Federal Information Resources for Professional Counselors

A Sourcebook of free and low-cost resources to support and enrich your work as a professional counselor
INTRODUCTION

The Federal government supports many information clearinghouses and research institutions that produce free and low-cost publications and materials that can support and enrich your work as a professional counselor. This sourcebook is designed to help you tap into and take greater advantage of these resources.

Here you will find:

- Syntheses of current research, statistics, and research reports
- Background material about current and emerging policy issues
- Information about model programs and policies
- Materials and resources that may be used in school guidance and counseling programs
- Educational pamphlets and brochures for your office waiting room

Most of the entities we have listed in this guide are supported by the Federal government. In a few instances, we have also included non-profit organizations that provide useful information to the public at no cost or for a nominal charge.

This sourcebook will be updated on a regular basis and we encourage you to share with us other sources of information that you think professional counselors should know about. Please contact us at (800) 347-6647, extension 354 to share your discoveries.

The National Children’s Advocacy Center (NCAC) is a non-profit agency providing prevention, intervention, and treatment services to physically and sexually abused children and their families within a child-focused team approach. NCAC provides technical support to professionals who work with sexually abused children and their families and distributes training modules and curricula, a newsletter, bibliographies, and publications. Subject bibliographies are free and many are posted on the website. There is a charge for other publications.

Current publications include:

- Children With Serious Emotional Disturbances
- For Therapists of Adolescent Victims of Sexual Abuse
- On the Assessment and Treatment of Families Who Have Been Victimized
- Handbook for Parents of Sexually Abused Children
The Bureau of Justice Statistics Clearinghouse collects, analyzes, publishes, and disseminates information on crime, criminal offenders, victims of crime, and the operation of the justice systems at all levels of government. The Clearinghouse provides criminal justice statistics upon request, custom literature searches of the National Criminal Justice Reference Service (NCJRS), referrals to other sources of crime data, and data assistance from information specialists at the Clearinghouse. Publications can be viewed online and up to two paper versions may be ordered a week free from the Clearinghouse.

Visit the website for these available resources:

- Indicators of School Crime & Safety 2004
- Sexual Assault of Young Children
- Crimes Against Persons Age 65 and Older
- Sexual Victimization of College Women
- Mental Health Treatment in State Prisons

The Juvenile Justice Clearinghouse produces and disseminates information and resources about juvenile justice issues to professionals active in prevention, law enforcement, and corrections, as well as to policymakers and the public. Besides providing access to online materials, the website allows users to do custom literature searches of the National Criminal Justice Reference Service (NCJRS) database which provides justice and substance abuse information to support research, policy, and program development.

Visit them online to sign up for their bimonthly newsletter or to view these online materials:

- Aftercare Services for Youth Upon Their Release from the Juvenile Justice System
- America’s Children in Brief: Key National Indicators of Well Being 2004
- Assessing Alcohol, Drug, and Mental Disorders in Juvenile Detainees
- Assessing the Mental Health Status of Youth in the Juvenile Justice System
The National Center for Children Exposed to Violence was established by the Department of Justice’s Office of Juvenile Justice and Delinquency Prevention to increase the capacity of individuals and communities to reduce the incidence and impact of violence on children and families, train and support professionals who provide intervention and treatment to children and families affected by violence, and to increase public awareness of violence on children, families, communities, and society. NCCEV provides research reports, bibliographies, statistics, and specific resources for parents, teachers, and mental health professionals.

View these materials and more online at NCCEV’s website:

- Shelter From the Storm: Clinical Intervention with Children Affected By Domestic Violence
- Parent’s Guide to Talking to Their Children About War
- Parent’s Guide to Talking to Their Children About Death
- Mobilizing Trauma Resources for Children
- What About Me? Seeking to Understand a Child’s View of Violence in the Family

The National Center for Missing and Exploited Children is funded by the U.S. Department of Justice to serve as a clearinghouse and resource center to assist in the location of missing children. As part of its activities, NCMEC produces several free brochures to promote effective child protection practices. Most materials can be ordered in quantities of 50 for free.

Call for free copies of NCMEC brochures or visit the NCMEC website to view or order available publications such as these:

- Knowing My Eight Rules For Safety
- Safety Tips for Expectant Parents
- Child Safety On The Information Highway / Protect Your Child’s Online Life
- Know the Rules . . . After School Safety For Children Who Are Home Alone
- Guidelines for Programs to Reduce Child Victimization
Funded by the U.S. Department of Justice, NCJRS distributes a broad range of criminal justice research publications and resource materials produced by Justice Department agencies. Publication topics include sexual abuse, missing and exploited children, gangs, drugs, violence against women, school safety, juvenile justice, and crime. Over 125,000 books, articles, and research reports are available; most can be accessed online.

Visit the website to sign up for the JUSTINFO newsletter and to get updates on new publications and resources that meet your specific needs. Examples of online materials include:

The National Institute on Alcohol Abuse and Alcoholism supports and conducts biomedical and behavioral research on the causes, consequences, treatment, and prevention of alcoholism and alcohol-related problems. NIAAA disseminates research findings on alcohol abuse and alcoholism to health care providers, researchers, policymakers, and the public. NIAAA publications include the Alcohol Alert bulletin, the quarterly scientific journal Alcohol Research and Health, pamphlets/brochures, surveillance reports, research monographs, manuals, and several online databases. Many of their brochures are available in Spanish.

Visit NIAAA’s website to sign up for their newsletters or to view these brochures:

- Alcohol: A Women’s Health Issue
- How Does Alcohol Affect the World of a Child
- AgePage-Aging and Alcohol Abuse
- Drinking and Your Pregnancy
- Keep Kids Alcohol Free: Strategies for Action

Substance Abuse and Mental Health Services Administration Clearinghouses
info@samhsa.hhs.gov
http://alt.samhsa.gov/communication/clearinghouses.html

As its name implies, SAMHSA is the lead federal agency supporting the development and provision of substance abuse and mental health services. It does this through an array of research grants, treatment grants, technical assistance programs, and other programs designed to help translate treatment research into better services for consumers. SAMHSA is comprised of three main divisions: the Center for Mental Health Services (CMHS), the Center for Substance Abuse Treatment (CSAT), and the Center for Substance Abuse Prevention (CSAP).

Visit the SAMHSA website for access to other related clearinghouses, to find out information on substance abuse and mental health statistics, and to view or order fact sheets regarding co-occurring disorders, HIV/AIDS, and Hispanic communities.
The National Clearinghouse on Families & Youth serves the Family and Youth Services Bureau, an agency of the Department of Health and Human Services. The mission of the Family and Youth Services Bureau (FYSB) is to provide national leadership on youth issues and to assist individuals and organizations in providing effective, comprehensive services for youth in at-risk situations and their families. The Clearinghouse offers many publications free of charge.

Visit the Clearinghouse’s website to view *The Exchange* periodical or to view these publications:

- *Promoting Positive Youth Development: An Investment in Youth and Communities*
- *Internet Resources for Youth Services Personnel*
- *Reconnecting Youth and Community*

The Office of Population Affairs Clearinghouse, sponsored by the U.S. Department of Health and Human Services, collects, develops, and distributes information on family planning, adolescent pregnancy, abstinence, adoption, reproductive health care, and sexually transmitted diseases, including HIV and AIDS. Although the primary target audience of the Clearinghouse is HHS grantees, the Clearinghouse also provides information to educational and other human service professionals. A series of patient and professional education publications are available free of charge. Most of these publications are available in Spanish.

View these materials on the Clearinghouse's website:

- Patient and education pamphlets on such topics as abstinence, contraception, sexually transmitted diseases, and preconception planning
- Research and statistics on adolescent pregnancy and adoption
- Summaries of federally funded research on adolescent sexual behavior, adoption, and parenting
