Message from the President/CEO and Chair of the Governing Board

For the past three decades, the Hispanic Association of Colleges and Universities (HACU), with the support of its member institutions, sponsors, and other partners, has highlighted the critical importance of Hispanic-Serving Institutions (HSIs) and Hispanic education.

As more institutions gain the Hispanic-Serving designation, we must remain united and forceful about the need for equitable funding for the growing HSI community. With Hispanics already three fourths of those entering the workforce today, we must ensure adequate resources are available so students can succeed and become the backbone of the workforce of tomorrow.

HACU’s membership continues its growth trajectory, now including 488 member colleges and universities and school districts, more than half representing HSIs and emerging HSIs.

That is why it’s important for us to utilize every opportunity to collaborate and host events that allow us to discuss those issues of importance for our students. A “HACU on the Road” at San José State University discussed the state of Hispanic higher education and STEM careers. And we continue to host HACU/Army University Tours and Latino STEM Summits.

HACU government relations efforts achieved an increase in the Title V HSI Undergraduate Program appropriation to $107.8 million for Fiscal Year (FY) 2016. The continuing stalemate in Washington meant most other HSI programs received only level funding. But we continue our push for including HSIs in every federal educational support opportunity, at the National Science Foundation and the National Institutes of Health, at the departments of Agriculture and Interior, Homeland Security and State, to mention just a few.

HACU partnerships are the bridges to success and provide Hispanic students opportunities for growth that they, especially first-generation college students, may not even be aware of.

Thanks to our partners, we have been able to provide scholarships and leadership awards, including Southwest Airlines Lánzate! Travel awards, Hispanic College Quiz scholarships awarded by Central City Productions to participants of the show that aired during Hispanic Heritage Month, and an institutional award to Colorado State University Pueblo for their sustainability work from ecoAmerica.

HACU’s largest student program, the HACU National Internship Program (HNIP), placed students in 416 internships nationwide with support of federal sponsors and corporate partners committed to diversifying their workforce.

HACU conferences and events provide organized platforms for sharing Hispanic higher education best practices and resources. This year’s International Conference added the first international Student Track where students explored study abroad opportunities in Guadalajara, Mexico. The International Conference was followed by an International Symposium in Guanajuato focused on “Higher Education’s Social Responsibility in a Global Society.”

HACU’s 20th National Capitol Forum targeted key legislative issues and culminated in state delegations (with a growing number of students) visiting their members of Congress on Capitol Hill.
HACU’s 29th Annual Conference included among its events a preconference Youth Leadership Development with a STEM focus held at three member college campuses in the Miami area, Florida International University, St. Thomas University, and Miami-Dade College North campus. The first PreK-12/Higher Education Collaboration Symposium, also a preconference event, was recognized by the White House Hispanic Initiative on Educational Excellence for Hispanics for being a Bright Spot in Higher Education. The Symposium featured three panels from across the country discussing on-going collaborations between HSIs and the surrounding school districts.

Among the ten honorees recognized at the annual conference for their work in support of HACU’s mission was HACU Hall of Champions inductee: Cruz Reynoso, professor of law emeritus at the University of California, Davis, and the first Latino to serve on the California Supreme Court. It was a privilege to recognize him as a champion of Hispanic higher education for his tireless work in civil rights and advocacy for equality and justice.

These are just a few highlights of the association’s work supported by HACU’s staff from its national headquarters in San Antonio, Texas, and regional offices in Washington, D.C., and Sacramento, California.

We also want to recognize the dedication and vision of the college, university, and corporate leaders that comprise HACU’s Governing Board, including its newly elected officers and members for 2015-16.

New members include: Beatriz T. Espinoza, president, Coastal Bend College in Texas; James E. Brenneman, president, Goshen College in Indiana; Olga Hugelmeyer, superintendent of schools, Elizabeth Public Schools in New Jersey; Joe Mella, chairman of HACU Corporate and Philanthropic Council and Albert A. Cruz, chairman of HACU Alumni Association.

New officers include: vice chair, Franklyn M. Casale, president of St. Thomas University; secretary, William V. Flores, former president of University of Houston, Downtown; and treasurer, Beatriz T. Espinoza, president, Coastal Bend College.

We thank the following individuals who completed their terms on the Board in 2015: Rita Cepeda, chancellor emeritus, San José/Evergreen Community College District; Irene Garza, former superintendent, Seguin Independent School District; Jerry Gattegno, Senior Partner, Multistate Tax Services, Deloitte Tax LLP; Sandra V. Serrano, chancellor, Kern Community College District; and Anna Solley, former president, Phoenix College.

Our sincere appreciation goes out to all those individuals and organizations whose support has made it possible for HACU to advance the cause of Hispanic higher education success in 2015 and beyond. There’s room for you too in La HACHE de HACU, the Hispanic Alliance to Champion Higher Education, which you become part of by contributing to our annual appeal.

In 2016 HACU celebrates the 30 year milestone of its founding in San Antonio, Texas. We thank you greatly for your support over the decades. But we are also mindful of the work that still needs to be done. Please help us spread the word on your campuses and through your networks about the importance of making Hispanic student access and success a priority.

Cordially,

Antonio R. Flores

Advocating for Hispanic Higher Education

Since the first federal definition of Hispanic-Serving Institutions (HSIs) in 1992, HACU’s advocacy efforts have produced well over $2.5 billion for HSIs and Hispanic higher education. Led by the HACU Government Relations office in Washington, D.C., 2015 advocacy continued its focus on federal funding for member institutions and other issues critical to them.

Strategic alliances with other minority organizations continue to be significant in promoting a legislative agenda for higher education. Through alliances with minority, higher education and other national Hispanic organizations, Hispanic-Serving Institutions increased their visibility and presence in Congress and with the Administration.

HACU is an active partner with the Washington Higher Education Secretariat, the National Hispanic Leadership Agenda (NHLA), the Hispanic Education Coalition, the Alliance for Equity in Higher Education (which serves as a unified voice for minority higher education), the Coalition for Education Funding, the Coalition for Teaching Quality, the Higher Education Task Force and other national organizations with a focus on education.

Advocacy addressed key pieces of legislation, touching all levels of Hispanic education and workforce development. In the still ongoing reauthorization process for the Higher Education Act (HEA), HACU called for the creation of a new Minority-Serving Institutions (MSIs) Innovation Fund, for expanded collaboration between HSIs and international institutions of higher education as an allowable usage of Title V funds and for the inclusion, within the definition of profession ready teachers, of a demonstrated ability to work with diverse groups of students. HACU worked with colleague organizations on several regulatory proposals from the Department of Education, including teacher preparation and gainful employment. HACU also supported HSIs through the Department of Education’s new eligibility for Title V designation process. Government Relations staff interacted regularly with HACU membership for input on these topics. As an active co-chair of NHLA’s education committee, HACU also worked closely with NHLA on congressional education strategy.
HACU's Western Regional advocacy efforts for member institutions in Arizona, California, Nevada, Oregon, and Washington continue to focus on trying to restore higher education funding to pre-recession state budget levels. HACU also supported various pieces of higher education legislation in the region's state legislatures, including their respective DREAM Acts, student financial aid bills and other college access legislation. HACU continued policy meetings with its California membership to develop and refine a policy proposal to the California State Legislature during its next legislative cycle.

With the support of members and allies, HACU was successful in preserving and increasing congressional appropriations to Hispanic-Serving Institutions. Appropriations for the Title V Undergraduate Program were increased to $107.8 million for Fiscal Year (FY) 2016. The Graduate Program Part B of Title V of the Higher Education Act (HEA) received $9.7 million for FY 2016 in discretionary funding. As part of the Student Aid and Fiscal Responsibility Act (SAFRA), the HSI STEM and Articulation program continued to receive the mandatory but sequester-reduced $93.2 million in FY 2016 (mandated through FY 2019). Funding for HSIs under Title VII of the Farm Bill remained at $9.2 million for FY 2016.

HACU continued to push for first time funding for the Hispanic-Serving Agricultural College and University programs under the Farm Bill and for dedicated institutional development funding at HSIs within the National Science Foundation. HACU also successfully advocated for the inclusion of HSIs in national security training grants as part of the FY2016 Intelligence Authorization Act. The grants will help HSIs offer advanced foreign language education and study abroad programs, as well as cultural immersion programs.

HACU monitored and responded to legislative proposals introduced in the Senate and the House by promoting specific legislative language favorable to HSIs and the Hispanic community. A Memorandum of Understanding (MOU) was signed with the Environmental Protection Agency and the Veterans Administration and work continues for the renewal of agreements with the Department of State and US Agency for International Development. HACU continued to co-coordinate Leadership Groups consisting of key agency officials and HSI presidents for the U.S. Departments of Agriculture and Interior. HACU also serves on committees advising the U.S. Department of Homeland Security, the U.S. Department of State, and the federal Office of Personnel Management.
Opening Doors to a Diverse Workforce

HACU National Internship Program
HACU is dedicated to increasing Hispanic employment in the federal workforce and corporate America, a demographic which remains underrepresented in these sectors.

For more than 20 years, the HACU National Internship Program has provided college students the opportunity to gain career experience while completing their undergraduate and graduate education.

In 2015, HACU placed 416 students in paid internship assignments in the federal and corporate sectors. Approximately 274 of the total interns were Hispanic students. Females made up more than half of participants with a total of 259. The average grade point of all interns was 3.46 and the average age was 24.

Students participating in the program represented colleges and universities from 32 states, Puerto Rico and the District of Columbia. The highest concentration of students participating were from Texas (81), Puerto Rico (75) and California (54).

Students served in 199 federal internships in the Washington, D.C., area, 176 federal field offices throughout the United States, and 41 corporate internships nationwide.

The following represents the number of students serving by semester:

HACU also placed two students as direct corporate full-time hires.
To date, the HACU National Internship Program has provided more than 11,000 internship opportunities to students and has served as a pipeline for Hispanics to careers in the federal government and private sector.

Many students who have benefited from the internship program and other HACU educational programs are now giving back by serving as a resource for student development and alumni advancement through the HACU Alumni Association.

Programs such as the HACU Alumni Ambassadors Program provide support and information to prospective HACU National Internship Program applicants.

Investing in College Students

Restoring America as the first in the world in college graduation rates begins with working with students from high school to college to ensure they have the educational and financial resources needed to pursue and complete their higher education goals.

**HACU Scholarship Program**

HACU partnerships with corporations have made it possible to award deserving students with the Denny’s Hungry for Education Scholarship, NASCAR/Wendell Scott Sr. Award, Travelers, KIA Motors, JC Penney, Gilberto Salazar Escoboza, Videxport S.A. de C.V. and Empacadora Fruticola Santa Ines de CV. As a result, HACU awarded 41 scholarships totaling $117,950 to students at HACU-member institutions. An additional $12,500 in scholarships were awarded to five students serving as interns at Sodexo, under the HACU National Corporate Internship Program. Deloitte awarded the Jorge Caballero Student Leadership Award, totaling $10,000. This brought the total of scholarships and leadership award to $140,450. These companies continue to make a difference by investing in today’s college students to ensure an educated workforce for the future of our country.

**HACU STEM Summit**

Two HACU STEM Summits were hosted to provide workshops to prepare Latino students for corporate internships and jobs in science, technology, engineering, and mathematics (STEM) fields. The HACU STEM Summits offered university students the opportunity to meet with STEM professionals and corporate representatives. The Summits were held at Northeastern Illinois University on April 10, 2015, at the Fontainebleau Miami Beach Hotel on October 9, 2015. A combined total of 74 students attended the events. In addition, the Miami STEM Summit was sponsored by the Ford Motor Company Fund which awarded $1,000 academic scholarships to 15 STEM Summit participants.

**HACU Student Track Scholarships**

Approximately 220 students received a HACU Student Track Scholarship to attend HACU’s Annual Conference. Seventy-three of the students were sponsored by HACU and 147 were made possible through 29th Annual Conference sponsorships. Student Track scholar sponsors are listed on page 17.

**Hispanic College Quiz**

Nine students from HACU-member institutions participated in the Hispanic College Quiz show, which aired nationally in 81 markets during Hispanic Heritage month. Institutions represented were: Adams State University; Carlos Albizu University; Guttman Community College – CUNY; Oklahoma Panhandle State University; Rhode Island College; San Jose State University; St. Edward’s University; St. Philip’s College; and University of Houston-Downtown. Scholarships were awarded by the producers of the show, Central City Productions, and sponsor State Farm. Students received a one-time scholarship ranging from $250 to $3,000, according to their placement.

**HACU/U.S. Army College Tour Program**

The HACU/U.S. Army College Tour brought Hispanic high school students to two college campuses to experience campus life, the admissions process and financial aid options. For many students, the tours provided their first college campus visit. A College Tour hosted at Arizona State University in January 2015, brought approximately 200 students from 11 high schools from the Greater Phoenix area to the campus. At The University of Texas at San Antonio, more than 700 students from 25 area high schools were among those who visited the campus in October 2015.

**¡Lánzate! Travel Awards**

The Dándole Alas a Tu Éxito/Giving Flight to Your Success™ ¡Lánzate! Travel Award Program, sponsored by HACU and Southwest Airlines, was established even years ago for college students living away from home to be able to return to their hometown to visit with families. Southwest Airlines ticket vouchers were awarded to 101 college students.
