to all users of the record that the units, even if satisfactory, are to be disregarded and may not apply to certificate, degree, or general education requirements.

Student Grievance

A. Definition of Terms

Grievance A claim that a student has been the subject of an unjust action or has been denied his/her rights by an employee of the District or another student.
Excluded from the grievance process are any matters for which a specified method of complaint resolution is provided by law or by District policy (such as the Affirmative Action Complaint Procedure, the Americans with Disabilities Act Complaint Procedure, and the Sexual Harassment Complaint Procedure.)

The grievance process may not be used to change a District policy.

Complaint A statement of dissatisfaction with a procedure, policy, application of a policy, or actions of an individual through which a student's rights were not violated or denied. Complaints are excluded from the grievance process and should be resolved with the individuals involved and the next level of supervision.

Appeal An action taken to request a review of and possible change to the recommended resolution of the grievance.

Day A day is a school day when classes are offered or exams scheduled, excluding Saturday.

B. Informal Grievance Resolution Procedures
Before initiating formal grievance procedures, the student shall attempt to resolve the dispute informally with the appropriate staff member and supervisor at the point of initial decision. The student should use the Informal Grievance Resolution Chart to informally resolve his/her grievance.

1. The initial request must be made to the person in the area in which the dispute arose. This individual is identified in the First Level of the Informal Grievance Resolution Chart.
2. If the student still has not resolved his/her dispute at the First Level s/he should present his/her grievance to the administrator or administrative committee indicated in the Second Level on the Informal Grievance Resolution Chart.

In the event the amendments would require the student to prepare a substantially different defense, the College Superintendent/President or designee shall postpone the hearing for a reasonable time not to exceed ten days.

Hearing Procedures for Long-Term Suspensions and Expulsions

Procedures
A. If the student is uncertain as to the meaning of any allegation or any other information set forth in the notice letter, he/she shall raise that issue at the time of the hearing.
B. When a complaint has been filed against a student, the parties involved in the incident leading to the allegation shall make reasonable effort to resolve the matter on an informal basis. The student may accept the sanction without admitting that he/she engaged in the conduct charged. Should the student not accept the sanction, the matter shall proceed to hearing.
C. If the student desires to be represented by an attorney, the College will also be represented by an attorney, and the matter will be heard by a hearing officer designated for such purposes by the College Superintendent/President or designee. The student must give the College Superintendent/President or designee written notice of the name and address of the attorney at least three days before the time set for the commencement of the hearing.
D. The hearing officer shall be admitted to practice law in California and shall be qualified by professional experience in presiding at judicial or quasi-judicial adversary proceedings, or shall have practiced law in California for at least five years.
E. The student may waive his/her right to be represented by an attorney. In such event, the matter shall be heard by the Disciplinary Hearing Committee.
F. The hearing shall be convened within ten days of the date written notice of disciplinary action is mailed to the student.
G. If the student wishes to have a student member on the Disciplinary Hearing Committee, the student must waive his/her rights to privacy to any student records presented in evidence or admitted at the hearing. In this case, the Disciplinary Hearing Committee shall consist of one student, one faculty member, and one administrator.

I. At the beginning of every academic year, a Disciplinary Hearing Committee shall be formed. The Associated Student Government, Faculty Senate, and Administrative Team shall each submit a list of two or more candidates. The College Superintendent/President or designee shall select persons from these lists to constitute a Disciplinary Hearing Committee. Any panel member may disqualify himself/herself in the interest of a fair procedure.
J. The hearing officer or committee shall, within two days after the hearing, present its findings of fact and recommendations in writing to the College Superintendent/President or designee and to the student. These findings must be based upon other than hearsay evidence.
K. The College Superintendent/President or designee shall review the report of the hearing officer or committee. The Superintendent/President or designee may accept the recommended sanction; refer the matter back to the hearing officer or committee; or adopt a more severe sanction. It is desired and anticipated that the Superintendent/President or designee shall be governed by the recommendation of the committee.

Hearing Preparation

A. The College Superintendent/President or designee shall appoint the three member Disciplinary Hearing Committee as provided for in Section 430.311, i. The College Superintendent/President or designee shall be responsible for making the necessary arrangements for the hearing. Arrangements shall include scheduling a room, providing for a tape recorder, providing notice to the student, and notifying members of the Disciplinary Hearing Committee.

B. Prior to the commencement of the actual hearing, the Disciplinary Hearing Committee members, having received copies of these procedures, shall meet alone and select a chairperson. If the members cannot reach mutual agreement on a chairperson, the College Superintendent/President or designee shall designate a member to serve as chairperson. The chairperson shall preside over the hearing and make rulings as to its conduct. All rulings of the chairperson shall be final unless overruled by a majority of the committee.

C. The student may challenge any member of the Disciplinary Hearing Committee for cause. Grounds for cause include any personal involvement in the situation giving rise to the disciplinary problem or any statement indicating that a person could not act in a neutral manner. The College Superintendent/President or designee shall decide challenges. If the College Superintendent/President or designee upholds the challenge, the College Superintendent/President or designee shall make a replacement from the pool.

430.313

The Hearing

Hearings shall be closed and confidential and all witnesses shall be excluded when they are not testifying unless the College Superintendent/President or designee, the student, and the committee, all agree to the contrary. Both the College Superintendent/President or designee and the student shall be entitled to call witnesses and to question witnesses presented by the other. A member of the committee may ask questions at any time upon recognition by the chairperson. Either side may recall a witness, who again may be questioned by both parties and the committee.

A. Opening: The chairperson shall call the hearing to order, introduce the participants, and announce the purpose of the hearing; e.g., "this committee meets pursuant to Governing Board policy to hear charges against ______ and to make findings of fact and recommendations for action to the College Superintendent/President or designee."

B. Charges: The chairperson shall distribute copies of the charges to the members of the committee, read the charges aloud, and ask the student if he/she has received the charges. If the answer is in the negative, the College President or designee may present evidence to rebut the student's denial of notice. The chairperson shall decide whether or not to proceed with the hearing. If the hearing must be rescheduled, it shall be held within five days.

C. Plea: The student shall admit or deny each charge. If the student admits each charge and wishes to present no evidence or mitigating circumstances or other defense, the committee shall retire to make its decision. If the student denies any or all of the charges, or wishes to present evidence of mitigating circumstances, the hearing shall proceed.

D. Burdens of Proof and of Producing Evidence: The College Superintendent/President or designee has the burden of proving that each charge is true. The student shall be regarded as innocent of the charges until the contrary is established by the College Superintendent/President or designee by a preponderance of the evidence. "Established by a preponderance of the evidence" means that the College Superintendent/President or designee must persuade the committee that it is more probable than not that the charges are true. The College Superintendent/President or designee has the initial burden of producing evidence to prove each charge. The College Superintendent/President or designee must present the evidence in support of the charges first, and then the student must present evidence to refute the College Superintendent/President or designee's evidence.

E. Arguments: First the College Superintendent/President or designee, and then the student, shall be afforded the opportunity to make or waive an opening statement; i.e., give an outline of the charges and the facts to be proven. The student may reserve his/her opening statement until after the College Superintendent/President or designee has finished presenting the case for the College. After the opening
statements, first the College Superintendent/President or designee, and then the student, shall have the opportunity to present witnesses and other relevant evidence in support of the cases presented.

F. Evidence: Formal rules of evidence shall not apply. All relevant evidence is admissible, including but not limited to testimony of witnesses, physical objects, police reports, photographs, copies of documents, and signed and dated declarations of witnesses shown to be unavailable.

G. Conclusion: First the College Superintendent/President or designee, and then the student, shall be afforded the opportunity to make or waive a closing argument. The committee shall retire to deliberate with only the members of the committee present. The hearing committee shall reach its decision based only upon the record of the hearing and shall not consider matters outside of that record. Within two days after the hearing, the chairperson shall deliver to the College Superintendent/President or designee a written report giving specific findings of fact as to each charge, and making recommendations for action arrived at by a majority vote of the committee.

430.314 Appeal
A. The student may appeal the decision of the College Superintendent/President or designee regarding any long-term suspension to the Governing Board. Any such appeal shall be submitted in writing within five days following receipt of the College Superintendent/President or designee's decision and shall state specifically the grounds for appeal. Appeal shall be based only on the record of the hearing committee and the decisions of the hearing committee and the College Superintendent/President or designee.

B. Upon review, the Governing Board will either confirm, modify, or reject the decision of the College Superintendent/President or designee. The Governing Board's action shall be limited to a review of the record of the hearing committee, and the decisions of the hearing committee and the College Superintendent/President or designee. The Governing Board shall not consider any evidence outside that record. The Board's action shall be final and binding on all parties.

C. The Governing Board shall be provided with copies of the decision, with all documentation and related data.

D. The Governing Board shall consider student disciplinary appeals at any regularly scheduled public meeting held within 30 days of receipt of the appeal by the College Superintendent/President or designee.

E. The Governing Board shall, unless otherwise requested by the student involved, hold closed sessions if the Governing Board is considering a suspension or disciplinary action or any other action except expulsion if a public hearing upon such question would lead to the giving out of information concerning students which would be in violation of Education Code Section 76240 et seq protecting the privacy of student records. The Governing Board of the District, before calling such a closed session to consider these matters, shall notify the student (and the parent or guardian if the student is a minor) by registered or certified mail of the intent of the Governing Board of the District to call and hold such closed session.

Unless the student, parent, or guardian shall, in writing, within 48 hours after receipt of such written notice of intention, request that the hearing of the Governing Board be held as a public meeting, then the hearing to consider such matters shall be conducted by the Governing Board in closed session. If such written request is served upon the clerk or secretary of the Governing Board, the meeting shall be public except that any discussion at such meeting that might be in conflict with the right to privacy of any student other than the student requesting the public meeting or on behalf of whom such meeting is requested, shall be in closed session. Whether the matter is considered at a closed session or at a public meeting, the final action of the Governing Board of the College District shall be taken at a public meeting and the result of such action shall be a public record of the College District. EC 72122

A. Days. Days during which the College is in session and regular classes are held.

B. Expulsion. A permanent denial of all campus privileges, including class attendance.

C. Mail. Whenever this policy calls for or permits a notice or other communication to be delivered by mail, the mailing of such communication by return-receipt-requested mail, postage paid and addressed to the last known address of the student, shall be deemed to be a sufficient compliance with the provision, and it shall be presumed to have been received. A student's failure or refusal to sign a receipt of the communication shall not cause a notice to be defective.

D. Probation. Probation may include exclusion from participation in privileges or extracurricular college activities for a specified period of time. Student organizations as well as individual students may be subject to disciplinary probation. If a student violates any condition or probation, or again is charged with a violation of the standards of student conduct during the probationary period, it shall be grounds for revocation of the student's probationary status and for further disciplinary action. student.

be cause for disciplinary action.

H. **Withdrawal of consent to remain on campus.** Action taken by the Superintendent/President or the officer
or employee designated by the Superintendent/President to maintain order when there is reasonable
cause to believe that the continued presence of the student constitutes a substantial and material threat
of significant injury to persons or property. In no event is such consent to be withdrawn for longer than
fourteen (14) calendar days from the date on which the consent is initially withdrawn. (PC 626.4)

Speakers

434.1 **Guest Speakers**
One of the objectives of Palomar College is to serve as an educational and cultural center for the people of
Northern San Diego County. This objective may be furthered through public forums and invited guest speakers.

This policy has been developed as a guide to those responsible for the selection and scheduling of speakers to
appear at Palomar College. It is applicable to student organizations on campus in their recruitment of guest
speakers and is not intended to apply to instructors inviting speakers into their classes.

A college has the responsibility to develop informed, critical, and objective thinking. Such thinking can best be
encouraged in an atmosphere assuring free interchange of ideas. Those responsible for scheduling speakers will
attempt to obtain speakers who will present diverse views in the best tradition of the American forum. Speakers
should be intellectually stimulating and educationally justifiable. Opportunities for balancing viewpoints must be
provided:

A. On the same program at the discretion of the sponsoring organization, or
B. At another hour designated by the Director of Student Activities, or
C. At any date in the Free Speech Area in accordance with the code of the Free Speech Area.

provisions:

A. That the speaker’s background be made known to his/her audience as accurately and completely as
possible.
B. That if a question period is provided, the speaker attempts to answer questions from the floor that have
both relevance and propriety.
C. That the speaker’s presentation and/or question period be taped and recorded for library use.

434.2 **Scheduling Speakers**
All off-campus speakers to be presented at Palomar College by student organizations must be cleared through
the Student Activities Office and placed on the Master Calendar. Forms for scheduling speakers are available in
the Student Activities Office and must be submitted at least three weeks prior to the presentation. The Director
of Student Activities will determine adherence to Board policy regarding all off-campus speakers.

The following procedures must be followed when inviting speakers to the campus:

A. Obtain approval of the Club Advisor.
B. Obtain clearance from the Director of Student Activities to determine intended adherence to Education
Code. Before rendering a decision, the Director of Student Activities may consult the respective club, or
other resources. (One week to be allotted for decision).
C. Obtain a form in the Student Activities Office for scheduling a speaker and request a "tentative" date and
room on the Master Calendar.
D. Extend a written invitation to the speaker.
E. After the speaker accepts the invitation, confirmation must be obtained from the Student Activities
Office.
F. The Governing Board will be apprised of the speaker prior to presentation.
G. Failure to comply with the above procedures will result in cancellation of an activity.

Conferences and Travel

507.1
Definition of Off-Campus Travel

The college/District recognizes three major categories of off-campus travel:

Institutional
The objective of institutional travel is to attend meetings called by State agencies, to meet with legislators, and to consult with colleagues at other institutions for such purposes as curriculum planning and community-college funding.

Institutional travel also includes service on an accreditation team. The primary purpose of such travel is to carry out administrative functions.

Professional
The objective of professional travel is to permit participation in the activities of such organizations as the California Community College Trustees, California School Boards Association, American Association of Community Colleges, Community College League of California, the Academic Senate of California Community Colleges, National Association of College and University Business Officers, and other recognized organizations. Such organizations have a legitimate and constructive interest in advancing the cause of higher education in the State of California.

Educational
The purpose of educational travel is to encourage members of the College staff to keep abreast of new knowledge, new teaching techniques in their own areas, new and/or updated skills, and training methods.

Although it may be assumed that the College staff members have an obligation as professionals to invest some of their own resources in keeping current in their disciplines and in their fields of work, it is clearly in the interest of the College and its students that the institution make a similar commitment and encourage the College staff to attend institutes, workshops, and conferences in their areas of responsibility.

As a general rule, in all three categories of travel, every effort will be made to cause minimum interruption in the instructional program of the College and in services to students.
Approval of Off-Campus Travel

Employees should have the approval of their immediate supervisor—see form, Request for Travel Approval/Claim for Travel Expense. The immediate supervisor and/or the appropriate administrator should verify that travel moneys are available from the appropriate accounts. Approval is as follows:

<table>

<tr>
<th>Position</th>
<th>Approval Authority</th>

<tbody>
<tr>
<td>Board Member</td>
<td>Majority of Board</td>
</tr>
<tr>
<td>Superintendent/President</td>
<td>Majority of Board</td>

</tbody>
</table>

When an employee has been authorized to travel off campus to attend meetings called by an agency of the State of California or any other public agency in which the travel expenses are to be reimbursed by that agency, the employee shall note the agency to be billed when requesting travel approval. The College will be responsible for billing that agency for reimbursement of expenses.

At the discretion of the Superintendent/President, or designated representative, employees may be reimbursed for actual and necessary expenses, or portion of actual and necessary expenses approved, incurred for off-campus conferences or meetings they were unable to attend, provided the circumstances preventing such attendance were beyond employee control.

Preparing the Form:

A. The form is picked up in the department/program office, and completed by the applicant and/or clerical staff.

B. Advanced payments to vendors (sufficient lead time is required. A two-week minimum is requested.)
   1. Commercial transportation. A purchasing requisition must be fully and accurately completed for advanced payment of travel. A purchase order number is obtained from Business Services (Purchasing). (The applicant is responsible for making his/her own reservations.)

   3. Registration. The Registration Form must be fully and accurately completed in order to request advanced payment.

Submitting the Form:

   1. To the Department Chair/Director
   2. To the Senior/Executive Administrator who checks for accuracy and availability of funds.

      b. When requesting advanced payment, the Senior/Executive Administrator submits the form to Fiscal Services for processing. Fiscal Services will make advanced payments to vendors and return the form to the applicant. If no advanced payments are requested, the form will be returned to the applicant immediately after the Senior/Executive Administrator has signed.

Blanket Travel Approval for County

At the first of each fiscal year, those employees who are required to travel frequently and routinely within the County of San Diego will fill out a form REQUEST FOR BLANKET COUNTY TRAVEL APPROVAL. This form will be signed by the appropriate department chairperson, the division dean, and the assistant superintendent/vice president. Once approved for such county travel, the employee is not required to file a
request for each individual trip within the county. He/she will be required to submit an EXPENSE CLAIM FOR BUSINESS MILEAGE in a timely manner.

The printout received may be submitted to the Facilities Department. The following criteria are used to determine eligibility for clearance to drive a College vehicle:

C. All drivers of College vehicles must be at least 18 years of age and must have a valid California drivers license appropriate to the vehicle being driven.
D. A driver is charged with the responsibility of operating an assigned vehicle in strict compliance with all laws applicable in the area of operation. Prohibitions include, but are not limited to:

If a software audit is performed, either by District staff, law enforcement officers or regulatory agencies, the archival records will be used to prove ownership of specific software products. If an archival record does not exist for a specific copy of software, and the department is unable to provide proof of purchase, the software will be deleted from the computer's storage media and all backup copies will be destroyed.

Before a District-initiated software audit is conducted, or new software is installed, individuals will be given a one-week notice so that data files can be screened and sensitive data protected or removed. Appointments will be made with District staff members prior to an audit or installation process to ensure that the integrity of sensitive data is maintained.

Payroll
Payroll Process
Salaried Employees
Warrants - Payroll warrants are prepared for salaried employees from resolutions previously approved by the Governing Board and are issued and distributed on the last working day of each month by Fiscal Services.

Payroll warrants are placed in faculty mailboxes on the last working day of each month. Each employee must pick up his/her own payroll warrant. If the employee wishes the check to be mailed, the employee must so advise Fiscal Services. Automatic payroll depositing is available if an employee wishes to have all of his/her payroll warrants deposited to a financial institution of choice. See Fiscal Services for additional information and forms. If it is decided that Fiscal Services mail only one warrant to a bank for deposit, it is necessary to have this request in writing, signed by the employee, with completed "Deposit by Mail" slip obtainable from the employees bank.

Monthly absence reports for all salaried employees are placed in the paycheck envelope on the last day of the month and are to be completed, signed by the employee, and submitted to Fiscal Services by the first of the month.

Salary Advancement
In March of each year, Human Resource Services distributes to all academic contract staff a memorandum and form regarding salary advancement. An academic staff member who anticipates advancing horizontally on the salary schedule for the following year due to completion of additional course work must return the completed form to Human Resource Services by June 30. There will be no exceptions. The form will apply to the following year only; it cannot apply to subsequent years. Course work must be completed prior to the first day of employment of the following year, and transcripts must be submitted to Human Resource Services by September 1 of the following year.

Supporting Documentation for Salaries and Related Costs on Federal and State Categorical Programs
Office of Management and Budget (OMB) Circular A-87 provides a list of basic guidelines or cost principles for determining whether a cost is allowable and allocable to a federal categorical program. Palomar College is required to follow these guidelines relating to compensation for personal services—salaries and benefits. The circular requires that employees prepare monthly activity reports if their positions are funded by more than one federal award or by a federal and non-federal award. Semi-annual certification for employees whose positions are funded entirely from a single federal program are required. This documentation is in addition to the payroll records currently maintained to support salary and fringe benefit costs.

Palomar College will follow these OMB guidelines for state categorical programs also.

Each employee whose position falls within the requirements of OMB Circular A-87 will be notified of the appropriate papers to be filed, the correct way to complete the paperwork, and where to return the paperwork.

528.2
Tax-Sheltered Annuity Program
BACKGROUND

1.1 Internal Revenue Code (IRC) Section 403(b) allows tax deferral for TSA purchases by employees of public schools. TSAs have been available as a method of providing retirement benefits since 1958.
Initially, qualified employees were allowed to establish TSAs by purchasing annuity contracts through insurance companies. In 1974, Congress enacted the Employee Retirement Income Security Act (ERISA) which permitted custodial accounts that invest in mutual funds to be treated as TSAs under IRC Section 403(b). The essential requirements and features of a TSA program under IRC Section 403(b) are as follows:

1.1.1 The participant must be an employee of a qualified organization.
1.1.2 The purchase of an annuity contract or contributions to a custodial account must be made by the employer.
1.1.3 The most prevalent method for contributing to a TSA is through a salary reduction agreement. A salary reduction agreement is an agreement between the employer and employee under which the employee takes a reduction in salary or forgoes a salary increase and has the employer contribute that amount to the TSA.
1.1.4 The salary reduction agreement must be legally binding and irrevocable for amounts earned while the agreement is in effect.
1.1.5 An employee may make one or more agreements with the same employer during any one taxable year, and may terminate the agreement with respect to amounts not yet paid.
1.1.6 The amount which may be contributed to a TSA by an employee is subject to several limitations based on the individual employee's salary and current and previous contributions to tax deferred plans, including TSAs, state retirement plans, Section 125 cafeteria plans, 401(k) plans, IRA/SEP, Keogh, etc. In general, the maximum amount by which an employee may reduce his/her salary, and make a corresponding contribution to a TSA, is the LESSER of:
   a. 20% of salary (after pre-tax contributions to STRS/PERS) times years of service with the employer, less all prior contributions to certain plans;
   b. the lesser of 25% of salary (after contributions to STRS/PERS) or $30,000; or
   c. $10,000.

PROCEDURES/IMPLEMENTATION

3.1

How to Set Up a TSA

3.1.1

Employee selects a TSA vendor from the District's list of vendors that have been approved by the Governing Board for participation in the District's TSA plan. The District list of TSA vendors is available in Fiscal Services (A-2). If the employee wishes to set up a TSA with a vendor who is not currently on the District list, the employee may do so by following the procedures outlined in 3.4 below.

3.1.2

Employee contacts the TSA vendor(s) of his/her choice and obtains the company's TSA application, a description of the company's TSA plan and investment options for annuities and/or mutual funds and prospectuses for selected investment options. The employee should read and understand the terms and conditions of the company's TSA agreement and the nature of the available investment options before making any decision to invest in a TSA.

3.1.3

Employee obtains an amendment of employment contract/salary reduction agreement form from Fiscal Services.

3.1.4

Employee decides how much he/she wants to contribute to a TSA, subject to limitations. It is the responsibility of each employee to determine his/her own limitations in consultation with a financial advisor. To ensure that the employee's TSA contribution does not exceed legal limits, the District requires that the employee submit a maximum exclusion allowance calculation worksheet with the amendment of employment contract/salary reduction agreement form. The employee should request his/her broker, agent or financial advisor to prepare and sign a maximum exclusion allowance calculation worksheet. But even if the employee is not setting up the TSA through a broker or agent, the employee is still required to prepare and submit the exclusion allowance calculation. A sample maximum exclusion allowance worksheet, which is derived from the formulas contained in IRS Publication 571 - "Tax-
Sheltered Annuity Programs for Employees of Public Schools and Certain Tax-Exempt Organizations," is available in Fiscal Services.

3.1.5 Employee submits the executed amendment of employment contract/salary reduction agreement form, along with the maximum exclusion allowance calculation (prepared and signed by the employee and/or the employee's broker, agent or financial advisor) to Fiscal Services. If the vendor's TSA application requires the signature of a District representative, the application may also be submitted at this time.

3.1.6 The amendment of employment contract/salary reduction agreement forms must be completed by the employee and reviewed and approved by District representatives. Employees who normally receive a paycheck on the last day of the month must submit the appropriate forms and documentation by the 15th day of the month. Employees who normally receive a paycheck on the 20th of the month must submit the appropriate forms and documentation by the 5th day of the month. These deadlines may be affected by holiday periods during certain months. The employee should contact the Payroll Office regarding specific deadlines.

3.1.7 Fiscal Services affixes a date stamp to the amendment of employment contract/salary reduction agreement form acknowledging receipt of the TSA forms.

3.1.8 The TSA forms received by Fiscal Services are forwarded to the Internal Auditor, who reviews the documents for completeness and verifies the accuracy and reasonableness of the calculations and representations therein. The Internal Auditor consults with the Director of Fiscal Services regarding any errors or deficiencies noted in the submitted documents. In such cases, the employee is contacted by the Internal Auditor regarding the errors or deficiencies. If no exceptions are noted, the Internal Auditor initials the exclusion allowance calculation to indicate that the verification has been performed.

3.1.9 The Director of Fiscal Services signs and dates the amendment of employment contract/salary reduction agreement form as District Representative. As necessary, the Director of Fiscal Services also signs the insurance or investment company's TSA application and returns it to the employee for forwarding to the TSA vendor.

3.1.10 The executed amendment of employment contract/salary reduction agreement form and exclusion allowance calculation are forwarded by Fiscal Services to the Payroll Office. Payroll Office personnel initiate appropriate payroll deductions. The TSA documents submitted by the employee are filed in the employee's personnel folder in the Payroll Office.

3.2 How to Make Changes to a TSA

3.2.1 Effective December 31, 1995, TSA participants may make multiple changes to amendment of employment/salary reduction agreements during any one tax year.

3.2.2 The employee obtains and submits an amendment of employment contract/salary reduction agreement form and maximum exclusion allowance calculation as outlined in 3.1.1 through 3.1.6 above. This modified agreement will supersede in its entirety any other amendment of employment contract/salary reduction agreement previously submitted by the employee.

3.3 How to Terminate Contributions to a TSA

3.3.1 The employee may elect to stop all contributions to a TSA. The Internal Revenue Code allows an employee to terminate a TSA contribution with respect to amounts not yet paid.

3.3.2 The employee obtains a Notice of Termination of Amendment of Employment Contract/Salary Reduction Agreement form from Fiscal Services.

3.3.3 The employee submits the executed Notice of Termination form to Fiscal Services.

3.3.4 All terminations are effective as of the end of the pay period in which the Notice of Termination was submitted and accepted.

3.3.5 Fiscal Services affixes a date stamp to the notice of termination form to acknowledge receipt of the form.

3.3.6 Fiscal Services forwards the notice of termination form to the Payroll Office. Payroll Office personnel review the form to ensure it has been submitted in accordance with District procedures and indicate acceptance of the form by signing as District Representative.

3.3.7 Payroll Office personnel terminate appropriate payroll deductions. The notice of termination form submitted by the employee is filed in the employee's TSA folder in the Payroll Office.

3.4 How to Add a TSA Vendor to the District List

3.4.1 The District allows employees to contribute to the TSA vendor of their choice provided that the company has executed and submitted the appropriate company agreement and the company's participation in the District's TSA plan has been approved by the Governing Board.

3.4.2 For a company which offers tax-sheltered annuities (annuity and custodial accounts) to be approved as a participant in the District's TSA plan, the following steps must be taken:

1. An eligible employee must request that the company be granted approval. The employee should obtain and complete an amendment of employment contract/salary reduction agreement form from Fiscal Services. This form along with a maximum exclusion calculation worksheet and the company name, address and name of contact should be submitted to Fiscal Services.

2. Fiscal Services will send the appropriate company agreement to the company.

3. The company must execute and return the company agreement.

196
4. Fiscal Services will submit the company's request to the Governing Board for approval.

3.5 Annual Calculation of the TSA Contribution Limitations

3.5.1 It is important that the employee calculates his/her TSA contribution limitation at least annually to ensure that the employee does not make excess contributions to a TSA. Excess contributions to a TSA may result in adverse tax consequences to the employee and to the District. Participating employees should refer to IRS Publication 571, entitled "Tax-Sheltered Annuity Programs for Employees of Public Schools and Certain Tax-Exempt Organizations," for an explanation of potential personal tax liabilities resulting from excess contribution to a TSA.

3.5.2 The District requires that the participating employee submit an exclusion allowance calculation worksheet whenever a TSA is set up or modified. This calculation should be prepared and signed by the employee's broker, agent or financial advisor or by the employee and should be submitted with the amendment of employment contract/salary reduction agreement form to ensure that the amount of the TSA contribution does not exceed legal limits.

3.5.3 In addition, the District requires that each participating employee submit an exclusion allowance calculation in September of each year. The calculation should be based upon projected earnings through the end of the year. The Payroll Office will send a memorandum reminder to all participating employees in August to ensure that employees are aware that the required calculation should be submitted.

3.5.4 If the participating employee becomes aware that a TSA contribution in excess of the legal limits has been made on their behalf or that an excess contribution may result by the end of the current tax year, the employee should take immediate steps to correct the situation. If an excess contribution has been made to the employee's TSA annuity or custodial account, it may be corrected with no adverse tax consequences by notifying the TSA vendor about the excess contribution by March 1 of the following tax year and having the TSA vendor pay the employee that amount by April 15. The employee should contact the TSA vendor and arrange for the excess contribution to be returned directly to the employee. If the employee's TSA arrangement does not provide for direct payment of excess amounts, the employee should contact the Payroll Office. If an excess contribution does not currently exist but may occur before the end of the current tax year, the employee may modify or terminate his/her TSA contribution to avert the excess contribution.

Fixed Asset Inventory
Facilities Inventory Control staff will conduct annual physical inventories of fixed assets, equipment, and furniture within each building. Facilities Inventory Control will be responsible for scheduling the inventory to avoid disruption of the instructional process. All staff will be expected to cooperate with inventory personnel.

Equipment and furniture are listed in the District inventory. DO NOT REMOVE equipment or furniture from any room/building for any reason without completing and submitting an Inventory Disposal/Transfer Request Form. These forms are available in the Warehouse. If property is stolen or missing, report the loss to Campus Security.

Inventory questions or concerns should be directed to Facilities Department – Inventory Control Office.

Surplus Property
Surplus property, according to California Education Code CEC 81450, is any District property no longer required for school purposes, property that is being disposed of for the purpose of replacement, or property that is unsatisfactory or no longer suitable for school use.

Three Types of Surplus Property
1. Reusable and authorized for re-issue on campus.
2. Reusable but NOT authorized for re-issue on campus. (i.e., equipment that is no longer supported by the District or cannot be repaired.)
3. Not reusable because it is unsafe or hazardous.

Reusable property authorized for re-issue within the District is stored in the Warehouse and can be viewed Monday through Friday from 8 a.m. to 3:30 p.m. Departments may select property and arrange an appropriate delivery time with the Warehouse staff.

Reusable but not re-issuable property is stored in the District surplus lot for eventual sale by auction.

Procedures for Declaring Property Surplus
Identify the property on an INVENTORY TRANSFER/SURPLUS/DISPOSAL REQUEST FORM. These forms may be obtained from the Warehouse. The department disposing of the property is responsible for the portion of the form titled INVENTORY DISPOSAL. The form must be SIGNED by the department chair/director.

Transfer of Property to Other Departments
Complete that portion of the form titled INVENTORY TRANSFER. Please be advised, when transferring District-owned property to programs/departments that receive their operating funds from other sources, i.e., ROP, the property being transferred will remain property of the District.

When the INVENTORY TRANSFER/SURPLUS/DISPOSAL REQUEST FORM is completed, contact the Custodial Department at Extension 2134 to arrange for pickup. The completed paper work must accompany the property. The department retains the GOLDENROD COPY. Forward the completed paperwork to the FACILITIES PLANNING OFFICE.

Procedures for Sale or Auction of Surplus Property
The Warehouse Supervisor shall submit a list of surplus property for disposal sale to the District Governing Board prior to transporting the items for sale. The Warehouse Supervisor shall arrange for the sale of surplus property through either local auction or County auction. The Warehouse Supervisor shall ensure that all paperwork is processed through the proper channels, i.e., District Governing Board approval, County auction forms, District fixed-asset inventory notification, income and expense forms, etc.

Local Auction: If a local auction is held within the District, a list of surplus property on hand is presented to the District Governing Board with a recommendation that it be sold at auction. Upon approval, the District will place a notice in a newspaper within the District to be published no less than once a week for two weeks prior to the sale.

County Auction: The District Governing Board may, with the consent of a County Purchasing Agent, utilize County services for the sale of District property (CEC 81451). The responsibility for notification of such sale
rests with the County Purchasing Agent. The District Governing Board or its representative shall declare that the listed District property is surplus and authorize the sale of said property.

**Private Sale:** If the District Governing Board by a unanimous vote of those members present finds the property, whether one or more items, valued at less than two thousand five hundred dollars ($2,500), the property may be sold at private sale without advertising by an employee of the District empowered for that purpose by the District Governing Board (CEC). The money received from the sale shall be credited to the fund from which it was purchased, i.e., general fund, VATEA, etc. The Director of Fiscal Services shall determine the appropriate disbursement of those moneys.

**Criteria for Donation or Destruction of Surplus Property**

1. Property has no sale dollar value to the District
2. Property is unsafe for use
3. Property is or contains a hazardous material or waste which must be disposed of in District compliance with the regulations for hazardous material disposal.

**Donation of Surplus Property:** If the District Governing Board, by unanimous vote of those members present, finds the property of insufficient value to defray the costs of arranging a sale, the property may be donated to a charitable organization deemed appropriate by the District Governing Board, or it may be disposed of in the local public dump on order of an employee of the District empowered for that purpose by the District Governing Board (CEC 81452).

**Local Public Dump Disposal:** The Warehouse Supervisor/Inventory Control Specialist shall determine whether the property meets the guidelines for local disposal. If so, both representatives shall sign an Inventory Disposal form, and the property will be disposed of in accordance with the required State and local guidelines. (If surplus property has been declared unsafe or hazardous, the District Environmental Health and Safety Officer must inspect and sign the Inventory Disposal form.)

**Cannibalization Disposal of Personal Property:** Aged and inoperable equipment may be cannibalized and used for parts. Prior authorization is required before personal property that is no longer required for instructional purposes or suitable for District use may be cannibalized as parts. Equipment obtained for a period of less than three years or equipment obtained by federal funds for a period of less than five years will not be authorized for cannibalization.

Vehicles
Request for Use of Vehicle(s)
On trips which involve any school-owned vehicles, the faculty sponsor must submit a Request for Use of College Vehicle form to the Facilities Department for scheduling. The Request for Use of College Vehicles form must be completed and signed by the Department Chair/Director and Division Administrator. Administrative Services shall have complete authority in the supervision of College vehicles. The Facilities Department is responsible for scheduling College vehicles. A vehicle request form must be on file in the Facilities Office before a vehicle will be assigned. The Director of Facilities will determine the priority for use of College vehicles and shall be responsible for all maintenance and safety factors.

Authorization to Drive
The Facilities Department must have a print-out of all drivers' records before they are authorized to drive College vehicles. The form Request for Authorization to Drive can be obtained from the Facilities Department and returned signed by the Department Supervisor. The driver's information is sent to Sacramento, and it takes two weeks to obtain a copy of a driver's records. The requesting drivers can obtain a copy of their records at the local DMV office for a $5.00 fee. Staff and Faculty DMV records are updated every two years by the Facilities Department Secretary. A list of Authorized Drivers, including student drivers, is sent out at the beginning of each semester to each Department. The Request to Drive must be approved by the Facilities Department seven (7) days prior to the trip.

Student Drivers
Vehicles shall be used for College-related business only. Only students 18 years of age or older may drive College vehicles and must have approval from a faculty member directly related to the activity or faculty advisor. An instructor or approved staff member must be present in the vehicle on all trips outside of San Diego County. If more than one vehicle is used for an out-of-county trip and a student is driving the second vehicle, the vehicles must travel the same route and stay as close together as is consistent with safety. The student has some protection through the College insurance program on such trips but only when acting within the instructions given the student as an agent of the College. If the student acts outside these instructions, it is probable that the College insurance program will lend him/her no protection. It is the responsibility of the faculty sponsor on excursions involving situations as listed above to follow the procedures as outlined.

Vehicle Check-Out
Vehicles shall be picked up in the maintenance area and must be returned to the same area upon completion of the trip. The Vehicle Check-Out Office is open 7:30 a.m. to 4:30 p.m., Monday through Friday. Private vehicles cannot be parked in the maintenance area while using College vehicles.

If the driver finds any malfunction of College vehicles or needs immediate repair, the Facilities Department should be notified without delay. (Ext. 2629, 2655, 2131, or 2132)

Credit cards will be issued only when the length of trip warrants same. College-owned vehicles should be operated, whenever possible, with gasoline supplied from the campus tanks. Minimum use should be made of credit cards. All credit card receipts must be submitted to the Facilities Department as soon as possible.
Keys, trip tickets, and credit cards must be returned to the Facilities Department upon completion of the trip. When returning after office hours, these may be deposited in the slot provided next to the door of the Facilities Department offices, RS building.

Palomar College Bookstore
Selection and Ordering of Textbooks

Textbooks and related supplies will be available on the main campus or various education centers for students to purchase approximately one or two weeks before the start of the semester. The Bookstore may not keep stock on hand of required or recommended textbooks during the remainder of the semester due to publishers’ return policies. Instructors should encourage students to buy their books early in the semester.

Please contact your department chairperson, director, or secretary for ordering, discontinuance, or adoption of textbooks. Book orders are placed by the department approximately four months before the semester begins. Please contact the academic department assistant for any changes/deletions to book orders already placed by the department before contacting the Bookstore.

It is suggested that instructors requesting texts or other printed material which may be of a controversial nature specifically inform the department chairperson/director, the appropriate division dean, and the Assistant Superintendent/Vice President for Instruction.

Minimum Adoption
Upon the approval of an adopted text or texts for a course, it is understood that this adoption shall remain in effect for two full years (equivalent to four semesters and two summer sessions). Only in cases of urgency may permission to discontinue be granted at an earlier date. The Assistant Superintendent/Vice President for Instruction may grant such permission. Textbooks that are discontinued early or come from restricted publishers may incur costs to the department.

New Adoptions
New adoptions for newly established courses and replacement adoptions of discontinued textbooks shall both comply with the minimum adoption clause. New textbooks (new courses or replacement adoptions) shall be approved through the usual channels, and orders for books should reach the Bookstore prior to the following dates:

April 19 - for Fall Semester
October 10 - for Spring Semester
March 10 - for Summer Session

In deciding quantity, please quote sound enrollment estimates disregarding quantities on hand in the Bookstore.

Miscellaneous Policies Concerning Textbooks
A. It is inappropriate for a teacher to accept cash from students for the sale of textbooks and supplies or deposits to cover special orders for such items.
B. Instructors should encourage students to buy their textbooks early in the semester because the publishers require the Bookstore to return any allowable overstock (usually 20 percent of quantity ordered) within sixty days of the beginning of the semester.
C. Examination copies for instructors should be ordered directly by the instructor, not by the Bookstore or District. A desk copy of your textbook may be obtained from the department secretary or by writing to the publisher (depending upon your department’s policy). Desk-copy request forms and publisher’s address are available from the department secretary or the Bookstore Customer Service desk. Adjunct faculty may purchase a textbook from the Bookstore if they are unable to obtain a desk copy in time for the upcoming semester. You must return the book(s) purchased in new condition, without publisher’s "Complimentary Instructor Copy" stamp or any other such markings within SIXTY DAYS of the purchase date along with your cash register receipt to obtain a refund. It is the responsibility of the instructor to obtain a desk copy from the publisher within sixty days. NO REFUNDS WILL BE ALLOWED AFTER 60 DAYS. Contract and regular instructors may charge a text to the Bookstore for a period of sixty days. If at the end of the eight-week period the instructor has not returned a clean copy to the Bookstore for credit against the account, the instructor will be expected to pay for the book. Desk copies should be ordered promptly.
D. As soon as an instructor is aware that the text is sold out at the Bookstore and more books are needed, the Bookstore should be notified immediately if additional copies are needed.
E. After final approval of a textbook has been given by the Assistant Superintendent/Vice President for Instruction, the title will be put on computer printout sheets by class. Each semester these printout sheets will be sent to the department chairpersons/directors for the number of books to be ordered. These computer sheets are to be signed by the instructor and the department chairperson/director. They then should be returned directly to the Bookstore.

F. Education Center Bookstores are generally open the first two weeks of each semester, with the exception of the Escondido Center Bookstore which is open throughout the semester. Please consult the class schedule on the page entitled "Palomar College Bookstore, Book Sale Hours" for the exact dates and times of the Bookstore operation at your Education Center. Please advise students to take advantage of the Education Center Bookstore during these dates; otherwise, they may have to travel to the San Marcos Campus Bookstore for textbooks.

G. Please contact the Textbook Department at 744-1150 X2223 or X2225 for any of the following:
1. current selling price,
2. expected arrival from the publisher date,
3. inventory,
4. titles sold out and reorder quantities,
5. reorder due dates,
6. or any questions pertaining to textbooks.

H. Please contact the Supply Department at 744-1150 X2222 or X2264 for any non-textbook course-material questions.

I. The Bookstore requests that faculty refrain from quoting prices to students due to constant price fluctuation. Please instruct students to call the Bookstore Customer Service at 744-1150 X2682 for current approximate price and stock availability information.

Other Services and Supplies

**FACULTY BENEFITS**

The following information is a guide of the benefits available to fringe-benefits-eligible faculty of the Palomar Community College District.

**NOTE:** If there is a conflict between the information provided in this handbook and State or Federal laws or regulations, Governing Board policy, or contract agreements with any benefit plan, law, regulation, official policy and contract provisions will prevail.

Human Resource Services maintains a supply of all necessary claim forms and will assist you with any specific questions or problems you may have regarding benefits. Please call us at (760) 744-1150, extension 2889 with questions regarding your benefits.

**DISTRICT-PAID HEALTH INSURANCE BENEFITS**

All eligible employees of Palomar Community College District have the option to choose coverage in one of the District-paid health insurance organizations. New employees must enroll immediately. All employees have the opportunity to change plans during an annual open enrollment period.

Currently, the two plans offered are the San Diego County Schools Fringe Benefits Consortium Managed Care Plan and the Kaiser Permanente Health Maintenance Organization (HMO). The basic benefits of each plan are described in this booklet. This is only a brief outline and is not to be accepted or construed as a substitute of the master policies.

If the monthly premiums of the Kaiser Permanente HMO exceed the premium of the San Diego County Schools Fringe Benefits Consortium Managed Care Plan, it is the responsibility of each employee enrolled in the Kaiser Permanente HMO Plan to pay the difference.
TYPE OF BENEFIT:
Health Insurance - Managed Care Plan

NAME OF COMPANY:
San Diego County Schools Fringe Benefits Consortium
6401 Linda Vista Road, #405
San Diego, CA 92111-7399
Telephone: (888) 233-7915 or (619) 292-3542

BASIC BENEFITS:
This self-funded health plan covers employee, spouse and all eligible dependents.

ANNUAL DEDUCTIBLE
Each covered person is responsible for a specified amount of out-of-pocket expenses before benefits are payable during a calendar year. This is called the "deductible." There is a $100 deductible each calendar year for major medical expense coverage. No more than two separate deductibles per family are required during a calendar year.

After the deductible is met, benefits are paid at 90% of a negotiated rate if service is provided by a hospital or doctor participating in the plan or at 70% of customary and reasonable charges if a non-participating hospital or doctor provides service. When claims paid by Fringe Benefits Consortium Managed Care Plan reach $5,000 during a calendar year, additional covered expenses are paid at 100% of reasonable charges or contracted rates for the balance of the calendar year.

COORDINATION OF BENEFITS
Benefits of the plan are coordinated with those provided for the member by any other group hospital or medical benefit or service plan, so that combined payments under all such programs will be provided up to, but not to exceed, 100% of charges for covered services and supplies.

PLAN EXCLUSIONS/LIMITATIONS
See Plan Summary.

WHO IS ELIGIBLE
All active subscribers, their spouses, and their dependent children from birth to age 19 are eligible.

If a child reaches age 19, maintains full-time student status, and continues to be unmarried and dependent upon his/her parents for at least half of his/her support, s/he may be included under the parent's contract to age 25. Coverage for a child born under this program begins at birth; however, application to add each new dependent must be received within 31 days of the birth. If a dependent child reaches the maximum age limitation of the contract and is incapable of self-support because of mental retardation or physical handicap, his/her eligibility for benefits will continue regardless of his/her age, while s/he remains in such status. Evidence of disability or full-time-student status will be required by the District-paid health insurance organization.

A subscriber or family member who does not enroll when first eligible or a new spouse whom does not enroll within 31 days of marriage, must wait for the next open enrollment period.

Contact Human Resource Services with questions concerning insurance eligibility for other dependents.

HOW TO USE YOUR BENEFITS
At a contracting hospital - Present the San Diego County Schools Fringe Benefits Consortium Managed Care Identification Card when entering the hospital. It is not necessary to fill out claim forms or report any hospital charges to the Fringe Benefits Consortium. The hospital will send the Fringe Benefits Consortium a complete report for payment of eligible expenses. Pre-admission review must be obtained before being admitted to a participating hospital or $300 deductible will be charged. This is waived for emergency admissions.

Pre-authorization Review Requirement
Pre-authorization, in advance of service, is required for non-emergency surgery at a hospital and Home Health Care Services. Failure to secure pre-authorization will result in an additional $300 deductible. Secure pre-authorization at 1-800-345-8643.
Participating physicians should initiate this process for you. However, it is your responsibility to make sure the pre-authorization is completed. If the procedure is due to an urgent or emergency condition, you or the hospital must contact the number listed above within 48 hours for authorization.

Non-participating physicians may not be aware of your pre-authorization requirement. Therefore, you must remind your physician of the need to obtain pre-authorization before the services are scheduled.

Doctor care - Present the San Diego County Schools Fringe Benefits Consortium Managed Care Identification Card to your doctor. The doctor will bill the Fringe Benefits Consortium for all services payable under the plan whether provided at the office, at home, or in the hospital. If the doctor charges for this billing service, the Fringe Benefits Consortium does not reimburse the charge.

It is preferred that all health care providers bill the Fringe Benefits Consortium directly. If for some reason they do not, obtain a Patient Claim Form from Human Resource Services.

VISTA BEHAVIORAL HEALTH PLAN
This benefit is available to subscribers and their dependents enrolled in the Fringe Benefits Consortium Managed Care Plan. Benefits for mental health treatment and substance abuse are provided by VISTA Behavioral Health Plans. To receive authorization for services or inquire about benefits, call 1-800-468-5667 and press 1 for “member.”

All VISTA services are confidential to protect your right to privacy. In no case is the District informed of your utilization of VISTA services. Refer to your VISTA Member Handbook for the complete schedule of benefits available to you through VISTA.

PRESCRIPTION DRUG BENEFITS
Provided by EXPRESS SCRIPTS.
Telephone: 1-800-235-4357.

This benefit is available to subscribers and their dependents enrolled in the Fringe Benefits Consortium Managed Care Plan. The outpatient drug program provides benefits for medicines* (See Plan Exclusions/Limitations) that require a prescription by law, when prescribed by a licensed physician. For each prescription or refill, you pay a co-payment of either $5 (generic drugs) or $10 (brand name drugs) at a participating pharmacy. RETIREMENT HEALTH AND DENTAL PLANS

GROUP I
Full-time employees hired prior to March 1, 1994 working at least 10 months within a year who retire at age 55 or above (STRS participants) and who have been employed at Palomar College for 20 or more years will receive the same fully employer-paid lifetime health benefits as provided to active employees and eligible dependents for the life of the retiree.

At age 65, retirees and dependents eligible for Medicare benefits must enroll in Medicare A and B. Note: It is necessary to contact the Social Security Administration office three months/90 days prior to your 65th birthday in order for your benefits to begin the month you turn age 65. Failure to enroll prior to your 65th birthday will result in your effective date being delayed. These rules also apply to your spouse.

Dental coverage will continue for retiree and eligible dependents for the life of the retiree.

Options:
Options may be exercised only during annual open enrollment periods and apply to medical health benefits only. Dental coverage remains in force as stated above.

At any time after retirement, the retiree may switch to one of the following health plans. Once made, this decision is irrevocable.

1. If the retiree is eligible for Parts A and B of Medicare, the District will pay the premium cost of a Medicare-risk HMO (an HMO that has contracted with Medicare to provide medical care – Senior Advantage for Kaiser participants); or the District will provide payment for a reasonable Medicare Supplement, not to exceed 50% of the annual super composite rate of the District-sponsored self-funded plan premium.

2. If the retiree is not eligible for Parts A and B of Medicare, the District will provide payment for health insurance, not to exceed 50% of the annual super composite rate of the District-sponsored self-funded plan premium.

GROUP II
Full-time employees working at least 10 months within a year:

a) hired prior to March 1, 1994 who retire at age 55 or above (STRS participants) and have been employed at Palomar College for 10 years, but less than 20 years, or

b) hired on or after March 1, 1994 who retire at age 55 or above (STRS participants) and who have been employed at Palomar College for 10 years or more

will receive the same fully employer-paid health benefits as provided to active employees and eligible dependents until the retiree has reached the age of 65.

The spouse of the retiree at the time of retirement will receive the same fully employer-paid health benefits as provided to active employees and eligible dependents until the spouse reaches age 65 or the death of the retiree, whichever occurs first. Eligible dependent children of the retiree at the time of retirement will be covered according to the terms of the policy until the death of the retiree.

Dental coverage will continue for retiree and eligible dependents for the life of the retiree.

NOTE: Benefits-eligible employees who work less than full-time are eligible for District-paid health and dental benefits after working the equivalent to full time, 10 months (e.g. a 50% part-time employee would complete the full-time, 10 months eligibility described for Group I in 40 years) as described for Groups I & II.
GROUP III
Employees who terminate with less than ten years of employment at Palomar College are not entitled to District-paid retirement health benefits. However, under current legislation, they are entitled to purchase, at their own expense, health and dental insurance (at group rates plus a small administrative fee) for a specified period of time. (See COBRA, below.)

COBRA
CONTINUATION HEALTH AND DENTAL BENEFIT COVERAGE

If group health benefits end due to a "qualifying event," an employee and/or covered dependents may elect to continue coverage at their own expense under the plan. A qualifying event is any of the following:

1) Retirement or termination of the employee's employment (other than for gross misconduct) or reduction of hours worked which renders the employee ineligible for coverage;
2) Death of employee;
3) Divorce or legal separation;
4) Spouse and/or eligible dependents loss of coverage due to the employee becoming eligible for Medicare;
5) Dependent child ceasing to qualify as a dependent under the plan.

The employee or a family member is responsible for informing Human Resource Services within 60 days of a divorce, legal separation, or a child losing dependent status under one of the group health insurance plans.

If continuation coverage is elected, monthly payments to Palomar College are required to cover the cost of the entire premium plus a 2% administrative cost. If elected, the continued coverage will end on the earliest of the following:

a) 18 months after the date of employment termination (other than for reasons of gross misconduct) or reduction of hours worked which renders the employee ineligible for coverage;
b) 36 months after the date of any other qualifying event;
c) the date the employer ceases to provide any group health plan to any employee;
d) the date the employer fails to receive any required premium payment when due;
e) the date the employee or dependent becomes a covered employee under any other group health plan or eligible for Medicare;
f) the date a divorced or widowed spouse remarries and becomes covered under another group health plan.

CONVERSION PRIVILEGES

Please review the individual health Plan Summary information for conversion options and time limits.

INSURANCE COVERAGE WHILE ON LEAVE OF ABSENCE

During an approved personal leave of absence, an employee may retain health; dental; vision; life insurance; and long-term care provided continued payment is made through the District Payroll Office.

MEDICARE

An active employee is not required to enroll in Medicare at age 65. The health insurance that is provided through the District plan is primary for the length of employment.

At the age of 65 all retirees, who have been granted lifetime benefits, must enroll in Medicare; which becomes the primary coverage and the District benefits become secondary coverage. Contact the Social Security Administration office three months/(90) days prior to your or your spouse's 65th birthday to enroll in Medicare A and B. Failure to enroll prior to the 65th birthday will result in a delay in benefits. These rules also apply to your spouse.

VOLUNTARY INSURANCE AND OTHER SERVICES

The following services are offered on a voluntary basis, sponsored by various organizations or companies with premiums (if applicable) paid by the employee and enrollment subject to acceptance by the company or organization.
TYPE OF BENEFIT:
125 Flexible Spending Plan

NAME OF COMPANY:
American Fidelity Assurance Company
P. O. Box 460505
Escondido, CA 92025-9998
Telephone: 1-800-289-0261
www.af-group.com/afes

The 125 Flexible Spending Plan allows employees to set aside money, on a pre-tax basis, to pay for certain expenses. Pre-taxing means that the money is exempt from State, Federal, and Social Security taxes. The Plan provides three areas for which the money set aside may be used. These are: dependent care, unreimbursed medical expenses, and some employee paid medical insurance premiums.

Eligible employees elect to enroll in the program for the following calendar year during an "open enrollment" period. During this period, the employee determines how much, and to which area, money should be set aside. Up to $5,000 for dependent care, and $2,400 for unreimbursed medical expenses may be set aside each year. Once enrolled, participation for that year is required unless there is a change in family status, which affects the need for this plan. The money is deducted monthly from the employee's paycheck and deposited in an account with American Fidelity for the employee's use during that plan year.

The money must be spent during the year it is deducted from the employee's paycheck, and must be spent in the category elected at the time of enrollment. The money is retrieved from the employee's account by sending an "Expense Reimbursement Voucher" along with an original receipt for the expense to American Fidelity within the deadline designated by the plan.

Employees who have completed one-year employment are eligible to participate in this program. There is no cost for participation in this plan.

All texts approved for use in the course should be listed. If there is instructor option in choosing the text, that should be so stated and examples of approved texts should be listed.

Be sure to include year of publication and edition (except first); this is important for articulation purposes. Indicate portion of text used if entire book is not required.

The following are examples of various bibliographical entries:

231 229

Wall Street Journal.

SUGGESTED READING:
If any entry is made here, see above for appropriate bibliographical format. If none, so state.

REQUIRED WRITING:
Entry is not required here. If none, so state. If any entry is made here the type and length of the writing assignment must be specified.
(Any writing assignment should be at least one paragraph in length.)

If problem solving exercises or skills demonstrations are more appropriate, so state and specify the type(s) involved.

OUTSIDE ASSIGNMENTS:
Entry is not required here. If none, so state. However, if a student is expected to read the text, study lecture/laboratory notes, write papers, work problem sets, practice skills, etc., these activities should be noted here and amount of time per week required.

INSTRUCTIONAL METHODOLOGY:
At a minimum, specify lecture, laboratory, or lecture/laboratory combination, or directed study. You may add a statement.

This course may be offered as a distance education course and meets Title 5 regulations 55370, 55372, 55374, 55376, 55378, and 55380.
