This manual ensures that the personnel who work at the Information/Reference Desk of the James White Library, Andrews University carry out similar procedures regardless of their shift. It serves as an orientation tool and a reference guide, and gives procedures for dealing with patrons, answering reference questions, making the right referrals, handling common problems, keeping records, and maintaining the reference room as well as its equipment and supplies. It also shows the differences between services offered to the University patrons versus the community patrons. Samples of forms used at the Reference Desk are included. Contents include: Opening and Closing Procedures; Services; Reference Interview; Customer Relations; Statistics; Telephones; Computers; Printers; Finances; Circulation; Common Problems; Andrews University Patron Privileges; Community Patron Privileges; Area Libraries; Referrals; and Supplies. TELEPHONES

Information/Reference Desk Phone

Official Use
This phone is for receiving and answering reference questions. Do not use it for social calls. Inform social callers to contact you outside work hours.

Answer - Identify the department, yourself, and ask how the patron can be helped.

Transfer
Do this if the call can be legitimately answered by another department.

Inform patron that they are being transferred to another department and give its number (in case they get disconnected).

Press the transfer button.

Dial number.

Give brief information about the transfer.

Press the transfer button.

Hang up.

Public use
Do not allow patrons to use this for personal calls even for a few seconds.

Direct patrons to courtesy phone or pay phone whichever applies to their needs.

If an unclear question necessitates calling a faculty member (teacher or boss), dial the phone and make the inquiry.

Types of questions that may come over the phone

Holdings
Patrons asking about library holdings can be taught how to search our catalog if they have Web access. If they have no access to our library, entertain up to 3 titles. For more titles, invite the patron to come personally and use our library. If the call is long distance, recommend a library in their area that may have WorldCat.

**Hours**

Questions about opening and closing of desk hours should be responded to immediately. For detailed questions about hours of other sections of the library, suggest that the patron listen to the hours line and transfer the call to that line (6376). General library hours can be obtained from the library home page.

**Locate a person**

- If the call is for a library staff member, give the phone number and offer to transfer.

- If the call is for a patron, apologize for the fact that we do not have a paging system and that we are unable to leave our post to search for the person. If the situation sounds urgent, receive the message and find a way of delivering it. Do not leave the desk uncovered.

**Reference question**

- For a brief, ready reference question provide the answer as quickly as possible. Do not put a person on hold for a long time.

- If you get a complex question, inform the patron that more time is needed. Give the patron an idea of the amount of time needed to answer the question and ask him/her to call you back within that amount of time. Write the name, phone number, and question on a piece of paper. If unable to answer within your shift, be sure to pass on to the next shift or refer to consultant on duty.

**Public Phones**

**Off-Campus Phone**

For off campus and long distance calls, direct patrons to the pay phone at the main entrance.

**On-Campus Phone**

For free on-campus calls, direct patrons to the courtesy phone on the wall by the lunch room in the lower floor.

Missing Books

When a patron claims that a book is missing, do the following steps:

Check the catalog for the following:
- Call number: Is the call number correct?
- Location: Did the patron go the right location?
- Status: Is the book checked out? in process? missing?

Give the patron directions to find the correct location. Go with patron whenever possible.
- For books that are in the reference area, check the shelving truck, the CIC collection, Seminary Reference, the New Book display, and the carrels as time permits.
- If book is not in correct location, advise patron to check within a day of two.
- If book is not in location after 2 days, advise patron to fill out a Missing Book form at the Circulation Desk. Patron will be notified when book is found.

If the patron is desperate and efforts have been exerted to locate the book within the library, several suggestions can be given:
- Check WorldCat and send patron to a library that has the book. Patron cannot check out but may read and photocopy as needed.
- Eligible patrons may process an Infopass for items available in any of the Berrien Library Consortium Libraries.
- Eligible patrons may also request through interlibrary loan if there is sufficient time.

Check "Fulltext Journal Titles"

If the title is available in another database, click on the link and do an author-title search of the article needed (advanced search) and help the patron retrieve the full text.

If title is in JeWeL, click on the title and carefully interpret the status and availability of the issue needed.
   - Is the copy at the bindery?
   - If "to bind" date is in the future, send patron to the Periodicals Office to photocopy the article needed.
   - If "to bind" date is in the past, advice patron to come back after two weeks.

If JWL does not have the article in print or electronic form, here are several options:

Send the patron to any of the BLC libraries that carry the journal.

Check WorldCat and send the patron to a library most convenient for the patron.

Recommend doing an ILL

Note: When the desperately needed periodical is in the bindery, eligible patrons can negotiate for rush ILL.

Recommend document delivery suppliers where patron can purchase articles, i.e. Ingenta.

When patrons need materials not found in this library, follow these steps: Verify the patrons’ needs, confirm that the materials are not available in this library, check the patrons’ deadlines, and recommend the most appropriate procedure that they are entitled to.

Interlibrary Loan

Regular

Check Eligibility

Andrews faculty, students, and staff with valid AU ID card; family members are excluded. Research assistants or secretaries processing requests for their supervisors should put supervisor’s name followed by their own name and the supervisors’ ID card number.

Example: Professor’s name/Graduate assistant’s name

Check purpose

James White Library Interlibrary Loan is for Academic research only. Suggest that materials needed for personal research be processed at the community library.

Check local resources

– JeWeL catalog
– Full text sources
– BLC libraries

To process a request

Situation A. Patron is in an OCLC FirstSearch database and finds an item s/he needs (Books = WorldCat; Dissertations = Dissertation Abstracts or WorldCat; Articles = varied sources).

– Toggle between the database and the library’s home page. Check the catalog if searching for books, and the Full Text Journals list if searching for periodical titles.

– If James White Library does not have the item needed in print or electronic form, process the request from the full bibliographic record on OCLC FirstSearch.

Situation B. Patron comes with a printed citation from either a printed source or a database that s/he can no longer remember.
Check which OCLC FirstSearch database indexes the journal by looking up "Periodical Titles in OCLC FirstSearch" and note the ISSN.

Log on to the database/s recommended by Periodical Titles in OCLC FirstSearch and do an author/title search for the citation and process it electronically if found. Sometimes using the ISSN helps. This may be a long procedure for the patron but it will speed up receiving the materials.

If the citation was not found electronically, ask the patron to fill out a blue form in pen and put the OCLC number or ISSN number. (Use blue form as last resort)

OCLC number is the number in square brackets found in the Serials Directory.

Attach photocopy of citation to the blue form.

Receive the request at the Information/Reference Desk and put it in the ILL Manager's mail box.

To receive items requested

Articles - will be sent by mail to address given in the form.

Books and Dissertations - Patrons will receive a note indicating that the items can be picked up at the Circulation Desk. Patrons must pick up immediately because loan terms vary.

To return

Photocopies are normally not returned unless specified.

Books must be returned to the Circulation Desk.

To renew books

Renewals are not set by JWL but by the lending library. They may or may not be granted, so patrons must try to finish reading the borrowed items by the date due.

If the ILL sleeve does not say "No Renewals," patron can fill out a renewal slip at Circulation Desk no later than 3 days before the due date. Those 3 days are important for negotiating with the lending library.

Patrons may keep the book even beyond the due date until a note is received from the Interlibrary Loan Office.
Patrons must attach the renewed date on the sleeve in order not to be charged an overdue fine based on the original date due.

Emergency Situations

When patrons have a legitimate reason to request a "Rush" interlibrary loan and all the preliminary checking has been done to prove that the item needed is not here electronically or in print, do one or more of the following:

- Recommend the nearest library in Berrien County or the nearest University such as Notre Dame to photocopy only.
- Order periodical article from Uncover Web or from whatever current document delivery service is available to the public.
- Recommend a similar title in JWL.
- If nothing else works, send patron to the ILL Manager to negotiate for a pre-paid Rush request. Patrons will not be charged a fee if the library's copy is in the bindery.

When patrons need dissertations so badly that they are willing to purchase a copy or copies, recommend one of the following:

- Purchase regular copy using UMI order form or from the UMI web site. There are choices for hard cover, soft cover, or microfiche format.
- Purchase a copy without covers through the ILL Office. This is usually cheaper than the option given above but faster because it is processed through Dissertation Express.

Problems Related to ILL

When patrons have questions regarding the status of their requests, check CLIO at the Information/Reference Desk. Here are some typical questions:

- "I sent a request some time ago and have not heard anything. What's happening to my request?"
- "I asked my graduate assistant to return my ILL book. Can you please check if it has been returned."
When encountering the following situations, call ILL Office at 3506 and explain the situation before sending the patron over to the ILL Manager. If no one is in the office, give the patron an idea of the best time to come back or give the phone number to contact.

- Difficult citations - proceedings, citations that are complicated or unclear, etc.
- Fines for ILL

**Off-Campus Patrons**

*Distance Education AU students*

Refer to the Off-Campus Services section of the Library’s Web Site.

If patron needs immediate suggestions, give the following:
- Check public library to process their request
- Check a nearby academic library where they can photocopy articles.
- As a last resort, recommend ILL using appropriate OCLC database.

*General Patrons*

Recommend that they process their ILL requests at their public library.

For patrons wanting something from the Adventist Heritage Center, transfer the message to AHC.

**Infopass**

Infopass allows patrons from participating local libraries to check out materials from any library within the Berrien Library Consortium. Patrons from other BLC libraries coming to James White Library may check out books from the Circulation Desk and videos from the Multi-media Center according to each department’s policies.

**Patrons Coming to Our Library**

Direct patrons coming from other libraries to the Circulation Desk if they are checking out books and to the Multimedia Center if they are checking out videos.

**A.U. Patrons Wanting to Use Other Libraries**
Periodical needs

Check the Berrien Library Consortium periodical listing to determine where patron can go to photocopy articles needed.

Book or video needs

Patron should see the Head of Information Services to apply for an Infopass. This provides check-out privileges.
