**Instructional WARM UP**

**Plan:**

1. Read *Lewis and Papa* by Barbara Joose.

2. Students listen for and note essential items that could be packed in a covered wagon.

**INTRODUCTORY AND DEVELOPMENTAL ACTIVITIES:**

1. Play the drama game, “Packed My Suitcase.” Change the name to “Packed My Wagon.” The things to be packed must be historically accurate.

2. To play:
   
   a. All players sit in a circle.
   b. First person says “I’m going to pack my wagon for my trip West. I’m putting in ________.”
   c. As the speaker tells what he/she will take, the speaker makes an action appropriate to the word. All students copy the action.
   d. The person next to him/her now repeats what was just said and the action. Then he/she adds a new item and action.
   e. The game is complete when all the players in the circle have added something new to go into the wagon.

**GUIDED PRACTICE ACTIVITIES:**

1. Draw the outline of a covered wagon on a piece of paper and copy one for each student.

2. Students recall the information from “Packed My Wagon” and put it inside the covered wagon outline.

3. Students circle five of the most necessary items (to them) on the list. They share these with the class. Tally and graph the results of the class.

4. Students or the teacher read either *Wagon Wheels* by Barbara Brenner or *I Have Heard of a Land* by Joyce Carol Thomas for background information on settlers in a sod house on the prairie. Both of the stories are based on fact and involve main characters who are African Americans.

**INDEPENDENT ACTIVITIES:**

1. Students read "An Early Prairie Town" on pages 154-157 in *From Sea to Shining Sea.*

2. Answer all review questions on page 157.

3. From the collection, *Plays of the Old West, Volume One: Grades K-3,* by L.E. McCullough, have copies made of “Git Along Little Dogies” on pages 43-52 (about a cattle drive through Abilene, Kansas) and “The Little Sod Shanty” on pages 91-105 (about life on the prairies in a sod house). Both plays include traditional folk songs and stage designs and directions.

4. Divide the class into two groups and assign a play to each group.

5. Decide if the students will be performing the pieces: as full plays, with costumes, props, and scenery; as Readers Theater, where students just read to the audience and one student reads the stage directions; or a radio play to be recorded on tape.
that can be played again.
6. Make a set design plan of a part of the play he/she is in.
7. Transfer the plan's idea to make a diorama of it in a shoe box.
8. On the back of the shoebox, write an explanation of why this piece has been chosen by the student to represent in the diorama.
9. Allow several days for practice and designs to be completed.

Assessment:
1. The review questions on page 157 are corrected.
2. The plays are presented in the selected way. The participation and cooperation of each member of the cast and crew will be evaluated.
3. Devise a checklist or rubric for the set design and diorama. Historical and environmental elements should be part of the evaluation.

Extensions:
Have students explain and display the set dioramas. Students sing the songs in the plays.
