Introduction

This was a frustrating year for the Minnesota State Colleges and Universities by any measure. We started the session by involving all our stakeholders in developing the request. That involvement paid big dividends in the sense that it resulted in students, faculty, staff and trustees all working toward a common goal. We have never experienced a more energetic response when we asked for grassroots support. Unfortunately, the hard work of the presidents, faculty, staff and students in support of the Board's initiatives was not enough in this strange year to get us to our goal. We will redouble our efforts next year.

For those of you who are new to this publication, it is designed to highlight and explain relevant legislative developments affecting higher education. The summary is organized by specific bills as opposed to topical categories.

In addition to the bill summaries, which we endeavor to provide in plain English, we have appended copies of related portions of key legislation. Readers are cautioned against relying on summaries alone. When a detailed understanding of a new law is required, you are well advised to revert directly to the actual law.

Questions about legislation contained in this document should be directed to John Kaul, 296-6277; John Ostrem, 297-1482; or Mary Stanton, 296-0669. We have tried to summarize all the relevant legislation, but with such large volumes of new laws from which to choose it is possible we have missed something along the way.

A very special thank you is in order for the people who get the least recognition for all their hard work. We are much indebted to House and Senate staff. These people put in long hours on matters of great importance to us. Without their help and support and the support of the people who constitute our institutions, the task would be insurmountable.

ARTICLE 5 - LAW ENFORCEMENT
Sec. 7. [VEHICLE PURSUITS; POLICIES AND INSTRUCTION
REQUIRED.]
Subdivision 1. [PURPOSE.] The legislature finds that emergency vehicle operations are
an integral part of law enforcement's commitment to public safety. Law enforcement agencies
shall make reasonable efforts to guide their officers in the safe and responsible performance of
their emergency response duties. Although laws and rules provide the foundation for the conduct
of law enforcement officers, continuous and effective training is essential to ensure proper law
enforcement action during emergency vehicle operations, including police pursuits. This training
must be designed to give officers both skills and decision-making ability so that emergency
vehicle operations can be resolved safely and successfully.

Subd. 2. [STATEWIDE MODEL POLICY.] (a) By July 1, 1999, the board shall adopt a
new or revised model policy governing the conduct of peace officers who are in pursuit of a
vehicle being operated in violation of section 609.487. The board shall seek and consider
comments of members of the public when adopting the policy. In order to assist peace officers in
responding to the complex and unpredictable factors associated with police pursuits, the model
policy shall, at a minimum, contain the following components:
(1) a statement describing the philosophy of the model policy. This philosophy must state that the safety of all persons involved in or by a police pursuit is of primary importance. It also must balance the risks of the pursuit to the public and peace officers with the consequences of failing to pursue;

(2) the factors to be considered in initiating and terminating a pursuit, and the standards for evaluating the need to initiate or terminate a pursuit;

(3) the procedures, tactics, and technologies used during pursuits;

(4) the various responsibilities of the pursuing officers, the officer supervising the pursuit, the dispatcher, and air support;

(5) the procedures governing interjurisdictional pursuits;

(6) the procedures governing care of any persons injured in the course of the pursuit;

(7) the contents of pursuit reports filed under section 626.5532; and

(8) the procedures used to evaluate each pursuit.

(b) The board shall review and, as necessary, revise the model pursuit policy in collaboration with the Minnesota chiefs of police association, the Minnesota sheriffs association, the Minnesota police and peace officers association, a representative from the state patrol, and other interested law enforcement industry groups.

Subd. 3. [AGENCY POLICIES REQUIRED.] (a) The chief law enforcement officer of every state and local law enforcement agency must establish and enforce a written policy governing the conduct of peace officers employed by the agency who are in pursuit of a vehicle being operated in violation of section 609.487. The policy must, at a minimum, comply with the requirements of any new or revised model pursuit policy adopted by the board under subdivision 2 and must take into account the comments of members of the public and any pursuit vehicle technology that is available to the agency.

(b) Every state and local law enforcement agency must certify annually to the board that it has adopted a written policy in compliance with the board's model pursuit policy.

(c) The board shall assist the chief law enforcement officer of each state and local law enforcement agency in developing and implementing pursuit policies under this subdivision.

Subd. 4. [PRESERVICE TRAINING IN POLICE PURSUITS REQUIRED.] (a) By January 1, 2000, the board shall prepare learning objectives for instructing peace officers in emergency vehicle operations and in the conduct of police pursuits. The course shall consist of
at least seven hours of classroom and skills-based training.

(b) An individual is not eligible to take the peace officer licensing examination or the part-time peace officer licensing examination on or after January 1, 2000, unless the individual has received the training described in paragraph (a).

Subd. 5. [IN-SERVICE TRAINING IN POLICE PURSUITS REQUIRED.] The chief law enforcement officer of every state and local law enforcement agency shall provide in-service training in emergency vehicle operations and in the conduct of police pursuits to every peace officer and part-time peace officer employed by the agency who the chief law enforcement officer determines may be involved in a police pursuit given the officer's responsibilities. The training shall comply with learning objectives developed and approved by the board and shall consist of at least eight hours of classroom and skills-based training every three years.

Subd. 6. [LICENSING SANCTIONS; INJUNCTIVE RELIEF.] The board may impose licensing sanctions and seek injunctive relief under section 214.11 for failure to comply with the requirements of this section.

Sec. 12. [626.8468] [PART-TIME PEACE OFFICERS; CAP ON NUMBER PER AGENCY, EXPANDED TRAINING REQUIRED, CONTINUING EDUCATION.]

Subd. 1. [CAP ON NUMBER OF PART-TIME PEACE OFFICERS PER AGENCY.] (a) A law enforcement agency that employed a licensed part-time peace officer or that was in the process of training an individual to become a licensed part-time peace officer on or before February 1, 1999, may continue to do so. No agency may employ more part-time peace officers than it employed in calendar year 1996, 1997, or 1998.

(b) After January 1, 2000, the board may issue additional part-time peace officer licenses to a law enforcement agency that employs a part-time peace officer and that demonstrates to the board an extraordinary and temporary need for the additional license.

(c) If a local unit of government dissolves a law enforcement agency that employs a part-time peace officer authorized under this subdivision and contracts with another law enforcement agency to provide law enforcement services, the law enforcement agency contracted with may add that number of part-time positions to the agency's maximum under this subdivision if the agency hires or offers employment to all full-time peace officers employed by the dissolved agency at the time of dissolution. The employment offered must be of comparable
Subd. 2. [EXPANDED TRAINING REQUIRED.] Each person seeking initial licensure as a part-time peace officer shall successfully complete the competency training described in section 626.8462. Before issuing a part-time peace officer license or allowing a person to take the examination described in section 626.8462, the board shall ensure that the applicant has successfully completed the training. The chief law enforcement officer of the agency employing or seeking to employ the applicant shall submit proof to the board that the applicant has successfully completed the training before the applicant may take the examination.

Subd. 3. [CONTINUING EDUCATION.] All licensed part-time peace officers shall comply with continuing education standards required by the board. The officers may receive reimbursement for the costs of this education from the peace officers training account described in section 357.021, subdivision 7.

ARTICLE 10 - OTHER PROVISIONS

Sec. 2. Minnesota Statutes 1998, section 116L.02, is amended to read:

116L.02 [JOB SKILLS PARTNERSHIP PROGRAM.]

(a) The Minnesota job skills partnership program is created to act as a catalyst to bring together employers with specific training needs with educational or other nonprofit institutions which can design programs to fill those needs. The partnership shall work closely with employers to train and place workers in identifiable positions as well as assisting educational or other nonprofit institutions in developing training programs that coincide with current and future employer requirements. The partnership shall provide grants to educational or other nonprofit institutions for the purpose of training displaced workers. A participating business must match the grant-in-aid made by the Minnesota job skills partnership. The match may be in the form of funding, equipment, or faculty.

(b) The partnership program shall administer the health care and human services worker training and retention program under sections 116L.10 to 116L.15.

Sec. 3. [116L.10] [PROGRAM ESTABLISHED.]

A health care and human services worker training and retention program is established to:

(1) alleviate critical worker shortages confronting specific geographical areas of the state.
specific health care and human services industries, or specific providers when employers are not
currently offering sufficient worker training and retention options and are unable to do so
because of the limited size of the employer, economic circumstances, or other limiting factors
described in the grant application and verified by the board; and

(2) increase opportunities for current and potential direct care employees to qualify for
advanced employment in the health care or human services fields through experience, training,
and education.

Sec. 4. [116L.11] [DEFINITIONS.]

Subdivision 1. [SCOPE.] For the purposes of sections 116L.10 to 116L.15, the terms
defined in this section have the meanings given them unless the context clearly indicates
otherwise.

Subd. 2. [ELIGIBLE EMPLOYER.] "Eligible employer" means a nursing facility, small
rural hospital, intermediate care facility for persons with mental retardation or related conditions,
waivered services provider, home health services provider, personal care assistant services
provider, semi-independent living services provider, day training and habilitation services
provider, or similar provider of health care or human services.

Subd. 3. [POTENTIAL EMPLOYEE TARGET GROUPS.] "Potential employee target
groups" means high school students, past and present recipients of Minnesota family investment
program benefits, immigrants, senior citizens, current health care and human services workers,
and persons who are underemployed or unemployed.

Subd. 4. [QUALIFYING CONSORTIUM.] "Qualifying consortium" means an entity
that may include a public or private institution of higher education, work force center, county,
and one or more eligible employers, but must include a public or private institution of higher
education and one or more eligible employers.

Sec. 5. [116L.12] [FUNDING MECHANISM.]

Subdivision 1. [APPLICATIONS.] A qualifying consortium shall apply to the board in
the manner specified by the board.

Subd. 2. [FISCAL REQUIREMENTS.] The application must specify how the
consortium will make maximum use of available federal and state training, education, and
employment funds to minimize the need for training and retention grants. A consortium must
designate a lead agency as the fiscal agent for reporting, claiming, and receiving payments. An
institution of higher learning may be designated as a lead agency, but the governing board of a
multicampus higher education system may not be given that designation.

Subd. 3. [PROGRAM TARGETS.] Applications for grants must describe targeted
employers or types of employers and must describe the specific critical work force shortage the
program is designed to alleviate. Programs may be limited geographically or be statewide. The
application must include verification that in the process of determining that a critical work force
shortage exists in the target area, the applicant has:

1. consulted available data on worker shortages;
2. conferred with other employers in the target area; and
3. compared shortages in the target area with shortages at the regional or statewide level.

Subd. 4. [GRANTS.] Within the limits of available appropriations, the board shall make
grants to qualifying consortia to operate local, regional, or statewide training and retention
programs. Grant awards must establish specific, measurable outcomes and timelines for
achieving those outcomes.

Subd. 5. [LOCAL MATCH REQUIREMENTS.] A consortium must provide at least a
50 percent match from local resources for money appropriated under this section. The local
match requirement must be satisfied on an overall program basis but need not be satisfied for
each particular client. The local match requirement may be reduced for consortia that include a
relatively large number of small employers whose financial contribution has been reduced in
accordance with section 116L.15. In-kind services and expenditures under section 116L.13,
subdivision 2, may be used to meet this local match requirement. The grant application must
specify the financial contribution from each member of the consortium.

Subd. 6. [INELIGIBLE WORKER CATEGORIES.] Grants shall not be made to
alleviate shortages of physicians, physician assistants, or advanced practice nurses.

Subd. 7. [EVALUATION.] The board shall evaluate the success of consortia that receive
grants in achieving expected outcomes and shall report to the legislature annually. The report
must compare consortia in terms of overall program costs, costs per client, retention rates,
advancement rates, and other outcome measurements established in the grantmaking process.
The first report shall be due on March 15, 2000, and on January 15 annually in succeeding years.
1 The report shall include any recommendations from the board to modify the grant program.

2 Sec. 6. [116L.13] [PROGRAM REQUIREMENTS.]

3 Subdivision 1. [MARKETING AND RECRUITMENT.] A qualifying consortium must implement a marketing and outreach strategy to recruit into the health care and human services fields persons from one or more of the potential employee target groups. Recruitment strategies must include a screening process to evaluate whether potential employees may be disqualified as the result of a required background check or are otherwise unlikely to succeed in the position for which they are being recruited.

4 Subd. 2. [RECRUITMENT AND RETENTION INCENTIVES.] Employer members of a consortium must provide incentives to train and retain employees. These incentives may include, but are not limited to:

5 (1) paid salary during initial training periods, but only if specifically approved by the board, which must certify that the employer has not formerly paid employees during the initial training period and is unable to do so because of the employer's limited size, financial condition, or other factors:

6 [2] scholarship programs under which a specified amount is deposited into an educational account for the employee for each hour worked, which may include contributions on behalf of an employee to an Edvest account under Minnesota Statutes, sections 136A.241 to 136A.245:

7 (3) the provision of advanced education to employees so that they may qualify for advanced positions in the health care or human services fields. This education may be provided at the employer's site, at the site of a nearby employer, or at a local educational institution or other site. Preference shall be given to grantees that offer flexible advanced training to employees at convenient sites, allow workers time off with pay during the work day to participate, and provide education at no cost to students or through employer-based scholarships that pay expenses prior to the start of classes rather than upon completion:

8 (4) work maturity or soft skills training, adult basic education, English as a second language instruction, and basic computer orientation for persons with limited previous attachment to the work force due to a lack of these skills:

9 (5) child care subsidies during training or educational activities:

10 (6) transportation to training and education programs; and
(7) programs to coordinate efforts by employer members of the consortium to share staff among employers where feasible, to pool employee and employer benefit contributions in order to enhance benefit packages, and to coordinate education and training opportunities for staff in order to increase the availability and flexibility of education and training programs.

Subd. 3. [WORK HOUR LIMITS.] High school students participating in a training and retention program shall not be permitted to work more than 20 hours per week when school is in session.

Subd. 4. [COLLECTIVE BARGAINING AGREEMENTS.] This section shall be implemented consistent with existing collective bargaining agreements covering health care and human services employees.

Sec. 7. [116L.14] [CAREER ENHANCEMENT REQUIREMENTS.]
All consortium members must work cooperatively to establish and maintain a career ladder program under which direct care staff have the opportunity to advance along a career development path that includes regular educational opportunities, coordination between job duties and educational opportunities, and a planned series of promotions for which qualified employees will be eligible. This section shall be implemented consistent with existing collective bargaining agreements covering direct care staff.

Sec. 8. [116L.15] [SMALL EMPLOYER PROTECTION.]
Grantees must guarantee that small employers, including licensed personal care assistant organizations, be allowed to participate in consortium programs. The financial contribution required from a small employer must be adjusted to reflect the employer's financial circumstances.

ARTICLE 11 - TOBACCO SETTLEMENTS PAYMENTS

Sec. 2. [62J.694] [MEDICAL EDUCATION ENDOWMENT FUND.]
Subdivision 1. [CREATION.] The medical education endowment fund is created in the state treasury. The state board of investment shall invest the fund under section 11A.24. All earnings of the fund must be credited to the fund. The principal of the fund must be maintained inviolate.
Subd. 2. [EXPENDITURES.] (a) Earnings of the fund, up to five percent of the fair
market value of the fund, are appropriated for medical education activities in the state of
Minnesota. The appropriations are to be transferred quarterly for the purposes identified in the
following paragraphs. Actual appropriations are not to exceed actual earnings.
(b) For fiscal year 2000, 70 percent of the appropriation in paragraph (a) is for transfer to
the board of regents for the instructional costs of health professional programs at the academic
health center and affiliated teaching institutions, and 30 percent of the appropriation is for
transfer to the commissioner of health to be distributed for medical education under section
62J.692.
(c) For fiscal year 2001, 49 percent of the appropriation in paragraph (a) is for transfer to
the board of regents for the instructional costs of health professional programs at the academic
health center and affiliated teaching institutions, and 51 percent is for transfer to the
commissioner of health to be distributed for medical education under section 62J.692.
(d) For fiscal year 2002, and each year thereafter, 42 percent of the appropriation in
paragraph (a) may be appropriated by another law for the instructional costs of health
professional programs at publicly funded academic health centers and affiliated teaching
institutions, and 58 percent is for transfer to the commissioner of health to be distributed for
medical education under section 62J.692.
(e) A maximum of $150,000 of each annual appropriation to the commissioner of health
in paragraph (d) may be used by the commissioner for administrative expenses associated with
implementing section 62J.692.
Subd. 3. [AUDITS REQUIRED.] The legislative auditor shall audit endowment fund
expenditures to ensure that the money is spent for the purposes set out in this section.
Upon expiration, the commissioner of finance shall transfer the principal and any remaining
interest to the general fund.

Section 5. TOBACCO USE PREVENTION
Subd. 5. [STATEWIDE TOBACCO PREVENTION GRANTS.] (a) The commissioner
of health shall award competitive grants to eligible applicants for projects and initiatives directed
at the prevention of tobacco use. The project areas for grants include:
(1) statewide public education and information campaigns which include implementation at the local level; and
(2) coordinated special projects, including training and technical assistance, a resource clearinghouse, and contracts with ethnic and minority communities.

**Subd. 19b. Subtractions from Taxable Income.** The changes to clause (4) allow individual taxpayers to subtract individual retirement account (IRA), and public employee pension contributions that were deductible for federal purposes but not for state purposes. Minnesota did not immediately adopt the expanded contributions rules for these plans under the federal Economic Recovery Tax Act of 1981. The law now allows taxpayers to deduct these contributions as they receive distributions from the plans. The bill allows the amounts not yet deducted to be claimed in tax year 2000. **Subd. 19. Net Income.** This subdivision adopts federal changes to the definition of taxable income in several federal Acts. These acts include many technical changes to the definition but one substantive change includes Education Loan Interest Deduction. This provides that interest paid on a loan from an employer’s qualified pension plan does not qualify for deduction as education loan interest. Effective for loans incurred after August 5, 1977, and interest due after December 31, 1997. To be considered deductible interest, the debt must be incurred solely to pay higher education expenses. Effective for interest paid in tax years beginning after December 31, 1997.

ARTICLE 12
BUSINESS SUBSIDIES

This article establishes new regulations on business subsidies awarded by state and local governmental units. In general, these rules apply only to awards of $25,000 or more that are provided to individual businesses. The rules, however, do not apply to a large number of types of business subsidies given to individual businesses, such as redevelopment, pollution control and clean up, industrial revenue bonds, and so forth. Governmental agencies awarding business subsidies must establish specific public purpose goals for the subsidies and to enter specific subsidy agreements.

1 Definitions. Subd. 3. A Business Subsidy means at clause (6), assistance provided to organizations whose primary mission is to provide job readiness and training services if the sole purpose of the assistance is to provide those services; and at clause (15) means assistance for a collaboration between a Minnesota higher education institution and a business.
