ECONOMIC DEVELOPMENT

A ROADMAP OF NEED...

The North Carolina Center for Afterschool Programs (NC CAP) is an organization dedicated to increasing access to high-quality afterschool programs, especially for at-risk youth in North Carolina. In 2010, NC CAP created a roadmap of ten indicators to inform policymakers, funders and citizens of areas where North Carolina should make its largest investments in preventive care – afterschool programs, health care, job programs and other key initiatives for youth success.

Three years later, we have revised and updated the Roadmap of Need to provide a more in-depth needs assessment for our state's youth. This new version contains twenty indicators of wellness in counties across North Carolina, divided into four categories: Health, Youth Behavior and Safety, Education, and Economic Development. Many of the original indicators from the 2010 version remain in this update, but we have also added several new indicators based on the suggestions of experts in each of these four categories. The indicators contain relevant annual data in order to demonstrate need across North Carolina,

with each indicator being used to identify where young people are most at risk of not succeeding, both in and out of school. All data points selected are updated annually, with the hope that this document, along with future Roadmap of Need documents, can create a longitudinal dataset for county comparison.

We hope this document can serve as a needs assessment for North Carolina, yet we acknowledge that this compilation is not the only or best way to assess need. For ease of calculation, we weighed all indicators equally, but in reality, some of these indicators may have a stronger influence on youth success than others. Additionally, we understand that other indicators could have been used. In order to come up with these indicators, NC CAP met with various experts in each of the four fields, including those from the corresponding state agency for each category, using their input to guide our decisions about which data to include. Had we chosen different indicators, such as using the number of students that qualify for free and reduced priced lunch instead of median household income, we suspect the results could have varied

slightly. However, we predict that the counties at the top and the bottom of the rankings would largely remain the same.

Once we had acquired the data, all 100 counties in North Carolina were ranked based on each individual data indicator. The rankings were then used to create both an overall ranking and a ranking for each of the four categories: Health, Youth Behavior and Safety, Education and Economic Development. This document includes the data and rankings for each category, as well as the overall data and rankings.

Looking at this compilation, we see a very troubling trend. Our state is at risk of becoming “two North Carolinas” - one populated by young people living in areas that are attracting jobs and industry and another populated by young people living in communities in a state of economic decline. While our roadmap generally points to counties in eastern North Carolina as those most at risk, these county-wide indicators mask the variation occurring within counties, particularly our most populous and competitive counties where there are neighborhoods with many young people in need.

ROADMAP OF NEED : HEALTH

HOW THE CATEGORY RANKINGS WERE CALCULATED

In order to calculate the rankings, each county was given a rank of 1-100, either from lowest to highest or highest to lowest, depending on each indicator. For example, teen pregnancy rates were ordered lowest to highest, while physicians per 10,000 population numbers were ordered highest to lowest. Once we had rankings for all the indicators in the category, the indicator rankings were averaged for each county, giving an average of all health rankings. The counties were then ranked by this average, providing an Overall Health Ranking. This procedure was repeated for the categories of Youth Behavior & Safety, Education and Economic Development.

HEALTH DATA

	Teen Pregnancy Rate per 1,000	Number of Physicians per 10,000	Child Fatality Rate per 10,000	Child Food Insecurity Percentage	Child Obesity Percentage

HEALTH INDICATORS

TEEN PREGNANCY

The teen pregnancy rate is the number of pregnancies per 1,000 females ages 15-19 in 2011.

NUMBER OF PHYSICIANS

The number of physicians represents the number of doctors of medicine or osteopathy licensed with the North Carolina Medical Board per 10,000 total population in 2011.

CHILD FATALITY

The child fatality rate is the number of child deaths per 10,000 children under age 18 in 2011. This number includes infant mortalities.

CHILD FOOD INSECURITY

The food insecurity rate reflects the percentage of children under age 18 living in food insecure households in 2011. These numbers reflect the USDA's definition for household food insecurity—the household-level economic and social condition of limited or uncertain access to adequate food.

CHILD OBESITY

The child obesity percentage represents the percentage of children ages 2-4 considered obese (at or above the 95th percentile) participating in the Special Supplemental Nutrition Program for Women, Infants, and Children (WIC) in 2011. Since children age 5 and older are not eligible to participate in WIC, other health department data sources are unavailable.

NORTH CAROLINA DATA

Teen Pregnancy Rate per 1,000: **43.80**
 Number of Physicians per 10,000: **22.10**
 Child Fatality Rate per 10,000: **5.75**

Child Food Insecurity Percentage: **27.30%**
 Child Obesity Percentage: **15.70%**

NORTH CAROLINA DATA

Juvenile Delinquency Rate per 1,000:	24.7	Children in DSS Custody Rate per 1,000:	5.72
Short-Term Suspension Rate per 1,000:	176.59	Child Abuse & Neglect Rate per 1,000:	10.96
Juvenile Detention Admissions Rate per 1,000:	2.62		

YOUTH BEHAVIOR & SAFETY INDICATORS

JUVENILE DELINQUENCY

The juvenile delinquency rate is defined as the number of delinquent complaints received by court services offices per 1,000 youth ages 6-15 in 2012.

SHORT-TERM SUSPENSIONS

The short-term suspension rate reflects the number of suspensions for 10 days or less per 1,000 school age students in the 2011-2012 school year. The numbers include in-school and out-of-school suspensions from the 115 Local Education Agencies (LEAs) in North Carolina.

JUVENILE DETENTION ADMISSIONS

The juvenile detention admissions rate represents the number of times individual youth were placed in detention per 1,000 youth ages 6-17 in 2012.

CHILDREN IN DSS CUSTODY

The children in DSS custody rate represents the number of children who were in Division of Social Services (DSS) custody at some point during 2012 per 1,000 youth under age 18. Children who entered into DSS custody more than once during 2012 are counted only once in this data set.

CHILD ABUSE AND NEGLECT

The child abuse and neglect rate represents the number of children with confirmed cases of child abuse and neglect per 1,000 youth under age 18 in 2012. Confirmed cases include those categorized as any of the following: abuse and neglect, abuse, neglect, dependency, and services needed.

EDUCATION INDICATORS

GRADUATION RATE

The cohort graduation rate reports the graduation rate for the 4-year cohort entering 9th grade in 2008-2009 and graduating in 2011-2012 or earlier.

3RD GRADE READING EOG PROFICIENCY

The third grade reading proficiency represents the percentage of students' scores at or above grade level on the third grade reading end-of-grade (EOG) test in 2011-2012.

ALGEBRA 1 EOC PROFICIENCY

The Algebra 1 proficiency indicator represents the percentage of students' scores at or above grade level on the Algebra 1 end-of-course (EOC) test in 2011-2012.

ACT COMPOSITE SCORE

The ACT composite score indicator represents the average composite ACT score for each of the 115 LEAs in North Carolina in 2011-2012.

PERCENTAGE OF AMO TARGETS MET

The percentage of Annual Measurable Objectives (AMO) targets represent the number of AMO targets met in each school within each of the 115 LEAs. AMO targets are identified for each federally reported subgroup for reading and mathematics.

NORTH CAROLINA DATA

Graduation Rate:	80.40%	ACT Composite Score:	18.20
3rd Grade Reading EOG Percent Proficiency:	68.80%	Percentage of AMO Targets Met:	84.60%
Algebra 1 EOC Percent Proficiency:	78.70%

ECONOMIC DEVELOPMENT INDICATORS

MEDIAN HOUSEHOLD INCOME

Median household income reports the exact middle of the household income distribution in each county in 2011. One-half of all households in each county have an income below the median income and one-half have incomes above it.

CHILD POVERTY

The child poverty rate reflects the percentage of children under age 18 living at or below the poverty level in 2011.

UNEMPLOYMENT RATE

The unemployment rate is defined as the ratio of unemployed to the civilian labor force in 2012 expressed as a percent. Individuals classified as unemployed are those who are without work, available for work, and actively seeking work.

ADULTS WITH BACHELOR'S DEGREE

Adults with Bachelor's Degrees reports the percentage of the population 25 years of age and older who have obtained a bachelor's degree or higher as of 2011.

SINGLE PARENT HOUSEHOLDS

Single parent households represent the 2007-2011 five-year average of the percentage of children living in single-parent households out of all children living in family households.

NORTH CAROLINA DATA

Median Household Income:	\$43,916	Percentage of Adults with at least a Bachelor's Degree:	26.50%
Percentage of Children Living in Poverty:	25.40%	Percentage of Children Living in Single-Parent Households:	35.00%
Unemployment Rate:	9.50%

SINGLE PARENT HOUSEHOLDS

American Community Survey five-year estimates accessed via the Robert Wood Johnson Foundation's (RWJ) County Health Rankings at <http://www.countyhealthrankings.org/app/north-carolina/2013/measure-factors/82/data/sort-0>.

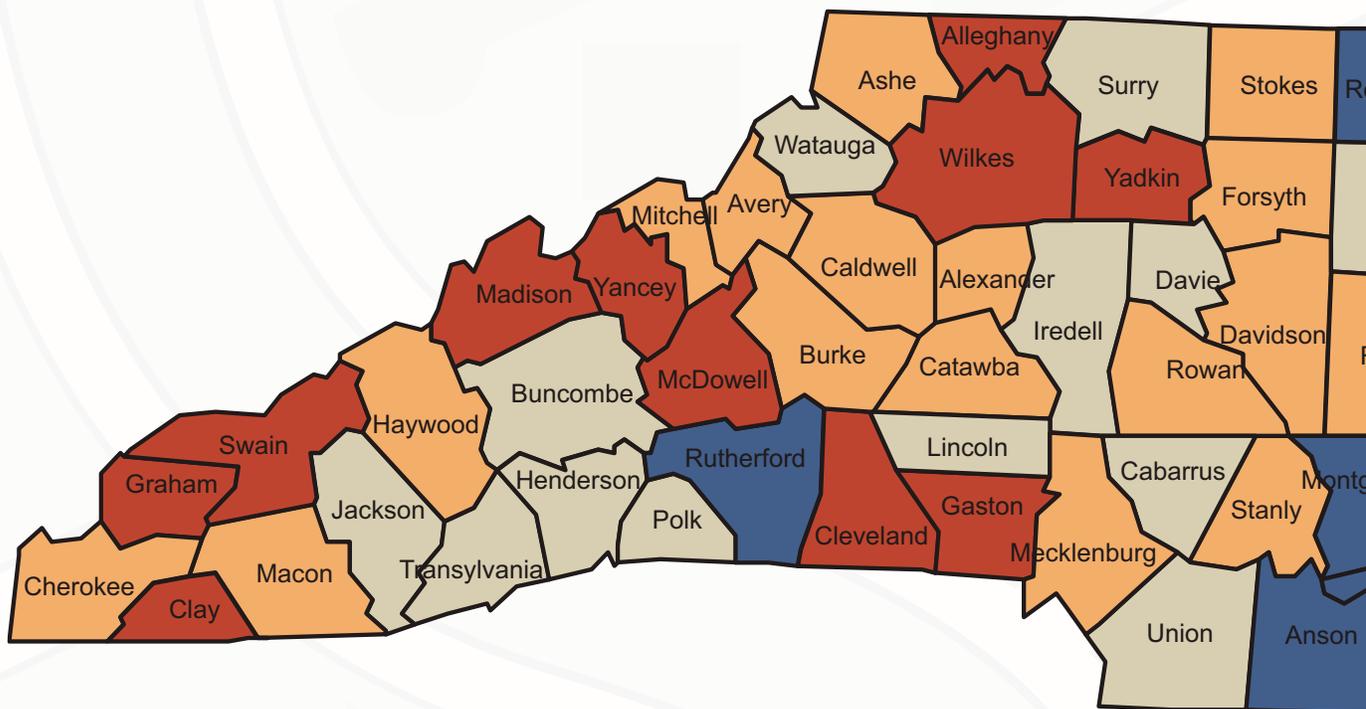

HOW THE OVERALL RANKINGS WERE CALCULATED

In order to calculate the overall rankings, we used a method very similar to the method used to calculate the category rankings. As for the category rankings, each county was given a rank of 1-100, either from lowest to highest or highest to lowest, depending on each indicator. For example, teen pregnancy rates were ordered lowest to highest, while physicians per 10,000 population numbers were ordered highest to lowest. Once we had rankings for all the indicators in the category, the indicator rankings were averaged for each county, giving an average of all twenty rankings. The counties were then ranked by this average, providing an Overall Ranking.

A GRAPHIC LOOK AT COUNTIES IN NEED

The map below graphically depicts a disturbing trend. The illustration divides counties into four quartiles ranging from those that ranked highest on NC CAP's needs assessment to those that ranked the lowest. Looking at the map, the concern about a trend towards two North Carolinas becomes apparent.

2013 ROADMAP OF NEED AUTHORS: SARAH FORBES & LAUREN HALES

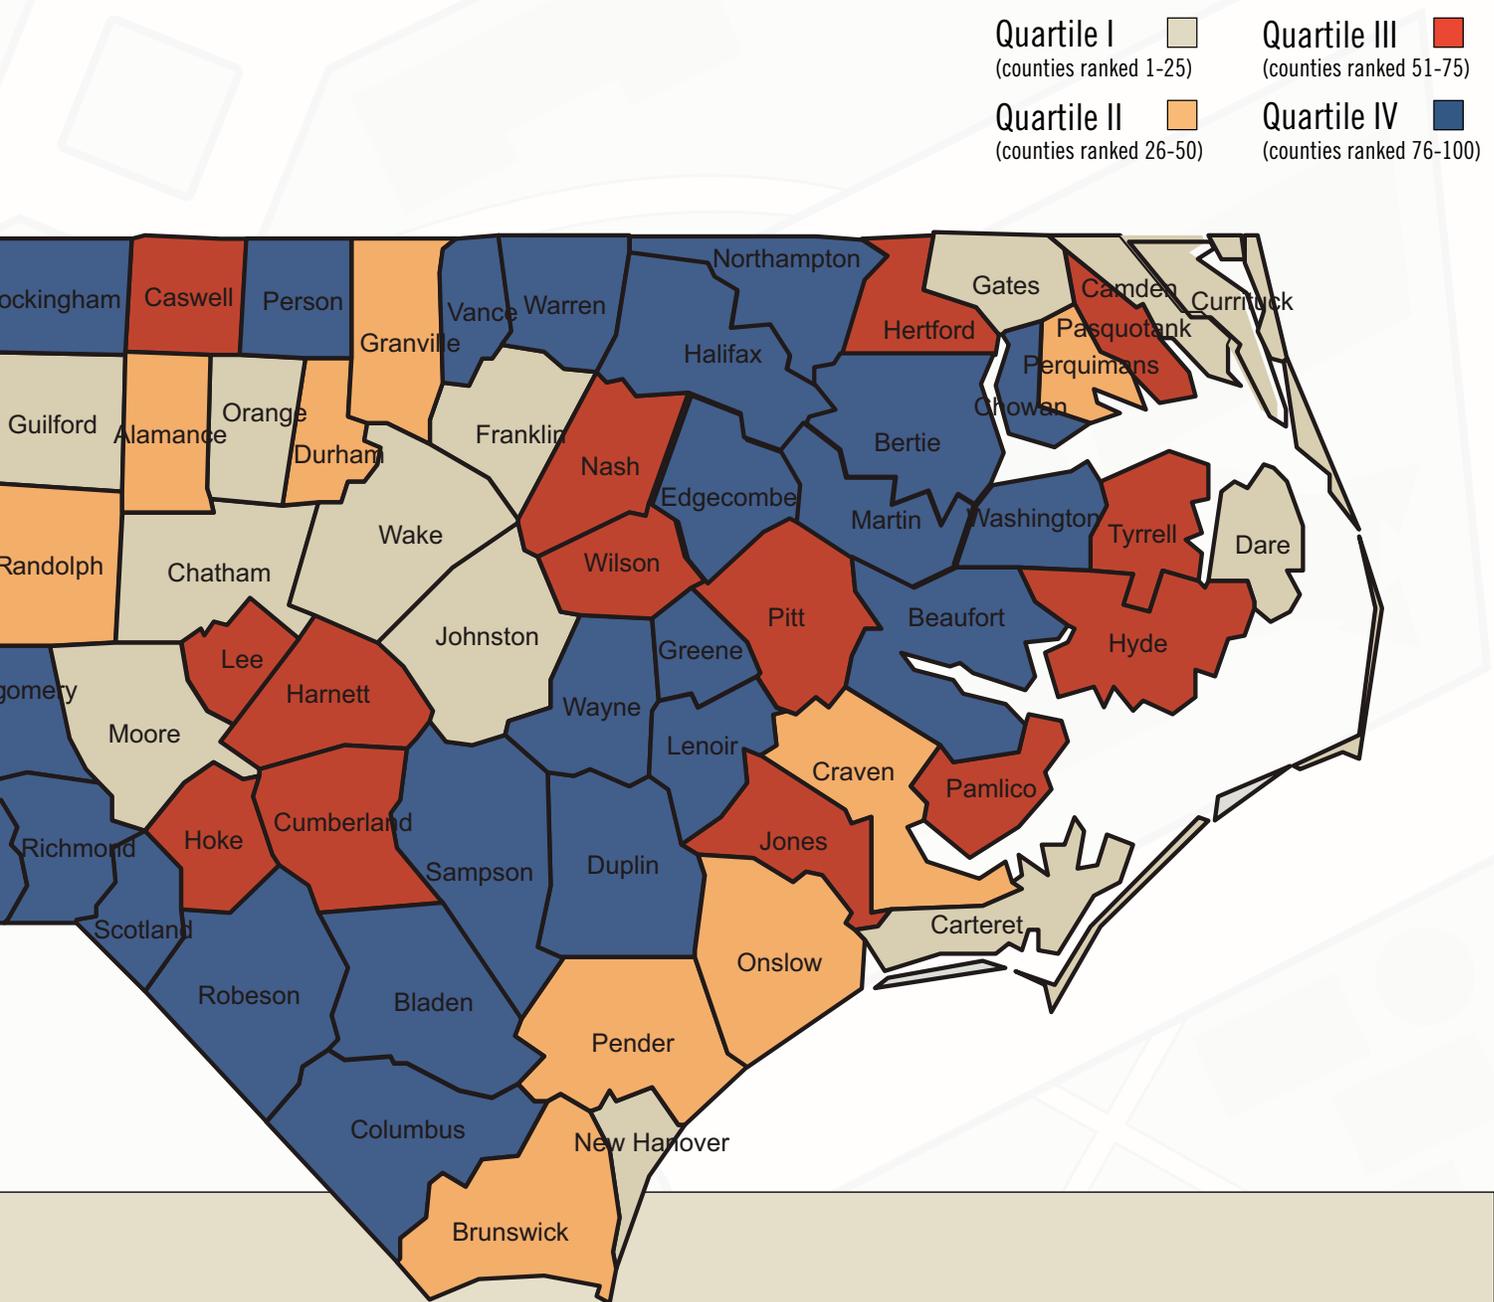

NC CAP would like to thank the following people for categorical and data contributions to this publication:

• **Health:**

- o Dr. Maureen Berner, Professor of Public Administration and Government, UNC School of Government
- o Josephine Cialone, Head, Nutrition Services Branch, NC Division of Public Health, NC Department of Health & Human Services
- o Eleanor Howell, Data Dissemination Unit Manager, NC State Center for Health Statistics, NC Department of Health & Human Services
- o Thomas Ray, Senior Director of Educational Programming, Alice Aycock Poe Center for Health Education

• **Youth Behavior & Safety:**

- o Heather Bohanan, Supervisor, Performance Management/Reporting and Evaluation Management, NC Division of Social Services, NC Department of Health & Human Services
- o Venecia Carr, Compliance and Quality Assurance Manager, NC Department of Public Safety, Division of Adult Correction and Juvenile Justice, Juvenile Community Programs
- o Dr. Dean Duncan, Research Professor, UNC Jordan Institute
- o Megan Howell, Research and Evaluation Analyst, NC Department of Public Safety, Division of Adult Correction and Juvenile Justice, Rehabilitative Programs and Services

• **Education:**

- o Kendall Hageman, Education Policy Manager, Institute for Emerging Issues
- o Eric Moore, Fiscal Analyst, NC Department of Public Instruction

• **Economic Development:**

- o Patrick McKemie, Workforce Information Specialist, Labor & Economic Analysis Division, NC Department of Commerce

• **Overall Consultants:**

- o Christopher Cody, Former Director of Public Policy & Research, Public School Forum of North Carolina
- o Geoff Coltrane, Director of Institutional Research and Engagement, North Carolina School of Science and Mathematics & Member, NC CAP Advisory Board

NC CAP would also like to thank the Burroughs Wellcome Fund, the Mott Foundation & the A.J. Fletcher Foundation for their support in publishing this document.

The North Carolina Center for Afterschool Programs (NC CAP) is a comprehensive, statewide network of afterschool stakeholders, including state agencies, state and local policymakers, afterschool providers and the private sector, working together to increase access to high quality afterschool programs for all children and youth in North Carolina, especially for those at-risk for education failure. The C.S. Mott Foundation created NC CAP in 2002 as one of the first of 42 statewide networks across the country charged with advancing the afterschool movement through quality improvement and increased access. NC CAP's founding partners include the Governor's Office, NC Departments of Public Instruction, Health and Human Services and Juvenile Justice & Delinquency Prevention. NC CAP's vision is to make high quality afterschool programs accessible to all North Carolina children and youth helping them to succeed in and out of school. NC CAP serves as the voice of afterschool in NC by uniting a collaborative of 35 partners, as well as uniting a network of over 6,000 afterschool programs serving more than 170,000 children and youth across the state.
